DRYLOK Super Steel®

Waterfowl Loads

Drylok Super Steel loads are trusted by the most hard-core duck hunters in the harshest of conditions. Our patented technology is designed to keep your shotgun shells dry, time after time, no matter where you are.

- ***Heavy Wad Design:*** *Protects barrels and provides tight patterns for long-range knock-down*
- ***Plated Steel Shot:*** *Provides corrosion resistance*
- ***Drylok Super Steel Wad:*** *Two-piece double seal wad system ensures maximum water resistance and provides a greater gas seal for faster, consistent velocities*
- ***Lacquered Primer:*** *Works with Drylok Super Steel wad system to ensure powder stays dry in the harshest conditions* **• 25 Rounds per Box**

PDX1® Defender® Combo Pack

The .410 PDX1 ammunition features a distinctive black hull and black oxide high-base head and combines four plated Defense Disc™ projectiles and 16 pellets of plated BB shot. The result is the ideal personal defense load for short range engagement with the performance needed to reduce aim error and stop threats. Designed for use in the Taurus Judge®, PDX1® .410 provides maximum protection at close range.

- *.410-gauge 3-inch load*
- *4 Defense Disc™ projectiles with 16 Plated BBs*
- *Velocity: 750 feet per second*
- ***20 Rounds per Box***

PDX1 Defender Combo ..... C23WNS41045PD $42.49

Defender™ Close Range Shotshell

Ga.	Length	Oz. Shot	Shot Size	Velocity	Qty.	Item No.	Price

PDX1® Defender™

PDX1 Defender 12-gauge ammunition features a distinctive black hull, black oxide high-base head and a 1 oz. segmenting rifled slug. Upon impact, the slug breaks into three equal segments compensating for aim error and providing critical penetration. This unique design is applicable for short and long range situations.

- ***Programmed Notching on Inside/Outside of Slug:*** *Ensures positive expansion and segmenting at short and long ranges*
- ***Slug Breaks into Three Segments Upon Impact:*** *Compensates for aim error and provides critical penetration*
- ***10 Rounds per Box***

Ga.	Length	Shot	Velocity	Item No.	Price
12	2-3/4"	1 oz. Segmenting Rifled Slug	1600 fps	C23WNS12PDX1S	$17.29

PDX1® Defender™
.410-Gauge

Highly effective in both 410 compatible handguns and shotgun, the 410-gauge PDX1 Defender ammunition features a distinctive black hull and black oxide high-base head; it combines three plated Defense Disc projectiles and 12 pellets of plated BB shot. The result in the ideal personal defense load for short-range engagement with the performance need to stop threats

- ***3" 4 Plated DEFENSE DISC™ Projectiles:*** *Optimal penetration and knock-down*
- ***16 Plated BBs:*** *Massive shock and compensates for aim error*
- ***Ideal for Short-Range Personal Defense***
- ***10 Rounds per Box***

Varmint-X with Shot-Lok®

Shot-Lok Technology includes a liquid gel that surrounds the pellets in the shot cup and then hardens. The shot then launches from the barrel nearly perfectly round for extremely tight, long-range patterns. The new Varmint-X shotshell load is available in 3-inch, 1½-ounce plated BBs traveling at 1,300 feet per second (fps). At 40 yards, expect more than 12 inches of penetration along with devastating knockdown power.

BIOAMMO® Biodegradable Ammunition

BIOAMMO® Shot Slugs

Standard Performance cartridges combining alloy-based pellets (non-lead, non-steel) with 0% plastic that are great for both the environment and the shooter.
With almost the same softness, lethality and penetration as lead.
Tremendous performance too.

- *Specially designed for hunters and clay shooters looking for a superior quality cartridge and with maximum efficiency in terms of speed and penetration.*
- *Bioammo cases and wads are made with 100% compostable and biodegradable biopolymers that do not leave toxic residues in nature.*
- ***25 Rounds per Box***

UNDERWOOD AMMO

SUPERIOR HIGH PERFORMANCE AMMUNITION

NEW!

Jacketed Hollow Point Ammunition

Underwood Ammo™ standard Jacketed Hollow Point rounds are unrivaled. The bullets feature a tapered copper alloy jacket which extends to the rim for increased feeding and reliability. These rounds are also characterized by a form-fitted pure lead core. Our High Performance Jacket successfully combines maximum expansion and deep penetration.

Xtreme Defender / Hunter Ammunition

No expanding hollow point comes close to achieving anywhere near the diameter and volume of wound channel achieved by the Xtreme Hunter. Not only is the PWC over 100% larger than any other expanding bullet, terminal performance is achieved despite being shot through barriers. The solid copper body ensures that thick hide, bone, and any other barrier will have minimal effect on the Permanent Wound Channel.

Varmageddon Ammunition

NEW!

Nosler's® Varmageddon® rounds are known for their unmatched reliability. Using Nosler® Varmageddon® bullets, featuring an incredibly accurate polymer tip joined with a flat base design, we have created a high precision round for varmints. With its high velocity and dependable performance, this round is sure to stop any varmint in its tracks and be the go to round for any varmint hunter.

Accubond® Long Range Bonded Hunting Ammunition

NEW!

AccuBond® represents the most advanced bonded core bullet technology to date. Through a proprietary bonding process that eliminates voids in the bullet core, AccuBond® marries Nosler's traditional copper-alloy jacket with its special lead-alloy core. The result is a bullet that flies true, penetrates deep, won't cause extensive barrel fouling, and will retain 60-70% of its weight. The polymer tip helps protect against deformation while initiating expansion upon impact.

Ballistic Tip Hunting Ammunition

Nosler® Ballistic Tip Hunting bullets have been trusted by hunters for nearly 25 years. They are precision made and individually inspected for the utmost quality which translates to incredible accuracy with every shot. The heavy jacket base prevents bullet deformation during firing and holds together at extreme velocities as well as a poly-carbonate tip that resists deformation in the magazine and initiates expansion upon impact.

Caliber	Grain	Qty.	Item No.	Price
300 ACC BLK	125gr	20	C23UB418	$35.99

Interlock® SP (Spire Point) Ammunition

NEW!

The InterLock® is designed to be a devastating hunting bullet and nothing less. The InterLock® Ring - a Hornady exclusive - ensures that the core and jacket remain locked during expansion. The InterLock® retains more mass, energy and momentum after impact and transfers that energy to the target.

PDA™JHP™ Handgun

Studies have shown that the rapid energy transfer from the bullet's violent and immediate expansion in ballistic gelatin, has given our JHP™ a one-shot stopping power percentage of over 90%*. The rapid expansion reduces projectile over penetration. Our JHP™ typically achieves 9"-15" of penetration. COR®BON's line of high velocity JHP™ ammunition is still PROVEN to be effective and remains number one in Stopping Power.

- *Innovative internal/external jacket serrations enhances expansion and weight retention for better performance*
- *Soft lead, hollow point core for stopping power for any situation*
- ***20 Rounds per Box***

COR®BON Hunter® Handgun

CORBON's Penetrator and Hard Cast loads are designed for very large, tough-skinned and heavy-boned animals. The Penetrator loads use a heavy, full jacket with a hard linotype core. The Hard Cast load is made from a hard linotype lead with a proven LBT nose design. These two loads cause a through-and-through hole, breaking even the heaviest bones. ***20 Rounds per Box***

.300 AAC Blk	110gr	2400 fps	1407 ft./lbs	C23CBDPX300AAC1	$39.99

The all-copper bullet construction conquers hard barriers like auto glass and steel while still maintaining its integrity. This is an optimum load for Law Enforcement.

Caliber	Grain	Velocity	Energy	Item No.	Price
7.62x39	123gr	2300 fps	1445 ft./lbs	C23CBDPX762X39	$45.49

DPX® Handgun

Consistent with this standing new DPX line with its deeper penetration to makes it the optimum load for Law Enforcement, civilian use. The Barnes X Bullet retains 100% of its weight, even after shot through barriers such as clothing and steel. The permanent crush cavity is considerably larger than a typical JHP due to deeper penetration.
The all-copper bullet construction conquers hard barriers like auto glass and steel while still maintaining its integrity.

- *Deep penetration on soft tissue 12-17 inches*
- *Easily conquers hard barriers like auto glass and steel*
- *Reduced recoil due to lighter-weight projectile*
- *Lead-free projectile • Environmentally friendly!*
- *Certified: California Lead Free*

Pow R'Ball®

The patented Pow'RBall projectile is a JHP bullet with a polymer ball crimped in the tip. This tip enhances feeding in those finicky feeding pistols but it also delays the expansion of the projectile when it hits soft tissue, making it a more controlled expansion bullet. This controlled expansion gives you deeper penetration, better weight retention and more consistent expansion in soft tissue. The lighter weight projectile also makes recoil recovery much easier for follow up shots.

- *Reliable feeding • Consistent reliable expansion • Deeper soft tissue penetration*
- *Reduced Recoil • High Velocity • Quicker recovery for follow up shots • American Made*

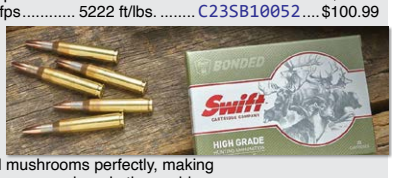
High Grade Ammunition – Scirocco® II



Scirocco® II, with the Signature Black Tip™, is a superbly accurate hunting bullet designed for long-range efficiency. It carries velocity and energy better than any of its competitors. Its sleek design and high ballistic coefficient produces the flattest trajectory in downrange hunting, making it a perfect match for long-range cartridges.
The Scirocco® II produces positive expansion at minimal velocities as well as controlled expansion and high weight retention at close range. No other tipped bullet offers the terminal range of Scirocco™ II.

Centerfire Rifle Ammunition

- **Soft Point:** Semi-Jacketed Soft Point bullet. A lead core with a precisely engineered jacket results from its controlled expansion and high weight retention.
- **Nosler Partition:** two lead cores and a partitioned thick copper jacket for controlled expansion and deep penetration at any velocity.
- **SPCE:** The cutting edge locks the jacket and lead core together, while also producing a clean entrance wound and distinct, easy to follow blood trails. Appropriate for light to medium game.
- **FMJ:** Standard lead core with a metallic jacket. Best for training and target shooting applications.
- **Hollow Point Boat-Tail:** The finest in accuracy and consistency.
- **Blue SC:** Loaded with New Lead Free Solid Copper bullet with Blue Plastic Tip

G2 RESEARCH
AMMUNITION EVOLVED

Civic Duty

CIVIC DUTY

Typical bonded hollow point bullets over penetrate, leading to insufficient energy transfer, damage and trauma inside the intended target. G2 Research has taken its innovative Trocar design of the solid copper R.I.P. fragmenting projectile and adapted it to the Civic Duty Expanding self defense round. The Civic Duty defeats barriers as effectively as the R.I.P. and expands 2.5 times its initial diameter after coming into contact with a fluid medium. The Extreme Expansion of the Civic Duty leads to 100% energy transfer and total weight retention inside the intended target without concern of over penetration in CQB situations.

R.I.P.

Radically Invasive Projectile

G2 RESEARCH R.I.P. G2RAMMO.COM

The R.I.P has been engineered for maximum efficiency utilizing proven trocar geometry to pierce through tissue and organs. Upon impact with soft tissue or fluid, the trocars launch along predictable vectors. The R.I.P. wounds with surgical precision, exponentially increasing the probability of incapacitating the threat. Through solid medium, the RIP remains intact and on target. With this ability to defeat every major obstacle in its path the R.I.P. is "The Last Round You'll Ever Need."

FIOCCHI

Blank Ammo

Fiocchi blanks are very useful for reenactments, ceremonies, training exercises and hunting dog training. They will give you the noise and realism of conventional ammunition without the projectile. Most rimmed calibers now incorporate crimped primers for more reliability in revolvers.

IMPORTANT INFORMATION: Blank Ammunition will not function in semi-automatic firearms.

Caution: Do not use at close range!

FIOCCHI

Field Dynamics® – Rifle

The workhorse of the Fiocchi hunting cartridge lineup, Field Dynamics centerfire rifle ammunition draws from the same commitment to using only the highest quality brass cases, lead-free primers, predictable powders, and precision-made bullets that guides the company's specialty cartridges but at a price point that leaves more money for the hunt. From its high-fragmentation V-Max bullets for long-range varmint hunting to hard-hitting pointed soft points for all big-game animals and up to a hollow point flat nose for the mighty .45-70 Gov., Fiocchi's Field Dynamics offers a dependable cartridge for every hunting application.

FIOCCHI

Centerfire Pistol

Fiocchi centerfire ammunition provides quality components that are measured and matched to provide reliable, consistent functioning with match-grade accuracy. Many calibers feature full metal jackets and hollow point bullets of the same weight. That kind of similarity allows civilian and law enforcement shooters the ability to practice with economical FMJ's and switch to defense or duty use with little or no change in point of aim/point of impact. Fiocchi centerfire handgun ammunition is use by military and law enforcement agencies around the world. All Fiocchi handgun ammunition is brass cased and fully reloadable.

Flyway™ Series – Steel

Fiocchi Waterfowl Steel Load Shotshells are manufactured with a combination of treated steel shot, protective wads, and the appropriate powders to deliver consistent, dense patter that is easy on your gun barrel but hard on your target. When you must use steel shot, you can find a Fiocchi steel shotshell to fit the application.

• *25 Rounds per Box*

FIOCCHI

Golden Waterfowl™ Bismuth

With Fiocchi's, non-toxic Golden Waterfowl Bismuth, flaring waterfowl won't stand a chance. The high velocity paired with greater energy transfer, dense patterns and extended ranges makes you the deadliest wing shooter in the duck blind this season. Fiocchi uses high density 9.75g/cc bismuth in a precision loaded, moisture resistant, sealed hull that will provide you with the best performance shot after shot. No one else can deliver more lethality at an effective price from a trusted brand. Let Fiocchi Golden Waterfowl Bismuth take your wing shooting to a level of performance by crushing birds with fewer shots at the farthest reaches of your abilities.

• *10 Rounds per Box*

Ga.	Length	Dram	Velocity	Oz.	Shot	Item No.	Price

28	3"	MAX	1350 fps	15/16	4	C23XN283GB4	$25.49

Golden Pheasant™ Bismuth

Fiocchi's new premium, non-toxic Golden Pheasant Bismuth will keep your dog on retrieve all day long. We use high density 9.75g/cc bismuth in a precision loaded, moisture resistant, sealed hull that will provide you with the best results shot after shot. When you hear the cackle of the rooster calling your name, put your trust in the hard-hitting performance of Golden Pheasant Bismuth.

• *10 Rounds per Box*

Golden Turkey™ Tungsten TSS

Dense patterns, deep penetration, and long-range performance combine for the ultimate tungsten turkey hunting load. Fiocchi's Golden Turkey TSS brings performance head and neck above the rest. Three-inch offerings in 12-gauge, 20-gauge and 410 bore deliver hard-hitting knockdown power using the finest 18 g/cc tungsten shot and most consistent patterns on the market. The Fiocchi product development team has developed a true, high-grade load proven effective against the toughest of birds. Avid turkey hunters know the Fiocchi Golden Turkey TSS difference.

• *5 Rounds per Box*

Ga.	Length	Dram	Velocity	Oz.	Shot	Item No.	Price

20	3"	MAX	1200 fps	1-1/4	5, 6	C23XN203TRKC5	$10.99

Golden Pheasant™

Fiocchi Golden Pheasant ammunition combines high quality powder, primers, and hulls with hard, nickel plated shot to deliver the terminal performance required for pheasant hunting. The nickel plating increases surface hardness allowing the pellets to stay rounder, fly truer at longer ranges and penetrate deeper.

• *25 Rounds per Box*

Game & Target Loads

Rio Loads bring unsurpassed performance to the competition range. Combining their own clean burning single-based powder with the perfectly matched wad and primer means excellent velocities, moderate pressures, and smooth recoil. You will consistently get dense and compact shot patterns for optimal target breaks whether your discipline is skeet, trap, sporting clays, or FITASC.

• Excellent speed, reduced pressures, precise shot and no residues in the barrels.
• Experience the best ammunition at an affordable price.

• 25 Shotshells per Box

Vintage 1896 Paper Line

RIO Ammunition proudly presents Vintage 1896 Paper line, named after the year in which the company started producing its first cartridges. The hulls of this shotshell are made of paper instead of plastic, ensuring the same experience felt by shooters 120 years ago when the cartridges were handmade, while at the same time being more environmentally friendly. The initial product range is ideal for clays and flyers.

WEATHERBY

Weatherby® Select™ Magnum Ammunition

Today, our ammunition remains true to the concept Roy developed in the 1940s. At the same time, our ammunition also takes advantage of the latest in controlled expansion bullets which are capable of harnessing the higher velocities to create a cartridge that provides the ultimate in penetration, large wound channels and more one-shot kills. Nothing shoots flatter, hits harder or is more accurate than.

WAGNER

Wagner Shotshells

The shotgun shells are made and loaded from carefully selected materials and are primed with popular non-mercuric, non-corrosive primers. They are loaded on automatic loading machines to ensure uniformity of load and performance. Additionally, we frequently test, and re-test the shells in various guns and barrels to obtain the most consistent patterns.

HEVI·SHOT® Magnum Blend

You've got to love Hevi Shot Hevi-13 Magnum Blend Turkey Shotgun Ammunition with the new HEVI-13 Pattern-Density Technology! Pattern-Density Technology is a huge breakthrough in ammo science that packs more lethal pellets in your pattern. In fact, you get 40% more Lethal Pellets On Target. Yes that's right more lethal pellet which means more clean kills!

- *40% MORE Lethal Pellets On Target*
- *MORE lethal pellets! MORE clean kills!*
- *A blend of 5,6, and 7 sized shot*

• 5 Rounds per Box

Ga.	Length	Oz.	Shot	Velocity	Item No.	Price

20	3"	1-/4	5, 6, 7	1200 fps	C23HV00567	$29.99

HEVI·Steel®

44% More Lethal Than Steel!

Hevi-Shot Hevi-Steel® shells feature our newest alloy, with the density of bismuth shot (20% denser than steel shot) and the solid strength of Hevi-Shot® pellets. We can push these pellets to the highest speeds possible in shotshells, with no pellet deformation and patterns about 10% better than those of other fast steels. Then, the pellets hit with about 2.5 times more footpounds of energy at 40 yards than any competing steel shells. Better patterns and more than twice the knockdown power.

• 25 Rounds per Box

Many manufacturers use cheaper, softer shot or lesser grade powder and components to save money. In today's world, there are just too few opportunities to make that "shot of the day" to accept anything but the highest quality hunting shotshells available. NobleSport Hunting shotshells are assembled on the same machines, by the same craftsmen, to the same standards and using the same 21st century technology as NobleSport's world class target shotshells. Only the finest plastic cases, high antimony hard shot, even patterning wads and famous NobleSport 209 primers are used in NobleSport Hunting shotshells

Baschieri & Pellagri
Since 1885

Gordon System®

Baschieri & Pellagri represent the gold standard in shot shell performance in large part because of the Gordon System case. Lesser shot shells have "hulls". Baschieri & Pellagri shells utilize Gordon System cases utilizing uniquely designed head and base wad that act as shock absorbers rapidly attenuating recoil energy allowing the shooter to focus on that next shot rather than the fatigue of recoil.

Competition One

• Shell Length: 2-3/4"
• 250 Rounds per Case

Fits: S&W M19 Combat Mag .357, Ruger Security Six

Model 126GLS - Assent Pro Concealment Holster

Drawing from the holster is intuitive - the internal camlock is released when the middle finger depresses the GLS lever upon the natural drawing motion. This open-top holster offers a high-ride hip carry with belt slots that pull the holster close to the body to minimize printing through clothing.

• GLS retention secures the firearm and releases easily and naturally with a proper shooting grip using the middle finger upon the draw
• Rigid, synthetic liner allows permanent molded look and a stay-open design
• Optics capable
• Low-profile, contoured body-hugging design
• Dual belt slots fit up to 1.5 (38mm) belts for snug fit

Fits: Glock 43, M&P Shield, Ruger LC9(s), Sprg. XDS, Beretta Nano

Model 82 CarryLok™ Holster

Selecting the right concealment holster shouldn't force you to choose between speed and security.
The internal locking mechanism automatically blocks the trigger guard, instantly securing your firearm.
To draw your firearm, simply press the CarryLok release tab with your middle finger as you draw. The result is an efficient, one-step single plane draw, very similar to what you would expect from an open top holster. Professionals that carry all day will enjoy the pancake styling for its comfort and concealability. However, unlike traditional pancake holsters, the CarryLok device holds the holster open for easy one-handed reholstering that is both fast and secure.

Features: *Full-grain vegetable tanned leather • Fits up to 1.75" belt loops • 16° forward rake.*

BLACKHAWK!®

*When it comes to speed and reliability, our patented **SERPA® technology** guarantees unparalleled performance. The placement of the SERPA Auto Lock™ release reinforces a full master grip by allowing you to draw the weapon normally with the index finger sliding from holster body to weapon frame in one single movement. This proven retention design immediately engages the trigger guard with an audible click as the pistol is holstered, and it won't let go until you release it. [Patented 5,918,784 and/or other patents pending]*

Sportster SERPA® Holster – Matte Finish

The CQC® Sportster is designed to support civilian concealed carry or range use.This injection-molded holster features the same dependable SERPA® technology but is tailored for low-threat civilian operations. Law enforcement and military should use the original SERPA® CQC® Holster for high-threat-level environments. Gun metal **gray** holster with black SERPA mechanism.

- *SERPA® Auto Lock™ release*
- *Passive retention detent adjustment screw*
- *Reinforces full master grip and superior draw technique*
- *Immediate retention and audible click upon re-holster*
- *Speed-cut design allows rapid draw, target acquisition, and re-holster while keeping eyes on target*
- *Includes paddle platform only*

SERPA CQC® Holster – Carbon Fiber Finish

This unique **award-winning** holster design allows you to forget old-fashioned thumb breaks that slow your draw and complicate reholstering. The patented **SERPA Technology Lock** engages the trigger guard as you holster the pistol and won't let go until you release it. The release is made using your normal drawing motion, with the trigger finger beside the holster body. Includes Both One Paddle and One Belt Loop Platform!

Serpa L2 Tactical Holster

Made specifically to meet the demands of tactical operations, the SERPA Level 2 Tactical Holster gives the benefits of a drop-leg configuration for ideal holster location. The SERPA Auto-Lock release secures the weapon at Level 2 retention, releasing only when the button is depressed during the draw cycle.

- *SERPA Auto Lock solidly secures firearm, only releases during draw cycle*
- *Passive retention detent adjustment screw aids in weapon retention*
- *Full-length holster body protects rear sights*
- *Flexible thigh platform conforms to leg size*
- *Y-harness suspension system distributes weight evenly, keeping holster vertical and enabling use of pants pocket*
- *Mounting points for pouches, knives, mag cases, etc.*
- *Fits all Blackhawk injection-molded platforms*

Model	Color	Hand	Item No.	Price
Beretta 92/96/M9/M9A1	Coyote Tan	Right	C23XO430504CTR	$106.99

Serpa L3 Tactical Holster

The SERPA Level 3 Tactical Holster is our highest level of function, retention and security. It's perfect for high-threat environments and tactical operations. The drop-leg configuration is an ideal holster location. The thumb-activated pivot guard and SERPA Auto-Lock release secures the weapon at Level 3 retention, releasing only when the buttons are depressed during the draw cycle.

- *Thumb-activated Pivot guard gives highest level of weapon security, won't lock while pistol is unholstered*
- *SERPA Auto Lock solidly secures firearm, only releases during draw cycle*
- *Passive retention detent adjustment screw aids in weapon retention*
- *Full-length holster body protects rear sights*
- *Flexible thigh platform conforms to leg size*
- *Y-harness suspension system distributes weight evenly, keeping holster vertical and enabling use of pants pocket*
- *Mounting points for pouches, knives, mag cases, etc.*
- *Fits all Blackhawk injection-molded platforms*

TecGrip® IWB Holster

No clip is needed with the new TecGrip® Inside the Waistband (IWB) Holster from BLACKHAWK!™ Designed for both civilian and law enforcement concealed carry, the TecGrip® outer shell will hold fast to most any material, eliminating the need for a clip. Plus, a higher density, closed-cell foam design offers a comfortable wear and a snug fit. They are completely ambidextrous and offered in multiple sizes to fit a wide array of firearms.

- *Thermal-bonded three layer laminate construction*
- *TecGrip fabric allows for clipless carry*
- *Ambidextrous and multi-fit • Hand or Machine Washable*

TecGrip® IWB Holster – Size 05 *(Black)* ..... C23XO40IP05BK $18.99

TecGrip® Pocket Holster

The TecGrip® Pocket Holster from BLACKHAWK!™ keeps your firearm concealed and secure. Designed for civilian and law enforcement carriers, the TecGrip outer layer holds firm for most any material, and keeps your firearm holstered snugly in your pocket. The TecGrip® Pocket Holster is comfortable too, thanks to high-density closed cell foam that protects the firearm and conforms easily to your body.

- *Thermal-bonded three layer laminate construction*
- *TecGrip fabric allows for clipless carry*
- *Ambidextrous and multi-fit • Hand or Machine Washable*

TecGrip® Magazine Holster

The TecGrip® Magazine Holster from Blackhawk keeps firearm magazines concealed and secure. Designed for civilian and law enforcement carriers, the TecGrip outer layer holds firmly against most any material, keeping mags safely holstered and secure in a pocket or inside a waistband. The TecGrip Magazine Holster is comfortable as well, with high density, closed-cell foam that protects the magazine and conforms easily to the body. It's the best of both concealment and affordability.

- *TecGrip® fabric holds tight against most fabrics, allowing for clipless carry.*
- *Ambidextrous design can be worn on either side of the body.*
- *Holster is hand or machine washable.*

T-Series L2C

With its streamlined thumb-activated retention, the T-Series keeps your firearm at the ready while maintaining total security. Thanks to a drawing motion that operates off of the Master Grip Principle, you'll be able to get into the fight under even the most stressful of circumstances.
A combination of reinforced outer polymer and smooth, sound-dampening, hydrophobic lining ensures your T-Series will perform no matter the elements and situation. As an added measure of security, the L3D also features a strap across the back of the firearm.

• Thumb-activated retention follows Master Grip Principle
• Low-friction internal material for smooth and effortless draw
• Sound-dampening lining for stealth drawing and holstering
• Durable material provides protection with sleek design for minimal bulk

CROSSTECH™
HOLSTER

Crosstech™ Holster

The CrossTech Holster can be form-fitted in minutes to nearly any pistol or revolver by re-positioning the adjustment bolts and then heating the front holster panel with a hair dryer or heat gun. Perfectly custom fit the CrossTech Holster to your pistol or revolver without having to go to harder and less-comfortable materials like Kydex or plastic. The Crosstech Holster can be reformed to fit future handguns.

• Soft-touch, semi-flexible material for comfort.
• Smooth, strong, ultra-high-quality belt clips that hold the holster tight to your belt.
• Customizable pistol angle

Fits *all Glock, Smith & Wesson, Ruger, HK, Sig Sauer, FN Herstal, Colt, Kel-Tec, Kahr Arms, Kimber, Taurus, Steyr Arms, Walther, Springfield, Beretta, CZ, and all 1911 handguns, as well as most other makes and models.*

Crosstech™ Holster ..... C23SA12501 ..... $35.99

Digit Path Holster - Paddle Holster

The Digital Path Holster (DPH) offers active level retention with its unique locking mechanism. This innovative design requires a straightened trigger finger to disengage the retention pressure being applied to the trigger guard within the holster. Retention pressure is reapplied automatically upon re-holstering.

- *Unique index finger activated lever provides active retention*
- *Rubberized paddle backing for extra stability and comfort and comfort*
- *Steel reinforced rivet attachment*

Glock 17, 19, 22, 23, 31-35	Right Hand	C23XGGL2DPH	$22.49

Tactical Speed Holsters

This innovative holster was created in answer to many requests to provide a carry system that would accommodate a handgun utilizing accessories that were either rail or trigger guard mounted. The handgun is held securely in place by utilization of a muzzle stud and a safety strap that encircles the trigger guard. While assuring positive retention, rapid presentation of the handgun is made easy due to the open withdrawl slot on the rear of the holster and the design of the safety strap.

Inside Waistband Holsters Right-Handed

This Inside-the-waistband holster is the 1st in a series of a new generation of holsters. It is the first IWB designed by Fobus and is contoured to allow a full range of motion while in use. This unique holster makes the handgun appear almost invisible inside your waistband.
The holster is lightweight for all day concealed carry and allows single hand reholstering. The handgun is retained using a passive retention system similar to that on other Fobus holsters. An upper and lower retaining hook is designed to maintain attachment of the holster to your belt, with the upper hook being the only part of the holster that is visible outside your belt.

GALCO HOLSTERS

Kodiak™ Shoulder Holster

Galco's Kodiak™ Shoulder Holster carries a magnum revolver diagonally across the torso. A padded shoulder strap is used in conjunction with a torso strap that allows for instant adjustments throughout a day spent afield. The Kodiak comes assembled and includes holster, shoulder strap and torso strap. Available in havana brown.

Kodiak Shoulder Holster S&W 500 8 3/8" ..... C23GEKK172H $256.99

The optional Kodiak Holster Bandolier (shown on holster) may be purchased separately. Designed to work in conjunction with the Kodiak™ Shoulder Holster only, the Bandolier slides easily on and off the Kodiak holster to keep five extra cartridges available for quick reloading.

Miami Classic

Shoulder Holster System for Pistols & Revolvers

The Miami Classic™ is quite possibly the most imitated shoulder system in the world, however, its quality is impossible to duplicate. A key component of this patented shoulder system is its unique spider harness. All four points of the spider harness are connected by a Flexalon™ swivel back plate and can pivot independently, resulting in a perfect fit and lasting comfort for all sizes and shapes. It includes holster, harness, ammo carrier, and a set of system screws.

Miami Classic II

The Miami Classic II is the next generation of shoulder holster systems from the world's premier maker. The handgun is held in the horizontal orientation of the Miami Classic, for the quickest draw. The harness features Galco's spider harness with trademarked Flexalon™ swivel back plate for all-day wearing comfort. The medium-width shoulder straps distribute the weight of a heavy handgun and accessories, while remaining concealable.
The biggest innovation found on the MCII is its new magazine carrier, which securely holds a pair of magazines horizontally, without need of retaining straps.

Model	Color	Hand	Item No.	Price
Colt 1911 5"	Tan	Right	C23GEMCII212	$278.99

Tie-Down Set, Havana (one size fits all) ..... C23GEJCTD $24.99

Slip-On Recoil Pad

This recoil pad from Galco slips easily over the butt of your gun and is held snugly in place by an overlapping hook and loop fastener. It is constructed of dark havana leather and features 1/2" of shock absorbing gel which can reduce felt recoil by up to 50%.

Recoil Pad Slip-On, Small, *5"L x 1-1/2" W* ..... C23GELT1030DH $101.99

Avenger Belt Holster

The Avenger combines all the desirable features of a truly practical holster. Full combat grip accessibility allows an instant shooting grip, stitched sight rails prevent snags on th draw, the reinforced holster opening provides easy eyes-off reholstering, while the vertical orientation allows the fastest, wrist-locked draw stroke. The tension screw allows for micro-adjustment of the draw stroke. The Avenger is constructed of premium saddle leather and fits belt up to 1 3/4" wide.

Model	Color	Hand	Item No.	Price
Colt 1911 4-1/2"	Tan	Right	C23GEAV266	$147.99
Colt 1911 5"	Tan	Right	C23GEAV212	$147.99

Combat Master Belt Holster

Galco combined premium saddle leather, double-stitched seams and hand-molded fit to create the Combat Master™, a holster of exceptional quality. The open top design offers a swift draw and presentation, while detailed molding provides secure retention. The butt-forward cant allows effective concealment of even a large defensive handgun. The Combat Master has an open muzzle and fits belts up to 1 3/4".

Model	Color	Hand	Item No.	Price
Colt 1911 5"	Tan	Right	C23GECM212	$114.49

Yaqui Slide Holster

The renowned Yaqui Slide was ushered into the modern era of holster design in 1992 when Galco achieved yet another industry first: adding a set of independent tension screw adjustments, allowing for a custom fit to the firearm and micro-adjustment of the draw stroke. The minimalist design and near-vertical carry angle make the Yaqui Slide very fast to draw from, while securing the firearm during everyday activity. The belt channel on most Yaquis has a circular cut-out for placement on the pant loop to prevent shifting of the holster. The open-muzzle Yaqui design is a favorite of those who own multiple barrel lengths of the same gun model. Constructed of premium saddle leather and fits belts up to 1 3/4".

Model	Color	Hand	Item No.	Price
Colt 1911	Tan	Right	C23GEYAQ212	$103.99

WheelGunner Belt Holster

Galco's extremely versatile new WheelGunner offers ambidextrous design as well as the ability to be used strong side or crossdraw. Suitable for both casual concealment and outdoor sportsman's carry, the WheelGunner carries a medium- or large-frame revolver high and close to the body. Fully ambidextrous, the WheelGunner allows carry in four different positions, simply by unsnapping the holster from the belt slide, moving the belt slide to different locations on the belt, and reattaching the holster. Strongside or crossdraw on either right or left sides – the WheelGunner does it all! The WheelGunner secures the revolver with a combination of hand molding and an adjustable hammer thong. Simply slip the hammer thong off and the gun is cleared for a fast, smooth draw. Fits belts up to 1 3/4".

Model	Color	Hand	Item No.	Price
S&W N-Frame 4"	Tan	Ambidextrous	C23GEWG126	$72.49

Model 1880's

The rig for the single-action shooter on the budget of the working cowboy. It is a high-ride, strong-side draw style reminiscent of the style of holster worn in American Westerns in the 1950's and 60's. It is constructed of tan premium saddle leather. Belt is not included but can be purchased separately.

GALCO HOLSTERS

SSS Side Snap Scabbard (GEN 2) Holster

Constructed of premium steerhide, the improved Side Snap Scabbard retains the quick on-off snap loops that fit belts up to 1 1/2". The open top design remains the same, with the addition of a reinforced mouth for smooth and easy one-handed return to the holster. New to the SSS is a slight butt-forward cant, in contrast to the steeper angle of the earlier version. It keeps the adjustable tension unit and the comfortable, highly concealable forward-molded design of its predecessor, while adding a raised sweat guard to protect both the firearm and the gun carrier. Taken together, these features add up to a holster that is secure and convenient yet concealable with a very fast draw!

• Premium steerhide • Adjustable tension unit • Reinforced mouth • Butt-forward cant
• Raised sweat guard to protect pistol and wearer • Forward-molded design contours to the hip
• Quick on and off loops fit belts up to 1 1/2

KingTuk™ IWB Holster

Galco's KingTuk™ tuckable IWB reigns supreme in comfort, speed, and versatility! The patented KingTuk provides the best of both worlds: a comfortable backing plate made of lined saddle leather with Napa leather front combined with a rigid Kydex® holster pocket for a fast draw and easy holstering. Worn inside the waistband, the KingTuk's removable metal belt clips (fitting belts up to 1 3/4") can be moved up or down in the corresponding holes in the leather, enabling the user to set the carry height and angle to suit their unique preferences.

Tuck-N-Go™ Inside the Pant Holster

The Tuck-N-Go's open top allows a fast draw once the concealing garment is swept up and away, while the reinforced mouth allows a smooth and easy return to the holster. For the utmost in concealability, the holster features Galco's patented Generation III tuckable J-Hook. The Gen III J-Hook's streamlined design hooks over the pants and behind the belt, hooking upward and only showing a small piece at the bottom. The Tuck-N-Go carries the handgun in a vertical orientation, with no cant or angle. Constructed of comfortable premium Center Cut Steerhide™, the Tuck-N-Go fits belts up to 1 1/2".

Taurus 709 Slim	Black	Right	C23GETUC652B	$47.49

Pocket Protector Pro Holster

While limiting the carrier to a relatively small handgun, pocket carry offers some unique advantages. Not only is the handgun completely covered and concealed, but the gun carrier can casually place a hand on the holstered/pocketed pistol if a nonspecific threat materializes – and the fastest draw is to have the gun already in hand. The Pocket Protector™ holster is designed for front pocket carry in pants or a jacket. The Pocket Protector keeps the firearm in the same general position so you can quickly locate the grip when you need to draw, conceals the shape of the gun so that its outline is not printed through the pants, and
allows one-handed release of gun from both pocket and holster.

Ankle Lite Ankle Holster

Using the same wide Neoprene® ankle band and Velcro® closure as the Ankle Glove with Center Cut Steerhide™ for the holster, the Ankle Lite combines extended wearing comfort with unmatched security. Additional comfort is provided by sheepskin padding between the holster and ankle, while speed of draw is enhanced with a reinforced thumb break retention strap. Accommodates ankles up to
13" in circumference.

HOGUE

PowerSpeed™ Universal Speed Holster

The PowerSpeed holster is designed for competition, duty and concealed carry use. Right-or left-handed use. Fits virtually any semi-auto handgun!
It has 3 quick settings: Fully Locked, Semi Race and Full Race.
Fully locked mode is one so secure you can actually lift the shooter off his feet by the grip of he gun, but is instantly released on a draw!
In Full Race mode, the gun is held in place solely by powerful rare earth NeFb magnets. The magnets are so strong, they can hold a pistol upside down and are secure enough to pass a jump test. But look out, blazing fast draws are a snap in this mode. Comes with two belt mounts: a dropped competition/duty style, and a high rise style.
The competition/duty style is full adjustable for angle and cant, and includes an exclusive belt locking and adjustment system that accommodates belt sizes from 1 1/2" to 2 1/4". The high rise style fits a 1-1/2" belt and is designed for duty, concealed carry.

PowerSpeed Universal Holster ..... C23HA00500 ..... $84.96

PHALANX DEFENSE SYSTEMS

Stealth Operator™ Holster – Full Size

Each Full Size holster features our unique Frame-Lock technology, which ensures positive retention of your firearm. That means that once your weapon locks into the holster, it will stay secure until you need it. Coupled with a super-durable injection molded nylon shell, rust-resistant black oxide hardware, and a robustly flexible design, the Stealth Operator Full Size is the multiple-pistol-owner's dream come true.

Stealth Operator Holster – Full Size *(Coyote Tan)* ..... C23LBH60066 ..... $34.95

Stealth Operator™ Holster – Compact

The Stealth Operator Compact is the natural evolution to the holster series, with a lightweight, minimalistic design that allows for comfortable, all-day outside-the-waistband (OWB) carry.

The Compact holster features the same super-durable injection molded nylon shell, rust-resistant black oxide hardware, and robustly flexible design you'll find throughout the series. In addition, the Frame-Lock technology maintains positive retention across a wide range of firearm designs. Once your weapon locks into the holster, it will stay secure until you need it.

Holsters & Belts

Model 18 Inside Waistband Holster

The Model 18 is an inside the waistband (IWB) holster constructed of firm SafariLaminate™, allowing the holster to stay open after drawing, eliminating any fumbling while reholstering. It features a synthetic suede outer lining that grips clothing for less movement of holster. The open top design features a double snap belt loop that is adjustable for cant angle and fits both 1.25 in. (32 mm) and 1.5 in. (38 mm) belt widths. • Available in a sueded black finish. • Right Hand Only

Fit	Item No.	Price
Glock 19, 23 *c/o*	C23SF1828361	$50.80

Model 25 Inside-the-Pocket Holster for Revolvers

An all look for the inside-the pocket holster. The holster will stay open; simply drop handgun into pocket and it holsters itself. Extra thin, extra soft holster for extra deep concealment. The moisture proof membrane layer prevents perspiration from penetrating the holster and collecting on the gun.

Color	Hand	Item No.	Price
Plain Black	Right	C23SF250121	$32.40

Fits: Colt Agent, Detective Special, DS-II, SF-VI 2" Bbl., Ruger SP101 2.25" Bbl., S&W 31, 34, 36, 36LS, 37, 60, 60LS, 38HL,49HL 649HL, J small frame 2" Bbl., Taurus M-85 2" Bbl.

Traditional Large Paddle

This 568BL injection molded polymer paddle is designed for use on standard 3-hole pattern holsters. It includes a self-locking feature - a hook that slides under the bottom of the belt to keep the pouch secure on the belt. Its ergonomic contoured design fits comfortably behind the hip. Fits belt widths up to 1.75 inch (45 mm). Traditional Large Paddle - Right Hand

C23SF1123716 ..... $16.00

Model 6378 ALS® Paddle Holster

The Safariland Model 6378 Holster is a concealment version of the Automatic Locking System ALS®) series holsters. Once the weapon is holstered, it "locks" into place, providing an extra measure of security from standard open top holsters. A simple straight up draw is possible once the ALS® is de-activated by the thumb while obtaining a shooting grip. IDPA approved. The Model 6378 holster features an all- injection molded paddle design that is highly concealable and rides close to body with a slightly forward weapon cant. It also comes standard with the 567BL belt loop, fitting 1.5" to 1.75" belt widths. Additionally, it features suede lining to help protect the gun's sights and finish, and its SafariLaminate™ structure with wraparound design provides the strongest design combination available. • Plain Black Color

7378 7Ts™ ALS® Concealment Paddle & Belt Loop Combo

- ALS® (Automatic Locking System) secures weapon once holstered; simple straight up draw once release is deactivated
- Open-top design without SLS for quick retrieval of weapon
- Constructed of SafariSeven™, a proprietary nylon blend that is completely non-abrasive to a firearm's finish
- Raised stand-off surfaces in holster's interior creates air space around the weapon allowing dirt and moisture to quickly clear any contact with the firearm
- Very high heat and low cold tolerances; structurally sound from 300°F to -50°F
- Includes injection-molded belt loop; is user adjustable for cant and can be worn crossdraw

Model 079 Magazine Holder, Snap-On, Double Plain Black Only

The Model 079 is a patented holder that features a low cut design for easy magazine grasp. Molded from Safari-laminate, it holds magazines tightly in place. The Model 079 holder differs from the 076 competition version in that it has two straps on the back that form the belt loop. The 079 also features an adjustable magazine tensioning device that lets an officer set the exact amount of friction required to remove the two magazines.

Double Magazine Holder ..... C23SF079836 ..... $39.60

Fits: Glock 17, 19, 22, 23

6075UBL Low-Ride Universal Belt Loop

Extends the holster farther down from the belt for a lower ride that is more comfortable and concealed. Universal Belt Loops constructed of durable polymer material for long-lasting use. Fits all Safariland holsters with the 3-hole pattern and fits belts with 2" or 2.5" width. Will not pinch or add pressure to hip bone, support ridge removed from the belt shank. Locks onto the duty belt with belt slot design, will not damage top of belt.

Black ..... C23SFNXBL93012 ..... $54.40

7371 7TS™ Micro ALS® Concealment Paddle Holster

The Safariland® Model 7371 7TS Holster combines the security of ALS® with the speed and simplicity of an open-top design. ALS® secures your weapon automatically as it is holstered, yet still allows a fast, natural draw with the swipe of the thumb release as you acquire your shooting grip. Built from durable, weather- and temperature-resistant SafariSeven™ non-marking nylon blend, the 7371 will not scratch or mar the finish of your firearm, and its raised interior stand-offs allow dirt and moisture to clear quickly. The 7371 comes with the 571BL Paddle, its small footprint is specifically designed for sub compact firearms.

Species IWB Concealment Holster

A new species of Boltaron holsters. A minimalist design offers a smaller package versus other IWB holsters. The enhanced material selection and design integration brings Safariland quality materials into this new species of IWB holsters. Dual functionality and tension adjustment allows users to personalize the holster fit, feel, and draw. SafariLaminate™ thermal-molded construction for superior durability and longevity. Suede lined for improved firearm fit while improving handgun's finish. Minimalist design reduces bulk in key areas for ideal IWB (inside-the-waistband) appendix style carry.

Mag Pouch Sleeve

- Fits Double stack and single stack 1911-style magazines.

Dual Mag Sleeve (Single) ..... C23YAMPSPX1 ..... $16.95

Super Mag Pouches

Our goal was to take the magazine pouch to the next level and by making it even more useful. Sticky Holsters is proud to introduce our Super Mag Pouch. We have devised a way for you to carry whatever magazine or accessory you like in the same pouch. Flashlights, a .45 magazine, a pocket knife, a .380 magazine or maybe a 38 special zip strip - each will fit in our new Super Mag Pouch.

Super Mag Pouches ..... C23YASMPX1 ..... $16.95

Super Mag Pouches *(2-Pack)* ..... C23YASMPX2 ..... $27.95

Guard-Her Belt

Our modular designed Guard-Her-Belt works in conjunction with a Sticky Holster providing versatility and stability. We used an extremely comfortable soft plush, industrial strength elastic. The plush is on both sides to eliminate any chaffing or discomfort. The "STICKY" patches on the inside remove the need for any additional clips or straps to hold it in place.

The Guard-Her-Belt also includes two accessory pouches for an additional magazine or knife

Large *(20" - 31")* ..... C23YAGUARDHERBELTLG2031 ..... $27.95

Medium *(18" - 28")* ..... C23YAGUARDHERBELTMED1828 ..... $27.95

Small *(15" - 26")* ..... C23YAGUARDHERBELTSMALL1526 ..... $27.95

Ankle Biter Wrap System

In your waistband, in your pocket and now, securely on your ankle, Sticky Holsters offers more ways to wear our unique products.

As an added bonus, it will work with many other IWB and pocket holsters, even those with clips.

Using the same self-securing design as our holsters, the AnkleBiter Leg Rig secures to your leg and secures your holstered pistol. It is infinitely adjustable and fits directly on your leg or on the top of a uniform boot. Obviously, it's ideal for small guns, but the size of gun is only limited by the cut of your pants.

You can even carry an extra magazine or knife right beside your choice of pistol.

- One size fits all

Ankle Biter Wrap System ..... C23YAANKLEBITER $37.95

Pricing subject to change without notice. Not responsible for typographical errors.

Optics Ready Sticky Holsters

Sticky Holsters allow you to deploy and adjust your firearm in seconds. No bulky clips or straps to get in the way. We are proud to announce the introduction of our Optics Ready Line of holsters. These holsters will accommodate most firearms and optic setups.

Comfort Pad

The Sticky Comfort Pad is designed to make your uncomfortable IWB kydex holster "feel" like a Sticky Holster. This pad eliminates the pressure and discomfort of hard plastic against your body. This pad is made from our cushioned "Sticky" material and will add comfort and help the firearm feel lighter and more secure.

Large *- 8.25" x 3.75"*	C23YACOMFORTPADLG	$18.95
Medium *- 7.25" x 3.75"*	C23YACOMFORTPADMD	$18.95
Small *- 6.25" x 3.75"*	C23YACOMFORTPADSM	$18.95

Belly Band

Our modular belly band works in conjunction with a Sticky Holster. This allows the user to place the holster and gun in any location. Our belly band is made with an industrial strength plush elastic that ensure both comfort and strength. The band has three patches of "STICKY" material to ensure the band stays in place without constant adjustments or movement. The band also includes four built-in accessory pockets.

TAC SHIELD
PROVEN GEAR

1.75" Tactical Gun Belt

TAC SHIELD® Tactical Gun Belt™ is the latest in modern gun carry. Available in both 1.5" and 1.75" widths. The heavy-duty 2,000 lb. aluminum buckles have double release levers to provide extra security, but ease of opening for the wearer. The low-profile design includes tapered edges for snag-free comfort. The buckle locks the webbing to prevent slippage with even the heaviest loads.
Double-wall webbing is reinforced with a Special Poly Stiffener System. This design provides extra support in the holster/mag case region while offering softer edging in the spinal area for additional comfort and protection.

Large - Black	C23INT303LGBK	$64.99

Apparition® Holster

You can't see it, you can barely feel it, but you know it's there. That's Uncle Mike's Apparition Holster. The Apparition Holster's soft polymer construction and adjustable, ambidextrous design make it ideal for all-day wear. Wear the Apparition inside or outside the waistband; on the appendix, behind the back or cross-draw, with various cant and ride heights. Soft, ultralight and comfortable: Uncle Mike's Apparition is the everyday concealed carry holster you've been looking for.
• Ultralight soft polymer construction, ideal for all-day wear
• Ambidextrous design accommodates all shooters

Pro Pak Holsters and Accessories

Pro Pak Series Holsters are made of an extra thin laminate for concealability. Waterproof closed-cell foam padding aids in comfort while providing moisture barrier. Smooth nylon lining further protects gun finish and aids in drawing and reholstering. Simple, super-lightweight harnesses are easy to put on and take off with fast, Velcro adjustments. Laminated harness yokes have soft, non-abrasive, non-slip material on inside; smooth, non-stick material on outside that won't hang up on clothing. Non-stretch retention straps and molded thumb/finger breaks are adjusted by Velcro. Straps are covered with patented Strap Traps to keep straps from stripping away and to prevent chafing; adjustment tool included.

KICK-EEZ® Sorbothane®

Sorbothane®, a one-of-a kind visco elastic polymer, has been medically and scientifically proven to be the finest cushioning material available today . Kick-Eez pads reduce more recoil and do it better than any other pad. Less recoil reduces flinching, eases sore shoulders or cheeks. By reducing the rebound effect of the first shot, second shots are quicker and more accurate. Pad will not "bottom out" as other materials tend to do even after thousands of compressions.

All Purpose

This pad was designed to be an "All Purpose" pad.
It can be used in all shooting applications such as field, trap, skeet and sporting clays.

Color	Size: W x L x T	Item No.	Price
Large Black	2" x 5 5/8" x 1-1/8"	C23KE30110LB	$33.99
Med. Black	1-7/8" x 5-1/4" x 1-1/8"	C23KE30210MB	$33.99
Med. Black	1-7/8" x 5-1/4" x 15/16"	C23KE3028MB	$33.99
Med. Black	1-7/8" x 5-1/4" x 1/2"	C23KE3025MB	$33.99

All Purpose

The **All Purpose** pad was designed for all shooting applications.
This new addition to the line is only 1/2" thick.
It accommodates the guns really well that have hydraulic units or adjustable plates. Now you can have the Sorbothane comfort without sacrificing your length of pull.

Color	Size: W x L x T	Item No.	Price
Black	2" x 5-5/8" x 1/2"	C23KE3015LB	$33.99

Magnum

Originally designed for use on extra large bore guns, but is suitable for any gun to tame heavy recoil. It has a basically flat back and is canted downward on both ends for easy shouldering.

Color	Size: W x L x T	Item No.	Price
Large Black	2" x 5-5/8" x 1-3/8"	C23KE501125LB	$33.99
Med. Black	1-7/8" x 5-1/4" x 1-3/8"	C23KE502125MB	$33.99

Modified Trap

The **Modified Trap** pad has a revolutionary design that is slightly concave with a blast finish on the face. It gives you 100% contact with your shoulder eliminating pressure points. Also, the design allows you to shoulder the gun in the same position every time especially those shooters who like to shoot form the high shoulder position.

Color	Size: W x L x T	Item No.	Price
Black	2" x 5-5/8" x 3/4"	C23KE4036LB	$33.99
Black	2" x 5-5/8" x 15/16"	C23KE4038LB	$33.99

Trap

This pad has a concave back and was designed especially for "Fixed Position" trap shooting.
It has horizontal ribbing on the face to further increase stability.

Color	Size: W x L x T	Item No.	Price
Large Black	2" x 5-5/8" x 1-1/8"	C23KE40110LB	$33.99
Large Black	2" x 5-5/8" x 3/4"	C23KE4016LB	$33.99
Large Black	2" x 5-5/8" x 15/16"	C23KE4018LB	$33.99
Med.. Black	1-7/8" x 5-1/4" x 1-1/8"	C23KE40210MB	$33.99
Med. Black	1-7/8" x 5-1/4" x 3/4"	C23KE4026MB	$33.99
Med. Black	1-7/8" x 5-1/4" x 15/16"	C23KE4028MB	$33.99

Sporting Clays

Sporting clay pads have basically the same contour lines as the All Purpose pads except the Sporting Clay pads have the heel contoured at approximately 45 degrees to allow easier shouldering from the "low gun" position.

Color	Size: W x L x T	Item No.	Price

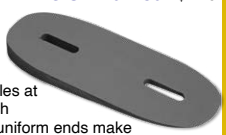
KICK-EEZ® Sorbothane®

Recoil Inserts

KICK-EEZ® Sorbothane® RECOIL INSERTS provide an additional layer of recoil protection. These inserts fit precisely into the KICK-EEZ® SLIP-OVER RECOIL PAD... or they can easily be added to any of the most popular "slip-on" style recoil pads (trim to fit if needed). KICK-EEZ® RECOIL INSERTS are perfect for adjusting length-of-pull, just add or combine inserts to modify your length-of-pull as needed.

Color	Size	Item No.	Price
Inserts (2)	1/4" *Medium*	C23KEKZIM	$9.99



KICK-EEZ Spacers

These jet black spacers are made from a strong lightweight plastic polymer. They are easy to fit, grind, finish, and have superior machining and sanding characteristics for a great look. The universal slotted hole design makes it easy to match almost any hole location. Use one or more to adjust your length of pull.

Color	Size	Item No.	Price
Black	*1/2"* Thick	C23KE701120	$12.29
Black	*1/4"* Thick	C23KE701140	$8.79
Black	*1/8"* Thick	C23KE701180	$7.29

Pitch Spacer

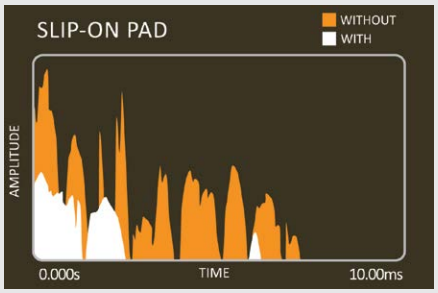
They are easy to fit, grind and finish. The universal slotted holes at each end make it easy to match almost any hole location. The uniform ends make one spacer either positive or negative depending on which end is up. Use one or more for your personal pitch.

1/2" Thick	C23KE105120	$12.29
1/4" Thick	C23KE105140	$7.79

CHEEK-EEZ Cheek Protector

An oval-shaped sheet of microcellular urethane that adheres to your gun comb to virtually eliminate recoil shock to the cheek. These pads are also very useful if you need some adjustment to your "line of sight." This item is not recommended for high gloss oil finishes or most synthetic stocks as it will not stick to these finishes.

Color	Size: W x L x T	Item No.	Price
Black	5" x 6" x 1/16"	C23KE703116	$14.29
Black	5" x 6" x 1/4"	C23KE703140	$19.79
Black	5" x 6" x 1/8"	C23KE703180	$14.29
Black	5" x 6" x 3/16"	C23KE703316	$18.79



HAND-EEZ Palm Swell

The Sorbothane® Palm Swell absorbs shock, vibration, helps alleviate hand and finger cramps, reduces hand fatigue thus increasing the shooter's ability to control the gun. The Palm Swell has checkering which gives a professional look and custom fit.

Palm Swell *Right Hand*	C23KE102RPS	$12.79

Benchmark: 100-yards, 3-Shot Group Ammunition: Remington 160gr Core-Lokt®

Precision-Fit Recoil Pad

The LimbSaver® Precision-Fit Recoil Pad is a custom fit recoil reduction pad for rifles and shotguns that is easily installed after removal of the existing stock pad. It features our innovative recoil reduction technology that absorbs shock and vibration. This revolutionary three-step process features Sims Vibration Laboratory's proprietary NAVCOM™ (Noise and Vibration Control Material). It is designed to displace shock on a broadband spectrum (0 to 2500 Hz) ensuring maximum shock relief from recoil and greater protection for the shooter. This superior LimbSaver® recoil reduction system allows greater access to the firearms sport for women, youth, and the disabled.

- *Reduces up to 70% of Felt Recoil*
- *Incorporates Anti-Muzzle Jump Technology*
- *Designed for Synthetic, Wood, & Laminate Stocks*
- *Simple Installation • LimbSaver 3-Step Technology*
- *Built for All Weather Conditions*

Magpul Carbine Recoil Pad

Synthetic rubber recoil pad slips over the hard plastic buttplate on an M4-type adjustable carbine stock for secure, non-slip shouldering and as much as 70% reduction in felt recoil. Made from proprietary NAVCOM™ shock-absorbing material that won't crack, split, or take a "set." Spreads recoil over a larger area and prevents the stock from digging into your shoulder during long periods in the ready position. Improves weapon control and reduces muzzle jump to aid in fast, accurate follow-up shots. Secure snap-on design for quick installation and removal.

Magpul Carbine Recoil Pad ..... C23SA10025 ..... $38.99

AR-15/M4 Snap-On Recoil Pad

- Snaps onto most six-position AR-15/M4 tactical stocks
- Reduces muzzle jump allowing for faster target re-acquisition
- Helps keep rifle securely positioned against your shoulder
- Made from LimbSaver's proprietary NAVCOM material to dampen vibration
- Built to be used outdoors in all harsh environments

Black ..... C23SA10019 .... $38.99
Tan ..... C23SA10020 .... $38.99

Slip-On Recoil Pad

The Slip-On Recoil Pad makes our 3-Step System available for everyone. In small, medium and large, this shock-absorbing miracle simply slides over the stock. It provides you with the same shooting comfort found in our award-winning LimbSaver Precision-Fit Recoil Pads. Simply find the size that fits your favorite rifle, shotgun or muzzleloader, remove the existing shoulder pad and slide on the Slip-On. The LimbSaver Slip-On Recoil Pad offers the same recoil-taming benefit as the Precision-Fit and Grind-to-Fit Recoil Pads

Black	Size: L x W	Thickness	Item No.	Price

AirTech® Slip-On Recoil Pads

AirTech Slip-On pads are designed to slip over existing firearm stocks without any modifications. Though slip-on pads will work with or without factory recoil pads, we highly recommend removing the existing pad before putting the slip-on recoil pad on; this will ensure the best fit and will prevent slipping during use.

AirTech® Precision-fit Recoil Pad

- **Protection:** AirTech® Recoil Pads offer premium protection for your shoulder so you can enjoy a day of shooting without the usual discomfort and bruising. They feature advanced atmospheric chambers and utilize NAVCOM® technology to reduce felt recoil by up to 70%
- **Accuracy:** AirTech® pads help to increase your accuracy by giving you a stable shooting platform that grips to your shoulder and stays in place even in the rain. They incorporate anti-muzzle jump technology for quick and accurate follow-up shots. Also, by reducing felt recoil and pain, you will be less likely to flinch, which will make you a more consistent shooter overall.
- **Precision-Fit Sizing:** AirTech® Precision Fit Recoil Pads are designed to fit specific gun stocks. Models are available for most popular guns stocks with more being added each year.

HOGUE

Hogue® Recoil Pads

Hogue recoils pads are available as pre-ground or grind to fit. Hogue recoil pads use an exclusive base plate material that is super rigid and grinds easily without the cracking and checking problems that are so common with other brands. Because our base plate is so strong no wire or metal reinforcing is required, reducing the chance of delamination. The rigidity of the plate makes for a tight fit to the stock without gaps caused by bending and warping. Bonded to the base plate is a modern super soft elastomer that grinds easily and finishes cleanly. These Hogue pads feature computer designed internal cushion construction combined with a super soft elastomer for the ultimate in recoil cushioning and control!

All Hogue pads are available in either black or brown.

Grind to Fit Recoil Pad

Our EZ Grind pads available in three sizes and are designed to be a round to fit using standard disk or belt sanders. Both the cushioned rubber and base plate grind very cleanly and easily blending with your wood or synthetic stock.

CALDWELL®

Mag Shield™

The PAST® Magnum Shield is designed to provide vital recoil protection while sighting in your rifle, or doing bench rest shooting.

- *Our original 1/2" patented foam recoil shield*
- *Recommended for calibers thru 7mm*
- *Excellent protection for mid-range centerfire rifles.*
- *Ambidextrous*

Mag Shield™ ..... C23PH300010 .... $25.49

Mag Plus Shield™

The PAST® Mag Plus Shield provides the same recoil protection as the Mag Shield, but the heart-shaped design gives additional protection to the upper arm and creates more surface area to better dissipate recoil energy. Ambidextrous.

Mag Plus Shield ..... C23PH310010 ..... $30.99

Super Mag Plus Shield™

The PAST® Super Mag Plus Shield is designed to tame the real thumpers like the 416 Rigby and the 500 Nitro Express. This shield is 1" thick and provides the highest protection level of any PAST Shield. The heart shaped design provides superior protection for the shoulder and the upper arm Weighs 10 ounces.

- Ambidextrous

Super Mag Plus ..... C23PH330110 .. $37.99

Field Shield™

The PAST® Field Shield is designed with the field shooter in mind. Lightweight, patented foam recoil system is designed to allow quick and easy gun mounting in the field, yet provide valuable protection from unwanted recoil.

- Ambidextrous

Field Shield ..... C23PH350010 ..... $25.49

TACTALOAD®

RAPID RELOAD TECHNOLOGY

Tactaload FLASH-5™ Tactical Buttplate

- Composite Buttplate (no rubber)
- Allows for a shorter Length of Pull
- Great for shooters wearing heavy gear, vests or plate carriers
- Great for hunters wearing heavy coats
- Will not get hung up on clothing or gear
- Aggressive texture prevents slippage
- All mounting hardware included
- 12.5" L.O.P.

FLASH-5 Tactical Buttplate ..... C23FGTLFL5BP1 ..... $14.95

Tactaload FLASH-5™ LOP Spacers

- 2 half-inch Spacers included
- Allows LOP adjustment in half-inch increments up to 1-inch total
- Great for custom adjustment and fit
- Compatible with FLASH-5™ Recoil Pad or Tactical Buttplate
- All mounting hardware included
- 14 inches with 1 Spacer installed
- 14.5 inches with 2 Spacers installed

FLASH-5 LOP Spacers ..... C23FGTLFL5LOP1 .. $19.95

Pachmayr®

Shock Shield

No need for different size pads, as its one size design stretches and contours to a variety of stock shapes and dimensions. Filled with a pocket of soft gel, felt recoil is greatly reduced. Easy on and easy off. Simply stretch it over the butt of your firearm.

- *Extensively tested for years of use!*
- *Soft gel pad for greatly reduced recoil*
- *One size stretches to fit most rifles and shotguns*
- *Easy on and easy off • Won't harm stocks*
- *Non-slip pad face texture*

Shock Shield..... C23PA04428 ..... $15.49

Youth Decelerator® Pad

Scaled down for smaller stocks. 1" thick. Perfect for the smaller shooter, requiring a shorter stock. The "Old English" design mounts quickly for wing or target shooting.

XLT Magnum "Ultra Soft" Trap Pad

PA01641

Almost 50% softer than the legendary pachmayr **Decelerator®**, with the smooth grinding and installation characteristics of the popular **Decelerator®** pads. Just as important, testing shows that the new XLT Magnum has the superior resiliency to withstand years of shooting as well as extended storage in a vertical rack without "going flat".

XLT Magnum Ultra Soft

Medium 1.15" ***Black*** ..... C23PA01640... $43.99

Decelerator® Slip-On Pads

Combining the advanced recoil control of the popular Decelerator internal design and material with Pachmayr's patented insert, this great looking, new slip-on recoil pad is unmatched by any other hunting pad. In addition, the pad's material and design make installation easier than ever.

BUTLER CREEK

Comfort Stretch Slings

• Patented shock absorption action for greater comfort as well as snug, solid hold when shooting offhand.
• The Non-Slip Grip™ holds the gun comfortably in place on shoulder carry.
• This revolutionary design makes your gun feel 50% lighter - and up to 100% more comfortable.

Highlander™ Sling

Custom Grade Presentation

The beautiful leather-like panels and finished edging compliment all quality firearms. It offers a quick adjustable system for shoulder carry or offhand shooting. The NON SLIP GRIPPER'S™ secure your firearm snugly to your shoulder, regardless of the synthetic material of your coat.

Highlander Sling *(Black)*	C23BC80043	$26.49
Highlander Sling w/Swivels *(Bone Collector™)*	C23BC81043	$31.99

Easy Rider™ Sling

Non-Slip cushioned carrying

• The new padded "Easy Rider" sling offers quality, thick neoprene to cushion the weight of your rifle.
• The SharkSkin™ rubberized backing grips your shoulder and keeps the sling in place.
• The polypro webbing works with Uncle Mike's QD® 1" swivels and is adjustable to 48" length.

Black	C23BC80073	$10.99

Easy Rider™ Shotgun Sling

A solid backing of rubberized sharkskin keeps the Easy Rider Sling solidly in place through your most active hunts. Plus, its thick, shock-absorbing neoprene body cushions the weight of your firearm. It's simply the best-riding sling you'll ever own. Shotgun Sling has loops at either end to slip over the barrel and pistol grip so that swivels are not required.

Mossy Oak® Break-Up™	C23BC80083	$10.99

Quick Carry™ Sling

Effortless carrying and rock solid shooting

The Butler Creek Quick Carry™ sling's lightning fast, one-hand adjustment makes it possible to go from carrying to shooting in seconds. Constructed from 1 1/4" nylon web for comfort and support, its integral thumb loop helps you keep the sling on your shoulder without the fatigue or discomfort of a closed-hand hold. Matte finish polymer hardware is strong, quiet and won't mare your firearm. Complete with sewn-in, patented Uncle Mike's QD Super Swivels.

Quick Carry™ Slings *(Black)*	C23BC80091	$20.99

UDC Padded Bungee One-Point Sling

The UDC Padded Bungee Sling is a dedicated single point sling that is both fast and comfortable. The UDC Sling has 2" inline padding, similar to the Padded Vickers Slings for extra comfort that end in two sections of bungee. The bungee has a travel of approximately 2" - enough to absorb shock from movement or transitions but short enough to reduce the risk of facial injuries or sagging weapons. The overall length is adjustable, ambidextrous, and compatible with use over body armor.

- ***HK Hook Adapter**: fits on weapons with HK style eyelets, SCARs, or endplates with hook loops. Comes with an elastic Hook Cover*

Color	Adapter	Item No.	Price
Black	HK Hook	C23GKUDC230BGBK	$76.95

Vickers 221 Sling

Combining our new polymer Burnsed Socket and patented RED Swivel, the Vickers 221 Sling allows users to switch from two point to one point mode instantly by pulling on the RED Swivel knob and reinserting it in to the Burnsed Socket at the rear of the receiver. The instantaneous adjustability of the sling is still maintained in both 1 and 2 point modes.

- *Push Button attachment points for weapons with rear mounted push button sockets*
- *Invista Solution CORDURA webbing*
- *Machined steel and phosphate*
- *ITW GhillieTEX™ Low IR hardware*
- *Textured sphero-conical shaped pull knob*

Coyote Brown ..... C23GK2TO1R125AACB $99.95

Vickers Two-Point Combat Sling

Able to quickly transition from carrying a slung rifle comfortably to combat ready, the patent pending Quick Adjuster has bridged the gap between the two primary uses of weapon slings – from transporting to fighting. All VCAS™ Slings are built with precision & pride right here at home in the US with superior materials.

- *TEX 90 bonded nylon thread*
- *Invista Solution Dyed CORDURA® webbing – low IR, soft enough for comfort but stiff enough to prevent rolling and hardening*
- *ITW Acetal Hardware – Ghillie-Tex™ low IR military grade plastic reduces noise and weight*
- *Differentiated Adjuster pull tab – different color stands out enough for quick adjustment, tactile indicator for use in the dark or with gloved hands*

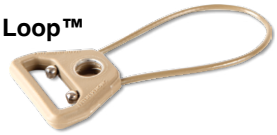
Burnsed Socket

The Burnsed Socket is a standalone part that turns a Vickers Combat Applications Sling into a 2 to 1 Point convertible sling when used in conjunction with a Push Button Sling Swivel. The Burnsed Socket was designed in 2005 as a key piece of hardware for the patented SOC-C™ Sling,which allows for 1 to 2 to 3 point convertible sling. Simply slide the Burnsed Socket onto the rear of the sling toward the rear receiver or typical single point sling location then detach the forward push button swivel from the front of the weapon and attach to the Burnsed Socket.

- *Fits on any 1" or 1.25" sling webbing (Victory Series Sling, Vickers Combat Applications Sling)*



Black- Aluminum ..... C23GKPPBFP125BK $19.95
Tan- Aluminum ..... C23GKPPBFP125TN $19.95

Side Release Swivel

The Side Release Swivel allows for the secure attachment of a Vickers Combat Applications Sling to traditional sling swivel studs found on many hunting rifles, shotguns, and modern bolt action rifles. The Side Release Swivel provides a 1.25" sling slot and is phosphate finished for corrosion protection.

Side Release Swivel ..... C23GKPSSQD125 ..... $19.95

Universal Wire Loop™

The Molded Universal Wire Loop™ brings the unparalled versatility of the Universal Wire Loop with a lighter more cost effective assembly. The Molded UWL™ allows for a Vickers Sling or other slings 1.25" or thinner to attach to eyelets, slots, rail holes, or other unique mounting points on weapons.

- *HK, AK, SIG, SCAR, or other eyelets*
- *Allows the use of Push Button Sling Swivels or 1.25" sling webbing*

Tan ..... C23GKUWLPBP275TN $24.95

Belt Fed Loop

The BFL (Belt Fed Loop) offers a loop-and-lock attachment system for securing the weapon sling to the rifle. The forged aluminum body makes it the toughest and most resistant to heat hardware from the entire BFG sling loop series. This design allows for the same versatility found in the Universal Wire Loop, without needing to remove the weapon sling completely from the hardware for attachment purposes.

- *M249 SAW, M240, and FN Minimi*
- *Works around M4 and M16 handguards*
- *SCAR, SIG, HK, AK or other eyelets*
- *Can be mounted on the right hand side of AKs for left handed shooters*

Black ..... C23GKUWLUL2125BK $44.95

Sling Sleeve

Slings are essential for gun fighting but a pain in the gun safe, arms room, or back seat of your car if not stowed properly - a serious potential snag hazard. The Sling Sleeve™ is a 5" long tube of military grade elastic that holds your sling neat and snag-free but remains ready for instant deployment. To use, thread your sling through the Sleeve and then mount the sling to your rifle. "Z fold" your sling taut and slip the Sling Sleeve over the bundle. To deploy, simply grab the sling and pull.

MAGPUL

MS1® Sling

Built around our MS1 slider, this system provides rapid adjustments to either lengthen or shorten the sling with no slipping once set, and no tails, loops, or other potential snag hazards. In a two-point role, the MS1 allows easy shoulder transitions, rapid adjustability for hands free rifle carry and shooting support from various positions

- *Dedicated two-point sling*
- *Rapidly adjustable for length (shorter or longer) with new MS1 Slider*
- *No tails, loops, or other potential snag hazards*
- *Light weight yet durable hardware made of heavy-duty polymer*
- *Custom 1-1/4" wide nylon webbing material is strong and wear resistant while remaining anti-chafe for user comfort*
- *Colored webbing has Near Infrared (NIR) treatment to reduce IR signature*
- *Can be configured for two to one-point convertibility with optional adapters*

MS1® Sling..... C23ZZMAG513BLKI $37.95

MS4® Quick Detach Sling

The MS4 maintains material construction and specifications identical to that of the standard MS3, but features two heavy-duty push-button QD sling swivels rather than the Magpul Paraclip align with a steel D-Ring to allow one to two-point convertibility.

• Heavy-duty push-button QD sling swivels for both one and two-point attachment
• Durable, precision-cast steel QD D-Ring allows for quick transition from one to two-point mode and is finished with Melonite for extreme resistance to wear and corrosion
• Custom 1.25 inch wide nylon webbing material is strong and wear resistant while remaining anti-chaff for user comfort
• Low-profile adjustment Slider for adding or removing sling tension in two-point mode with a single-hand
• Colored webbing has Near Infrared (NIR) treatment to reduce IR signature

MS4® Quick Detach Sling..... C23ZZMAG518BLKI $66.45

ASAP®QD - Ambidextrous Sling Attachment Point QD

The ASAP QD (Ambidextrous Sling Attachment Point QD) allows a wide range of motion, enabling true ambidextrous weapon manipulation for both left and right handed shooters. Replacing the standard AR15/M4 carbine stock receiver end plate, the ASAP QD provides a tactical advantage by minimizing sling snagging and facilitating easy transition to and from weapon and reaction side shoulders. The ASAP QD works with one-point type slings with push-button quick disconnect sling swivels such as the MS4 GEN 2.

- Dimensions 12.35 x 13.75 x 1 in

Slide & Lock Black Web Sling *(Black)* ..... C23AN8451 ..... $15.49

High Country Ultralite Molded Sling

The High Country Ultralite Molded Sling with Swivels features low density molded foam with a special horizontal segmentation that allows the sling to form to the shoulder and a tacky, textured synthetic shipping surface. Even though it is very lightweight, this sling has swivels that have been tested to over 300 pounds.

Glenwood Lightweight Sling *(Break Up Country)* ..... C23AN8263 ..... $20.49

Glenwood Lightweight Sling

The Glenwood Sling is the perfect addition to any rifle. The design features lightweight foam padding that gives great support with minimal weight. To prevent slipping off the shoulder, the surface against the body is textured, providing grip against the shoulder. The sling is fitted with Allen Magnum swivels, the strongest production swivel in the USA. • Dimensions: Pad is 15″ long, and the overall sling adjusts up to 38″ when fully extended.

Glenwood Lightweight Sling *(Black)* ..... C23AN8284 ..... $20.49

Glenwood Lightweight Sling *(Break Up Country)* ..... C23AN8287 ..... $20.49

VIKING TACTICS

VTAC® Original Sling

The flagship product of Viking Tactics, Inc., the Viking Tactics Sling's revolutionary design has made it a favorite of the Special Forces community. Created for a collapsible stock (AR-15 type rifles), the Viking Tactics Sling is quick, versatile, dynamic, and most importantly, simple. The VTAC Sling is instantly adjustable, allowing you to adjust shooting positions with ease. You can easily move from strong side shoulder to weak side shoulder or secure your carbine during handgun transition. Unlike other slings on the market, the Viking Tactics Sling isn't just a carrying strap. Its full range of adjustability will enhance retention for when you need your hands free. It is also one of the only tactical slings that can be used as an adjustable shooting sling.

Black ..... C23VJVTACMK1BK $44.95
Coyote Brown ..... C23VJVTACMK1CT $44.95

VTAC® Wide Padded Sling

The Viking Tactics Padded Sling was designed with the same great features as the original Viking Tactics Sling, but with added comfort for carrying heavier firearms. Designed with the shooter and soldier in mind the Viking Tactics Padded Sling is made with a shoulder strap with closed cell foam. The forward adjustable portion of the sling remains the same as the original sling, giving you quick and easy adjustments from any position.

Black ..... C23VJVTACMK2BK $49.95

Coyote Brown ..... C23VJVTACMK2 ..... $49.95
Multicam™ ..... C23VJVTACMK2MCA $54.95

VTAC® L.U.S.A.
Lamb Universal Sling Attachment

The Viking Tactics L.U.S.A. allows the shooter to select from four different attaching options. With the VTAC - LUSA you can use a quick detach sling swivel, a conventional sling swivel, a hook, or simply run the sling LUSA. allows a wide variety of options without changing hardware. For armorers the VTAC-LUSA eliminates the need to stock four different sling attachment brackets. For shooters that use the quick detach sling swivel, the VTAC-LUSA is designed to lock in the swivel and limit rotation to 45 degrees.

Lamb Unv. Sling Attach..... C23VJVTACLUSA $49.95

The Claw® Rifle Sling System

The extremely durable and odor resistant pad is molded into the sling webbing to allow approximately 1/2" of stretch. This stretch spreads the weight of the firearm across the shoulder area greatly increasing your comfort. The unique gripping action of the non-slip pad keeps the firearm in place on your shoulder, eliminating the tugging, rolling and pulling caused by other slings on the market. The CLAW® Sling will last as long as you do in anything from miserably hot to arctic cold weather conditions. The pad willremain flexible to -40 degrees fahrenheit and is U.V. stabilized to eliminate fading or cracking. The durable CLAW® Rifle Sling can be used with rifles, shotguns or any firearm with swivel studs mounted on the buttstock and barrel. As an added value, the CLAW® Rifle Sling includes HUSH STALKER II™ QD Metal Sling Swivels. Comfortable to use and easy to clean, the CLAW® Rifle Sling will not hold water like foam, urethane or leather slings.

Rotating Vane Mount & Carry Case

A lot of thought was put into making this vane mount for the 5000 Kestrel series.. It's simpler design than the last and much more durable. The meter snaps right into it and will mount to any tripod or other 1/4-20 fitted bracket, allowing use of an extension pole for taking wind or air flow readings. This turns your Kestrel into a full-featured weather station with a large wind vane and precision pivot that keeps the Kestrel oriented into the wind for continuous measurement and logging of wind speed, wind direction, and all other key weather parameters.

Rotating Vane Mount & Carry Case *(Black)* ..... C23KJ782 ..... $49.00

USB Data Transfer Cable for Kestrel 5000 Series

Simply connect the interface cable to the USB port on your Mac** or PC, and connect the other end to your Kestrel.
It is not a USB connection on the Kestrel Meter, as this is a waterproof meter and requires the appropriate connection. The free downloadable software is easy to use and saves the data in a comma delimited text file for use in your choice of applications: text editor, spreadsheet or database.

USB Data Transfer Cable for Kestrel 5000 Series ..... C23KJ785 ..... $59.00

USB LiNK Dongle (BTLE)

You can NOT connect your Kestrel 5000 series to your Mac/PC via bluetooth without an authentic Kestrel LINK Dongle. One work around is to export your data to your smartphone (Android or iPhone) with the Kestrel Connect App, and then email the data to your Mac/PC.

USB LiNK Dongle ..... C23KJ786 ..... $30.00

Compact Collapsible Tripod

- Stands 48.25 inches high when fully extended 51.4")
- Measures 13.6 inches when collapsed
- Five section twist-and-pull legs

- *Made with the Revolutionary Hybrid PV® (Pluma Vires) Material*
- *50% Weight Reduction on Average • Berry Compliant*
- *Independently Tested to 8X the Abrasion Resistance of Standard Mil-Spec Nylon*
- *Higher Tensile Strength than 1000D Nylon*
- *Improved Structural / Load Carriage Performance and Durability*
- *Weight: 1.31 oz • Dimensions: 4" H x 1.25" W x 2" D*

TYR Tactical Carry Case *(MultiCam)* ..... C23KJ0806CAM $29.00

CALDWELL®

Ballistic Precision Chronograph

The Chrono can deliver the shot string velocity data through the 15' foot audio jack cable (included) to an iPhone or iPad. A free App is available for download that displays the velocity of each shot on the phone screen and records it with other data identifying the load and environmental conditions. The App also automatically calculates Average Velocity, Standard Deviation, Min, Max and Velocity Spread for the shot string. The data is stored and can be exported via Email or simply recalled for reference at a later date.

- *Each unit factory calibrated to within +/- 0.25% accuracy*
- *Ideal for Firearms, Archery, Airgun and Paintball*
- *Simple operation, large LCD screen Meters Per Second (MPS) or Feet Per Second (FPS) readings*
- *Extra wide sun screens for added shading in full sun operation*
- *Option to interface with Smartphone via included 15' audio jack cable*
- *App displays velocity, logs data, notes, weather conditions, easily exports via SMS or Email* • *Carry bag included*

Ballistic Precision Chronograph
C23PH720001 ..... $99.99

NEW!

CALDWELL®

Stable Table® Deluxe Shooting Bench

The tripod design is more rigid and has fewer joints than folding style benches. A bolt in the base allows position adjustment of a single leg, aligning the tabletop so that it is parallel with the horizon. The top measures 34" x 23" and it includes holes that function as handles for easy transport or as holders for the included cleaning forks as well as a perimeter rail that keeps ammunition from rolling off the bench top. The entire frame is made from welded steel. The padded seat adjusts 16" to 22" and rotates in tandem with the tabletop. Bench breaks down into seven pieces and weighs a total of 60 pounds when assembled.

Stable Table Deluxe Shooting Bench ..... C23PH252552 ...$239.99

Stable Table® Carry Bag

- This heavy-duty carrying bay will hold all pieces of your Stable Table
- Full wrap shoulder straps, double layer fabric, heavy duty zipper and padded lower portion ensures maximum durability and protection for your Stable Table

Stable Table Carry Bag ..... C23PH777810 .....$37.99

Stable Table® Lite

Setup and adjustments are fast and simple with a rotating seat and table depth adjustment to ensure maximum shooting comfort.

- *Ambidextrous, rotating seat, coupled with table depth adjustment, for maximum shooting comfort*
- *Fully collapsible for easy transportation and storage*
- *All-weather tabletop and seat*
- *Can support up to 250 pounds of weight*
- *Weighs less than 30 pounds*

Stable Table Lite.....C23PH1084745.....$136.99

Tac-Mat™ Long Range Shooting Mats

Lyman's Long Range Shooting Mats are perfect for long range shooting, target or tactical shooting, and varmint hunting. They offer a large footprint that will work well for even the tallest shooter, yet they roll up to a compact, easy to transport size. These comfortable mats will protect you from dirt, rocks, wet surfaces, insects, hot truck beds, gravel or pavement. Mats will be offered in two versions, a basic design in either black or FDE; or a heavy-duty (HD) version in black. The basic model features 600D construction, with a carry handle and shoulder strap. The shoulder strap can also be used as a bipod stop. The HD version features 1000D construction, elbow pads and a built-in bipod stop, as well as a carry handle and shoulder strap.

Tac-Mat™ *(Black)* ..... C23LY7837850 ..... $62.49
Tac-Mat™ *(FDE)* ..... C23LY7837851 ..... $62.49

Tac-Mat™ HD Long Range Shooting Mats

Tac-Mat™ HD *(Black)* ..... C23LY7837852 ..... $91.99

Bag Jack™

How often do you set-up shooting rests at the range, only to find that your rifle isn't at the proper height; or the seat is too high for the bench? Lyman's Bag Jack is designed to make it easy to adjust the elevation of your rifle and bring it into line with your target, while also allowing you to maintain a comfortable shooting position. Compact, stable, and infinitely adjustable, the Bag Jack is the perfect platform to set up your shooting rest at the range. Create the optimal shooting position under any shooting conditions. The Bag Jack corrects the height with a simple turn of the adjustment knob. The lift is made from sturdy aluminum and steel components and has a non-slip textured platform. The lift is 10" x 10" so it can accommodate the largest size rests, and collapses for unmatched portability.

Bag Jack™ - Only..... C23LY7837810 ..... $48.49
Match Bag & Bag Jack™ Combo ..... C23LY7837815 ..... $77.99

#53 Shooting Bench

- *M-LOK and KeyMod adapter for easy and secure lock-up*
- *Quick-deployment carbon fiber legs with vertical twist-lock technology*
- *Leg angle adjustment up to 180 degrees with stainless steel push-button leg lock*
- *Soft rubber feet for enhanced stability*
- *Weighs only 8.8 ounces making for easy transport*

Caldwell Universal Brass Catcher SA..... C23PH110038 .....$22.99

MTM CASE-GARD

Predator Shooting Table

Standing 30 inches tall and weighing less than 18 pounds, the Predator Shooting Table was designed by shooters. Modeled after a traditional shooting bench rest, the wedge shaped tabletop design provides a comfortable shooting position for either left or right-handed shooters. Once your table is set up, you can lean your rifle into one of the three barrel grooves molded into the sides of the table. Doubling as a maintenance bench, cleaning bench or muzzle loader table at the range, the MTM Predator Shooting Table is ideal for sighting-in and testing firearm performance. It is also ideally suited to the back-forty shooter or the prairie dog hunter on the go.
Predator Shooting Table *(Forest Green)*..... C23MTPST11.....$107.49

High-Low Shooting Table

The High-Low Shooting table is a true in the field shooting table. It can be set up where no table could set before. The secret lies in the tripod design which allows it work on uneven ground, gravel, grass, hillsides, etc.. Independently adjustable legs lock securely into place via twin locks systems per leg. Stake-style steel feet that feature side stirrups for easy leveraging into the ground offering a firm hold just about anywhere nature takes you. Although not designed for hard surfaces like blacktop and concrete, they work well in a carpeted hunting blind. The High-Low's degree of adjustability is unmatched – from a low 18 inches to a whopping 55 inches off the ground – set it as high or low as suits your need. Shaped to accommodate both left and right handed shooters, the bench-style, table surface measures an ample 17 x 33 inches and will easily hold a front and back rest, ammo and other necessities. Transport is a cinch with a molded in tabletop handle and convenient tripod shoulder strap for carrying over longer distances. Made with USA and global parts.

- Adjust from 18" to 55" off the ground

High-Low Shooting Table *(Dark Earth)*..... C23MTHLST.....$108.99

The BULL™ Rifle Rest

With slip-free rubber feet and a wide sturdy stance, MTM's new Bull™ Rifle Rest gives rock-solid support for a satisfying day at the range. The Bull™ expands from 18.3" up to 26" long, supporting nearly any size long gun with non-marring, front and rear rubber shooting pads. Front elevation adjustments are made easily with a few quick handwheel rotations. The BullTM makes sighting-in and testing ammo a pleasure. Why bother dragging around heavy and expensive metal rests when the lightweight, fully adjustable Bull™ Rifle Rest can handle the task. Proudly made in the U.S.A.
C23MTTBRR.....$34.99

TACSTAR

TACTICAL PERFORMANCE, PRACTICAL DESIGN

Brass Catcher With Picatinny Rail Mount

TacStar's Brass Catcher is the perfect accessory for AR shooters who reload. No more walking around bent over trying to find where your brass flew! The Brass Catcher simply clamps to the Picatinny rail of flat top AR's. No firearm modifications are needed. The mounting bracket is adjustable and low profile, so it can be positioned to clear optics or scopes. The heat resistant catch bag can hold up to 120 .223 cases. When you are ready to empty the bag, simply pull it off of the mounting rail and dump out the shells! The bag also can be unsnapped from its aluminum deflector plate for thorough cleaning.
Brass Catcher with Picatinny Mount..... C23LM1081240.....$32.99

CALDWELL®

Hydrosled™

- Hydrosled™ Reservoir: 35 lbs Water, 45 lbs. Sand, 60 lbs. Pebbles
- non-marring gun rest components
- Accommodates most detachable magazine rifles and lever action rifles
- Fine windage and elevation adjustment
- Non-marring rubber feet and rear elevation adjustment
- Advanced shock eliminator technology
- Up to 2.5" of front elevation adjustment with fine tune windage adjustment
- Most advanced recoil reducing shooting rest on the market delivers up to 95% Felt Recoil Reduction
- 2.75" of horizontal gun fit adjustment to accommodate most rifles and shotguns
- Rack and pinion elevation ram for precise adjustments
- Advanced rear recoil absorbing pad protects firearm and shooter
- Easy portability when empty
- Elastic front retention strap to reduce muzzle jump

Hydrosled™ ..... C23PH1093568 ..... $179.99

The Lead Sled® FCX™

The Fire Control FCX combines the two most innovative rest technologies into the industry's most advanced shooting platform. By incorporating the recoil reduction benefits of the Lead Sled system along with the ground-breaking performance of the Fire Control mechanism, ultimate accuracy and comfort come together in one rest. The rest is engineered and constructed for ultimate stability and durability. The adjustable length and front cradle height adjustment offer the versatility to accommodate almost any rifle, shotgun, or muzzleloader.

Lead Sled FCX ..... C23PH820444 ..... $399.99

Fire Control Front Rest™ & Full Length Rest™

The Fire Control Front Rest is perfect fingertip control over the location of your crosshairs when your trigger breaks. The glass-smooth mechanisms inside allow you to move the front bag up and down and left and right to accommodate small shifts in wind or firearm position between shots. Forend stop for repeatable firearm positioning. Spiked stainless Steel leveling feet. Two bags are included - a traditional medium width bag and a 3" lobe bag. Adjustable cradle ear assembly for increased control and consistent clamping pressure. Weight 18 pounds 5 ounces, Base 28" x 9".

The Full Length Fire Control Rest includes internal plates that slide up and down and left and right in response to movement of the control arm. Includes the same bags as The Fire Control Front Rest plus a soft non-marring rear pad that firmly supports the rear of your stock without damaging the finish.

Fire Control Front Rest™ ..... C23PH746884 ..... $259.99
Fire Control Full Length Rest™ ..... C23PH100259 ..... $324.99

The Lead Sled® Solo™

The Lead Sled™ Solo is the newest addition to Caldwell's line of recoil reducing rests. A smooth pivoting elevation system is controlled with a single knob making adjustments onto target fast & precise. Its unique offset frame is designed to accommodate all rifles including detachable magazine rifles like the popular AR-15 platform as well as lever actions guns. The Lead Sled Solo has an integrated weight tray that will hold a single 25 pound bag of shot. The combination of the weight and heavy duty spring between the frame members all but eliminates recoil on non-magnum calibers and greatly reduces recoil on all calibers.

The Lead Sled Solo ..... C23PH101777 ..... $89.99

Lead Shot Carrier Bags

These stout bags are designed to be placed in the shot tray of your Lead Sled Plus Lead Sled or Lead Sled DFT and conveniently hold 7 pounds of sand or 25 lb bag of lead shot. The durable handles make toting lead shot to the range a snap. 5.5" x 10" x 3"

Standard Lead Shot Carrier Bag
C23PH428334 ..... $11.99
Standard Lead Shot Carrier Bags 4-Pack
C23PH533117 ..... $28.49

Large Weight Bag

- Holds approximately 20 pounds of sand.7" x 11" x 3"

Large Lead Sled Carrier Bag ..... C23PH777800 ..... $16.49

Lead Sled® DFT™ 2

The Lead Sled® DFT™ 2 (Dual Frame Technology) provides shooters with the industry's best recoil reduction system and the versatility to fit virtually any shotgun or rifle, all built around a precision shooting platform. A key feature of the DFT 2 is the ability to slide the front cradle back and forth along the Dual Frame for optimal length adjustment.

- *Dual frame design disperses a maximum amount of recoil energy*
- *18" of adjustment to fit rifles and shotguns of virtually any size*
- *Holds up to 100 pounds of lead shot*
- *The Lead Sled DFT 2 weighs approx. 24 pounds and is 30" long by 12" wide*

Lead Sled® DFT™ 2 ..... C23PH336677 ..... $222.99

Lead Sled® 3

The Lead Sled® 3 has become the standard in weight reduction shooting rests. The Lead Sled 3 reduces recoil by up to 95% while securely holding your gun on target. The new Skeletonized front rest secures your gun with it's non-marring surfaces. The Improved rear buttstock cradle uses top of the line Shock Eliminator Technology and has non-marring cradle to keep your gun in place.

- *Ideal for magnum rifles & slug guns*
- *Holds up to two 25 lb. bar bell weights*
- *Holds up to 100 lbs. of lead shot*
- *Fingertip elevation adjustment*
- *Non-marring rubber feet • Rear adjustable elevation*

Lead Sled® 3 ..... C23PH820310 ..... $149.99

Stinger Shooting Rest

The Caldwell® Stinger Shooting Rest combines a spring loaded, height adjustment knob allowing for faster, one handed coarse elevation adjustments. The new cutting edge molded front and rear supports protect the gun's finish and provide just the right amount of firmness for rock solid shots. The heavy duty dual metal frame and quick cam locks allow the Stinger's front rest to easily slide forward or backwards then lock in place when the desired length has been achieved. The Stinger Shooting Rest provides versatility and ultimate stability, delivering the shooter maximum accuracy potential.

- *Innovative new spring loaded elevation system allows for fast one handed, no wobble adjustment*
- *Extremely fine elevation adjustments with fingertip control*

Stinger Shooting Rest ..... C23PH110033 ..... $112.99

The 7 Rest™

The asymmetric frame provides great stability while maximizing length adjustability. By simply loosening the lock knob, the angle between the two halves of the frame can be adjusted to change the distance between the front and rear supports.

- *Works great with AR-15's and lever-action rifles*
- *Ambidextrous*
- *Overmolded supports*
- *Folds compact for transport and storage*

The 7 Rest™ ..... C23PH101557 ..... $30.99

Zero-Max™ Shooting Rest

- Durable tube steel frame fabrication
- Full windage and elevation adjustment
- Unfilled Medium Varmint front bag included
- Micro adjustment for fine windage of elevation corrections

Zero-Max™ Rest
C23PH546889 ..... $35.99

Wind Wizard II™

Both compact and portable, this wind meter reads wind and temperature in various units of measure. The non-slip rubber sleeve protects the unit and ensures it's easy to grip even with gloved hands. Operates on one CR2032 battery (included).

- *Wind speed measures in mph, ft/min, km/h, m/s, or knots*
- *Includes wind speed in Beaufort scale bar graph*
- *Temperature display in Celsius and Fahrenheit*
- *Wind chill display • Non-slip rubber sleeve*
- *LCD backlight • Auto power off*

Wind Wizard II™ ..... C23PH102579 ..... $37.99

CALDWELL®

Steady Rest NXT™

Caldwell's impressive new shooting rest gives you a steady elevation-adjustable platform for sighting in rifles and pistols and pattering shotguns. The three-piece design allows the shooter to use the rest in one or two-piece configurations, allowing it to adjust to any length long gun as well as handguns. The front and rear support features a non-marring material that is gentle on your firearm's finish yet is firm enough to provide a stable shooting surface.

Steady Rest NXT™ ..... C23PH548664 ..... $29.99

Handy Rest NXT™

The Caldwell Handy Rest NXT is an extremely versatile front rest. It is designed with a full six feet of elevation adjustment at 100 yards, a front sling stud clearance groove, and is constructed of durable, lightweight materials. The intuitive design includes a removable handgun support attachment that easily converts this rifle rest into a handgun rest. The front rest and handgun support feature a material that will not harm your valuable firearm yet also offers a steady shooting surface.

Handy Rest NXT™ ..... C23PH574662 ..... $26.49

The Pistolero™

The Caldwell Pistolero is the ideal handgun shooting rest. By combining 5 inches of horizontally adjustable handgun support with 3 inches of vertically adjustable barrel-support, this rest accommodates virtually every size handgun. The front and rear support feature a non-marring material that is gentle on your firearm yet is firm enough to provide a stable shooting surface. In addition, the rugged construction of this rest is virtually impervious to the elements. This combination of versatility, stability and durability make the Pistolero the number one value in handgun rests.

The Pistolero™ Shooting Rest ..... C23PH562771 ..... $29.49

The Matrix™

Ultra rigid U-channel frame, quickly adjusting in length for the perfect fit with any gun while remaining completely stable. The two piece sliding frame incorporates an open central channel with plenty of clearance for the hi-capacity detachable magazines (AR15 style guns) as well a lever action guns. A convenient storage area incorporated into the front of the base features a removable lid that adds additional clearance when detached but also doubles as a rubberized rear support surface for firing handguns when left in place. A spring loaded tension mechanism and height adjustment knob allow for one handed elevation adjustments, keeping the front cradle wobble free throughout the entire vertical range.

The Matrix Shooting Rest ..... C23PH101600 ..... $49.99

The Rock BR™

The Rock BR will help you discover the true potential of your rifle and ammunition. This high quality rest is designed for the most accuracy-minded shooters around, bench rest competitors. Now everyone who wants the best from their rifle can benefit from the advanced design, precision machining, and finely engineered features of the Rock BR.

- *15 1/2 lb. product weight dispersed along 15" cast-iron footprint • Fine elevation adjustments are possible through our ball bearing rotational system*
- *Windage-adjustable cradle allows shooters to make smooth and precise corrections with fingertips*
- *Cradle features a sturdy bag tensioning system for improved forend support and increased stability for refined accuracy • Stainless steel components*
- *Rest comes with both 3" lobe bag for flat forends and filled Medium Varmint front bag for sporter style forends*
- *Accepts any of the Caldwell Deluxe Front Rest Bags*

The Rock BR™ ..... C23PH440907 ..... $174.99

The Rock™

The best way to determine the accuracy of your rifle and ammunition is to shoot them from a solid bench -- with a quality shooting rest. With precise repeatability of shots as your goal, The Rock Deluxe Front Rest is the right tool for the job.

The Rock helps eliminate the "human factor" in shooting and will help you shoot tighter groups.

- *Wide & stable footprint dispersed over 5 1/2 lb. rest*
- *1" diameter steel post provides smooth and quick elevation adjustments up to 7 1/4" height*
- *Use the 3 leveling feet to level your rest on most any surface*
- *Forend stop ensures consistent stock placement from shot-to-shot*
- *Forend cradle is designed to accept all Caldwell Deluxe Universal Front Rest Bags*
- *Filled Medium Varmint front bag included*

"The Rock" ..... C23PH383774 ..... $87.99

The Rock™ Combo

- Steel ram provides smooth and quick elevation adjustments
- Forend cradle is adjustable to conform to shooting bag
- Wide 3-point iron base for extra stability
- Filled rear bag made of durable water-resistant fabric

"The Rock" Combo ..... C23PH383640 ..... $96.99

The Rock Jr.™

Many of the same features as The Rock, but in a sleeker and more economical package. For sighting-in, test firing, and informal competition, it's tough to beat a Rock Jr.

- *Stable, 4 pound cast iron base.*
- *5 pounds total weight.*
- *3/4" diameter steel post provides secure and smooth elevation adjustments up to 7 1/4" height • Comes with interchangeable non-slip rubber feet or metal spike feet*
- *Filled Medium Varmint front bag included with rest*

The Rock Jr. ..... C23PH323225 ..... $42.99

Deluxe Universal Front Rest Bags

These innovative, high-quality leather and polyester Front Shooting Bags function with most brands of front rests. The exclusive hook and loop tabs allow quick installation and removal from the cradle without time-consuming need to lace them on. The Cordova leather gives you a secure rest and the polyester, which will not stretch or sag, allows the bag to hold it's shape. The narrow bag is the correct choice for most sporting rifles, while the medium and wide models will accommodate the wider forfends of varmint and bench rest rifles. Shipped empty, these bags should be filled with fine dry sand.

- *Narrow Bag is ideal for most sporting rifles*
- *Medium and Wide Bags are perfect for varmint and benchrest rifles • Unfilled bags should be filled with dry silica, sand, or other inert fillers*

Filled

(A) Narrow Sporter Bag ..... C23PH108325 ..... $15.49
(B) Medium Varmint Bag ..... C23PH263234 ..... $15.49
(C) Wide Benchrest Bag ..... C23PH576578 ..... $15.49

Deadshot™ Shooting Rests

Every hunter and shooter is looking for a versatile and steady shooting system that can be set up almost anywhere, and at any time. Whether you have minutes or seconds to set up for your next shot, the DeadShot Shooting Bags are the answer. These inexpensive and functional bags continue to set the industry standard for quality and functional shooting bags.

- *Place them on almost any shooting surface*
- *Made of durable, water-resistant 600 Denier polyester*
- *Quick-connect feature makes bag transport easy*
- *Front bag dimensions: 10" W x 8 1/2" H x 6" D, rear bag*

PROTEKTOR MODEL
GALETON, PA 16922
MADE IN U.S.A. 100%

ALL BAGS COME UNFILLED

Small Owl Ear Front Bag

For use on a mechanical rifle rest. Has narrow hollow center to accommodate most hunting rifles. Bag size: 2-1/4" W x 5 3/4" L x 1" H (in the center), and approximately 1-1/2" to 1-3/4" from ear to ear in the center.
Small Owl Ear Front Bag ..... C23PN01 ..... $20.99

Regular Owl Ear Front Bag

For use on a mechanical rest. Has hollow center to accommodate the forend of most sporter or varminter rifles. Bag size: 2-1/4" W x 5-3/4" L x 1" H (in the center), and approximately 2" to 2-1/2" from ear to ear in the center.
Regular Owl Ear Front Bag ..... C23PN02 ..... $20.99

Wide Owl Ear Front Bag

For use on a mechanical rest. This bag was designed expressly to handle the forends of larger rifles. Bag size: 2-1/4" W x 5-3/4" L x 1" H (in the center), and approximately 2-3/4" to 3" from ear to ear in the center.
Wide Owl Ear Front Bag ..... C23PN03 ..... $20.99

Large Owl Ear Front Bag

This bag is, front to rear, nearly twice as long as its smaller counterpart and narrower (bag size: 4-1/4" L x 5-1/4" W) to fit some mechanical rests in use. For large forestocks.
Large Owl Ear Front Bag ..... C23PN09 ..... $22.49

Owl Ear Straddle Bags

This bag is the same as the Owl Ear Front Bags except there are two additional bags sewn on so that the bag can rest on a car door with the window down. This can also be used by disabled hunters to shoot from a vehicle. Legal with permit in some states. Also, this may be placed on other rounded areas to shoot on such as a wooden fence railing (three bags in one).
Small Owl Ear Straddle Bag ..... C23PN04 ..... $30.49
Regular Owl Ear Straddle Bag ..... C23PN05 ..... $30.49
Wide Owl Ear Straddle Bag ..... C23PN06 ..... $30.49

Standard Front Bag

This Front Bag combined with the Rabbit or Bunny Ear Rear Bag is the perfect combination for every shooter; bench rest or otherwise. Bag size: 4" H from bottom to top of saddle where the forend of the rifle rests. A base or block (wood) 6"W x 6" L x 2" to 2-1/4" H (thick) is used under the bag.
Standard Front Bag ..... C23PN07 ..... $26.99

Standard Rear Bag

The original #12 Standard Rear Bag is used mainly to take care of huge butt stocks on many magnum and other similar rifles. Bag size: 5" W x 6-3/4" L x 2-5/8" H at the front end and then tapers to rear to match the shape of the rifle stock.
Standard Rear Bag ..... C23PN12 ..... $22.49

Sausage Front Bag

For use on a mechanical rest. It is becoming increasingly popular wherever seen. Will accommodate most rifles by just letting out the proper amount of sand to make a hollow center. Bag size: 2-1/4" W x 5-3/4" L x 1-3/4" H.
Sausage Front Bag ..... C23PN08 ..... $18.29

Rabbit Ear Rear Bag

The justly famous Rabbit Ear Rear Bag can be used with any front bag in this folder. Bag size: 5" W x 6-3/4" L x 2-5/8" H at the front end and then tapers to rear to match the shape of the rifle stock, with the addition of another complete two-compartment bag sewn to its top. This compartment which forms the "ears" is 4-3/8" x 4-3/8" at its base. Each ear is 2 5/8" H and is filled separately.
Rabbit Ear Rear Bag ..... C23PN13 ..... $32.49

Rabbit Ear Rear Bag w/ Hard Bottom

Just the same as the #13 Rabbit Ear Rear Bag but has a single layer hard bottom for added stability. Can be used with any Protektor Model front bag. Bag size: 5" W x 6-3/4" L x 2-3/4" - 3" Tall and then tapers to rear to match the shape of the rifle stock, with the addition of another complete two-compartment bag sewn to its top. This compartment which forms the "ears" is 4-3/8" x 4-3/8" at its base. Each ear is 2-5/8" H and is filled separately.
Rabbit Ear Rear Bag w/Hard Bottom ..... C23PN13A $43.99

Custom Rabbit Ear Rear Bag

The Custom Rabbit Ear Rear Bag is same as the #13A but 1" taller and has double thickness leather sidewalls. Bag Size: 3 1/2" Tall.

Custom Rabbit Ear Rear Bag ... C23PN13B $53.99

Front Squeeze Bag

Used on any adjustable bench rest top, this bag can be adjusted to fit most rifles by moving metal plates in or out. Bag size: 4" W x 7" L x 1" H.

Front Squeeze Bag ..... C23PN19 ..... $10.99

Small Pillow Bag

Looks like a small pillow. Its main use would be to rest your body on (arm, elbow, etc.) Bag size: 6"W x 6"L x 2"H.
Small Pillow Bag ..... C23PN18 ..... $18.49

Bunny Ear Rear Bag

A replica of the Rabbit Ear Bag except the ears are not as long and only 1-1/4"H. Accommodates thicker but stocks and will not interfere with your cheek piece. Bag size: 5"W x 6-3/4"L x 2-5/8"H. Each ear is 2-1/2"H and made up of two compartments.
Bunny Ear Rear Bag ..... C23PN14 ..... $32.49

Rabbit Ear Bag

This bag is the same as the #14 but has a single layer hard bottom sewn to the bag for added stability. Bag size: 5"W x 6-3/4"L x 3"H. Each ear is 1-1/4"H and made up of two compartments.
Rabbit Ear Rear Bag ..... C23PN14A $43.99

Custom Bunny Ear Rear Bag w/ Hard Bottom

The #14B Custom Bunny Ear Rear Bag is the same as the #14A just 1" taller and has double layered leather sidewalls. Bag Size: 3-1/2" Tall.
Custom Bunny Ear Rear Bag w/ Hard Bottom ..... C23PN14B $53.99

Sissy Bag

The "Sissy Bag" may be that to some but it certainly absorbs plenty of recoil when placed in back of any rear sand bag. Bag size: 4" in diameter x 8 1/2" H and has a carrying strap stitched to the top.
Sissy Bag ..... C23PN15 ..... $23.49

Brick Bag

Looks just like a brick! This bag would mainly be used to rest your elbow or arm on. Bag size: 4" W x 8" L x 1-1/2" - 1-3/4" H.
Brick Bag ..... C23PN16 ..... $21.49

Small Brick Bag

Same as #16 Brick Bag only smaller. Bag size: 4" W x 5" L x 1 1/2" - 1 3/4" H.
Brick Bag ..... C23PN17 ..... $18.29

Metal Tripod Rest

Protektor Model's #52 Metal Tripod Rest is welded steel with a black enamel and accommodates all Protektor Model Front Bags. Has an adjustable top that adjusts from 4 3/4" to 8 1/4" high and incorporates an adjustable leveling system. Strong enough to stand on and it won't break if dropped like cast aluminum will. MADE IN U.S.A.!
Metal Tripod Rest ..... C23PN52 ..... $72.49

Pricing subject to change without notice. Not responsible for typographical errors.

CALDWELL®

TACK DRIVER® X

Tack Driver® X

The Tack Driver® X and Mini bags can be customized for any shooters preference by pouring out the media for a looser bag

- The most versatile shooting bags on the market
- Great for PRS Matches, sighting in or hunting
- Durable construction for long service life
- Plastic pellet filling is non-absorbent and enhances stability while shooting
- Unique "X" shape allows for multiple shooting options
- Three-bag lineup: Large front shooting/barricade bag, smaller shooting bag and prop bag

X Bag *(8"W x 8"H x 8"D)*
C23PH1102665 ..... $53.99
X Mini Bag *(5.5"W x 5.5"H x 5.5"D)*

Tack Driver®

The most user-friendly and effective, one-piece shooting bag available.
This convenient shooting bag takes the place of two. You can use the Tack Driver almost anywhere, from portable and permanent shooting benches to makeshift positions in the field.

- *Self-tightening surface grips your rifle and reduces felt recoil*
- *Non-marring, non-slip surface will not harm your rifle's finish*
- *Supports almost any rifle or shotgun type*
- *Shoulder carrying strap included*

Tack Driver *(Filled)* ..... C23PH569230 ..... $40.49
Tack Driver *(Unfilled)* ..... C23PH191743 ..... $31.99

AR-15 DeadShot™ Tactical Bags

The innovative dual configuration rear bag can be oriented for M4 carbine style stocks or reversed for an ideal fit with A2 style stocks. The tall profile front bag is an ideal height for AR's allowing clearance for 30 round magazines. Both bags feature an extremely heavy Ballistic Nylon on the contact surfaces designed to hold up to abuse from hand guards with sharp edged pic rails. Bags are pre-filled and ready for use. Weight approx. 7.5 lbs.

- *Specifically designed for AR-15 and LR 308 rifles*
- *Perfect shooting height with plenty of clearance for 30 round magazines*
- *Rear bag is designed to fit collapsible M4 stocks on one side and fixed A2 stocks on the other*
- *Rifle can easily be rotated for fast magazine changes*
- *Works great with tactical style bolt action rifles as well*
- *Extremely heavy duty Ballistic Nylon fabric holds up to rough edged pic rail hand guards*

AR-15 DeadShot Tactical Bag ..... C23PH934693 ..... $37.49

Bench Master

Weapon Rack Adjustable 3-Piece Bench Block

The Bench Master adjustable 3-piece bench block comes with three (3) interlocking bench blocks that can be used separately or in any combination of the three (3) blocks. It is ideal for the barrel or buttstock rest or can be used for both. The rubber bottom prevents slipping and it has two carry loops for easy transportation.

- *Adjustable 3-piece bench block Comes with three (3) interlocking bench Blocks that can be used separately or in any combination of the three (3) Blocks*
- *The rubber bottom prevents slipping and it has two carry loops for easy transportation*
- *Improve accuracy, reduce recoil and easy Transport*
- *Protects from unwanted nicks and scratches*
- *Made in the USA*

3pc Bench Block ..... C23JYBMWRABB3 ..... $29.99

Weapon Rack X-Block Shooting Rest

The Benchmaster X Block is multi-dimensional shooting rest that provided multiple options for the shooter. This bench rest provides the height and cradle options for just about all your bench shooting needs.

- *Multi-dimensional lightweight shooting rest options - height and cradle options*
- *The high-density foam construction will stand up to bad weather and has extremely low water absorption, excellent chemical resistance (gun oil), and is impervious to rot, mold, and mildew*
- *Improve accuracy, reduce recoil and easy transport*
- *Protects from unwanted nicks and scratches*
- *Made in the USA*

X-Block ..... C23JYBMWRXBLK $24.49

All Leather Bench Bags

This leather will withstand cuts and punctures and years of abuse, yet remain soft and rich to the touch. Each bag is double stitched to keep them from leaking. Easy to use spout which allows you to add your desired fill with ease. The bottom is made of water resistant and anti-skid material to ensure stability.

- *100% Bison Leather*

CHAMPION RANGE AND TARGET

Two-Tone Sand Bags

These shooting rests are a modern take on an old favorite. These durable two-tone bags come filled with a lightweight alternative to sand and feature a gun-gripping suede surface on top. The matched pair of Bench Rest Bags also clip together for easy transport.

• Tough construction for durability • Attractive two-tone design
• Gun grips suede shooting surface • Two Bags Included

Large Bench Bags ..... C23CM40468 ..... $46.99

Gorilla Range Bag®

This versatile shooting rest reduces recoil when used in the self-securing "X" position. You can also unclip and stack the rest into a variety of positions; or roll it out to give yourself a solid, flat shooting platform. The handy carrying strap makes transporting easy.

• Gun gripping "X" action • Reduces Recoil
• Solid shooting platform • Handy carrying strap

Gorilla Range Bag® ..... C23CM40467 ..... $63.99

Mini Gorilla Bag

Half the size of the original, the Mini Gorilla Bag is able to be used in a variety of shapes and configurations. It's a compact and convenient way to get gun-grabbing, recoil-reducing action at the range or in the field.

• Half the size and weight of the original Gorilla Bag
• Unzips and transforms into seven different configurations
• Gun gripping "X" action • Reduces recoil
• Handy carrying strap

Mini Gorilla Bag ..... C23CM40510 ..... $49.99

Tri-Stance Rest

- Unique industrial design and appearance
- Durable cast aluminum and steel construction
- Integrated stock stop • Rapid elevation adjustment, up to 2.25 inches
- Ergonomic, rapid-adjust elevation wheel
- Leather and polyester front shooting bag
- Adjustable steel feet with removable polymer covers
- Includes polymer-filled rear shooting bag

Tri-Stance Rest ..... C23CM40202 ..... $74.99

The new Champion Shooting Bags are built to help deliver accurate round placement. All five bags are uniquely shaped and include features favored by Precision Rifle Series shooters. The bottom of each bag is covered with Tuff Hide, a synthetic material that prevents skidding and provides a stable shooting platform. Select models include elastic straps that hold the bag in place on the rifle, eliminating the need to adjust it between stations.

WARNE

Precision Bipod, Arca Rail Interface

Bipod Perfection Achieved The Warne Skyline Precision Bipod is the most functional, ergonomic and strongest bipod on the market today. Designed to attach to your picatinny rail, the Skyline bipod allows the shooter to make quick, one-handed height adjustments, as well as smooth cant and panning ability for use on uneven terrain or less than ideal positions.

• Adjustable from shooting position.
• Rapid Leg Deployment.
• Competition Ready.

Precision Bipod ..... C23WJ7902M $363.49

CAA USA MCK MADE IN THE U.S.A

MCK Bipod

The MCK Bipod provides maximum support for when you want to zero in your sights or for those long shots at the range, by equipping your MCK with two forward legs to bear the weight of the unit for added stability and accuracy. Designed specifically for the MCK, the Bipod fits securely into the conversion kit's forward magazine storage compartment. Two sturdy legs are deployed with the push of a button and are easily stowed back into the device when you are finished.

MCK Bipod ..... C23XWMCKBIPOD $63.00

KONUS® Optical & Sport Systems

Bipod

Built with the toughest alloy steel and equipped with a mounting system that fits the Weaver-Picatinny rail, our bipods are an ideal accessory for most rifles and will give you a stable rest while hunting or shooting.

BOG® Bino Rest

The BOG-POD® Bino Rest (BBR) allows you to quickly mount most brands of binoculars onto tripods, bipods, and monopods. It fits binoculars ranging in size from 7x to 20x

- *Rubber Coated • Adjustable rubber strap to secure binoculars*
- *Includes a 1/4"-20 bushing if needed to downsize from 3/8"-16 thread size*
- *Includes a quick-change stem for mounting easily to BOG-POD shooting sticks*
- *Made of high-strength, yet lightweight ABS plastic*
- *Weighs only 6.3 oz.*

BOG-POD® Bino Rest
C23PH735547 ..... $52.99

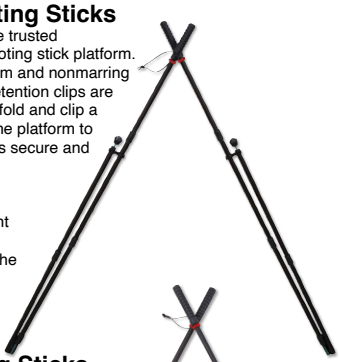
Professional Camera Adapter (PCA)

The PCA - Professional Camera Adapter is a dual-action, swivel ballhead mount with a quick-change stem for use with spotting scopes, still cameras, and video cameras. The PCA allows you to easily switch from a gun rest to a swivel ballhead mount for spotting scopes, digital cameras, and video cameras.

- *Fits all BOG-POD shooting sticks (except SB-2)*
- *Attachment plate fits 1/4"-20 or 3/8"-16 thread • Includes USR with quick-change stem*

Professional Camera Adapter (PCA)..... C23PH735546 ..... $52.99

Xtreme Shooting Rest™



The Xtreme Shooting Rest™ is perfect as a bench rest in the field, great for long-range shooting, and ideal for hunting from ground blinds. Use with BOG-POD tripods.

- Two patented USRs that adjust laterally to accommodate most rifles and shotguns
- Two velcro safety straps to keep firearm firmly secured to XSR leaving it in "ready" position
- Rotates 360 degrees to track target easily
- Easily installs on any BOG-POD tripod with its quick-change stem

Xtreme Shooting Rest™ ..... C23PH735539 ..... $63.99

Dead Silent™ Standing Shooting Sticks

The Dead Silent Shooting Sticks bring the same trusted BOG stability and durability to a collapsible shooting stick platform. The DSS are made of robust 9/16" dia. aluminum and nonmarring weather resistant surfaces. The Leg Section Retention clips are movable and adjustable to allow the shooter to fold and clip a leg section to the Shooting Stick. This adjusts the platform to a lower height and keeps the folded leg sections secure and out of the way during transport.

- Improves shooter accuracy
- Durable 9/16" diameter aluminum tubing
- Elastic strap keeps collapsed sticks bound tight and quiet
- Innovative Leg Section Retention Clip allows the shooter to lower the shooting height of the DSSS for a kneeling or sitting position

Dead Silent™ Standing Shooting Sticks
C23PH735565 ..... $40.99

Dead Silent™ Sitting Shooting Sticks

The Dead Silent Shooting Sticks bring the same trusted BOG stability to a collapsible platform. The DSS are made of robust 9/16" dia. aluminum and nonmarring weather resistant surfaces. The Leg Section Retention clips are movable and adjustable to allow the shooter to fold and clip a leg section to the Shooting Stick. This adjusts the platform to a lower height and keeps the folded leg sections secure and out of the way during transport.

Dead Silent™ Sitting Shooting Sticks

Versa-Pod®

PREPARE FOR BATTLE™

Model 50 Bipod

Super Short Prone Bipod with Pan/Tilt & Cant Friction Lock

The specialist's bipod - one of shortest bipods on the market. Developed at the request of professional shooters who need to be as close to the ground as possible. Extremely quick to use and easy to carry, yet utilizing the same rugged construction as all Versa-Pod® bipods.

- *Non-marring rubber feet*
- *Adjusts from 5 - 7 inches in three increments*
- *Includes 1 Universal Mounting Adapter*

Super Short Bipod ..... C23KF150050 .....$104.11

Model 923 Bipod Rest

Lightweight Picatinny Rail Prone Bipod with Raptor Feet and Quick Detach. Legs extend from 7"-9". The Model 923 has raptor feet for locking down into just about any surface in any conditions. It also has a quick release MIL-STD-1913 Picatinny head for quick and easy take down and storage. Legs are NOT spring loaded

Model 923 Bipod..... C23KF150923 .....$215.71

Model 52 Bipod

Standard Prone Bipod with Pan/Tilt and Cant Friction Lock

The classic prone-length Versa-Pod®, now with added friction lock control for the tilt/pan and cant rotation. Now you can use the built-in movements to follow targets in motion or tighten down for sighting in at the range all with the same bipod. Also featuring spring-powered legs for quicker, easier adjustments.

- *Adjusts from 9 inches to 12 inches in three increments*
- *Non-marring rubber feet • Aluminum/Steel Construction*
- *Includes one Universal Mounting Adapter*

Standard Prone Bipod ..... C23KF150052 .....$106.90

Model 2 Bipod

Standard Prone Bipod / Non-Marring Rubber Feet

The foundation of the Versa-Pod® line since its introduction in 1995. Has built-in pan and tilt movements to enable tracking of targets moving simultaneously in two planes. Also has built-in axial rotation for quick corrections on uneven ground. One-touch operation to extend legs, adjusts from 9 inches to 12 inches in six increments. Non-marring rubber feet. Includes one Universal Mounting Adapter

- *Construction: Steel/Aluminum • Weight w/Adapter: 1.44 lbs.*

Standard Prone Bipod ..... C23KF150002 .....$83.65

Model 3 Bipod

Standard Sitting Prone Bipod / Rubber Feet

The Model 3 has built-in Pan & Tilt that gives you the freedom to move with your target. The legs have rubber feet that extend from 15 « inches to 23 ? inches. Includes (1) One Universal Mounting Adapter (150-100) Non-Marring Rubber Feet Standard Sitting size Rugged design Spring Loaded Legs Pan and Tilt

Standard Sitting Bipod..... C23KF150003 .....$88.30

Compact Picatinny Rail Bipod Adapter

This adapter was developed in conjunction with the military to be a compact, no-frills solution. It uses a finger tightening knob that secures it to the rail. This feature makes it one of the easiest adapters to install and remove. Does not have sling loop. All-steel construction.

Compact Pic. Rail Adapter ..... C23KF150611 .....$55.75

Ruger® Mini-14 & 30 Bipod Adapter

Turn your Mini-14 or 30 into an accurate target rifle. The adapter is all-steel and very sturdy. By mounting to the gas block cover you have a secure attachment point. Directly Mounts to the Mini M14 gas block with two Allen-head screws. All mounting hardware included

Mini-14 / 30 Bipod Adapter.....C23KF150103 .....$38.08

MIL-STD-1913 Conversion Picatinny Rail M1A & M14

This is a picatinny rail with sling loop adapter for permanent attachment to the M14 and M1A rifle. This accessory rail is compatible with all MIL-STD-1913 accessories. Includes 3-1/4" rail with sling loop, two mounting screws and washers. Not for use on synthetic stocks.

M14 & M1A Rail Conversion .....C23KF150807 ..... $66.91

Tactical Sling Stud Bipod Adapter

Fits majority of hunting rifles on market fitted with a contoured stock and Q.D. sling swivel stud. Allows you to mount a bipod without modifying your gun. This model features our popular tactical sling loop. A freely-rotating Q.D. stud is mounted on the bottom of the adapter for mounting your sling. Includes 1 5/8 sling loop with push button release.

Tac. Sling Stud Bipod Adp.....C23KF150200.....$29.71

Anschutz Rail Bipod Adapter

This model fits many popular custom stocks and European rifles fitted with the UIT (Anschutz) rail i.e. Steyr Mannlicher, SAKO, Savage, Blaser, Sig-Sauer. Once installed this adapter provides a nice hand rest for bench shooting as well as detachable flush-cap sling loop.

Anschutz Rail Bipod Adapter

C23KF150601 ..... $38.08

Quick Sling Loop

This is Versa-Pod's standard Sling Loop flush cap mount. It is constructed of all-steel and works with any of our adapters utilizing the sling loop i.e. Model 200, 601, 602, 603, 630, and so forth.

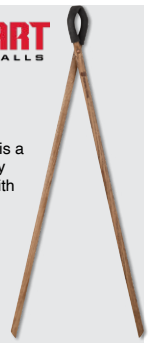
Sportster™ Traversetrack™ Bipod



Combining pivot and traverse functions with a time-tested bipod design, the Traverse Pivot Bipod is an industry first. The new horizontal traverse feature allows you to steadily track a moving target or change from target to target without repositioning the firearm. And when you're shooting on an uneven surface, the pivot action lets you swivel the firearm to either side, giving you a level shooting platform.

• Durable all-metal construction with robust tubular legs
• Horizontal traverse for smooth target acquisition and tracking
• Pivot action for level shooting on uneven terrain
• Rapid-adjust lever lock • Spring-return telescoping legs
• Easily attaches to sling swivel stud

Tannerite®

Tannerite® brand targets employ a binary explosive used as a shot indicator for long-range firearms practice and training. Tannerite® brand target detonations occur at a very high velocity, producing a large explosion and a cloud of water vapor. Small caliber rim-fire or slow moving pistol ammunition will not initiate a detonation.

Tannerite® is non-hazardous and can be shipped without expensive Hazmat fees. The catalyst mixes easily into each 1/2 pound target.

1 lb. Brick *(Single)*	C23IE1ET	$6.85
1 lb. Brick *(4-Pack)*	C23IE1BR	$19.10

Sonic Boom® Exploding Targets

Sonic Boom has found the best possible raw ingredients available to date, which in return, provides one of the largest explosions and loudest booms of any exploding target on the market. Now, Sonic Boom has taken it a step further by providing its users with a highly visible blaze orange jar that is visible at virtually any distance. Sonic Boom produces targets with high quality, non-hazardous, non-toxic and stable chemicals. The targets use a two part mixture that are easy to mix and easy to use—simply mix and shoot.

• Higher Visibility • Enhanced Shooting Experience
• Non-Hazardous and Non-Toxic • Easy to mix and use

1 lb Exploding Target	C23JESBT01	$5.79
1lb Exploding Target 4 Pack	C23JESBT014P	$19.49
2 lb Exploding Target	C23JESBT02	$9.99

10 Rimfire Exploding Targets

Sonic Boom has taken its time to research and custom build their targets. Through research, Sonic Boom has found the best possible raw ingredients available to date, which in return, provides one of the largest explosions and loudest booms of any exploding target on the market.

- Ten (10) Individual Targets
- Enhanced Shooting Experience
- Non-Hazardous and Non-Toxic
- Universal Use: Shotguns, Handguns, Rimfire

10 Rimfire Exploding Target	C23JESBTRF	$18.49

Sonic Boom has taken its time to research and custom build their targets. First, Sonic Boom found the best possible raw ingredients available, which provides one of the largest explosions and loudest booms of any exploding target on the market. Then they took it a step further by providing its users with a highly visible blaze orange jar that is visible at virtually any distance. Finally, with its new multi- pack, Sonic Boom has included a mixing jar to reduce mixing time while greatly increasing mixture quality. Sonic Boom produces targets with high quality, non- hazardous, non-toxic and stable chemicals. The targets use a two part mixture that are easy to mix and easy to use—simply mix and shoot. To ensure safety, shooters must be at least 100 yards from exploding target. To initiate explosion, rifle target must be struck with a center fire rifle projectile, weighing at least 40 grains and traveling at a minimum of 2200 fps (pistol rounds will not initiate these targets).

Exploding Rifle Target – Gender Reveal Kit

Announce the big news with the Sonic Boom Gender Reveal Kit. Comprising 1 pound of Sonic Boom rifle target and custom-made, colored chalk, this kit Simply make your gender reveal as exciting as can be. Just mix up the target, place the chalk on top and shoot the target with your centerfire rifle from at least 100 yards away to trigger a colorful explosion accompanied by a satisfying boom.

Gender Reveal - **Boy**	C23JESBTGRBOY	$21.49
Gender Reveal - **Girl**	C23JESBTGRGIRL	$21.49

1/2 lb. Exploding Rifle Targets

10 count	C23JESBTHP10P	$26.49

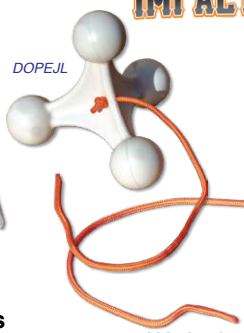
Impact Seal® Reactive Ground Bouncing Targets

DOBST4

DOISDB4

Re-Seals Upon Impact!



Impact Seal Ground Bouncing Reactive Targets were originally designed for military, law enforcement and fast action pistol training. These are action targets that are unpredictable and they challenge the shooter to locate and read just for every shot. They will fly, bounce, roll and run every time they are shot. The technologically advanced material will handle thousands of rounds from .22-.50 caliber. These durable targets are built for long life and countless hours of fun.

- *The standard Ground Bouncing Targets handle 1,000+ rounds*
- *The solid Gun Ball Target handles 10,000+ rounds • Target self heals upon impact*
- *Never the same shot twice • They Fly, Bounce, Roll, & Run every time they are shot*
- *Rated For all Caliber .22 - .50 Cal • Rifle, Pistols, and Shotguns.*

Trainer Series Targets

*Setting up your own range has never been easier than with Champion's Trainer Target Series. This versatile target collection includes rimfire, centerfire, resetting, and spinning targets that are easy to transport and require no tools or additional accessories for setup. Constructed from *AR500 comparable material, durable carbon steel or self-healing material, these targets can be used for everything from long distance shooting to pistol practice at close range, target dependent. No matter what discipline you're practicing, each target provides visible or audible feedback to know when your aim is on target.*

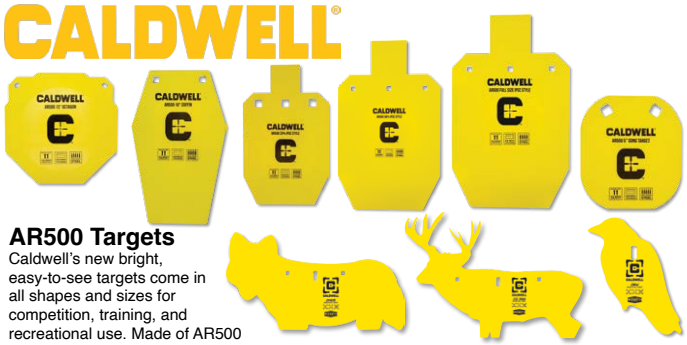
Lyman® Brands that Perform



Auto Advance® Remote Controlled Target Stand

The Auto Advance Target Stand will advance your targets with the use of a hand-held remote control at distances of up to 200 yards. No more walking downrange to replace targets, or waiting for a cease-fire to be called. Advance to the next target without getting up from your shooting bench! The Auto Advance system is battery operated, so there is no need for access to power outlets, plus it disassembles easily for transportation back and forth to the range. The Auto Advance system has protection plates that are rated for use with all rimfire calibers. The legs of the stand use standard and inexpensive electrical conduit tubing available at any home center. This makes replacing damaged legs simple and also allows for customizing target heights to suit your particular needs. The Auto Advance system comes with a roll of standard bullseye targets.

TRIUS® Traps

Trius Birdshooter 2™

A bit lighter weight than the "Original Trius Trap," this trap will out perform other traps in its price range.
Regulation singles and piggyback doubles make this an excellent choice for the beginner and/or experience shooter. Can be held with foot or tire mount (bolt furnished). Aluminum arm plus oil impregnated bushings give years of trouble-free shooting. A High Angle Target Retainer is included for adding variety to your shooting. Fully adjustable without tools.
Birdshooter 2™ (11 lbs.)
C23PA10220 .....$60.49

The Original Trius® Trap

Excellent for Beginners,
Built for the more Serious Shooter!

For over 45 years the Trius Trap, "The Original Foot Trap," has been the trap that others have been judged by. Designed to be held with foot or mounted to a tire (bolt furnished). The targets thrown are of club quality and the trap can be adjusted to throw beyond regulation distance. Fine doubles including piggyback doubles. Large knobs for adjusting tension and vertical angle make the TRIUS trap fully adjustable without tools.
Original Trius Trap™ .....C23PA10205 .....$80.49

Trius 1-Step™

One easy step cocks & releases target...almost effortless to use....

One person can throw and shoot! High Angle Target Clip Included! Arm is set and targets are placed on arm without tension. Step on pedal to put tension on the arm and release targets in one motion. Regulation singles plus pig-gyback doubles.
Trius 1-Step™ .....C23PA10201 .....$112.99

Wobbler Kit

Fits All Auto Traps
(Except White Pheasant Models)

Works with any Do-All Auto Traps. The Do-All Outdoors Aerial Assault Wobbler presents real life shooting situations, random incomers and away shots as well as fast quartering and passing shots. The motorized wobbler will automatically throw each target in random positions. Seamlessly mounts to the Aerial Assault and takes place of the pivot mount. Any shooter can have every type of target presentation automatically. From left to right the wobbler kit moves a total of 45 degrees. Up and down movement from fifteen to 45 degrees Weather proof and durable steel construction. Powered by any 12 volt battery (not included)

Wobbler Kit ..... C23DOAWK45 ..... $288.49

Backyard Single 3-4 Cock Trap

Will automatically return three-quarters of the way cocked. Throws all five targets as singles or stacked doubles. Sliding adjustable clip allows for speed and direction change. Trap made with steel and aluminum materials for years of durability. The Sprocket mechanism allows you to throw targets up to 70 yards in all directions at any angle on all planes

Backyard Single ..... C23DOBY56 ..... $157.99

The Competitor Trap

This recreational trap will throw singles, stacked doubles, or side by side doubles. It is constructed of heavy-duty metal materials, with durable powder coat paint. The Competitor assembles in minutes and comes with complete assembly instructions. This model comes with two different mounting systems: the tire mount is designed to be simple and effective and the ground mounting system incorporates long ground spikes to grip the earth. The budget priced Competitor gives you plenty of recreational fun, while getting you ready for the hunting season. Innovative ground mount with insertable ground spikes. Easily converted to mount to spare tire.

Competitor Trap ..... C23DOCT101 ..... $35.49

CALDWELL®

Claymore Target Thrower

The Caldwell Claymore is the first manual, battery-free clay target trap to feed from a 50 clay target magazine. The Claymore is foot-operated; just push the pedal with your foot to cock, load, and launch clay targets up to 55 yards.

- Foot pedal/step operated cocking and release
- Holds 50 clay targets
- No battery needed
- Throws over 55yrds
- Folds for easy transport

Claymore Target Thrower ..... C23PH1122187 ..... $279.99

MTM® CASE-GARD™
QUALITY SHOOTING SPORTS ACCESSORIES

Wind Reader™ Shooting Flag

MTM's Wind Reader Shooting Range Flag is an extremely sensitive wind flag, capable of picking up the slightest breeze. Precision and long range shooters, know the value of having range flags spaced out along the bullet flight path. When you are checking your precision reloads they will save you a lot of time.

- *The Wind Reader is 15.6" long and 5" tall and sets 33" off the ground.*
- *Long tail ribbon for reading wind speed included.*
- *Easy to set-up and take down - The base poles store on flag face for flat storage.*
- *Made of durable injection molded plastic. Made in USA*

Shooting Accessories

8" Peel & Stick Bullseye with Target Pasters

This type of target comes with an adhesive backing that allows shooters to peel the targets and stick them onto anything, for quick and easy target practice. The peel-and-stick targets also come with a small amount of our pasters that allow for the targets to be repaired for further use. Made in the USA.

Color	Quantity	Item No.	Price

Orange	5-Pack	C23PX12BORNG5PK	$9.29

12" Sight In Peel & Stick Target

With our Splatter Shot sight-in and pre-hunt targets, shooters are able to sight-in rifles and pattern shotguns quickly and conveniently, saving time and ammo. The sight-in targets are marked to show the exact distance groups need to be moved, so no more tape measures or estimating measurements.

Color	Quantity	Item No.	Price
White	5-Pack	C23PX12SIGRN5PK	$9.49

12" Bullseye Paper Target with Tag Paper

Our Splatter Shot paper targets come in a variety of sizes and colors. There are also two kinds of paper, heavy and tag. The tag paper targets are the only ones that have the capability to splatter when shot. All of these targets are made in the USA.

Color	Quantity	Item No.	Price
Green	5-Pack	C23PX12BGRTG5PK	$4.99
White	5-Pack	C23PX12BWHTG5PK	$4.99

12"x17" Silhouette Targets

Our tag paper silhouette targets come in two different styles. One is printed to represent the center mass and the other is printed to resemble the center mass, head and neck of a person. Both targets have the capability to splatter and are made of tag paper. All targets are printed in the USA.

BIRCHWOOD CASEY

Shoot·N·C REACTIVE TARGETS

Shoot·N·C® 12" White/Black Sight-In Target

Capture the same Shoot·N·C experience in white and black. The contrast of white over black makes an excellent indoor target. The black "halo" can easily be seen at many distances. When used indoors or outdoors, the white over black colors make seeing your crosshairs and open sights very easy. Each target comes with repair pasters to extend the life of your target by repairing bullet holes or as extra aiming points.

12" White/Black Target..... C23BA34219 ..... $6.99

Shoot·N·C® 12" x 18" Bad Guy Target

Bullet holes are revealed with bright chartreuse rings. Self-adhesive backing makes targets easy to put up. Instant feedback – no need to walk downrange or use binoculars to see your shot.

(12 Targets / 180 Pasters)
C23BA34647 .....$14.99

Shoot·N·C® 8" Bull's-eye "BMW" Target

The contrasting crosshair design makes lining up your scope crosshairs a snap. Use as a sight-in target or for general purpose. Each sheet contains extra pasters that match the center aiming point, because that is where you will be hitting the most anyway!

Self-Adhesive 8" Round "X" Targets
(6) Targets, *(24)* Pasters ..... C23BA34806 .....$3.99

Shoot·N·C® Self-Adhesive Targets Sight-In Target Kit

This complete, portable target kit turns any field into a great practice range. The Kit includes a heavy-duty self-standing A-frame backboard, **(4)**-12" x 12" Shoot·N·C® Targets & **(72)**-1" square pasters sheet for target repair. Durable card-board backing and integral base for adding weight makes target kit usable even in windy conditions.

12" Sight-In Target Kit ..... C23BA34202 ..... $9.49

Shoot·N·C® Self-Adhesive 8"x 8" Sight-In Targets

5 targets on one sheet, each "exploding" in color upon impact. Use center target for sighting-in and four smaller targets for testing results of various ballistic loads or for conformation of sight-in groups. Convenient one-inch numbered grid lines simplify scope adjustments. Works with all calibers. Scratch-proof coating. Self adhesive.

8"x8" Sight-In Targets *(6-Pack)* ..... C23BA34105 ..... $3.99
8"x8" Sight-In Targets *(15-Pack)* ... C23BA34112 ..... $6.49

Shoot·N·C® Self-Adhesive Silhouette Target Kit

Reusable kit for your silhouette practice. The kit includes one heavy-duty card-board silhouette, two replaceable self-adhesive "chest" targets, (2) 9" replacement oval to cover center, (6) 4" ovals, and corrugated 23"x35" backer board. Matches B27R specs.

12"x18" Silhouette Kit *(2-Pack)* .... C23BA34602 .... $10.99

Self-Adhesive Silhouette 12"x18" B-27 Targets

(25) 12"x18" targets for the Shoot-N-C silhouette Target Kit or for target practice. Shoot-N-C technology makes every hit "explode" in color.

12"x18" Silhouette Targets *(5-Pack)* ..... C23BA34605 ..... $7.49

Shoot·N·C® Reactive Targets

Shoot·N·C® REACTIVE TARGETS

With these revolutionary targets, bullet holes are revealed with bright rings – providing you with instant feedback and eliminating the need to walk down range or use binoculars or spotting scopes. Upon impact the targets explode in color visible to the naked eye, and the self-adhesive backing makes targets easy to put up. Repair paster available with Shoot·N·C products allow you to cover up shots to extend target life or create secondary aiming points!

8" Prairie Chuck
• *(12) Targets, (48) Pasters* ..... C23BA34786 ..... $3.99

Shoot·N·C® White/Black Targets

The contrast of white over black makes an excellent indoor target. The black "halo" can easily be seen at many distances. When used indoors or outdoors, the white over black colors make seeing your crosshairs and open sights very easy. The added posts on the 8 and 12 inch targets make for great crosshair reference points. And, don't forget each target comes with value-added repair pasters to extend the life of your target by repairing bullet holes or as extra aiming points.

• Sighting-in up to 400 yards away is a snap with this 12" target
• 5 bull's-eye targets in one for checking different ballistic loads or more shooting fun

12" Sight-In Target
(12 Sheet-Pack)
C23BA35212 ..... $6.99

Rigid™ Paper Targets

Rigid Paper Targets are made of stiff tagboard construction. The contrasting orange/black on white print is highly visible from both short and long distances. Each target is 12" x 12", comes in packs of 10 sheets/targets, and like all Birchwood Casey targets, they are printed in the USA. The circle, square and crosshair designs are superb for open sights and optics at all distances.

12" Crosshairs Sight-In *(10) Targets* ..... C23BA37210 ..... $3.49
12" DH™ Bulls Eye *(10) Targets* ..... C23BA37211 ..... $3.49

Dirty Bird® Target

Large 17.25" targets are great for long-range rifle shooting 200 yards and beyond. Bullet holes are easy to see due to "intense white" splatter effect, even within the red bull's-eye. An outstanding value for five targets - the price per target is comparable to plain paper targets! Non-adhesive back allows you to affix the target to your surface of choice, add notes and save for future reference. Red aiming points are highly visible - perfect for scoped or open sights. Tie-breaking ring in the center.

17.25" Bull's-Eye Target *(5 Sheet-Pack)*
C23BA35185 ..... $6.49

Dirty Bird® Multi-Color Splattering Targets

Dirty Bird introduces the new Multicolor Splattering Targets. You get the same super-visible splatter of color upon bullet impact as standard Dirty Bird targets. But Multi-Color Targets give you more: The circles of the bull's-eye each have their own color splatter, so you can tell by the color how close you are to the center!

(20) - 8" Targets ..... C23BA35820 ..... $6.49
(10) - 12" Targets ..... C23BA35830 ..... $6.99

Dirty Bird® Silhouette III Target

12"x18" Splattering Targets

Perfect for all types of pistol action shooting. The intense splatter of chartreuse and white upon bullet impact make holes easy to see. Non-Adhesive back allows you to affix target to your surface of choice, add notes and save for future reference.

(8) Targets
C23BA35708 ..... $6.49

Dirty Bird® Shadow Targets

Perfect for all shooting or training applications. These targets "splatter" white upon bullet impact.

BC27 12"x18" Shadow
(8) Targets ..... C23BA35707 ..... $6.49

BC23 12"x18" Shadow
(8) Targets ..... C23BA35717 ..... $6.49

Dirty Bird® Yellow Targets

These targets offer yellow reaction to the classic Dirty Bird splattering performance. The 6" and 8" round targets are ideal for near and midrange shooting using a variety of calibers. The 12" round sight-in target is designed to be the best of both worlds; a classic bull's-eye with a functional sight-in pattern.

Yellow 6" Round *(16 Targets)* ..... C23BA35906 ..... $2.99
Yellow 8" Round *(8 Targets)* ..... C23BA35908 ..... $2.99

HOWARD LEIGHT by Honeywell

Leightning® Passive Ear Muffs

Leightning series' steel-wire and metal construction provide high performance and robust durability. Leightning stands up to daily use and abuse without compromising comfort. Howard Leight has optimized the Leightning series to deliver the highest level of comfort available, featuring an exclusive padded foam headband and super-soft ear cushions that eliminate that "squeezing" pressure on the head. The Leightning series also features Bilsom® patented Air Flow Control™ technology for optimal attenuation across all frequencies and snap-in ear cushions for easy maintenance.

NRR Noise Reduction Rating 23

CALDWELL®

E-MAX®
Electronic Hearing Protection

Standard profile E-MaxTM hearing protection combines great circuitry with a standard earcup for better protection. The two microphones in the E-MaxTM amplify sounds below 85 decibels, which amplifies normal communication, range commands, and environmental sounds. Above 85 decibels, the microphones shut off for a split second to protect the shooter's hearing. Two microphones - one in each cup - give the user true stereo sound and allow the user to identify the directional source of a sound.

• Cutoff: 85dB • NRR: 25
• Power source: two AAA batteries (not included)

E-Max Electronic Hearing Protection ..... C23PH497700 ..... $30.99

E-MAX® BTH
Electronic Hearing Protection

The new E-Max Behind-the-Head hearing protection combines great circuitry with a low profile ear cup that's ideal for shotgun shooters and action shooters. The E-Max amplify sounds up to 20dB, controlled by the volume dial on the right ear cup. This is beneficial for normal communication, range commands, and environmental sounds. With sounds above 85 decibels, the speaker shut off for a split second to protect the shooter's hearing. Two microphones, one in each cup, give the user true stereo function and help the user to localize sound.

• 21NRR rating • Adjustable volume control • Audio input jack • Stereo sound
• Cushioned foam ear cups • Power indicator light

E-MAX® BTH Electronic Hearing Protection..... C23PH487605 ..... $32.99

E-MAX® Low Profile
Electronic Hearing Protection

The low-profile E-Max™ hearing protection combines great circuitry with a low profile earcup that's ideal for shotgun shooters and action shooters. The two microphones in the E-Max™ amplify sounds below 85 decibels, which amplifies normal communication, range commands, and environmental sounds. Above 85 decibels, the microphones shut off for a split second to protect the shooter's hearing. Two microphones - one in each cup - give the user true stereo sound and allow the user to identify the directional source of a sound. Includes an integrated audio input jack allowing music to be played. Runs on 2 AAA batteries (not included). 23NRR

PRO EARS™

HEAR THE DIFFERENCE.

Pro Ears are the world's most advanced electronic ear and hearing protection for shooting, hunting and industrial applications. Our superior technology allows the competitive shooter, hunter and law enforcement agent to hear every sound, including conversation, even during high volume noise spikes. Pro Ears electronic earmuffs achieve a perfect balance between comfort, noise attenuation and purity of sound. No compromises.

Ultra Series

A great pair of passive ear muffs are the most effective means to protect your hearing. Ear plugs can be effective only if they are properly inserted in the ear. Very often, due to discomfort or improper training the ear plug does not provide the level of protection advertised. A comfortable, well designed pair of ear muffs can protect your hearing for years to come. Three levels of protection offered by the Ultra Series. The NRR is independently tested and certified. All Ultra Series products are dielectric construction.

Ultra Pro

- Rugged, high profile cups Adjustable headband and ProForm™ leather ear cushions
- Optional Hard hat adaptor, fits most hard hats (may not be suitable for wide-brim hard hats)
- Optional Hard hat adaptor pivots and locks in the up position
- Dielectric construction
- Suitable for a high noise environment, both in the factory, range and in your home workshop
- Simple height adjustment requires no tools to remain fixed during wear
- Snap-in ear cushions make replacement quick and easy • NRR: 30

Coral Tortoise Frame / Copper Silver Mirror Lens ..... C23CE90810557 ..... $191.00

Jose Pro Sunglasses

Costa brings next-level Pro-formance to its best-selling Jose frame. Named in honor of the legendary Waterman and larger-than-life personality Jose Wejebe. This frame builds off the original with six performance additions to help anglers manage sweat, reduce fogging and keep their frames locked in place, even when the water gets rough. Jose PRO celebrates the legacy of our friend and the man who broke barriers in the angling community. He saw the angler in everyone, even those who had never fished before. And he grew the community, making it a more welcoming place. Now we continue in his footsteps and encourage others to do the same when we say: Open Waters with Jose PRO.

• Polarized Glass (580G) • Frame Fit: Regular • Size: L

Matte Black Frame/Blue Mirror Lens ..... C23CE91060162 ..... $284.00

Fantail Pro Sunglasses

Anglers know as well as anyone. The best can always get better. We've taken that sentiment to heart with the Costa Fantail PRO. The slimmed-down brother of the Blackfin PRO also boasts all the Costa PRO Series tech: a vented and fully-adjustable nose pad for a customizable fit; sweat channels and eyewire drains designed to help keep your vision clear; side shields, hooding, new stickier Hydrolite and metal keeper slots to help to keep your frames on your face and the sweat and sun out of your eyes.

• Polarized Glass (580G) • Frame Fit: Regular • Adjustable Nosepad • Size: L

Matte Wetlands Frame / Green Mirror Lens ..... C23CE90790760 ..... $284.00
Matte Gray Frame / Copper Silver Mirror Lens ..... C23CE90791160 ..... $284.00

Tuna Alley Sunglasses

Named after the legendary 15-mile stretch of sand cutting through the deep blue Bahamian waters where the Bluefin tuna migrate north, these Costa angler sunglasses are created to uncover and showcase the famous, underwater fish highway. With integral hinges, a patented vent system, polarized and made from tough-as-nails nylon, these men's performance fishing sunglasses won't be missing much.

• Polarized Polycarbonate (580P) • Frame Fit: Narrow • Size: XL

Blackout Frame / Blue Mirror Lens ..... C23CE90091962 ..... $273.00

Brine Sunglasses

For those who bleed saltwater, Costa's Brine sunglasses are one of the most useful fishing tools in any tackle box. Hydrolite temples, co-injected, co-molding technology and our storied 580 lens technology, these Costa men's sunglasses deliver comfort and durability to anglers whose greatest love is bending a rod. Because to some, performance isn't just nice it's necessary.

• Polarized Polycarbonate (580P) • Frame Fit: Narrow • Size: S

Matte Black Frame / Gray Lens ..... C23CE90170359 ..... $182.00
Matte Black Frame / Blue Mirror Lens ..... C23CE90171459 ..... $262.00

Rincon Sunglasses

Like the California point break it was named for, the Rincon has a classic West Coast straight bridge, wrapping style lines and edgy curved temples. Made from our castor plant bio-based resin, the big frame and sharp angles of Costa's Rincon sunglasses reflect the classic right point break and the hard-charging surfers who champion the sport. With Rincon's spring hinges and polarized lenses, the Rincon is a great oversized style for most or a perfect extra large fit for "big heads". You know who you are.

• Polarized Polycarbonate (580P) • Frame Fit: Regular • Size: L

Matte Black Frame / Blue Mirror Lens ..... C23CE90183763 ..... $213.00
Matte Black Frame / Green Mirror Lens ..... C23CE90180163 ..... $273.00

Whitetip Sunglasses

This fearless and curious shark leads a migratory life that generally leads to warm tropic waters. So take a cue from an apex predator and head to your favorite flats with these small sunglasses. The core-styled frames feature gripper temples holes, cam action pin hinges, and a vented front to give you the eye of the shark while you scan clear waters for bones and GTs.

• Blackout Frame • Polarized Lens

Blackout Frame / Blue Mirror Lens ..... C23CE90561158 ..... $262.00

Lyman® Brands that Perform

Range Kit - Pistol Starter Set

Lyman's new Pistol Starter Set gives shooters all of the basic accessories that they need to get started in pistol shooting. The Pistol Starter Set is housed in a durable, tough 600D nylon shooter's carry bag that is a must for transporting your equipment to and from the range. Shooting bag dimensions are 15.7" X 8.85" X 10.23". Inside the bag, are all the basics that you need for eye and ear protection. The set contains quality ear protection with 25DB noise reduction, eye protection, and also a QwikDrawTM barrel cleaner for cleaning your pistol afterwards. The QwikDraw is a fast, all-in-one cleaning tool that eliminates the need for traditional cleaning rods and patches. Best of all, the total package offers a great cost savings over purchasing the items individually.

- High-grade Polycarbonate lenses allow for quick and easy lens replacement
- Exceeds ANSI 287.1-2003 high impact requirement
- 99% UVA/UVB protection
- Ratcheting lens pitch adjustment for custom fit and comfort
- Design allows air to flow freely preventing lenses from fogging
- Adjustable nose pad conforms to a broad range of bridge sizes
- Includes soft carrying pouch

Jebs High Voltage Choke Tubes

Just like the original JEBS High Voltage choke tube design, our Black Nitride waterfowl choke tubes are held to the same quality and durable standards as before.
Besides looking incredible in the black, there are many additional benefits to the Black Nitride process: provides additional lubrication, protects against corrosion, wear resistant, and 82 on the Rockwell Chart.

Carlson's Choke Tubes, LLC

The Shooter's Choice

Sporting Clays Choke Tube

Our Sporting Clays Choke Tubes are made from 17-4 stainless and precision machined to produce a choke tube that patterns better than standard choke tubes. These choke tubes feature a 25% larger parallel section in the choke thus throwing more consistent patterns than conventional choke tubes. Each choke tube is knurled on the end to allow for quick and easy removal. Each choke tube has the constriction laser marked on the end for easy reference. These choke tubes are backed by our lifetime warranty.

Lead shot, Steel Shot, Copperplated Shot, Nickel Shot, Hevi-Shotshells™, and Buck Shot can be used in our Sporting Clay Choke Tubes. Steel shot larger than BB should not be used in any Sporting Clays Choke Tube tighter than Full Constriction. Our Sporting Clays Choke Tubes will throw tighter/denser patterns than Flush Mount Choke Tubes due to a longer parallel section.

Beretta U.S.A.

Beretta/Benelli Mobil	C23XF85006	$59.49

Sporting Clays Black Choke Tube

Our New Sporting Clays choke reduces recoil and at the same time reducing muzzle jump making follow up shots quick and easy. Manufactured from 17-04 stainless steel and precision machined to produce a choke that patterns better, with less recoil, than standard flush mount choke tubes.
These chokes feature a 25% longer parallel section in the choke which allows for tighter, denser patterns, with less flyers another words more pellets on the target.
The extended portion of the choke tube allows for quick and easy removal and insertion. Lead, Copperplated, Nickel, Hevi-shot, Bismuth and tungsten may be shot through these choke tubes. When using steel shot do not shoot steel larger than BB through any choke tighter than full. These choke tubes have a blue finish and carry our full lifetime warranty.

BlackCloud™ Choke Tube

Federal's new Black Cloud ammunition features devastating penetration which can now be delivered with unique features that help downrange performance increasing hunter success. The Extended tube is constructed of a Titanium-coated steel, and comes in Mid Range and Long Range models. The titanium coating helps the uniquely designed FliteControl Wad in the Black Cloud ammunition perform downrange with less build-up in the choke and allows the Flitestopper shot to do its job this increasing your take in the field.

These chokes are specifically designed to get the most performance from Federal's new Black Cloud Ammunition, but perform extremely well with other steel shotshells.
The Long Range choke tube should not be used with any steel shot larger than BB or with any steel shot faster than 1550 fps. The Mid Range model can be used with all steel shot sizes. The Mid Range model can be used with all steel shot sizes, and with ammunition that exceeds 1550 fps. Black Cloud ammunition has been designed to be used with choke tubes that do not use porting or wad stopping devices.

Long Beard XR Choke Tube

This choke tube has been specially designed to produce the best patterns when shooting Winchester's New Long Beard Turkey loads. This new ammunition features Shot-Lok Technology that allows for the tightest patterns and longer downrange reach over any lead turkey load on the market. This tom-dropping dynamic duo serves-up 10% greater penetration over standard lead shot at distances of more than 50 yards, terminal on-target performance and allows nearly perfectly round shot to be thrown from the barrel for extremely tight, long-range patterns.

Carlson's Choke Tubes are backed by a LIFETIME WARRANTY and MADE IN THE USA!

Extended Turkey Choke Tubes

Manufactured from 17-4 heat treated stainless steel to withstand heavy buffered Turkey Shotshells. These choke tubes produce extra tight patterns with copper plated and buffered lead turkey shotshells. These chokes produce dense patterns and carry a lifetime warranty. Our Extended Turkey Chokes extend approximately 1" from the end of the barrel. These chokes have a matte blue finish and should not be used with steel shot. Our Extended Turkey Choke Tubes have a 1.050" parallel section to produce the optimum pattern with your shotgun. *Not for Use with Steel Shot

TSS Turkey Choke Tubes

Carlson's TSS Turkey Choke Tubes are optimized for Federal Premium® Heavyweight® TSS Turkey Loads but also work exceptionally well with other manufacturer's turkey ammunition (Smaller shot size 7-9). The Federal Premium's Heavyweight TSS Turkey Load has an incredibly high pellet count in both 7 and 9 shot, along with the ability to carry energy further, makes them ideal for 12 and 20 ga. Tungsten Super Shot (TSS) has a 22% heavier density than heavyweight shot and a 56% heavier density than traditional lead shot. It puts the maximum amount of pellets possible in a 10" circle at 40 yds. The 12- and 20-ga. shells will include the FliteControl Flex™ wad that gives hunters the ability to shoot any choke tube they prefer. Long-range turkeys don't stand a chance.

Ported Turkey Choke Tubes

Designed for the serious turkey hunter, each Super Full Choke has been specifically bored to throw the optimum pattern at short and long distances. Each choke is ported allowing gases to escape quickly reducing recoil and muzzle jump in the process. Each Choke Tube is manufactured from aircraft stainless steel and a blue non-reflective finish has been added. Lifetime warranty.

Delta Waterfowl Choke Tubes

Our Waterfowl Extended Choke Tubes are manufactured from 1704 stainless steel and designed to throw tighter and denser patterns than conventional choke tubes. These choke tubes feature a 25% longer parallel section in the choke, thus throwing more consistent patterns. Each choke tube is knurled on the end to allow for quick and easy removal. Each choke tube has the constriction and size laser marked on the end and body for easy reference. Steel shot may be used through these choke tubes with exceptional results. Do not shoot steel shot larger than BB or any steel load faster than 1550 FPS through the Long Range Constriction. Loads that exceed this size and speed should be used with the Mid Range choke tube.

Rifled Choke Tube

These precision Rifled Choke Tubes are manufactured from 304 high stress stainless steel. Each choke tube protrudes .625 to 1.3 inches from the end of the barrel depending upon which type of firearm the choke tube has been specifically designed for. Each choke tube has a right hand rifle twist, which is 1 to 35. Each choke tube has a groove diameter of .730 of an inch in 12 ga.

Cremator Choke Tubes

Carlson's Cremator Choke Tubes feature our brand new Triple Shot Technology (TST). TST is a series of three graduated rings in the taper section of the choke tube that allows a more gradual transition from the shotgun bore to the final constriction. The Cremator series has no size or speed restrictions with steel shot in any of the three constrictions. You also get all the benefits of an extended choke tube, including a 25% longer parallel section for tighter and more dense patterns, wrench-less installation, quick removal and helps with muzzle protection. They are offered in your choice of ported or non-ported configurations.

All of our chokes feature a conical parallel design. Cone of constriction (typical) coupled with a parallel section (rarely found in other chokes) of roughly 1" where the constriction is held constant. Design with our exclusive directional diagonal ports that because of their outward angle create a sharp forward inside edge which 'grabs", stabilizes and slows the wad for faster separation of wad and shot column. This results in cleaner patterns not adversely affected by the wad. The diagonal ports also reduce muzzle jump and recoil for faster, more accurate follow up shots. The external ported portion of the chokes extends roughly 1-3/4" from the muzzle and isn't noticeable when shooting. *Directional- The angle of the ports is 135 degree away from the shooter, reducing side blast prevalent in ports 90 degree or less. This is a big plus for close quarters like duck blinds, trap fields and five stand. Ports don't foul up like others.*

Gobblin' Thunder

Kick's chokes are manufactured from the highest quality 17-4PH stainless steel and have a matte-black finish. "Gobblin Thunder" turkey chokes are the original extended-ported chokes that set the bar for every other choke tube on the market. "Gobblin Thunder" chokes extend from the barrel approximately 1 3/8" and are angle ported to reduce recoil and deliver extremely tight and consistent patter performance. These chokes easily converts most 10, 12, 16 and 20ga. factory threaded barrels from a mild mannered bird gun into a turkey hunting specialist.

"Gobblin Thunder" chokes are NOT recommended for steel shot or Hevi-shot.

High Flyer™

The Duck Stops Here!

Whether you're after distant geese, decoying ducks, a tight holding covey of quail, or a ringneck in a cornfield, Kicks has a "High Flyer" choke perfect for any hunting/shooting situation. The hunter's (choice) choke ideal for steel shot/ waterfowl and upland game! Every "High Flyer" choke is designed to shoot lead, steel, tungsten, hevi-shot, or any non-toxic shot. The conical parallel design improves patterns, (less flyers) and the diagonal ports reduce muzzle jump for denser, faster, more accurate follow-up shots

MTM® CASE-GARD™ QUALITY SHOOTING SPORTS ACCESSORIES

Choke Tube Case - CT3

Choke Tube three, individually holds up to three chokes, at one time, providing each with their own secure, felt lined section. The case is molded out of nearly indestructible polypropylene plastic and features a strong snapping latch with see-thru smoke coloring. Made of rugged polypropylene with two internal dividers and a foam pad. The foam pad helps prevent rattle and protect threads. Pending on your chokes, there is room for most factory wrenches and choke lube. Small enough to fit inside a coat pocket. Designed to hold 20, 12, 10 gauge chokes.

Choke Tube Three Case ..... C23MTCT341 .....$4.29

Choke Tube Case - CT6

Choke Tube Six, individually hold up to six chokes, at one time, providing each with their own secure, felt lined section. The case is molded out of nearly indestructible polypropylene plastic and features a strong snapping latch with see-thru smoke coloring. Made of rugged polypropylene with two internal dividers and a foam pad. The foam pad helps prevent rattle and protect threads. Pending on your chokes, there is room for most factory wrenches and choke lube. Designed to hold 20, 12, 10 gauge chokes.

Choke Tube Six Case..... C23MTCT641 .....$5.49

Choke Tube Case - CT9

Choke Tube nine, individually holds up to nine chokes, at one time, providing each with their own secure, felt lined section. The case is molded out of nearly indestructible polypropylene plastic and features a strong snapping latch with see-thru smoke coloring. Made of rugged polypropylene with two internal dividers and a foam pad. The foam pad helps prevent rattle and protect threads. Pending on your chokes, there is room for most factory wrenches and choke lube. Designed to hold 20, 12, 10 gauge chokes.

Choke Tube Three Case ..... C23MTCT941 .....$6.49

Shotshell / Choke Tube Case

Ideal for all shotgun shooting sports and convenient for shotshell reloading. You can now carry your shotshells and choke tubes in one convenient compact case. 12 gauge shell boxes can be left open so that you can have quick access to four different loads in the field or at the range. Ideal duck hunting equipment for the waterfowler. Detachable choke tube case holds up to nine tubes, most factory wrenches and choke lube. Rugged polypropylene molding with large comfortable handle.

- *Designed to hold a 100 rounds 2-3/4" or 3" 12 Ga. shotshells, or it can hold 50 rounds of 3 ½" 12 or 10 Ga.*
- *Dimensions: 7" x 10-5/8" x 6"*

Competitor Choke Tube Wrench .. C23AN8336 ..... $11.49

The Shooter's Choice Carlson's Choke Tubes, LLC

Universal Choke Wrench

This very simple, yet "tough" wrench will remove any choke with a slotted end. A key chain has been added to allow you to keep this wrench with you at all times. Made of heat treated stainless steel this wrench will not bend. Will fit 12 ga, 20 ga, 16 ga, 10 ga, & 28 ga. choke systems. Universal Choke Wrench

1 pk.....C23XF06605.....$4.29
2 pk.....C23XF06606.....$6.29

Sporting Clays Speed Wrench

Our fastest choke wrench allows you to remove and insert chokes in just seconds. They are easy to operate using only your index finger and thumb. Simply tighten the black thumb knob on end of wrench and the choke can be easily removed or inserted. Works great in the field, on your bench, or in any situation when you need to get your choke tubes out quickly. Lifetime Warranty.

20 ga Sprt. Clays Speed Wrench..... C23XF06602 ..... $17.49

T-Handle Choke Wrench

Our best wrench to give you more leverage to remove those "hard to get out choke tubes". These wrenches will remove all choke tubes with slotted ends. They will remove any choke down to .690 constriction or extra full.

12 ga T-Handle Wrench ..... C23XF06608 ..... $15.29
20 ga T-Handle Wrench ..... C23XF06609 ..... $15.29

The Shooter's Choice Carlson's Choke Tubes, LLC

Choke Tube Cleaner

Carlson's NEW Choke Tube and Carbon Cleaner is nonflammable,non hazardous and it is biodegradable. It provides you with a safe and effective way to clean carbon and plastic wad fouling from choke tubes and all of those semi automatic shotguns gas system parts. This product also works well to clean AR-15 and other rifle bolt assemblies. Completes the job in 15 minutes or less! Supplied in a 6 oz jar.

Choke Tube Cleaner ..... C23XF06611 ..... $10.99

The Shooter's Choice Carlson's Choke Tubes, LLC

Protective Choke Carry Case

The EVA molded foam exterior on this carry case provides superior protection to your choke tubes while hunting or shooting.

• Scratch-resistant lining • Lightweight design
• 3 or 5 choke storage capacity

Choke Carry Case ..... C23XF00400 ... $14.29

Choke Tube Lube

Carlson's NEW Choke Tube Lube is excellent for use on all choke tubes. Also works great on full-auto locking lugs, sears, bolts, and slide/rails. Smooth and clean operation in the severe cold (-100°F) and will hold up under extreme heat (+750°F) as well. This lube offers extreme pressure properties that are guaranteed to reduce friction and wear on weapons and choke tubes. This product will not attract dust, dirt, or powder fouling like most petroleum based products and does not contain Teflon or PTFE additives. Supplied in a 30 ml syringe.

Choke Tube Lube *(30 ml)* ..... C23XF06612 ..... $8.49

PRIMOS HUNTING

TSS JellyHead Choke Tubes

Specifically designed for TSS loads that have become very popular with turkey hunters but will also shoot super tight patterns with HEVIShot, Copper Plated and Lead Shot. This extended choke tube allows for easy installation without the use of tools.

• *Clean the threads in the muzzle and on the JellyHead TSS choke tube before installing. Use a good choke tube grease to coat the threads before installing.*
• *Screw the tube into the muzzle, be careful to not cross-thread. Grip the knurled end and hand tighten only. No tools needed.*
• *DO NOT OVER TIGHTEN.*
• *Check tightness of tube every 3 to 5 shots to ensure a tight fit.*
• *Not to be used with Steel Shot.*

AR·V HANDGUARDS

AR*chitect AR-V Handguard

Our AR*chitect AR15 AR-V Handguards are designed to give you that MP5 look at a fraction of the cost of an MP5. While these will work on direct impingement gas systems, they are primarily designed for blow-back pistol caliber applications. A two inch long barrel nut ensures rigid mounting for rock solid accessory mounting.

- *Black hardcoat anodize • 4140 pre-heat treated steel barrel nut*
- *American sourced 6061 T-6 extruded aluminum*

5" AR-V Handguard ..... C23BZJ28305 ..... $135.95
7" AR-V Handguard ..... C23BZJ28307 ..... $138.95

AR*chitect Cornerstone Series
Handguards

Our AR*chitect AR15 Cornerstone Series handguards are designed to be slim and light. With an overall width of 1.5", interior width of 1.3", and a lightweight 9.5 oz. for the 15" model, these handguards provide the ultimate in comfort. Every handguard includes a 4140 pre-heat treated steel barrel nut that has been nitrided, not phosphated. The two-inch long barrel nut ensures a rigid mount for all accessories. All parts are American made from American sourced 6061 T6 extruded aluminum.

- *Competition Rail or Full Flat Top • 7", 10", 13", 15" • Hard-coat black anodized*
- *6061 T-6 extruded aluminum • 4140 pre-heat treated steel barrel nut*

7" Cornerstone Handguard ..... C23BZJ135537 ..... $82.95

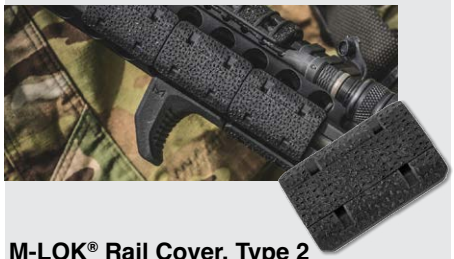
MAGPUL

M-LOK® Rail



Designed for use with all M-LOK compatible Hand Guards and Forends, our M-LOK® Rail Sections allow the attachment of various 1913 Picatinny spec rail-mounted accessories such as lights, vertical grips, etc. Machined from Mil-Spec-anodized aluminum, M-LOK Rail Sections also feature beveled ends to reduce snagging and eliminate sharp corners and edges. All hardware necessary for attachment directly to M-LOK Slots on either aluminum or polymer hand guards and forends is included.

Aluminum - 3 Slots	C23ZZMAG580BLK	$18.00
Aluminum - 5 Slots	C23ZZMAG581BLKI	$19.90
Aluminum - 7 Slots	C23ZZMAG582BLK	$21.80
Aluminum - 9 Slots	C23ZZMAG583BLK	$23.70
Polymer - 5 Slots	C23ZZMAG590BLKI	$10.40
Polymer - 7 Slots	C23ZZMAG591BLK	$14.20
Polymer - 11 Slots	C23ZZMAG593BLKI	$16.10

Ladder Rail Cover

Ladder Panels offer very low-profile 1913 Picatinny rail coverage.
The Santoprene material provide a rubbery surface for improved weapon control and rail protection. Easily cut for custom lengths, each panel fits one side of a carbine-length rail (18 slots). One panel per package. Manufactured by Falcon Industries, Inc.
FDE ..... C23ZZMAG013FDEI $11.35

M-LOK® Rail Cover, Type 2

M-LOK Type 2 Rail Covers are low-profile, two-piece covers that install directly onto most M-LOK aluminum hand guards (non-polymer). These M-LOK Covers are non-orientation specific, which allows the user to mount them in any direction desired without affecting function. Not compatible with MAGPUL MOE M-LOK, MOE SL and SGA forends, and may not be compatible with free float hand guards that have a wider and flatter profile, as they will not seat deep enough to allow the center portion to lock in.
Black ..... C23ZZMAG603BLKI $12.30

DANIEL DEFENSE

Rock & Lock® Single Ring Mount

- Feature our patented Rock & Lock mounting technology for easy installation and removal with Torx Plus fasteners at the base and rings
- Precision machined from 6061-T6 Aluminum
- Type III Hard Coat Anodizing for maximum durability
- The variable power scope mounts weigh in at just 5.5 ounces with the single ring mounts weighing 3.15 ounces

• 6061-T6 Aluminum • Type III Hard Coat Black Anodizing

VIKING TACTICS®

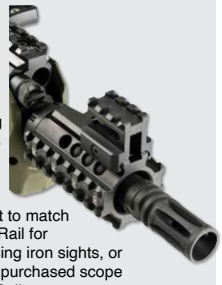
VTAC® Light Mount

Made of a Modified Acrylic PVC Alloy Thermoplastic with high impact and abrasion resistant qualities which have been proven to withstand the harshest environments, the Viking Tactics Light Mount is designed so that you can mount your light so that it is out of your field of view and easily activated. This new and improved version of the original VTAC Light Mount Design gives you enormous flexibility. It will allow you to mount most lights with a .80 or 1" diameter and will fit the VTAC-L4 as well as the inexpensive Surefire G2 Nitrolon, Executive Series, and many others. The sleek VTAC design even offers a position in the insert to accommodate the clip on the light. Depending on your mounting preferences, the VTAC can be mounted in such a way that the light can be activated using a tape switch or it can be mounted in such a manner allowing you activate your light using the push button on the back of the light. (Note: Flashlights and firearms not included and must be purchased separately). The VTAC Light Mount is impervious to most chemicals, solvents and oils and its highly advanced thermoplastics will not shrink. With the high quality and innovative design that you expect from a Viking Tactics product, the VTAC Light Mount will keep you in the light and out of the dark.

Light Mount-**Black**.....C23VJVTACMK4BK $24.95

KEL TEC®

RFB Quad Rail



The RFB Quad Rail is made from hard coat anodized 6061-T6 aluminum and is approximately three inches long and will accept any accessories which mount with a standard MIL-STD 1913 Picatinny Rail attachment. The two scalloped cut-outs on the top of the Picatinny allow the shooter freedom to adjust the gas system if needed and allow the ejected casings to leave the ejection port. The shooter should take caution on which accessories to mount on the left hand side of the weapon since this could block the ejection port.

- *Includes: (1) RFB-420-Quad Rail, one (1) Locking Nut and wrench, one (1) set screw with hex key*

RFB Quad Rail .....C23KTRFB420.....$53.49

RFB Quad Rail & Riser

The RFB Quad Rail is made from hard coat anodized 6061-T6 aluminum and is approximately three inches long and will accept any accessories which mount with a standard MIL-STD 1913 Picatinny Rail attachment. The Riser can be used with the RFB Quad Rail kit to match the height of the Top Picatinny Rail for increased sight radius, when using iron sights, or can be used to add height on a purchased scope

- *Includes: (1) RFB-420-Quad Rail, (1) Locking Nut and wrench, (1) set screw with hex key, (1) Riser, (1) 10-32 screw and (1) hex key*

Quad Rail & Riser.....C23KTRFB425 .....$61.99

SPRINGFIELD ARMORY®

Hellcat® Hardware Mounting Kit

Shotgun Rail Mount with Sidesaddle®

Here's a simple and effective tactical upgrade for 12 gauge Remington 870, 1100 and 11-87 shotguns and now also for Mossberg 500 and 590 shotguns – no gunsmith needed. Ultra-rigid, this innovative lightweight aluminum unit straddles both sides of the receiver and is crafted with a non-glare anodized finish. The top Picatinny rail can mount a variety of accessories, yet is designed to sit just high enough to allow continued use of the shotgun's bead sight. Keeping six shells in readiness, the low profile design Sidesaddle incorporates TacStar's proprietary material for durability and secure shell retention.

Rail Mount w/Side Saddles® *(Mossberg)* ..... C23LM1081029 .....$76.49
Rail Mount w/Side Saddles® *(Remington)* ..... C23LM1081035 .....$76.49

TacStar Hunters Sidesaddle

The Sidesaddle Shotshell carrier has proven to be the best way to carry six extra rounds in the most convenient and accessible location for quick reloading without losing sights. Mounts directly to the shotgun.

Slimline™ Sidesaddles

The Sidesaddle utilizes a non-glare, anodized aluminum backing plate material similar to our traditional Sidesaddle; however we have contoured the plate so that it takes up less space on the receiver and has fewer areas that could potentially snag.

- *Sleek, slimline appearance*
- *Strong, rigid, non-glare aluminum backing plate*
- *Durable, flexible synthetic rubber shell carrier with secure shell retention*
- *Reduced size and streamlined shape reduce chances of snagging*
- *Available for Remington 870/1100 and Mossberg 500/590*

Universal Barrel Shroud

The Universal Barrel Shroud is made from all-steel and has a black oxide finish. 13.75" long and fits most 12 gauge shotguns. Easy installation. Shroud does not fit barrels with vent rib. Instructions and mounting hardware included.

Universal Barrel Shroud ..... C23LM1081171 .....$36.49

Tactical Shotgun Rail Mounts

The TacStar Shotgun Rail Mount is designed to fit standard 1" diameter magazine extensions and allows for easy mounting of tactical lights and/or lasers. The mount has three standard Picatinny rails positioned 90° apart which allows for plenty of options when mounting accessories to the shotgun. The mount uses an easy to install clamping system which will not mar extensions, yet is strong and secure.

Short Rail Mount ..... C23LM1081100 .....$29.99

The Promag AA124 Picatinny Rail is an available accessory for the forend of the Mosin-Nagant Precision Rifle Stock (AA9130), and is made from the same proprietary polymer compound as the stock. AA124 Rail Fits Archangel

C23ZMAA124 ..... $16.49

CLOUD DEFENSIVE

COR Cloud Optimized Rail.

- Compatible with low-profile gas blocks.
- Compatible with both carbine-length gas systems (Direct Impingement) and pistol-length gas systems (Direct Impingement).
- Not compatible with piston-driven operating systems of any kind.
- Includes a full BCM Barrel Nut assembly.
- Hand guard thickness: .100 which is thicker than any other we've found. That means it dissipates heat well and it means it's significantly stronger than the competition. • M-LOK® compatible for nearly universal accessory mounting.
- Hand guard length: 9.55" – Optimized for 10.3" and 10.5" barrels. Works just fine with longer barrels.
- Two QD sling mounts integrated into the rail, on both sides for versatility.
- Utilizes the Bravo Company USA patented barrel nut assembly, providing a rock-solid lock-up to the receiver with anti-rotation tabs. • Made in USA

TROY

Alpha Rail®

Building off of the patented TRX Extreme design that revolutionized rail-based handguards, the Alpha Rail® utilizes a new, low-profile locking mechanism and affords unparalleled strength and stability.

- *Genesis of modular free float rails.*
- *Disperses heat and runs cooler than other close to the barrel.*
- *Comes with two 2" and one 4.2"detachable rails and all mounting hardware*
- *Machined from hardened aircraft aluminum with stainless steel components.*
- *Finished in MIL-SPEC hardcoat anodizing • Works with standard AR15/M16 barrel nut*
- *No barrel nut included*

13" Alpha Rail® *(Black)* ..... C23OV015346 ..... $173.99

AK47 Top Rail

The railed gas tube will fit all (stamped & milled receiver) AK rifles with a standard length gas tube. Length is adjustable for variation between rifle manufacturers. May not fit all AK variants, please contact if unsure of fit. Any modification to product will void all warranty. The 5 inches of Picatinny rail provides space to mount optics and accessories. The low profile of the rail allows lower 1/3 co-witness with some optics. The Railed Gas Tube will work with factory hand guard, independent of the Short and Long Bottom Rails. Replaces factory gas tube easily; no gunsmithing required. Machined from hardened aircraft aluminum with stainless steel components and finished in MIL-SPEC hardcoat anodizing. Attach optics and accessories to the Picatinny Rail.

AK47 Top Rail *(Black)* ..... C23OV018484 ..... $132.99

MLOK 5.56 Aluminum

XS SIGHTS FASTEST SIGHTS IN ANY LIGHT™

Remington 870 Magazine Tube Detent Swage Tool

In the past, installing a magazine tube extension on one of the 870/1100/11-87 series of shotguns was as simple as removing the mag cap, prying up the magazine spring retainer and swapping out springs before screwing on the extension. With the advent of the detent style magazine spring & mag cap retention system this is no longer possible. Now one has to find a way to remove those detents so the follower can slide past them.

The most common solution is to grind them away from the inside; while effective, this looks terrible and creates two ready access holes in the mag tube for dirt & other debris. XS® Sight Systems Magazine Tube Swage will allow you to easily remove these detents without creating these holes.

Fits: Remington 12ga ..... C23AQRE70001 ..... $35.99

MOSSBERG

ARM YOURSELF.

Mossberg 500® 12 Gauge Barrels

Original Mossberg barrels for the Mossberg 500® feature 3" chambers and are drop in replacements for your original Mossberg 500® barrel. Blued Steel finish.

Remington. Benelli. Performance Worth the Price

Replacement Shotgun Barrels

Performance and Value for your Remington® 870 or Benelli® Nova/Super Nova

All barrels are constructed from certified ordinance grade 4140 steel with chrome lined bores. Vent rib models have a satin matte blue finish with red fluorescent front sight and brass center bead. All 18-1/2" barrels are non vent ribbed and have a ramped front sight with a matte finish. Each barrel comes with a Carlson choke tube, manufactured from 17-4 stainless steel except for the rifled choke tube models which are made from 304 high stress stainless steel, installed. All of our replacement barrels are threaded for the choke style system. Enhance the versatility and performance of your shotgun with a Carlson's replacement shotgun barrel. These barrels are 12ga only.
• Choke: Improved Cylinder

KELTEC

RFB Muzzle Brake Kit

This Muzzle Brake kit is designed to replace the existing Flash Hider which comes standard on the RFB Rifle. This Muzzle Brake is designed to lessen the felt recoil of the RFB and the vertical muzzle lift as the rifle is fired. The combination of these two will allow the shooter to re-gain their sight alignment quicker for follow-up shots.

- *This kit comes with one (1) RFB Muzzle Brake, one (1) Lock Nut, both machined and heat treated from 4140 steel.*
- *Tools Required for Installation: Two (2) thin wrenches with 3/4" opening.*

RFB Muzzle Brake Kit ..... C23KTRFB500 ..... $47.99

HI-POINT FIREARMS

4095 Carbine Compensator

- Designed to attach to the .40 Carbine to reduce recoil

SILENCERCO

Charlie Piston Mount

This mount is compatible with Omega 36M and Hybrid 46M. This mount is used to attach your silencer to handguns via pistons. This piece is also required to attach 3-lug mounts to your Omega 36M or Hybrid 46M.

C23IKAC4751 ..... $118.15

3-Lug Mount

The 3-Lug Mount is a quick-attach mounting option for guns with fixed barrels.
Compatable With:
Octane series, Omega 9K, Omega 45K Hybrid 46, Hybrid 46M (Requires AC4751), Omega 36M (Requires AC4751)

- 9mm
C23IKAC2447 ..... $118.15
- .45 Cal
C23IKAC2448 ..... $118.15

Gas Defeating Charging Handle

The GDCH has a proprietary design feature that incorporates an O-ring seal to prevent gas from escaping from the most prominent point of egress. This seal mitigates the amount of gas that is blown back into the shooter's face, creating a more comfortable and enjoyable shooting experience.
C23IKAC5062 ..... $96.90

WALTHER

P22 Threaded Barrel Adapter

Easy mounting solution for attaching a silencer to the Walther P22.
No tools needed.
Threaded Barrel Adapter
C23WY512105 ..... $36.99

SILENCERCO

ASR Muzzle Brake

This 3-port muzzle brake is compatible with all SilencerCo ASR Mounts and with multiple thread and caliber options, you can shoot suppressed for any demand.
It offers quick and easy one-hand-on, one-hand-off attachment and detachment.

- Black
- .30 Cal/7.62mm • 1/2-28 Thread
C23IKAC1282 ..... $79.90
- 1/2-28 Thread • .223 Cal
C23IKAC142 ..... $79.90
- 5/8-24 Thread • .30 Cal
C23IKAC591 ..... $79.90

ASR Flash Hider

The ASR Flash Hider is compatible with SilencerCo's ASR (Active Spring Retention) Mounts. The ASR (Active Spring Retention) Mount is a quick attach / detach system for almost all SilencerCo suppressors. The simple one-hand- on, one-hand-off mounting system is compatible with all ASR Muzzle Devices to promote ease of transfer from one silencer to another.
Once shouldered, the locking ring ensures the silencer won't rotate or work itself loose under a heavy firing schedule

- .223 Cal/5.56mm • 1/2-28 Thread • Black
C23IKAC141 ..... $79.90
- .30 Cal • 5/8-24 Thread • Black
C23IKAC590 ..... $79.90

Bravo Front Cap

The Bravo Front Cap is compatible with the Hybrid 46. Swap out the Anchor Brake for an overall shorter silencer from 7.09″ to just 6.06″ (on the Omega 300 with Direct Thread Mount). Using correct front caps will reduce dB levels between 2 to 5 dB.
• 9MM • .355 • Sniper Grey
HD Push Button Sling Swivel *(Black)*
C23IKAC1412 ..... $79.90

Suppressor Piston

XL pistons are for firearms where the silencer requires additional length between the threaded barrel and the silencer.
Compatible with:
• Omega K Series, Hybrid 46, Hybrid 46M, Osprey Series, Octane Series, Omega 36M

- 1/2x28 • Black
C23IKAC25 ..... $75.65
- 5/8-24 • Black
C23IKAC30 ..... $75.65

Suppressor Mount Alpha

The ASR (Active Spring Retention) Mount is a quick attach / detach system for almost all SilencerCo suppressors. Once shouldered, the locking ring ensures the silencer won't rotate or work itself loose under a heavy firing schedule. Alpha accessories are compatible with Harvester 300, Omega K (all models), and Octane (all models). *• Black*
C23IKAC2632 ..... $118.15

Suppressor Mount Bravo

The ASR (Active Spring Retention) Mount is a quick attach / detach system for almost all SilencerCo suppressors. The simple one-hand-on, one-hand-off mounting system is compatible with all ASR Muzzle Devices to promote ease of transfer from one silencer to another. Compatible with Harvester EVO, Harvester 338, Omega 300, and Hybrid 46. *• Black*

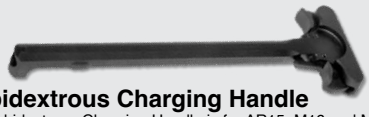
TROY

.750" Low-Profile Gas Block

The Troy 0.750 Low-Profile Gas Block is made specifically for rifle barrels that have a 0.750 gas block seat.
The low-profile design allows for clearance of most aftermarket rails that require a smaller gas block. Machined from 4140 pre-hardened steel finished with MIL-STD Manganese Phosphate. The Troy low profile gas block fits tightly to the barrel using two set screws.
Gas tube roll pin not included. • Black
.750" Low-Profile Gas Block..... C23OV010136.....$32.99

Ambidextrous Magazine Release



The Ambidextrous Magazine Release replicates the feel and length of a standard magazine release button but also accommodates left-handed shooters and one-handed magazine changes. This magazine release is constructed of rugged machined billet tool steel. Patent pending.
Available in Black.
Ambi. Magazine Release..... C23OV011812.....$53.99

Ambidextrous Bolt Release

The Ambidextrous Bolt Release is an indispensable device that easily releases or holds bolt open with one hand to streamline firearm clearing and reloading after a malfunction.
By being ambidextrous, this bolt release eliminates hand changeovers improving control of rifle when in use. Made from hardened aircraft aluminum. Available in Black.
Ambidextrous Bolt Release..... C23OV011843 .... $31.99

Ambidextrous Charging Handle

The Ambidextrous Charging Handle is for AR15, M16 and M4 type rifles. The ambidextrous design allows users to charge their rifle with either hand making operation under extreme conditions less complicated. The handle tabs are enlarged, increasing the surface area making it easier to operate. Made from hardened aircraft aluminum. Available in Black.
Ambi. Charging Handle.....C23OVSCAHAGD50BT00.... $83.49

Tomahawk Ambidextrous Charging Handle

Cover both sides of the "charge" by upgrading your current charging handle with the ambidextrous Tomahawk Charging Handle. While the shape and laser engraving are inspired by the design of our POF-USA American Patriot Tomahawk, the Tomahawk Charging Handle has optimized functionality as well. For quick and efficient operation with either hand, It features over-sized levers on both sides to make palm "blading" or finger thumb charging a breeze. All components have been CNC machined to exacting standards in the USA from American 7075 billet aluminum and finished with durable black type III hard coat anodize.

- 7x5x5in. .10lb

223 Tomahawk Charging Handle ..... C23PG00849.... $96.00
308 Tomahawk Charging Handle ..... C23PG00850.... $96.00

Dictator Adjustable Gas Block (.223/5.56)

This 9 position adjustable DI gas block provides the ultimate range of adjustability and versatility. The addition of a suppressor typically increases the level of back pressure within the rifle system. This increase will prematurely wear parts and increase the amount of gas/carbon introduced into the chamber. With the Dictator, you can now control that rate of fire, gas flow and ultimately the reliability of your system. Each Dictator gas block kit comes complete with the applicable length gas tube. The available lengths are pistol, carbine and mid-length, and rifle. This gas block is setup for barrels manufactured for a .750 gas block.

- 3/32" hex wrench and dictation tool included in the Dictator gas block kit

Carbine Length..... C23PG00837..... $150.00

Roller Cam Pin Upgrade Kit (.223/5.56)

Roller Cam Pin with modified Gas Key for direct impingement-type rifles. Other carrier and bolt assembly parts not included

Roller Cam Pin Upgrade Kit .... C23PG00393..... $54.00

Ambi Selector Switch

The POF-USA ambidextrous safety selector is a drop in upgrade designed to increase the shooters' options and maximize the efficiency of taking the rifle from "fire" to "safe". Installation of this product is nearly identical to installing a standard selector, the only difference is once the selector is installed you will need to attached the right side lever using a 1/16 allen.

Ambi Selector Switch..... C23PG00666..... $32.00

Enhanced Universal Bolt Catch

Our new enhanced universal bolt catch is just another example of our continuation of innovation. The large angled bolt catch pad allows for faster bolt catch activation to clear the rifle. It also contains a wider tooth for more effective magazine follower engagement.

Works in any mil-spec lower

E-BCG .308/7.62x51mm Bolt Carrier Group - NiB Coated

AR10 Full Auto Style for increased mass and lock time. Our new BCG is precision machined from 8620 Steel with a 9310 Precision Hard Ground, Magnetically Particle Inspected Bolt. The entire carrier assembly is NiB, Electrolysis Nickel Boron coated with the patented, advanced UCT EXO process, unlike standard NiB coatings.

This offers extreme lubricity with a friction coefficient of .02 and surface hardness of 82-85 Rockwell C.

The carriers patent pending design features unique shrouded and forward facing gas ports that have also been re sized so that gas is vented differently to a standard carrier.

- *For .308/7.62x51mm Rifles*
- *Weight 1Lb 2.1oz • Forward Porting, Enlarged Vents.*
- *Balanced flared boss.*
- *8620 Carrier, Heat Treated, Hard Turned.*
- *MPI 9310 Bolt, Hard Turned / Ground.*
- *NiB UCT EXO Coating. • CP-R360-H Domed Cam Pin*
- *Mil-Spec Gas Rings • Mil-Spec Staked Gas Key*
- *Grade 8 Hardened Fasteners*
- *All Hard Chrome surfaces are to MIL-STD-171 1.2.2.2*
- *Lifetime Warranty. • Made in the USA.*

E-BCG Bolt Carrier Group..... C23FCLA00300 ..... $316.99

Dragon™ Muzzle Brake

Manufactured to the highest quality standards and featuring a patent pending design, the LANTAC Dragon Muzzle Brake offers improved recoil management and muzzle rise over competitors products. Its unique Short Energy Pulse system reduces length of recoil so that repeating shot energy cannot overlap and knock the shooter off target. Full auto fire is possible with massively reduced recoil and muzzle climb, meaning that all shots fall on target. Ultra Fast Attenuation of muzzle blast gases means that Flash Signature is also reduced.

- *Material: Hardened Mil-spec Steel • Finish: Nitride*
- *Serial Numbered for Quality Control*
- *Made in the USA.*

5.56 (1/2-28 RH Threads) ..... C23FCDGN556B $128.99

DGN556B-QM™ Dragon™ Advanced Muzzle Brake with Gemtech Quick Mount Suppressor Adapter

Designed for use with .223/5.56 Caliber Ammunition. The DGN556B-QM™ is precision machined, hardened to 48Rc and Nitride finished, Type M, Class2. It features our patented gas handling system that reduces muzzle rise and recoil to zero, meaning that the only recoil felt by the shooter is from the movement of the carrier and buffer within the buffer tube. Its unique Short Energy Pulse system reduces length of recoil so that repeating shot energy cannot overlap and knock the shooter off target. Full auto fire is possible with massively reduced recoil and muzzle climb, meaning that all shots fall on target. With the addition of the Gemtech quick mount system it is now possible to mount any of the Gemtech Bi-lock suppressors to our brake. This includes,The One suppressor, Shield and older G5 models.

Kimber®

Bushing Wrench

This bushing wrench fits most full size 1911 barrel bushings. It is made of tough non-marring reinforced polymer for years of service.
Bushing Wrench ..... C23QZ1000112A $6.29

Take-down Tool *(5-Pack)*

This is a take-down tool for aid in field stripping your 5-inch bull barrel model, 4-inch Pro or Compact model and all Ultra models. Used for capturing the recoil spring assembly so the barrel may be removed. Package contains a set of 5.
Take-Down Tool (5) ..... C23QZ1000997A $6.29

Stainless Recoil Spring Plug

This is a stainless recoil spring plug for all Kimber 5-inch 1911's with Kimber full length guide rod.
Stainless Plug *(5-inch)* ..... C23QZ1000301A $12.49

3-inch Ultra Recoil Spring Assembly *(.45ACP/.40S&W)*

Maintain your firearm. Complete drop-in replacement recoil spring assembly for Kimber's Ultra models in 45ACP or 40 S&W.
Recoil Spring Assembly ..... C23QZ4000465 ..... $55.99

Pricing subject to change without notice. Not responsible for typographical errors.

Volquartsen CUSTOM — Ruger 10/22® Accessories

Hex-Head Take Down Action Screw

Hex-head screw replaces the factory slotted screw. It allows the shooter to use a torque wrench for precise and repeatable settings. No more marred slotted screws which diminish the appearance of your rifle. Made of hardened alloy steel.
Take Down Action Screw ..... C23VQVC10TD $5.85

Auto Bolt Release

Enables the shooter to simply pull bolt back slightly to release the bolt. This eliminates the need to push up on the bolt lock mechanism to release the bolt. This is an easy drop-in installation.
Auto Bolt Release *(Black)*..... C23VQVC10BR10B..... $11.70
Auto Bolt Release *(Silver)*..... C23VQVC10BR10S..... $11.70

Extended Magazine Release

The extended magazine release allows for a quick release of factory magazines. It extends .550" down from the trigger guard housing designed not to interfere with benchrest or sandbags during shooting. The extended magazine release is completely CNC-machined from billet material – no castings!!
Black..... C23VQVC10MRB $19.35

Target Hammer

Our redesigned target hammer is now wire EDM cut! The target hammer is designed to give the factory Ruger 10/22 a superb "trigger job" by simply replacing the factory hammer. No stoning or fitting is required. Reduces trigger pull down to approximately 2.5 – 2.75lbs. Made of stainless steel, hardened to Rc 58-60. *Includes our 10/22 hammer spring, hammer bushings, hammer shims and trigger return spring.*
10/22 Target Hammer ..... C23VQVC10TH $43.20

Target Disconnector

Manufactured through an EDM process for exacting tolerances. Designed to be used in conjunction with match hammer and sear to provide for a very crisp, clean trigger pull. Made of A2 tool steel and hardened to Rc 58-60.
Target Disconnector ..... C23VQVC10DN $23.40

Recoil Buffer

Drop-in polyurethane bolt stop pin eliminates the metal to metal contact between bolt and receiver and eliminates vibration caused by this. The recoil buffer also provides a remarkable difference in cycling noise. Replaces factory bolt stop pin.
Recoil Buffer..... C23VQVC10RB $11.70

Exact Edge Extractor

The new extractor will not lose its edge under impact such as other extractors made from stamped steel or titanium that will have their edges roll over and actually cause extraction problems after a short period of use. It is hardened to a Rc 58-60 to withstand years of use and still maintain its edge. We are able to hold the tolerances to +/-.0001" by utilizing the EDM manufacturing process. The hook is .005" closer to the rim of the cartridge to allow for the most positive extraction available. Made of A2 tool steel.
Exact Edge Extractor..... C23VQVC10EE $12.15

Target Trigger

Improved trigger design gives the shooter more trigger control. Also features an overtravel adjustment screw. Made of aluminum.
C23VQVC10TT $29.70

HP Action Kit

This kit consists of our target hammer (includes shims and bushings), hammer spring, target disconnector, target sear and target trigger Includes polished plunger and spring) with overtravel adjustment. Also included is a recoil buffer to reduce wear on the action and bolt. The HP Action Kit will reduce trigger pull down to approximately 2.25 – 2.5lbs. HP Action Kit Plus features all the components of our High Performance Kit in addition to our Extended Magazine Release and Auto Bolt Release.
10/22 HP Action Kit ..... C23VQVC10HP $128.00
(Includes: extended mag release & auto bolt release)
10/22 Action Kits "Plus" ..... C23VQVC10HPCS..... $149.00

Extended Bolt Handle & Recoil Rod Assembly

The Extended Bolt Handle features the same shape & design as the bolt handle featured on our fully machined bolts. • Extended .25" for faster, easier operation. • Polished, hardened and coated with a proprietary finish. • Finish contains lubricating features to create an extremely smooth operating guide rod. • Coated recoil rod reduces friction which improves both feeding and ejecting. • Cryogenically treated to withstand years of use. • Recoil rod spring is included
Black..... C23VQVC10EBB $45.00
Silver..... C23VQVC10EBS $45.00

SureStrike Firing Pin

Volquartsen SureStrike Firing Pin is designed to minimize and/or eliminate light hits on the Ruger 10/22 (22 LR model only). Precision EDM machined from A2 tool steel. This new firing pin is also .004" wider than the factory firing pin to help eliminate side to side movement in the factory bolt. Hardened to a Rc 56-58 to prevent any excessive wear and deformation. The hardening process on the A2 material allows for a much deeper hardening when compared to case hardening.
SureStrike Firing Pin..... C23VQVC10SSFP..... $31.50

Bolt Tune-Up Kit

The Volquartsen Bolt Tune-Up Kit for the Ruger 10/22 (22 LR model only) rifle contains two of our most popular items ever: the Exact Edge Extractor and our SureStrike Firing Pin. This kit is designed to eliminate light hits and stovepipes.
Bolt Tune-Up Kit ..... C23VQVC10FE..... $36.90

Remington® 597 Target Hammer

The hammer notch is individually surface ground to secure an exact angle of engagement. The hammer is designed to lighten the trigger pull on a factory hammer by up to 50% (this can vary depending on factory sear). This is a drop in item intended for an unaltered factory trigger guard. *• Remington 597.22LR, .22 WMR & .17 HMR*
Rem. 597 Target Hammer..... C23VQVCRTH..... $45.00

Remington 597 Exact Edge Extractor

Manufactured through an EDM process in order to achieve exacting tolerance. Our extractor features a very precise "hook point". It's hardened to a Rc 58/60 to withstand years of use and still maintain its edge. Fits Remington 597, .22LR, .22 WMR and .17 HMR
Edge Extractor..... C23VQVCREE $19.80

SHADOW SYSTEMS

Elite Trigger Assembly

• Safety: The trigger safety is INTACT, and this is a drop safe trigger.
• Flat face configuration
• Durable, matte black anodized finish
• Fits: GEN3 & GEN4 Glock 9mm, .40, & .357
• Includes: Shadow Systems Elite Trigger, Trigger Bar, Trigger Housing, Trigger Spring, & 3.5 lbs Connector
Elite Trigger Assembly (Glock GEN3/4 9/40/357)
C23EVSGK1003..... $104.36

Slide Completion Kit, w/o Guide Rod

• Machined 17-4 stainless steel firing pin, standard weight and length, Gen 1-4
• Standard OEM specification extractor
• Firing Pin Spring, standard weight
• Firing Pin Spacer Sleeve
• 2 Spring Cups
• Machined 17-4 stainless steel extractor depressor plunger assembly • Cover Plate
• Machined 17-4 stainless steel firing pin safety • Firing Pin Safety Spring • Channel Liner
• Compatible Models: Glock 17, Glock 19, Glock 26, Glock 34 (not compatible with Glock 43), also compatible with Shadow Systems-made slides for Glock Gen5
Slide Completion Kit w/o Guide Rod
C23EVSGK1004..... $74.59

Slide Completion Kit

• Shadow Systems Elite Trigger (flat-faced, machined aluminum trigger. Details.)
• Magazine Catch • Magazine Catch Spring • 3.5 lb Connector • G19/23/32 Locking Block
• Standard-length Slide Stop Lever • Slide Lock
• Slide Lock Spring • Trigger Housing Pin
• Trigger Housing with Ejector • Locking Block Pin
• Trigger Pin • Trigger Spring (standard weight)
• Compatible Models: Glock Gen3 G 19, Glock Gen 4 G19
Slide Completion Kit ..... C23EVSGK2001..... $160.20

P80 Compact Frame Completion Kit w/Shadow Systems Elite Trigger

The P80 Frame Completion Kit includes all components needed to build your PF940C P80 80% Frame.
• Shadow Systems Elite Trigger (flat-faced, machined aluminum trigger.)
• Magazine Catch • Magazine Catch Spring • 3.5 lb Connector
• Slide Stop Lever • Slide Lock
• Slide Lock Spring • Trigger Housing with Ejector • Locking Block Pin • Trigger Pin
• Trigger Spring (standard weight)
• Compatible Gun Models: P80 Compact PF940C. Does not include correct slide lock spring for the Glock G17 size gun.
P80 Frame Completion Kit w/Elite Trigger
C23EVSGK2001P80..... $135.90

DANIEL DEFENSE®

GRIP-N-RIP™ Charging Handle

- Light weight enlarged ergonomic handles made from 6061-T6 aluminum and Type III hard coat anodized
- Main body machined from 7076-T6 aluminum & type III hard coat anodized
- Latch is made from 6061-T6 aluminum & Type III hard coat anodized • Heavy duty stainless steel roll pins
- 1.5 oz • Made in the U.S.A.

AR-15 Barrel Nut

- Fits Standard Pattern AR15 Upper Receivers
- Black Finish
- Made In The USA

AR-15 Barrel Nut
C23ED101322032 ..... $9.00

Carbine Buffer Spring

- The Daniel Defense Carbine Buffer Spring for use in M4-type receiver extension tubes.
- Outside Diameter: 0.93" • OA Length: 10.25"

Carbine Buffer Spring..... C23ED1502416146 ..... $16.00

Castle Nut

The Daniel Defense Castle Nut will secure your mil spec or commercial spec carbine receiver extension and rear receiver end plate to the lower receiver. Made with recesses for staking your rear receiver end plate to prevent the castle nut from coming loose. It is finished with a heavy magnesium phosphate coating and is compatible with common armorers/castle nut wrenches (not included).

Castle Nut..... C23ED1505720039 ..... $7.00

Low Profile Gas Block Clamp

- Solid 4150 hardened Steel Construction
- Military Specification Heavy Phosphate Coating
- Precision CNC Machined
- Fits under all our rails
- Clamps to barrel

.750" LP Gas Block..... C23ED2507905006 ..... $70.00

Complete Bolt Carrier Group

Carrier:

- Machined from 8620 steel • Heavy Phosphate Coated
- Chrome lined • Properly staked gas keys • Made in the USA

Bolt:

- Machined from Carpenter 158 Steel • High Pressure Tested
- Magnetic Particle Inspected • Shot Peened
- Heavy Phosphate Coated • Extractor Booster
- Made in the USA

Complete Bolt Carrier Group *(5.56mm)*
C23ED401319032 ..... $221.00

Lower Parts Kit

We are proud to offer this kit for those interested in assembling their own AR15. Although there are many manufacturers of so-called MIL-SPEC parts, we have gone to great lengths to ensure the parts we provide are of the highest quality and compatible with a wide assortment of available receivers. However as we have developed this kit we have seen a wide variety of lower receivers; some from "manufacturers" of questionable quality. Consequently some of our parts may not fit properly in some of these receivers. We at Daniel Defense always recommend purchasing the highest quality parts available to assemble your AR15.

Lower Parts Kit ..... C23ED501321007 ..... $115.00

Super Suppression Device

The Daniel Defense Superior Suppression Device is designed to offer muzzle flash signature reduction and reduced muzzle rise. Manufactured from aerospace 17-4 stainless steel and salt bath nitride finished, maintenance is kept to a minimum. The Daniel Defense Superior Suppression Device comes in standard or extended length and ½ x 28 TPI or 5/8 x 24 TPI.

- Length: Standard (1.875") or Extended (2.25")
- Made in the USA!

Standard - (1/2x28 TPI)..... C23ED604804074 ..... $67.00
Extended - (1/2x28 TPI)..... C23ED604804165 ..... $67.00

Flash Suppressor Assembly

The Daniel Defense Flash Suppressor is designed to reduce muzzle flash. Manufactured from aerospace 17-4 stainless steel and salt bath nitride finished, there's minimal chance of corrosion. The Daniel Defense Flash Suppressor comes in standard or extended length and 1/2 x 28 TPI or 5/8 x 24 TPI.

- Length: Standard (1.875") or Extended (2.25")
- Made in the USA!

Standard - (5/8-24 TPI)..... C23ED604805163 ..... $67.00
Standard - (1/2-28 TPI) ..... C23ED604808061 ..... $55.00
Extended - (1/2-28 TPI) ..... C23ED604808123 ..... $55.00

Muzzle Climb Mitigator, GEN II

The Daniel Defense Flash Suppressor is designed to reduce muzzle flash. Manufactured from aerospace 17-4 stainless steel and salt bath nitride finished, there's minimal chance of corrosion. The Daniel Defense Flash Suppressor comes in standard or extended length and 1/2 x 28 TPI or 5/8 x 24 TPI.

- Length: Standard (1.875") or Extended (2.25")
- Made in the USA!

1/2-28 TPI..... C23ED604916140 ..... $79.00
5/8-24 TPI..... C23ED604905124 ..... $77.00

SoundGuard DT Adapter Suppressor Mount

- Provides rock-solid direct-thread mounting
- Utilizes industry-standard HUB 375-24 UNS
- No proprietary tools, adapters, or hardware required

1/2-28mm ..... C23ED0614000327 ..... $80.00
5/8-24mm ..... C23ED0614002404 ..... $80.00
5/8-24mm Titanium..... C23ED0614007298 ... $100.00

Wave Muzzle Break Assembly

The DD WAVE Muzzle Brake is designed to securely mount the DD WAVE suppressor to the host firearm. Manufactured from aerospace 17-4 PH stainless steel and salt bath nitride finished for minimal corrosion. Heavy acme threads serve to disrupt carbon build-up as the suppressor is detached, allowing for easy removal even after extended use.

1/2-28 TPI / 5.56mm..... C23ED0604911048 ... $147.00
5/8-24 TPI / 30cal ..... C23ED0604910697 ... $147.00

WHEELER

Upper Receiver AR-15 Action Rod

- Eliminates stress on the upper receiver when installing a barrel
- Works on all AR-15 barrels with standard barrel extensions
- Works on forged and milled upper receivers
- No need to remove sights or optics
- Gas port index rod
- Simple twist lock design holds tool in place

Upper Receiver AR-15 Action Rod

TRIGGERTECH

Adaptable AR Primary Trigger

Featuring Frictionless Release Technology™, this drop-in AR trigger has a short, two-stage action, designed to feel like a 1911 trigger, that provides a true zero-creep break, extremely short overtravel, a sub 0.030" tactical reset and offers outstanding reliability, even in the harshest environments. Utilizing CLKR Technology™, the pull weight is quickly and confidently adjusted from 2.5 - 5.0 lbs in 2oz increments from a set screw with the trigger installed.

Style	Finish	1st Stage	2nd Stage	Item No.	Price
Flat	PVD Black	0.75 lbs	1.75 lbs. - 4.25 lbs	C23ZTAR0TBB25NNF	$269.99
Curved	STS	0.75 lbs	1.75 lbs. - 4.25 lbs	C23ZTAR0TBS25NNC	$259.99
Flat	STS	0.75 lbs	1.75 lbs. - 4.25 lbs	C23ZTAR0TBS25NNF	$259.99

Competitive AR Primary Trigger

The Competitive AR Primary Trigger is a non-adjustable trigger designed to enhancing the accuracy and precision of an AR for roles that consistently favor a lighter pull weight. Featuring Frictionless Release Technology™, this drop-in AR trigger has a short, two-stage action, designed to feel like a 1911 trigger, that provides a true zero-creep break, extremely short over-travel, a sub 0.030" tactical reset and offers outstanding reliability, even in the harshest environments. The pull weight is fixed at 3.5 lbs and due to there being truly zero creep, most shooters report the pull weights feeling ~0.5lbs lighter than a friction based trigger of the same measured pull weight.

Style	Finish	1st Stage	2nd Stage	Item No.	Price
Curved	STS	0.75 lbs	2.75 lbs	C23ZTAR0TBS33NNC	$234.99

AR15 Single Stage Triggers

To develop a TriggerTech Single-Stage AR15 trigger we started with our proven Two-Stage AR platform that has been in the field since 2016 and combined it with a serious amount of ingenuity from our engineering department. While it was initially viewed as not possible, our team of engineers developed a solution that allowed us to eliminate the need for a first-stage within our two-stage.

CENTURY ARMS

RAK-1 Enhanced AK-47 Trigger Group

This single stage trigger group is the perfect upgrade for any AK-47 rifle. The machined release surfaces will provide a smooth, consistent trigger pull unlike anything you will find on a standard AK. The trigger has a double hook design with an innovative relief cut that allows it to be used in receivers designed to only accept a single hook trigger, and the disconnector is optimized to eliminate trigger slap. The trigger group is made in the USA and counts as three US 922r compliant parts.

- *Heat treated and hardened*
- *Smooth and consistent trigger pull • Eliminates trigger slap*
- *Works in receivers designed to accept only a single hook trigger • Eliminates bolt carrier hang*
- *Includes hammer spring, disconnector spring and trigger sleeve allowing the trigger and disconnector to be pre-assembled before dropping into the rifle*
- *US made, counts as 3 US 922r compliant parts*

FRANKLIN ARMORY™

BFSIII™ AR-C1

BFSIII™ AR-C1
(For AR Platforms)

- Release round can be canceled by simply moving our Patent Pending selector out of Binary mode while holding the trigger back
- Easy to install
- Smooth trigger pull: 4.5 lbs, +/- 0.5 lbs
- Positive reset on release phase
- Enhanced buffer springs for optimal flexibility
- Works in most AR platforms and calibers including 5.56 NATO, 308 Win, 300 BLK, 9mm, Rimfire, etc....
- Compatible with any BCG
- Great for competition shooters, tactical shooters and recreational enthusiasts

BFSIII™ AR-C1 (Curved Trigger) C23FY5550A. $386.99

BFSIII™ HK-C1

BFSIII™ HK-C1
(For HK 91/93/MP5)

- Position 1 – Safe –Will not fire.
- Position 2 – Semi – Fires 1 round per pull.
- Position 3 – Binary – Fires 1 round on pull and 1 round on release.
- A trigger pull around 4.5 pounds.
- Ambidextrous Safety Selector.
- Safety Selector will fit in most two and three position trigger housings. • Works in SP5K housings.
- Trigger housing, ejector, ejector pin and ejector spring are not included.
- Will fit most HK 91, 93, & MP5 variants and clones
- Some firearms may require additional fitting

BFSIII™ HK-C1 (Curved Trigger) C23FY5603A. $629.99

BFSIII™ AR-S1

BFSIII™ AR-S1
(For AR Platforms)

- Position 1 – Safe – Will not fire.
- Position 2 – Semi – Fires 1 round per pull.
- Position 3 – Binary – Fires 1 round on pull and 1 round on release.
- Release round can be canceled by simply moving our Patent Pending selector out of Binary mode while holding the trigger back
- Easy to install • Smooth trigger pull: 4.5 lbs, +/- 0.5 lbs
- Positive reset on release phase
- Enhanced buffer springs for optimal flexibility
- Works in most AR platforms and calibers including 5.56 NATO, 308 Win, 300 BLK, 9mm, Rimfire, etc....

WILSON COMBAT

SHOK-BUFF®
Recoil Buffers

The SHOK-BUFF® prevents the slide from battering the frame during recoil by sandwiching a 1/10" thick poly fiber buffer between the slide and frame contact areas. When you are shooting high performance loads in your 1911 style pistol, you want the extra protection that the original SHOK-BUFF® provides.

• Prevents the Slide from Battering the Frame During Recoil
• Optimum Balance Between Shock Absorption and Longevity
• Easily Replaceable • Absorbs Up to 1,000 Rounds of Repeated Firings • Slides Over the Recoil Spring Guide Between Guide and Spring • Original Injection Molded SHOK-BUFF® • Royal Blue and Bears the SHOK-BUFF® Name
• Package of 6

SHOK-BUFF® Buffers..... C23WC02B $6.95

1911 Recoil Springs

Wilson Combat Heavy-Duty Recoil Springs are made combat tough to repeatedly take a pounding yet show a remarkably consistent performance every time a round is fired. Recommended service life of 2000-3000 rounds.

Recommended use:
• 15 lbs - Full size, .38 Super/.45 Auto w/ 185gr loads
• 18 lbs - Full size, .45 Auto w/ 230gr loads/10mm target

Recoil Spring *(18-1/2 lbs.)*..... C23WC10G18..... $6.95

Full-Length Guide Rod

The Full-Length Guide Rod will make your 1911 operate and cycle smoother. The One Piece Full Length Guide Rod replaces your stock recoil spring guide without pistol modification. Assembly and disassembly are the same as with stock components (however a bushing wrench is required)

• Extends Recoil Spring Life
• Improves Cycling and Overall Operation
• Extends Life of Slide to Frame Fit
• Can Improve Barrel to Slide Fit and Accuracy on Older Military 1911s

Guide Rod *(Full Size)*..... C23WC25G $29.95

Barrel Bushing Wrench

A Barrel Bushing Wrench is an indispensable part of every shooter's kit and is absolutely necessary for disassembling guns with tight-fitting bushings.

• Easy Disassembly of Guns with Tight-Fitting Bushings
• Made from Super-Tough Polymer to Prevent Scratching Your Gun
• Fits Barrel Bushings on Government, Commander and Officers Style 1911s
• Will Not Stretch or Break

Bushing Wrench *(Polymer)*..... C23WC23P..... $3.95
Bushing Wrench *(Steel)*..... C23WC23..... $5.95

Hex Head Grip Screws

Hex Head Grip Screws will give your pistol a custom look that will continue to look great even after being removed many times.

• Gives Your Pistol A Custom Look
• Look Great Even After Being Removed Many Times
• No More Burred Screw Slots
• Set of 4 Grip Screws • 3/32" Allen Wrench Included
• NOTE: The #313 Series will not work on the Norinco 1911 pistol.

Hex Head Grip Screws *(Stainless)*..... C23WC313S $7.95

Jumbo Head Safety
- Rem 870/1100/1187

The Jumbo head safety allows you to rapidly and positively snap the safety off as you mount the weapon for a quick shot.

• Easy Installation • Blue Finish
• Fits Remington Shotguns: Model 870/1100/1187

ZEV TECHNOLOGIES

AR15 Slide Lock Charging Handle

The ZEV Technologies Slide Lock Charging Handle is a unique design that features smooth ambidextrous operation with fewer moving parts than any other charging handle on the market. Machined from a single piece of 7075-T6 billet aluminum for greater strength and durability.

- *Fully ambidextrous*
- *Extended and textured handle for superior grip and ergonomics*
- *Black nitrided steel capture latch*
- *Made in the USA from American made aircraft grade 7075-T6 billet aluminum*
- *True Black Class 2 Type 3 hard coat anodize*
- *Designed exclusively for use with ZEV billet upper receivers, not recommended for use with forged upper receivers*

AR Ambidextrous Charging Handle ..... C23BJCH556AMB $65.66

Professional Starter Spring Kit

The ZEV professional starter spring kit provides a lighter and smoother trigger pull with a positive reset for your Glock® by combining our popular competition spring kit with the all-new ZEV pro connector.
The ZEV competition spring kit contains a heavy trigger spring (heavier is better, as it assists with trigger pull), a reduced power firing pin spring, and a reduced power firing pin safety spring. The ZEV pro connector was engineered to provide users with a consistent, positive reset and a reduction in trigger pull weight without sacrificing the reliability or safety of your pistol.
Professional Starter Spring Kit ..... C23BJSPRSTARTKITPRO $29.40

Extended Mag Release for 1st-3rd GEN Small Frame Glocks

ZEV Technologies Extended Magazine Release for the Glock features a textured oversized head, allowing shooters to access it without shifting grip. Both the Mag Button and the Mag release are aluminum rather than factory plastic. This Extended Magazine Release for the Glock is not designed for Generation 4 GLOCK models.
Mag Release for 1st-3rd GEN Glock New ..... C23BJMRSM3GB $41.16

Extended Mag Release for 4th GEN Small Frame Glocks

The Zev Technologies Gen 4 Magazine Release for the Glock was designed with an aggressive rearward angle and a non-slip textured face that matches the factory finish of your Gen 4 grip. This Mag release is a drop-in replacement part. Not compatible with Gen3 models.
Mag Release for 4th GEN Glock New ..... C23BJMRSM4G $41.16

+5 Baseplate for PMAG OEM Glock Mags

ZEV Technologies innovative product line now has an extended base pad for the standard capacity Glock™ magazine. Our 3-piece design is easy to reassemble onto the magazine, and can be easily disassembled for cleaning without losing any parts.

- Available in Red and black anodized

+5 Baseplate for Glock OEM *(Red)* ..... C23BJBPADEXTGLK5R $48.02

PRO Compensator V2

The ZEV V2 PRO Compensator was developed and optimized for use on the G19 but will fit and function on all 9mm Glock models with a corresponding threaded barrel. Due to its compact size, when installed on a G19 with ZEV threaded barrel, it has the same overall length as a G34 slide and is compatible with most G34 holsters
PRO Compensator V2 - **Right Handed** Threaded ..... C23BJ32744 ..... $101.92
PRO Compensator V2 - **Left Handed** Threaded ..... C23BJ32751 ..... $101.92

Pro Connector Upgrade

Engineered to provide users with a consistent, positive reset and a reduction in trigger pull weight without sacrificing the reliability or safety of your pistol. Whether used in conjunction with a ZEV trigger or with your stock Glock trigger, the PRO connector will provide a noticeable increase in performance and is ready to drop-in and use straight from ZEV, no fitting or polishing required.
Pro Connector Upgrade ..... C23BJCONNPRO $15.68

Compact Universal Pro Magwell

ZEV Technologies™ PRO Magwell is designed for the professional shooter that is looking for the competitive edge of a magwell with out the bulk of a Glock® race-gun. This magwell is designed to fit both Gen 3 and 4 Glock® frames and features a 1 piece design
SOME limited 10 round magazines may not work with this magwell.

ZEV TECHNOLOGIES

OZ9 Shorty Size Grip Kit

The O.Z-9 Shorty grip was designed for those looking to run a compact sized grip on the O.Z-9 Standard. Switch between competition and concealed carry with the same firearm. Simply remove the take-down pin, swap grips, and re-install the take-down pin. No need to remove the trigger, as it remains installed in the O.Z-9 receiver. Trigger pins are housed by the grip internally, not through the grip like other platforms.

ERGO AR-Wedge – 3/pk

These AR15 Lower Parts by ERGO are incredibly useful for reducing the amount of movement between the upper and lower receiver on an AR-15 platform rifle.
AR-Wedge *(3/pk)* ..... C23EO49883PK $8.00

The Ergo Gapper

Fills the gap between the trigger guard and the pistol grip on the AR/M4 and cushions your knuckle, prevents abrasion to your finger and provides a more finished look to your rifle. The GAPPER™ is made from solvent resistant Santoprene®, clips in easily, and secures with a tight friction fit.
Ergo Gapper ..... C23EO4085 ..... $3.25

Ergo Never Quit Magwell Grip

The ERGO Never Quit Magwell Grip reconfigures the squared shape of the AR/M4 magazine well
• Reconfigures the squared shape of the AR/M4 magazine well into an ergonomic and comfortable grip option
• Gives AR/M4 receivers a distinctive aesthetic upgrade
• Easy installation • Oil and solvent resistant Santoprene® construction
• NTOA Recommended
Never Quit Magwell Grip *(Black)* ..... C23EO4965BK $11.40

Spikes Block

This is one of the most useful maintenance accessories available for an AR-15.
Simply bolt or clamp securely to a bench or other work surface, place an AR rifle onto the block inside the magazine well and the rifle is held in place for cleaning, maintenance or storage.
• 1-piece glass filled polymer design
• Weight of 4.3oz
• 6 1/8" Tall X 4 5/16" Long (at the Base) X 2" Wide (at the Base) • 1/4" Mounting Holes
Spike Blocks ..... C23EO4996 ..... $17.50

Ergo Sure Stop Tactical Rail Hand Stop

• Useful on short barrel rifles and shotguns • Can act as a hand positioning device
Tactical Rail Hand Stop ..... C23EO4201SSBK $10.50

Armorer's Block for AR-10

This ERGO Armorers Block is one of the most useful maintenance accessories available for an AR-10. Simply bolt or clamp securely to a bench or other work surface, place an AR rifle onto the block inside the magazine well and the rifle is held in place for cleaning, maintenance or storage.
Armorer's Block for AR-10
C23EO4989 ..... $17.50

.750" Low Profile Gas Block

• CNC machined 4140 chromoly steel • Nitride/Melonite QPQ finish
• Chamfered edge, slip on fit • USA made steel & machined in the USA
• Weighs 2oz • Fits under most free float handguards
• Internal Diameter 0.750
• Includes (2) set screws for a secure attachment
• Accepts standard gas tube roll-pins (roll-pin NOT included)
.750" Low Profile Gas Block ..... C23EO4821 ..... $23.75

.750" Low Profile Adjustable Gas Block

• CNC machined 4140 chromoly steel
• Full shutoff with zero adjustment movement • Nitride/Melonite QPQ finish
• Chamfered edge, semi-press fit • USA made steel & Machined in the USA
• Weighs 2oz • Fits under most free float handguards
• Internal Diameter 0.750
• Same profile/height as the standard low-profile gas block
• Includes (2) set screws for a secure attachment
• Includes 10-32 Set-Screw and a 4-40 Retaining Screw (Rearward facing)
• Accepts standard gas tube roll-pins but, a roll-pin is NOT included.
.750" Low Profile Adjustable Gas Block ..... C23EO4822 ..... $43.25

FosTech

Echo AR-II Drop In Trigger For AR-15

• Allows shooter to select from 3 different settings;
- Safe Mode: Firearm will not fire
- Semi-Automatic Mode: firearm fires when trigger is pulled
- Echo mode: Firearm fires when trigger is pulled and also when trigger is released
• Patented Design that gained ATF Approval
• Patented Technology licensed through Franklin Armory inside the Echo AR-II Trigger
• Technology licensed through HIPERFIRE inside the Echo Trigger
• Light, clean, and crisp pull in Semi-Automatic Mode
• The Echo Trigger is packed full of cutting edge technology
• Reliable function in Echo Mode
Echo AR-II Drop In Trigger For AR-15 ..... C23WW4150 ..... $486.99

Echo Sport Trigger for AR-15

The Echo Sport Trigger has all the great features as the Echo AR-II. The only difference is that the Echo Sport is more efficient, less complex and most importantly LESS MONEY. From an operational standpoint, the only difference the operator will notice is that the selector for the Echo operation is now located inside the trigger well on a paddle. Move to the left for Echo Mode and move to the right for Semi-Automatic.
Echo Sport Trigger For AR-15
C23WW4140 ..... $323.49

Echo AK-47 Trigger

The Echo AK-47 Trigger is a drop in trigger for the AK-47 Platform. The Echo AK-47 Trigger is a response trigger that allows the shooter to fire a round on the pull and also on the release of the trigger. The Echo AK-47 Encompasses the same patented trigger lock technology as the Echo AR-II. The trigger lock keeps the operator from running the firearm. The Echo AK-47 like the Echo AR-II has multiple patents from multiple companies.
• Safe Mode: Firearm will not fire.
• Semi-Automatic Mode: Firearm fires when trigger is pulled.
• Echo Mode: Firearm fires when trigger is pulled and also when trigger is released.
Echo AK-47 Trigger ..... C23WW4702 ..... $531.49

RUGER

.223 Rem Radial Port Muzzle Brake

AR Lower Parts Kit

- The Single-Stage CMC Trigger Group is a completely self contained, 100% drop-in, fire control group upgrade for the AR-15, and AR-10 family of rifles.
- Trigger pull is factory pre-set, is not user adjustable and comes in 3.5 lb. trigger weights.
- The patented Flat Trigger design yields truly remarkable and unprecedented trigger control, trigger feel and accuracy.
- An ultra-crisp trigger with no feel of creep prior to hammer release.
- Trigger has a Glass-Smooth Break with no feel of grittiness.
- Trigger components are fabricated from 8620 alloy steel and S7 Tool steel, machined to exacting tolerances and finished for the longest service life possible.
- Minimal Lock-time is designed into the assembly using controlled hammer weight and balance and activated using a Rocket Wire hammer spring. This assures repeatable function, with either commercial or military grade ammunition.
- Positive Trigger Reset allows a quick follow up shot on target.
- Trigger is easy to install following the included instructions.

.410ga Wool Snap Caps..... C23PX410SC $22.99

TIPTON

Snap Caps

Snap Caps have a variety of uses around the bench. It is generally accepted that one shouldn't drop the firing pin on an empty chamber – which is the primary reason to have Snap Caps for your favorite guns. You should always use Snap Caps when checking or adjusting the trigger pull. If you prefer to release the tension on the hammer springs, when storing your guns, Snap Caps are ideal. Whatever your needs, Snap Caps are handy and inexpensive.

GROVTEC FIREARMS ACCESSORIES

GT™ Hammer Extensions

Adding a horizontal extension to hammers provides a larger contact surface and outstanding grip and control. Especially useful on scoped firearms where clearance can become an issue, GrovTec hammer extensions are made with the finest materials and finish in the industry. Can be mounted on the right or left side. Each hammer extension is specific to the firearms it fits. Do not use any hammer extension on a firearm not directly specified in the hammer extension's fit list.

A-ZOOM
Precision Tools For Dry Fire Training

Pachmayr

A-Zoom Rimfire Action Proving Training Rounds

Precisely dimensioned for function testing and shooter training. These .22 Rimfire dummy rounds are not snap caps, but rather precisely dimensioned, functional dummies; A-Zoom Training Rounds are CNC machined from solid aluminum and hard anodized. A-Zoom .22 Rimfire dummies are widely used for hunter education and teaching safe firearms handling.

- *Training rounds are the same size as actual ammunition*
- *A-Zoom Training Rounds load in a magazine just like real ammo*
- *Teach safe loading and unloading*

A-ZOOM
Precision Tools For Dry Fire Training

StrikerCaps

One drawback with dry firing snap caps however is when they are used in striker fire type pistols. These firearms require that the slide be drawn back to cock the pistol, which then extracts and ejects the snap cap from the pistol. A-Zoom's new StrikerCaps solve this problem. StrikerCaps are made without a rim and are equipped with a centering o-ring which grips the chamber walls and keeps the snap cap in place in the chamber. Once it is chambered, simply rack the slide to cock the pistol. StrikerCaps will absorb the firing pin hit just like standard A-Zooms, however will
stay in place for quicker, easier dry fire practice

MagPopper Magazine Disassembly Tool for Glock® Magazines

- Disassemble your Glock® magazines in seconds
- Works with most factory Glock® flat floorplates. Works with 10 round, standard capacity, and high capacity Glock® magazines
- Simply insert the hook from the small lever into the floor plate, rest the MagPopper body against the front of the magazine body. With one hand grasp the MagPopper and the magazine body and gently squeeze. The floor plate will slide forward and unlock from the side magazine tabs with very little effort
- MagPopper also features: a bottle opener, a hole on the main body for mounting onto key rings, and a ¼" hex hole for holding ¼" screwdriver bits

MagPopper ..... C23NRVTGLMAG $16.99

VISM Pro Tool for Glock® Firearms

This is the ultimate tool for the Glock® Armorers and enthusiasts. This handy multi-tool has five specific tools for the very popular Glock® pistols.

- Handle has rubberized textured panels
- Tool bits can be stored inside the hollow screwdriver bits
- Magnetic 3/16" hex nut driver for the front sight
- Channel liner removal tool
- Hardened steel 3/32" (2.5mm) disassembly tool
- Channel liner install tool
- Flat blade and Phillips screwdriver bit

VISM Pro Tool ..... C23NRVTGLPRO $16.99

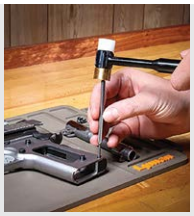
VISM Ultimate Tool Kit- Glock® Models

Ultimate Tool Kit for Glock® handguns - includes four innovative multi-tools in a plastic hard carry case for Glock® armorers.

- VTUPRS: Universal pistol rear sight tool designed for: removal, installation, and the adjusting windage of dovetail rear sights
- VTGLPRO: Glock® Pro Tool has five specific tools for Glock® pistols: magnetic 3/16" hex nut driver for the front sight, channel liner removal and channel liner install tool bits, hardened steel 3/32" (2.5mm) disassembly tool, striker assembly holder, and flat blade and Phillips screwdriver tool bit. Steel and polymer construction
- VTGLMAG: MagPopper tool will help you disassemble your Glock® magazines in seconds
- VTGLKPBL: Glock® Pocket Tool with hardened 3/32" (2.5mm) steel punch disassemble tool and a 3/16" hex nut driver (with magnetic tip) for removing/ installing Glock® front sights

VISM Ultimate Tool Kit ..... C23NRVTGUTK $92.99

VISM Universal Rear Sight Tool



Universal Pistol Rear Sight Tool designed for: Removal, Installation, and Adjusting windage of dovetailed rear sights for most Semi-Auto Pistol slides.

- Works with many types of semi-auto slides: full, compact, sub compact, and pocket sized semi-auto pistols
- Base platform is adjustable for height, to get your slide and rear sights at the proper height for the rear sight pusher. Includes one bottom spacer for some pocket pistol slides for proper height alignment
- Multiple Vertical and Horizontal clamps to secure various sizes and types of semi-auto slides in the tool
- Adjustable top brace with plastic insert to secure the slide's vertical placement on the base platform
- Adjustable side braces with plastic inserts to secure the slides horizontal placement on the base platform. Includes two sets of side plastic inserts: a pair of flat inserts and a pair of stepped inserts to fit a wide variety of slide profiles
- Rear sight pusher will work with 90 degree and 30 degree rear sight profiles. Rear sight pusher can remove, install, or adjust the rear sights in either direction
- Side witness windows machined into both sides of tool frame to check for and verify proper tool and rear sight alignment
- Sight tool frame can be bolted to, clamped onto work surface, or clamped onto a work vice
- Heavy duty Blue Anodized aluminum frame with steel tools

VISM Universal Rear Sight Tool ..... C23NRVTUPRS $58.99

Lyman® Brands that Perform

Deluxe Hammer & Punch Set

The perfect companion for the home gunsmith or handyman. Each set features Lyman's complete selection of quality Gunsmith Punches plus the popular Brass Tapper Hammer. This unique set comes in a custom hardwood storage case which separates each punch by size for quick access

Deluxe Set *(3 lbs)* ..... C23LY7031298 ..... $52.49

Gunsmith's Punch Set

A good selection of properly made and correctly sized punches is no longer hard to find. Now they're available from Lyman. The Set offers a complete selection of quality steel punches with hardened steel punch tips including 1/16", 3/32", 1/8", 5/32", 3/16", and 1/8" center punch and a brass drift punch. Set including the interchangeable head "Brass Tapper" hammer is also available.

Gunsmith's Punch Set ..... C23LY7031273 ..... $28.49

• 9-piece set 1/16" through 5/16"
• Hardened Steel construction
• Hemispherical Tip • Fitted Nylon Storage Pouch
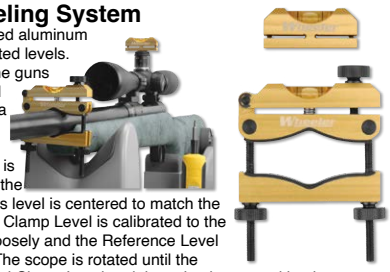
Roll Pin Starter Set..... C23PH710910 .....$25.99

Precision Micro Screwdriver Set

The Wheeler Engineering Precision Micro Screwdriver Set features high quality, chrome plated steel bits to hold up to heavy use and the comprehensive 58 piece set meet all of your precision screwdriver needs. The set include a handle that extends from 3-3/4" to 5-1/2" and a 5-3/4" flexible extension shaft to get you into those hard to reach places. The set comes organized with individual bit markings and a convenient carry/ storage case. All bits are precision formed for maximum fastener engagement.
• Chrome plated steel bits • Extendable Handle from 3-3/4" to 5-1/2"
• 5-3/4" flexible extension shaft • 58 piece set • Organized carry/ storage case
Precision Micro Screwdriver Set..... C23PH564018 .....$23.99

Professional 43pc. Gunsmithing Screwdriver Set



The bits make up the heart of any screwdriver set, and Wheeler's are the finest available. They're made from S2 tool steel and hardened to 56-58 Rockwell "C".
The hollow-ground bits are gently curved as it reaches the tip instead of being straight to protect the fit and finish of the screw. The hollow-ground shape spread forces equally along the sides of the screw slot resulting in no damage.
The 43 Piece Screwdriver Set features a very comfortable overmolded screwdriver handle to ease all of your work. Never lose a bit with the durable custom box that's ready for the bench or your range kit.
• Hollow-ground Bits • Durable S2 Tool Steel
• Short No-Slip Handle • Most Popular Bits for Gunsmithing
• Convenient storage case
Prof. 43pc Gunsmithing Screwdriver Set..... C23PH954621 .....$36.49

Bench Block

Ever needed three hands to remove or install a pin, detente, or spring? The Universal model has basic notches, grooves, and holes on both sides. It is ideally suited for 1911-style pistols.
Universal Bench Block..... C23PH672215 .....$16.99

Professional Reticle Leveling System

The system is comprised of two machined aluminum level housings calibrated to their integrated levels. The Barrel Clamp Level is attached to the guns barrel while the smaller Reference Level is placed on scope base, bottom half of a ring or other flat surface perpendicular to the vertical axis of the gun. The gun is then rotated until the Reference Level is aligned. The tuning adjustment knob on the Barrel Clamp Level is then turned until its level is centered to match the Reference Level. At this point the Barrel Clamp Level is calibrated to the guns axis. The Scope can be installed loosely and the Reference Level placed on top of the scopes turret cap. The scope is rotated until the Reference Level is aligned with the Barrel Clamp Level and then simply secured in place.
Professional Reticle Leveling System..... C23PH119050 .....$52.99

Armorer's Handgun Sight Tool

• Precision machined unit
• Designed in install, un-install or adjust front and rear dovetail sights
• Fully captures and supports slide so it won't deform
• Works on all semi auto pistols
• Large 4 post drive knob to easily push the sight
• Reference marks for precise adjustments
Armorer's Handgun Sight Tool
C23PH710905 .....$139.99

Scope Ring Alignment & Lapping Kit

Wheeler's scope ring alignment kit will help you properly mount your scope rings, diagnose alignment problems, and indicate when you might need to shim a scope base. It also contains a special lapping bar and abrasive so you can "lap" your rings in for 100% contact between scope rings, which eliminates accuracy-robbing stresses in the mount and also helps prevent marring the scope during installation/removal.
Ring Alignment & Lapping Kit 1" ..... C23PH204061 .....$49.99

Level-Level-Level

The Level-Level-Level works because the scope is leveled to your receiver; not to the top of a scope base. Level your scope as you mount it on your rifle. The magnetic base in the rifle level bridges the bolt raceway, allowing you to position your rifle perfectly level. Then level the scope, tighten the rings, and the job is done. Works with practically any bolt-action rifle, and is adaptable to other designs.
Level-Level-Level ..... C23PH113088 .....$14.99

Anti Cant Indicator

• Indicates precise, repeatable level gun position
• Increases accuracy by insuring proper gun alignment, which is critical for turret adjustment and hold over for bullet drop compensation • Easy-to-view from shooting position
• Attaches to scope, folds in when not in use.
Anti Cant Indicator *(1" inch)*..... C23PH755712 .....$36.99
Anti Cant Indicator *(30mm)*..... C23PH766112 .....$36.99

Deluxe Gunsmithing Screwdriver Set

The 54 hollow-ground flat bits range in size form . 120"x.020" to .360x.070", and includes doubles in the thinnest sizes. Comes with two handles made from comfortable overmolded plastic. the first is a regular size handle that's good for most jobs, and the second is a slimmer, shorter "Close Quarters" handle that is good for finesse work with smaller bits.
The Professional Set contains:
• Hinged storage box • 2 ergonomic handles
• 3' shaft extension • Hex to square drive adapter
• 54 flat bits • 8 Allen Bits • 4 Phillips Bits • 3 Torx Bits
• 15 Specialty Bits and Accessory Tools for Colt, Remington, Smith&Wesson, Mauser, Glock, Garand Ruger and more.
89 piece Deluxe Screwdriver Kit..... C23PH562194 .....$78.99

Space Saver Gunsmithing Screwdriver Set

Included with the standard, Phillips, hex, and torx bits, is a 2" long #2 Phillips bit which is ideal for recoil pad installation, and a hex-to-square conversion bit which allows you to use 1/4" square drive sockets and other attachments. The magnetic handle is perfectly sized for gunsmithing needs, and is also hollow-handled, allowing you to carry a variety of bits should the need arise.
Space Saver Screwdriver Set..... C23PH664507 .....$14.99

Multi-Driver Tool Pens

Have the bits you need, on hand, with the Wheeler Micro Multi-Driver Tool Pen. Its convenient shape fits comfortably in your hand and is equipped to hold 5 of your most used bits. The aluminum constructed handle keeps the bits internally and can be changed quickly, by simply pulling the bit out of the exposed end and pushing it through the top of the handle. This tool also comes with a bit holder to conveniently store up to 12 unused bits.

- *Aluminum construction handle that holds 5 bits internally*
- *Hex Metric (H0.9, H1.3, H1.5, H2)*
- *Slotted (SL1.5, SL2, SL2.5, SL3)*
- *Phillips (PH00, PH0, PH1*
- *Torx and Torx Security (T5, T6, T7, TR8, TR9, TR10)*

Multi-Driver Tool Pen.....C23PH1082256 .....$27.49
Micro Multi-Driver Tool Pen.....C23PH1082257 .....$27.49

Gas Block Taper Pin Removal Tool

Take full control of your custom build with the Wheeler Gas Block Taper Pin Removal Tool. Whether you have a vise, or just a ball pin hammer, the Support Block, paired with the starter and finishing punches, makes removing A2 style gas blocks quick and easy. Built with durable tool steel, this is a must-have for any gunsmithing or tactical rifle owners work bench.

- *Works on A2 front sights • Works on Smith & Wesson single-taper pin gas blocks*
- *Works on dual taper pins • Durable tool steel • Features a finishing punch and a starter punch*

Wheeler Gas Block Taper Pin Removal Tool.....C23PH1079898 .....$32.99

Master Gunsmith Interchangeable Hammer Set

- Includes 2 hammer bodies and 8 hammer faces
- 4 hammer faces with each hammer body: metal, brass, nylon, rubber
- Hammer bodies made of precision machined metal
- Large Hammer (10oz) for driving out large or stubborn roll pins
- Small Hammer (6oz) for precise control of smaller roll pins
- Steel Head – For metal punches and surfaces
- Brass Head – For preventing marring of metal surfaces and for brass punches • Plastic Head – Non marring
- Rubber Head – Low recoil, and can prevent denting of wood
- Comes with Durable Blow Molded case that organizes, holds and protects components

Master Gunsmith Interchangeable Hammer Set .....C23PH110268.....$27.49

Master Roll Pin Punch Set

Wheeler Engineering combined the Roll Pin Starter Set and the Ball Profile Roll Pin Punch Set with a precision machined gunsmithing hammer into one comprehensive kit.

Ball Profile Roll Pin Punch Set

- Machined and hardened from steel to prevent bending or breaking while driving roll pins
- Designed with a ball profile tip to provide proper alignment of the roll pin and prevent damage to the firearm or roll pin
- The 9 piece set includes: 5/16," 1/4," 7/32," 3/16," 5/32," 1/8," 3/32," 5/64," 1/16"
- Keeps punch from walking off pin
- Knurled handles

Roll Pin Starter Set

- Machined and hardened from steel to prevent bending or breaking while starting roll pins
- Designed with a counter-bored tip to properly align and start the roll pin, preventing damage to the firearm
- The 9 piece set includes: 5/16," 1/4," 7/32," 3/16," 5/32," 1/8," 3/32," 5/64," 1/16" • Knurled handles

Master Roll Pin Punch Set.....C23PH110128.....$44.99

Ultra Scope Mounting Kit

The ULTRA Scope Mounting Kit from Wheeler Engineering® puts all the best Wheeler® scope mounting accessories into one perfect package. With this kit you can level your rifle, level your scope, mount your scope to the rifle, and then coarse sight in your scope with precision and accuracy. No more guess work and "that's good enough". The ULTRA Scope Mounting Kit even provides thread locker and a lens pen to keep your scope clean and your optics secure on even the largest caliber guns.

Features:

- *Features the Professional Reticle Leveling System to make sure the scope is level and your crosshairs are perfectly perpendicular*
- *Features the Professional Laser Bore Sighter to align your crosshairs and get you on paper faster*
- *Features the FAT Wrench® to apply precise inch-lb. pressure on all of your screws*
- *Includes 9 bits, 1 socket and a bit holder for all your maintenance needs*
- *Comes with thread locker so your screws won't work their way loose*

Ultra Scope Mounting Kit.....C23PH541010.....$209.99

Professional Gunsmithing File Set

The Wheeler Engineering® Professional Gunsmith File Set is perfect for many different gunsmithing jobs. The set comes with a wide grade of files from a rough rasp all the way down to a super extra fine diamond plate.
Whether your reshaping a wood stock or smoothing out an action, this set is perfect for you.

Set Includes:

- *(1) 8" half round file*
- *(1) 6" triangle file*
- *(1) file cleaning brush*
- *(1) stick of file chalk*
- *(1) small flat coarse grit diamond file*
- *(1) small triangle medium grit diamond file*
- *(1) small round fine grit diamond file*
- *(1) 8" flat file*
- *(1) 6" round file*
- *(1) extra fine diamond plate*
- *(1) small round coarse grit diamond file*
- *(1) small round medium grit diamond file*
- *(1) small triangle fine grit diamond file*
- *(1) 6" square file*
- *(1) 4-n-1 Rasp*
- *(1) small triangle coarse grit diamond file*
- *(1) small flat medium grit diamond file*
- *(1) small flat fine grit diamond file*

Professional Gunsmithing File Set .....C23PH710908.....$53.99

Professional Armorer's Wrench

- Heavy-Duty steel construction
- 6 tools needed for AR builds
- Overmolded handles
- Mil-spec barrel nut wrench • 3/4" muzzle break wrench • 5/8" fixed stock receiver wrench
- 1/2 torque wrench receiver • Heavy-Duty steel construction • Free flat handguard wrench

Wheeler DELTA SERIES

AR-15 Combo Tool & Torque Wrench

An innovative layered and laminated stamped steel construction, allows the use of hardened steel barrel nut pins designed to hold up to heavy torque requirements. A cut out for a 1/2" drive allows the tool to be used with a torque wrench or ratchet driver. Profiles for buffer tube lock nut and flash hider are included. The addition of a bit driver and bit holder with six common bits adds to the versatility

AR-15 Combo Tool ..... C23PH156999 ..... $28.99
AR-15 Combo Tool w/Torque Wrench ..... C23PH156700 ..... $48.99

AR Pivot Pin Install Tool

- For AR-15, M4, or M-16
- Makes pivot spring and detent work fast and effortless
- Roll Pin Punch and starter for all lower receiver roll pins
- Comes with handy key ring for storage
- Black zinc plated steel

AR Pivot Pin Install Tool ..... C23PH156243 ..... $7.49

AR Front Sight Tool

This 4-prong front sight tool is designed to adjust the A2 front sight found on the AR-15, M16, and M4. It is machined from steel and has a black zinc finish to last for years. The key ring serves as a handle and helps keep the small tool accounted for.

- *Install and adjust standard Mil-Spec A2 front sights on AR-15, M16, and M4*
- *Can be used with an 1/4" hex driver*
- *Key ring for storage serves as a handle also*
- *Black zinc plated steel*

AR Front Sight Tool ..... C23PH156437 ..... $6.79

AR-15 Receiver Lapping Tool

- Use with a battery powered or electric drill to square the receiver face on an AR-15
- Helps align the gas tube through the barrel nut holes
- Helps align front and rear A2 style sights
- Flex Driver Shaft • 220 Grit Lapping Compound
- Steel Construction with a Black Oxide Finish

AR Rec. Lapping Tool ..... C23PH156757 ..... $27.49
AR LR/10 Variant Lapping Tool. C23PH1082227 ..... $27.49

AR Upper Rail Vise Block

Vise block is designed to securely hold basically any AR upper receiver. It will secure AR-15 uppers by engaging the takedown lugs on the bottom of the receiver. By reversing the direction it will secure most AR-10 style uppers in the same manner. In addition it will secure any Pic Rail on a hi-rise, standard flat top or many other integrated rail guns by sliding onto and clamping the rail. The durable machined aluminum construction and precise tolerances ensure a secure hold essential for removal and installation of stubborn barrel nuts as well as a variety of other tasks.

- *Multi-function design holds AR-15 and AR-10 uppers*
- *Can secure any Pic-Rail receiver by clamping the rail*
- *Durable extruded and machined aluminum construction*

AR Upper Rail Vise Block..... C23PH156888 ..... $38.99

F.A.T. STIX™

The Wheeler F.A.T. Stix Limiters are preset to specific torque values, allowing the user to easily grab the right tool for the job. Accurate within +/-5%, F.A.T. Stix ensure a loose or stripped screw doesn't ruin your day

- *Preset Torque Limiters Are Quick And Convenient With No Adjustments Required*
- *Accurately Tightens To Desired Specification, Preventing Damage And Stripped Screws*

AR-15 Upper Vice Block Clamp

The Block allows you to safely clamp on to your AR-15 upper receiver in a vise holding it securely without twisting, crushing or marring the finish. This Block is the perfect product for torquing a barrel on, removing a stubborn nut or for simple gun maintenance & cleaning.

- *Durable design holds receiver securely*
- *Fits left and right-hand Mil Spec A2 upper, as well as flat top receivers*
- *Receiver insert with gas tube aligner included*

Vice Block Clamp ..... C23PH156444 ..... $28.49

AR-15 & AR-10 Bore Guides

The AR-15 Bore Guide is precision CNC machined aluminum with a durable anodized finish. It fits securely in any AR-15 upper and can be retained in place by closing the dust cover on the upper which engages a groove in the guide. The bore guide also has chemical resistant O-rings for retention in uppers without dust covers. It works well with .223 and .204, extending inside the chamber to prevent solvent from leaking into the action. A solvent port is conveniently located to the rear of the guide which extends out of the upper making it easily accessible during cleaning. Inner tube diameter .250″ (not intended for 6.8mm jag).

- *Protects chamber & bore from damage*
- *Reduces solvent leakage into gun's action*
- *Integrated solvent port • Fits AR-15's in .223 and .204*
- *Secures in place with dust cover engagement*

AR-15 Bore Guide ..... C23PH156213 ..... $30.99
AR-10 Bore Guide ..... C23PH156777 ..... $35.99

AR-15 Delta Ring Tool

- Makes removing mil-spec AR-15/M16 handguards easy by compressing the Delta Ring with on hand
- 100% Vinyl coating protects the guns finish from damage but is very durable
- Custom formed wire fits securely around Delta Ring
- Welded Steel bracket for durability even with stuck or broken Delta Rings.

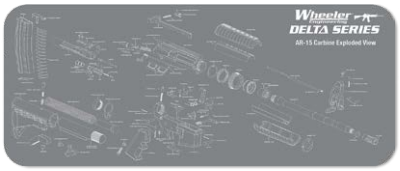
AR-15 Delta Ring Tool..... C23PH209943 ..... $13.99

AR-15 Adjustable Receiver Link

The Adjustable Receiver Link is designed to maintain and secure the opened position of your AR-15 upper and lower assembly. The kit comes with one upper link and two threaded lower links (one short, one long) to provide a total adjustment of approx. 3/4". The upper link utilizes an integral pin to engage the upper receiver and the threaded lower portion utilizes the existing lower takedown hole and pin.

The short lower link provides a minimum opened position of 1.2" pin to pin, enough room to insert a bore guide, and the maximum opening is 1.5" from pin to pin. The longer threaded link will provide a minimum opening of 1.4" and a maximum opening of 1.8" from pin to pin. All three components are constructed of corrosion resistant plated steel. The precise tolerances and durable materials will ensure years or reliable service from this handy device.

AR-15 Adj. Receiver Link ..... C23PH156000 ..... $11.99

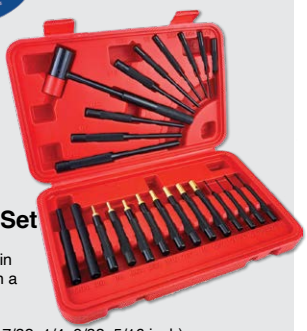


AR Mag Well Vise Block

Designed for use with the Tipton® Best Gun Vise™, this center support slides into the magazine well and provides a steady base for cleaning or light gunsmithing on your AR-15, in either breech or closed position. Users without a Best Gun Vise can mount the Mag Well Vise Block directly to their bench top with the included fasteners.

- *Innovative bolt service station locks bolt in for servicing extractor pin*
- *Built-in hammer stop prevents damage to lower receiver*
- *Center section rotates 180° (in 7° increments) and locks into place at desired location*

AR-15 Mag Well Vise Block..... C23PH156211 ..... $19.49
AR-10 Vise Block..... C23PH146200 ..... $24.99



AR-15 Maintenance Mat

• Screen printed exploded view of an AR-15 for easy part identification • No-mar, padded neoprene surface protects the firearms finish • 20" x 47" • Perfect for cleaning and disassembling firearms • Absorbs oil & solvents
• Helps keep track of small gun parts
• Rolls up easily to fit in your range box

AR-15 Maintenance Mat..... C23PH156824 ..... $24.99

Gunmaster®

24pc. Punch Set

- Universal 24 piece combination drive pin and roll punch set in a custom blow mold
- 6 brass tip drive pin punches (1/8, 9/64, 7/32, 1/4, 9/32, 5/16 inch)
- 4 steel tip drive tip punches (2x1/16 and 2x3/32 inch)
- 2 nylon drive punches (15/64, 3/8 inch)
- 9 steel roll pin punches (5/16, 1/4, 7/32, 3/16, 5/32, 1/8, 3/32, 5/64, 1/16 inch)
- Reversible hammer with nylon and steel heads

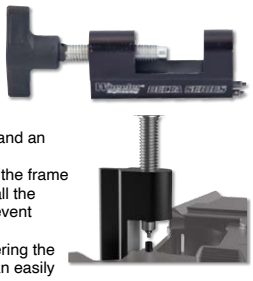
AR Armorer's Vise

The integrated Mag Well insert securely engages the lower receiver and adjusts in angle to accommodate any task. The innovative front support also has angle adjustment allowing the barrel portion of the upper or a forend portion to be secured in its tapered shape. The base is constructed of rigid steel and non-slip rubber feet. Feet can be removed for permanent bench-top mounting. Depressions formed into the base keep spare parts or tools contained. Additional features in the mag well insert include a hammer stop and a bolt service station that secures the bolt face for disassembly/assembly.

- *Highly adjustable to secure any AR in any configuration*
- *Rigid construction deliver a solid work platform*
- *Ideal for cleaning, maintenance, and gunsmithing*

AR Armorer's Vice.....C23PH156224 ..... $57.99

AR Armorer's Bench Block



Tired of trying to secure your AR parts while installing a pin, detent, or spring? The AR-15 Bench Block is the answer! Specifically designed for AR-15 assembly and disassembly, the AR-15 Bench Block is the perfect tool. Made of extremely durable, non-marring urethane to protect the finish of your firearms and last for years. It features a variety of notches, grooves, and holes on both sides and is ideally suited for the upper receiver, lower receiver, front sight and charging handle of an AR-15.

- *Positions the upper receiver, lower receiver, front sight, and charging handle for maintenance or assembly*
- *Durable non-marring urethane material to protect gun finish*
- *Designed to assist in all aspects of an AR-15 build*
- *Ideal for changing or adjusting triggers*
- *For assembling a complete lower receiver.*
- *Holds receiver to install pins*
- *Install or replace Charging Handle Latch*
- *The block will hold the Forward Assist with spring compressed to aid in installing the roll pin for upper receivers*
- *Assemble or disassemble a Front Sight Base with taper pins, or install or remove a Gas Tube Roll Pin.*

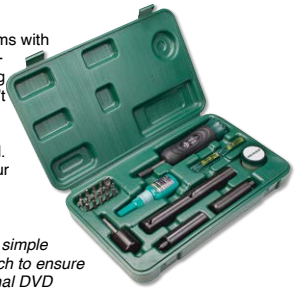
Torque Wrench



Get just the right amount of torque on your rings and bases with Weaver's new Gunsmith Torque Wrench. Every mounting system operates best at predetermined manufacturer's specs and with the Weaver® Gunsmith Torque Wrench you can dial in that constant screw pressure quickly and easily. Don't damage your scope by over tightening rings and bases. Use the Weaver Gunsmith Torque Wrench and protect your optic investment.

• Helps mount scopes and bases with consistent screw pressure to manufacturer's specs • Includes a variety of bits for different fasteners • Helps protect riflescope tubes from over tightening • Magnetized tip secures bits • Rugged storage case

Torque Wrench ..... C23WE849728 ..... $67.99

Deluxe Scope Mounting Kit

Now you can easily interchange optics on your firearms with professional-grade tools. This comprehensive kit contains all the components for precision scope mounting and maintenance. A torque wrench ensures you won't over-tighten your optics, while Weaver SureThread adhesive helps prevent the loosening of mounting screws from shock and vibrations generated by recoil. Quality components provide tooling options for all your mounting tasks.

• Includes 1-inch lapping tools and compound to fit most mounting rings
• Blow-molded compartments for secure storage and simple organization • Modular level system and torque wrench to ensure proper installation and accuracy • Includes instructional DVD

Deluxe Scope Mounting Kit ..... C23WE849721 ..... $117.99

Compact Tool Kit

This kit is designed to address the most common firearm maintenance tasks. It includes a magnetic-tipped hex bit driver and a variety of tool bits to service different fasteners. Lengthening attachments make many hard-to-reach adjustments possible. All these crucial components are contained in a rugged, latched case for easy storage and transport.

• 36-piece set for many common gunsmithing jobs
• Durable hard-plastic case for easy storage and transportation when traveling
• Blow-molded accessory compartments keep all components secure and organized

Compact Tool Kit ..... C23WE849717 ..... $22.49

Multi-Bit Kit

This set features professional-grade tools for at-home gun maintenance work. This upgraded kit offers enhanced versatility by adding a large assortment of flat bits to fit a wider variety of screw heads. Advanced tooling of most firearms is made possible by the diverse adjustment options offered inside the hard-plastic, latched case.

• 77-piece set ideal for most at-home gunsmithing efforts
• Durable plastic case features blow-molded compartments to effective organize components
• Driver features soft, ergonomic handle grip for easy adjustments

Multi-Bit Kit ..... C23WE849718 ..... $54.99

Deluxe Tool Kit

The Deluxe Tool Kit enables you to turn your workbench into a professional Gunsmithing station. Whether mounting an accessory, punching out pins to replace a trigger, or separating a stock from a receiver; the Deluxe Kit offers the exact tools for the tasks at hand. The complete set gathers together all the essentials, plus an impressive array of bits and punches. As well as a driver, hammer and much more.

• 88-piece kit features a comprehensive assortment of professional-grade components
• Includes high-quality steel punch set with multiple sizes to fit a variety of pins
• Hammer features brass and plastic faces for precision adjustments

Deluxe Tool Kit ..... C23WE849719 ..... $79.99

Hammer & Punch Set

Trick out your gunsmithing bench with professional tools from Weaver®. The Gunsmith Hammer & Punch Set includes (8) steel punches to fit just about any pin and a hammer with brass and plastic faces. For fast, easy, gentle disassembly and reassembly of firearms, work like a pro with Weaver's Gunsmith Hammer & Punch Set.

• High quality steel punch set with brass punch for drifting sights
• Multiple sizes fit a variety of pins
• Assists the gunsmith in disassembly and assembly of firearms

Hammer & Punch Set ..... C23WE849723 ..... $38.99

Modular Level System

When mounting optics, precision is the name of the game and there's one piece of gear that's critical to success, the Weaver® Modular Level system. This system is a simple, yet effective way to guarantee a scope's crosshairs are level to the receiver. This ensures accuracy and helps shooters maximize their optics investment.

• Simple to use and extremely reliable • High strength magnets for secure grip
• For use when mounting scopes on most types of firearms
• Indicates if scope crosshairs are level to receiver for optimum accuracy

Modular Level System ..... C23WE849724 ..... $21.49

SureThread™

Keep your optics locked down tight with the additional hold of Weaver's SureThread™. When mounting optics, this thread adhesive helps prevent the loosening of mounting screws caused by the shock and vibrations generated from recoil. Take the time to mount your scope properly and then take the time to ensure it stays that way. Use Weaver® SureThread.

SureThread ..... C23WE849272 ..... $13.99

Bonanza Gunsmith's Screwdrivers

Eight of the most popular sizes of Bonanza Screwdrivers, complete with compartment roll. Set includes screwdrivers number 1, 2, 3, 4, 5, 14, 15 & 16. Designed & engineered with the gunsmith in mind. Handy for home or away. A perfect gift for any sportsman!

Screwdriver Set ..... C23FP001201 ..... $64.99

Bonanza Filling Kit

Gold filling kit for engraved guns. Easy to apply. May also be used to fill in the lettering on barrels and receivers of handguns and rifles makes the name or trademark on your favorite gun really stand out. You will be pleased with the results!

Kit contains: • Cleaner solvent
• Liquid base sealer • Gold powder (gold is actually a fine bronze powder)
• Cloth application patches • Complete instructions

Gold Filling ..... C23FPOO1001 ..... $18.99

High Pressure Case Sizing Lubricant

It requires tremendous force to drive an unlubricated case into a full length resizing or forming die. But, the wrong lubricant can ruin cases or break shell holders. Forster High Pressure Case Sizing high-quality lubricant makes resizing easy and it saves your equipment. Their high-pressure, oil-based lubricant adheres to the case when it's forced into the die, and you can barely feel the cases enter and exit the die.

Case Sizing Lubricant ..... C23FP011071 ..... $9.29

Torque Wrench

Tighten to the specified torque and not a smidgen more! Adjustable in 1 in/lb increments, this tool is easy to read, simple to set, and offers fast, accurate tension whenever and wherever you need it.

• 5 Hex Bits (9/64", 3/16", 2mm, 2.5mm, 3mm)

Brass Punch Set ..... C23JYGRBRP8 ..... $47.99

7-Piece Steel Roll Spring Punch Set

The 7 Pc Roll Spring Punch Set is manufactured from the highest quality High Carbon Molbendenum Tool Steel and properly heat treated to ensure long life of the punch. Each punch is hardened the entire length with tempered striking end and are certerless ground for complete accuracy. We have incorporated a reverse taper from tip of punch to help prevent punch from sticking in the work piece. Punches are manufactured from hex stock vs. round which helps stabilize punch from rolling away from user.

- The Set Comes In A Vinyl Pouch.
- *Includes Sizes: 1/16", 5/64", 3/32", 1/8" 5/32", 3/16", 7/32*

7-piece Steel Roll Spring Punch Set ..... C23JYGRRS7 ..... $47.99

Original Gun Care Screwdriver Set

Each GRACE USA Gun Care Screwdriver is custom hollow ground to fit scope screws, plug screws, guard screws, floor plate, sight screws, and many other gun screws. The square shanked blades are hardened to R/C 52-56 and are warranted under our Forever Guarantee not to twist or chip. The screwdriver handle is another important component to this tool. It is turned in Maine to our exact qualifications from Maine hardwood and protected with a nicely stained finish. A quality wooden handle is key to a good grip with hands becoming slippery from oil when working with firearms and these Grace USA screwdrivers provide that great wood handle feel that only gets better with time. 100% Made in the USA

Original Gun Care Screwdriver Set ..... C23JYGRHG8 ..... $56.99

5-Piece Roll Spring Pin Holder Set

- Holds roll spring/pins so alignment is easily obtained.
- 3.5mm punch used for Sig and other Breech Block Pins.
- 1/16" Punch is notched to clear M1/AR-15 rear sights.
- Hex body to prevent holders from rolling off your work bench.
- *1/16" (Notched) Center Hole, 4" Overall Length*
- *5/64" Center Hole, 4-1/4" Overall Length*

Lyman®
Brands that Perform

45 pc. & 65 pc. Master Gunsmith Tool Kits

The sets also include a ratchet wrench so the maximum torque can be applied to those tough-to-remove screws. The bits for slotted screws are hollow ground, so they properly fit screw slots and prevent cam-out which creates ugly, damaged screw slots. The sets are packed in compact, convenient storage cases.

45 Piece Set Contains:
(12) hollow ground bits for slotted screws,
(15) hex bits in inch and meter sizes,
(6) Phillips bits, including two long bits
(3) 6-lobe bits, (6) specialty bits, (1) extension,
(1) ratchet wrench, (1) handle

65 Piece Set Contains:
(32) hollow ground bits for slotted screws
(17) hex bits in standard and metric sizes,
(6) Phillips bits, including two long bits, (4) 6-lobe bits
(6) specialty bits, (1) extension, (1) ratchet wrench
(1) handle

45pc. Tool Kit ..... C23LY7991360 ..... $40.49
65pc. Tool Kit ..... C23LY7991361 ..... $53.99

AccuSight Pistol Sight Tool

The AccuSight tool is CNC machined from billet aluminum. It can adjust, install or remove front or rear dovetail pistol sights, and has a machined pocket for 1911 slides.

The AccuSight features 4 horizontal and 1 vertical slide clamps, full range height adjustment, and 1/32" increment windage adjustment scale on the sight pusher.
The large sight pusher handle provides plenty of torque to move even the most stubborn sights.

- *Adjusts, install or remove dovetail pistol sights*
- *CNC machined aluminum body*
- *4 horizontal and 1 vertical slide clamps*
- *1/32" increment adjustment scale*
- *Large sight pusher handle allows moving stubborn sights*
- *Works with most pistols with front or rear dovetailed sights*

Accusight ..... C23LY7031287 ..... $124.99

Torque Wrench

The Lyman Torque Wrench is a must for accuracy minded shooters and gunsmiths. The Lyman Torque Wrench will allow you to safely and correctly attach scope bases, scope rings, action screws and other fasteners to firearms. Correct screw torque prevents damage to screw threads, screw heads, threaded surfaces and optics. Consistent screw torque will also help get the best accuracy from your firearm.

ProMag®
High Capacity Magazines

The magazine bodies are comprised of the finest polymers and high-carbon heat-treated steel, while the springs are precision wound using heat-treated music wire. The bases and followers are also molded from durable polymers. Every magazine comes with a lifetime warranty.

TROY

30-Round .223/5.56 BattleMag®

The Troy BattleMag® is the best polymer magazine in the world– hands down. The BattleMag is engineered to function flawlessly with all M4, M16/AR15, HK416® and FN SCAR® rifles and carbines. An aggressive scale pattern provides the ultimate magazine grip in dirty or wet conditions. A bolstered floor plate is set flush to eliminate the BattleMag from catching on other magazines or creating unnecessary bulk when stacked or pulled from a pouch. The reinforced feed lips and anti-tilt follower do not require a clamp to keep the feed lips from spreading when kept loaded for extended periods of time. Made from improved Troy proprietary military-grade, chemical, biological and impact resistant polymer and extensively tested by Special Ops units, the Troy BattleMag outperforms all other polymer magazines in functionality and reliability. Includes a flush and shock absorbing extended floor plate lock

30-Round .223/5.56 BattleMag® *(Black)* ..... C23OV011614 ..... $11.99

.223 Rem/5.56 NATO DSSF Magazine

Existing rifles with M-24 type 308 bottom metals can be retrofitted to smaller calibers by simply changing the barrel/action to the selected caliber on the same stock. This magazine will not work with Savage .223 rifles due to the shortened bolt stroke.

Caliber	Capacity	Action	Finish	OA Length	Item No.	Price

CMMG

MKW-15 10-round Magazine – .458 SOCOM

The CMMG-modified Lancer L5-AWM takes this top of the line magazine and perfects it for the wide range of 458 SOCOM on the market, by modifying the way the feed lips hold the 458 SOCOM without machining or weakening the steel feed lips.
Laser Engraved 458 SOCOM. 10 round capacity.
NOTE: This magazine is a modified 30rd 5.56 magazine and as such can still hold 30rds of 5.56 ammo. The magazine has been modified to function properly with 10rds of .458 SOCOM, but will physically hold 11rds if forced.
Due to the many state restrictions on magazine capacity we will not ship these magazines to individuals in the following restricted states:
MKW-15 10-round Magazine *(.458 SOCOM)*..... C23CA48AFC44 .....$29.49

German Sport Rotary 22LR Magazine 110 round drum for Ruger 10/22

This mag features a Polymer drum, but the top that inserts into the rifle is of all metal construction with metal lips to prevent chipped or broken lips that you can encounter with other mags. These 10/22 drum features a capacity of a whopping 110 rounds. Functions reliably with all types of .22 Long Rifle ammunition, and is perfect for shooters who would rather be plinking than reloading.

German Sport Rotary 22LR Drum - 10/22	C23AKGERMR110TE	$69.99
German Sport Rotary 22LR Drum - GSG-16	C23AKGERMR110GSG16	$69.99

Gun Parts

WILSON COMBAT

Wilson Combat® Magazines

Wilson Combat series 47 advanced Pistol Magazines for 1911 style Autos are the choice of experienced competitors and the U.S. Military Elite Special Forces. Stainless steel magazines are designed with maximum durability and reliability in mind. The self-lubricating followers are made from blended Fiber-Fill nylon as is the removable base pad. The standard base pads are .350" thick. Springs are specially fabricated from a heavy duty, high tensile strength spring wire to reduce "spring set" and provide the longest possible spring life.

Model	Caliber	Capacity	Item No.	Price
1911 Full-Size	10mm	9-Round	C23WC47NX	$40.95
1911 Full-Size	.40 S&W	9-Round	C23WC47FX	$41.95

Elite Tactical	9mm	10-Round	C23WC5009	$42.95

EDC X9 Handgun Magazine

Tempered steel tube treated with a black, anti-friction coating ensures drop-free operation and smooth feeding in extreme duty environments. Enhanced spring and anti-tilt, self-lubricating nylon follower feeds every type of bullet profile flawlessly. Witness holes in the rear side on both models provide visual round count.

Model	Caliber	Capacity	Item No.	Price
EDC X9	9mm	10-Round	C23WC862	$44.95
EDC X9	9mm	15-Round	C23WC849	$44.95
EDC X9	9mm	18-Round	C23WC959	$46.95

Glue-On Base Pad

A Glue-On Base Pad increases your stock magazines length by .360 inches to provide positive seating without getting too long for practical use.

Glue-On Base Pad ..... C23WC05 ..... $4.95

KAHR ARMS

Stainless Steel Kahr® Magazines

The Kahr magazine tube is constructed of corrosive resistant 400 series Stainless Steel and heat treated to 50 Rockwell for durability. Plasma-welding the stamping to form the magazine tube gives a smooth interior surface for the "ammunition stack" to rise and feed, and creates an "unbreakable" seam. Furthermore, tumbling the magazine in the finishing process provides a smooth, consistent burr-free surface. There are no sharp edges on which to cut yourself.

Another feature, unique to Kahr magazines, is the steel slide stop pin contact insert in the magazine follower. This innovative insert assures that the follower will reliably engage the slide stop lever and lock the slide, magazine after magazine. With this feature, you do not have to be concerned with the inevitable wear that accompanies most plastic followers.

Kahr quality, unmatched at any price.

Ruger® One-Shot Sled

The Ruger One-Shot is a direct magazine replacement for Ruger American rifles in short-action calibers, including many calibers used for hunting (350 Legend, 450 Bushmaster, 300 Blackout, .308 Winchester, 6.5 Creedmoor, etc.). The sled ships with a magazine well to adapt rifles configured from the factory to accept AR-, AI-, or Mini Thirty®-pattern magazines.

ETS Glock® Magazines

- Compatible with Glock and aftermarket floorplates
- Easy disassembly with our specially designed baseplate
- Ergonomically designed floorplate makes it easy to grab from mag pouches
- Extreme Impact Resistance—won't crack or break when dropped
- Very resistant to harsh chemicals
- Superior heat, cold and UV resistance won't become brittle over time even when exposed to harsh environments or extreme cold
- Translucent body—allowing you to see your ammo count and type
- Creep resistant—the feed lips and body won't spread when being stored long term even when fully loaded

Caliber	Capacity	Fits Glock Models	Item No.	Price

Carlson's Choke Tubes, LLC

The Shooter's Choice

Magazine Extension Assembly

Add firepower to your favorite shotgun. These magazine extensions are constructed of blued solid steel and come with spring, base clamp, and a high visibility follower. The threaded tube replaces you magazine cap and gives you the ability to add extra rounds to you magazine. Easy to follow instructions are included. The magazine extension tube is great for home protection, competition shooting, and law enforcement.

- *Magazine round count is for total capacity using 2 3/4" shells and 1 in the chamber*
- *Remington extensions require removal of tabs in magazine on newer model shotguns*
- *All extensions are 12 gauge only*

Remington 870, 1100 *(8-Shot)*	C23XF04500	$68.99
Benelli M1, M2, Super Black Eagle & SBE II *(8-Shot)*	C23XF04501	$68.99
Remington 870/1100 *(10-Shot)*	C23XF04504	$71.49

WARNE

Warne® Handgun Magazine Extensions are available in both increased capacity models, and zero capacity models for 10 round capacity limits. These extensions feature an ergonomic shape that allows for better insertion, and finger grooves, allowing the magazine to be stripped from the handgun if needed.

Magazine Extension

• Black • Comes with new spring

Glock 17/22 +5/9mm, +4/.40	C23WJ3111	$31.99
Glock 19/23 +5/9mm, +4/.40	C23WJ3126	$31.99
Glock 42 +2	C23WJ3131	$31.99
Glock 43 +2	C23WJ3132	$31.99
Glock 43X, 48 +2	C23WJ3133	$31.99
Sig P320+5/9mm	C23WJ3211	$31.99

P-MAG Magazine Extension

Warne® Rifle Magazine Extensions are available in +5 capacity models for P-Mag 30 round Magazines. These extensions feature an ergonomic shape that allows for better insertion, and finger grooves, allowing the magazine to be stripped from the handgun if needed.

Power Mags
8rd & 10rd .45 ACP Mags for 1911's
Unmatched in Features for reliability and Service Life.

Power Mags are lean and sleek, yet they are extra-heavy-duty with increased reliability and service life. A unique all-steel follower design yields the lowest possible bearing surface for long-lasting function in dirty environments when ongoing cleaning and maintenance may not be possible. The unique follower design also functions as a spring, which allows the high tensile rocket wire spring coils to be the largest (side to side, front to back, and top to bottom) of any extra capacity .45 caliber 1911 magazine.

• Caliber: .45 ACP • Finish: STS

Model	Capacity	Item No.	Price
Full-Size	8-Round	C23CF14131	$35.99

Power Mags Plus
8rd & 10rd .45 ACP Mags for 1911's
Unmatched in Features for reliability and Service Life.

Alloy Frame Safe! The POWER MAG PLUS offers all the quality, reliability, service life and customer satisfaction of the CMC POWER MAG 1911 Series magazines.

The unique POWER+ follower accomplishes the same tasks as the POWER MAG follower but in a different way. The POWER+ follower remains within the confines of the magazine tube, avoiding contact with alloy frame material if the slide is released forward with an empty magazine still in place. Since the POWER+ follower cannot come in contact with the frame, POWER MAG+ magazines are recommended for those owners of 1911 pistols with aluminum alloy receivers. Available in our standard length 8 round and extra capacity 10 round models. The long history of CMC Products magazines have proven no other brand has the combination of quality, reliability, service life and customer satisfaction of CMC's Power™ series magazines. With the introduction of the POWER MAG+, you now have the reliability of a steel follower in the world's best magazine for your lightweight aluminum alloy frame Government, Commander and other full-size, standard grip-length 1911-style pistols.

Range Pro Full-Size
1911 Handgun Magazine

The Chip McCormick RANGE PRO 1911 magazine from CMC Products is a combination of some of CMC's best new magazine technology and all new basepad design that makes the RANGE PRO a top choice for carry, competition or general range use at a price that can't be beaten. The extended tube design allows the use of a longer high-performance spring and improved spring life over traditional extra capacity 1911 magazines.

Match Grade
M1911 Government Magazines
8-Round .45 ACP

With 30 years of customer satisfaction, this patented design has proven reliability and 50% tighter tolerances than military specification magazines. Same length as stock magazines with extra capacity and improved performance. This is the same design CMC supplies to America's top 1911 manufactures for use as factory standard in their pistols. Available in silver stainless steel or carbon blued materials. Since 1992, our new line of 8 rd. .45 ACP magazines have never suffered from the common problem of cracked feed lips.

ASAP™ Universal Magazine Loader

We've got three ways to load MSR magazines – and none involve your thumbs.

The Butler Creek® ASAP™ Universal Magazine Loader fills up mags almost as fast as they can be emptied. Loose ammo can be loaded one round at a time with a simple click, or engage the loading arm to expedite the process. The loading arm can handle up to 10 rounds of loose ammo, or ammo in a stripper clip, and the rounds are locked into the mag with a quick push. Spend more time shooting, and less time reloading

F.A.B. QL-9

Single Magazine Pouch & Integrated Quick Loader

QL-9 is a compact combination of a single magazine pouch with a quick loader, the perfect solution for the sport shooter on the go.

- *Slim & compact design, optimized for a quick draw action*
- *Integrated quick loader*
- *Adjustable magazine retention*
- *Manufactured from lightweight fiberglass reinforced polymer composite*
- *Fits both polymer & steel, 9mm / .40 S&W double stack magazines*

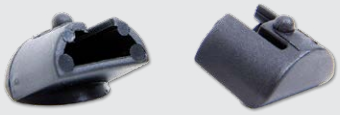
Single Pouch & Quick Loader..... C23NAscq19b $27.99

pro mag

Magazine Loaders

Pistol Magazine Loader for 9mm & .40S&W double-stack magazines with top dimensions of 1-3/8" x 7/8" and smaller. Constructed of high-carbon steel, with a "blued" finish.
9MM/.40 S&W Pistol Magazine Loader *Blued Steel*
C23ZMLDR01 ..... $5.99

Pistol Magazine Loader for 9mm & .40S&W double-stack magazines with top dimensions of 1-5/16" x 1" and smaller. Constructed of an injection-molded, glass-filled, black-polymer.
Glock Magazine Loader (9mm/.40 S&W) *Black Polymer*
C23ZMLDR04 ..... $5.99



The magazine loader was originally designed to load the (100) Round .223 / 5.56 BETA magazine. The loader is slipped over any AR-15 / M16 .223 / 5.56 type magazine. Five cartridges are dropped in and loaded by depressing the plunger. The process is repeated until the magazine is loaded. Manufactured from a black, injection-molded, glass-filled polymer.
AR-15/M-16 5rd. USG1 Magazine Loader
Black Polymer..... C23ZMPM017 ..... $10.49

Glock® 9mm+2 & .40 S&W+1 Floorplates

These floor plates add two additional rounds to factory Glock* magazines in 9mm, and one additional round in magazines in .40S&W. The floor plates provide an additional gripping surface for more positive control of the pistol. No permanent modification required. Constructed black, injected-molded polymer. The PM050 can convert a total of two (2) magazines.
Glock® 9mm+2 & .40 S&W+1 Floorplates (2)
C23ZMPM050 ..... $8.49

Glock® Grip Plug

This grip plug fills the void in the Glock* pistol grip. The plug prevents debris from becoming lodged in the void. An injection-molded, black-polymer component, the plug is easily installed and removed. No permanent modifications required. Will not fit gen 4 pistols. Fit may vary.

- *Fits Glock® Models: 17, 19, 22, 23*

Glock® 17/19/22/23 Grip Plug
C23ZMPM065 ..... $6.79

pro mag

Glock® Magazine Spacers

This grip spacer allows the use of Glock* 19/23 or 17/22 magazines in Glock* 26/27 pistols. The spacer takes up the space between the bottom of the frame and the floor plate of the longer magazines. The spacer is held in place by a single Allen-head cap-screw. The spacer is textured to match the Glock pistol frame. The spacer is constructed from injection-molded polymer.
Glock® Magazine Spacer *(19/23 Magazines in 26/27)*
C23ZMPM089 ..... $8.49
Glock® Magazine Spacer *(17/22 Magazines in 26/27)*

Pachmayr®

Aluminum Competition Speedloaders

Pachmayr's Speedloaders are precision CNC machined from solid aluminum. The Speedloader bodies are cut in a polygon shape which produces the smallest possible outside dimensions and allows them to easily fit compact revolvers. The Speedloaders are also equipped with a rattle eliminating o-ring which contacts the cartridge bases and firmly holds the rounds in place.

- Width of Butt, max: 1.5 in. • Width of Stock, max: 1.788 in. • QD sling mounting capability

PC Backpacker Stock ..... C23ZZMAG1076BLK $142.45

DANIEL DEFENSE®

Collapsible Buttstock

The Daniel Defense adjustable buttstock is constructed of a proprietary blend of glass infused polymers and finished off with soft touch rubber overmolding in strategic points. The new buttstock is precision formed for mil-spec receiver extensions to have very little forward or lateral play that is so common in many other buttstocks. This eliminates the need for a tensioning device or friction lock. All of this results in a durable buttstock that will give the shooter a comfortable and repeatable cheek weld and unprecedented control of the firearm. The buttstock can be run with one of two included buttpads or without any buttpad at all to custom fit the rifle to whatever gear the operator must wear. The buttpads come in two sizes: a thicker convex shape (0.8"), and a thinner concave shape (0.5"); designed to keep from snagging when shouldering the rifle. Limited rotation QD swivel attachment points are integrated on both sides of the buttstock for ambidextrous sling connection.

- *7 Inches Long • 5.5 Inches Tall • 1.75 Inches Thick • Weight: 0.50 lb*
- *For Mil-Spec receiver extension tubes*

Collapsible Buttstock *(Black)* ..... C23ED2109104179006 ..... $80.00

HOGUE

OverMolded® Collapsible Buttstock

The Hogue OverMolded® collapsible buttstock features reinforced polymer construction with a rubber cheek piece and a rubber/polymer hybrid butt pad that provides snag free shouldering. This unique design creates a snug anti-rattle friction fit that prevents unwanted movement along the buffer tube. The buttstock provides multiple swivel sleeve and sling mounting locations.

DESIGNED, ENGINEERED, AND MANUFACTURED IN THE USA

H-S PRECISION®

Pro-Series Sporter Stocks

Our Remington Pro-Series stocks are built one at a time from the highest quality raw material. We start by CNC machining the aluminum bedding block. Every stock we produce will have an aluminum bedding block that is machined specifically to the dimensions of the barreled action it will be used with. The aluminum bedding block is then placed into a mold. Both sides of the mold are hand laminated with kevlar, fiberglass, and carbon fiber.

Detachable Magazine Conversion Kit

It's now easier than ever to convert your Remington 700 BDL hinged floor plate over to a detachable magazine box feeding system. HS Precision's stainless steel conversion kits include a new Pro Series Floor metal and magazine box. The external dimension of the replacement floor metal is identical to those of the factory hinged floor plate, making these kits a direct drop in replacement with minor to no inletting required. Depending on caliber, this low capacity magazine conversion kit will hold 3-4 rounds.

700 BDL Short Action - Low Cap Conversion Kit	C23HYAP305	$369.00

HOGUE

OverMolded™ Rifle Stocks

Hogue's revolutionary O.M.™ Series stocks are made similar to the popular rubber grips. Constructed by molding a super strong, rigid fiberglass reinforced stock that precisely fits the rifle action. Then the stock is OverMolded with the same rubber as on Hogue grips that results in a comfortable, non slip, super smooth attractive finish. These stocks feature a sleek straight comb, palm swells and a "varminter" style forend which is treated with a unique "Cobblestone" texture. All centerfire rifle stocks are equipped with a recoil pad. All centerfire bolt action models come standard with aluminum pillar bedding in the stock.

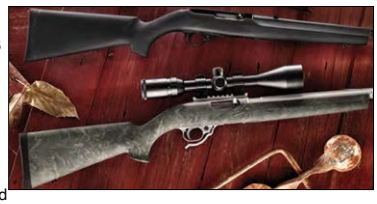
Ruger® 10/22 Takedown Rifle Stocks

- Weight 1.88 Lb • Drop at comb from center line 3/4", drop at heel is 1-1/4"
- LOP 13-3/4" • Butt pad has hard plastic heel to aid in shouldering
- Stock channel measures .909" at receiver and .682" at tip of forend

Rifle	Barrel	Finish	Item No.	Price
10/22 Takedown	Standard	Ghillie Green	C23HA21840	$101.96

Ruger Mini 14/30



The length-of-pull has been extended to 13 5/8" for improved feel and sight picture and the fuller fore-end shape was designed for a more secure and comfortable hold. A gentle 1/2" drop at the heel facilitates fast easy mounting and sight acquisition. Lastly, the butt is fitted with a moderately soft recoil pad perfectly suited for the recoil of .223 or 7.62x39 cal. ammunition. Of course, the standard Ruger barreled action will easily drop-in for secure, tight fit.

Stock Ruger Mini-14 (Post 180 Serial #) Black ..... C23HA78000 ..... $76.46
Stock Ruger Mini-14 (Post 180 serial #) Ghillie Green ..... C23HA78800 ..... $84.96

MISSION FIRST TACTICAL

BATTLELINK™ Utility Stock

The Battlelink Utility Stock is the evolution of battlefield technology. Manufactured using a specially developed reinforced, super tough polyamide from DuPont's Military Plastic Division, and with advances in materials, this allows for an unsurpassed weight-to-strength ratio and results in a stock that is lighter and stronger than anything similar currently on the market. This stock adapts and changes to your environment or operational needs, from storing additional items to utilizing custom accessory mounts and is able to accept any type of sling configuration. There are three sling slot options and two quick detach mounts, forward and rear, and the cage offers multiple hand hold options. MFT's accessories can easily be mounted Utilizing the sling slots and accessory rails, this includes Garmin 401 Mounts or a adjustable cheek piece.

- *Slide-on replacement for original collapsible butt stock.*
- *Angled non-slip buttpad allows faster presentation, even with body armor.*
- *Pivoting rear accessed large and watertight storage compartment*
- *Customizable foam storage block with quick access tab diminishes rattle*
- *Quick Detach Sling mounting points (2) are positioned for optimum usage*
- *Upper section provides enhanced cheek weld • Patent Pending • Made in the USA*
- *Kit include: Mil-Spec Carbine buffer tube, spring, buffer, lock ring, latch plate & stock*

AMERICAN TACTICAL

GSG Retractable Stock w/Extra Mag Holder

The German Sport Guns retractable stock is a tactical stock that has a new feature to store an extra magazine (10 round or 22 round, loaded or unloaded). This new feature makes mag swaps more efficient for tactical training as well as making the avid plinkers day a little more enjoyable. The GSG retractable stock is also compatible with older GSG models.

GSG Retractable Stock w/Extra Mag Holder ..... C23AKGER4020108 ..... $39.99

RUGER

Ruger® American Stock Module - Low Comb/Standard Pull

1.26" Comb, 13.75" Length of Pull. This comb is intended for use with standard iron sights. The low comb height allows for the ideal placement of the shooter's cheek, in line with the sights. It has the standard length of pull buttstock, ideal for shooters that prefer a longer length of pull. Fits any Ruger® rifle with the Modular Stock System.

Stock Module - Low Comb/Standard Pull ..... C23UR90431 ..... $16.49

Ruger® American Stock Module - High Comb/Standard Pull

1.84" Comb, 13.75" Length of Pull. This comb is intended for use with aftermarket scopes or mounted sights. The high comb height raises the shooter's cheek placement, putting the eyes in line with the mounted optics. It has the standard length of pull buttstock, ideal for shooters that prefer a longer length of pull. Fits any Ruger® rifle with the Modular Stock System.

Stock Module - High Comb/Standard Pull ..... C23UR90432 ..... $16.49

Ruger® American Stock Module - Low Comb/Compact Pull

1.26" Comb, 12.50" Length of Pull. This comb is intended for use with standard iron sights. The low comb height allows for the ideal placement of the shooter's cheek, in line with the sights. It has the shorter length of pull buttstock, ideal for shooters that prefer a shorter length of pull. Fits any Ruger® rifle with the Modular Stock System.

Stock Module - Low Comb/Compact Pull ..... C23UR90433 ..... $16.49

Ruger® American Stock Module - High Comb/Compact Pull

1.84" Comb, 12.50" Length of Pull. This comb is intended for use with aftermarket scopes or mounted sights. The high comb height raises the shooter's cheek placement, putting the eyes in line with the mounted optics. It has the shorter length of pull buttstock, ideal for shooters that prefer a shorter length of pull. Fits any Ruger® rifle with the Modular Stock System.

Stock Module - High Comb/Compact Pull ..... C23UR90434 ..... $16.49

CAA

GEN 2 Extended Stabilizer

Constructed of high-impact polymer and TPE rubber that is lighter and more durable than conventional rubber. MCK Gen 2 can fire in the folded and locked position. Compatible with Gen 1 & Gen 2 MCKs and is intended to be secured to your arm with the Velcro strap. Exclusively licensed to CAA USA by SB Tactical, patent owner, the MCK is the only handgun conversion kit authorized to use this brace. Non NFA item.

HOGUE

Monogrip Features

This single-piece grip slides on revolver frames from the bottom, requiring no modification to the firearm. A patented steel "stirrup" device clips over the existing stock pin or bottom strap of the frame. The stirrup is the key component in the system that adapts the grip to the gun handle. Monogrip allows a high handhold on the backstrap which lowers the bore line, reducing muzzle rise in recoil and aiding rapid-fire recovery time, especially when using a two-hand hold. Palm swells are ambidextrous, allowing equal comfort and control for either right- or left-handed shooters.

"Bantam" Rubber Grips For Revolvers

HA61007 HA62000

This is the ultra light weight and compact Bantam™ grip for Smith & Wesson J-Frame Round Butt revolvers. Weighing in at only1.4 ounces, the Over Molded Bantam grip is the lightest grip made for the J-frame. The patented Bantam design is new and totally unique: it simply snaps onto the gun, requiring no screws, stirrups or metal parts. The finger grooves, Cobblestone™ finish, and design improves controllability and reduces felt recoil in these extremely popular handguns. Bantam grips are currently designed for Smith & Wesson K&L, and J Round Butt revolvers.

Semi-Automatic Features

While some guns lend themselves to a grip with finger grooves, some are more functional with simple panels. Grip sizes complement the particular handgun it was made for, as small as possible on large Double stack magazine guns, and maybe a little fuller on small frames.

AR-15/M16 "Swiss Pattern" Vertical Fore Grip – Black Polymer

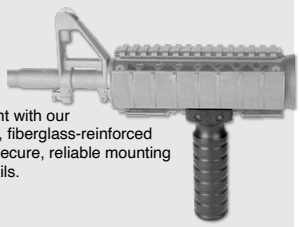
The "Swiss Pattern" vertical fore grip attaches to forend rails, quad forends or any Picatinny rail. The fore grip provides a natural grip and operation of flashlights, lasers and other weapon mounted accessories. Manufactured from injection-molded, Zytel-based, black polymer. No tools or hardware required. No permanent modification required. Made in U.S.A

Swiss Pattern Vertical Fore Grip ..... C23ZMPM007.....$11.49

AR-15 / M16 Tactical Pistol Grip

The tactical ambidextrous pistol grip provides a positive and comfortable control of the firearm. The one piece grip is molded from a light weight nearly unbreakable polymer. The grip features universal finger grooves and an HK style web filling arch. The entire grip is textured to ensure a positive non-slip surface for even wet or gloved hands. No modification is required. Uses factory supplied hardware.

AR-15/M16 Tactical Pistol Grip ..... C23ZMPM155.....$12.29



Archangel™ Aluminum 1911 Grip Panels

AA107 Grip Panels are constructed of aluminum with a diamond checkering pattern to provide a secure grip on the 1911 pistol. The combination of a lightweight aluminum alloy and a hard anodized finish provides a grip that is both lightweight and durable for duty, competition, and personal defense. Fits all standard full size Government model 1911 frames.

Archangel™ Aluminum 1911 Grip Panels .....C23ZMAA107 .....$22.99

Rail Mount Vertical Grip

Enjoy improved weapon control and heat management with our Rail Mount Vertical Grip. Molded of high-performance, fiberglass-reinforced polymer, it incorporates redundant clamp screws for secure, reliable mounting and an adjustable fit to compensate for out-of-spec rails.

- *Constructed of fiberglass-reinforced polymer*
- *Two different caps (included) for custom length*
- *O-ring sealed compartment for tools, batteries, etc.*

Rail Mount Vertical Grip *(Black)*.....C23XO71VG00BK.....$31.49

Grip Extensions

Kel-Tec factory grip extensions replace flat bottom floor plates. Grip extensions help increase control during firing and firearm manipulation. No tools needed to install. Offered in either a standard capacity extension or in a +1 capacity version (see individual listing).

P-11 Grip Extension .....C23KTP045.....$8.79

S2K Featureless Weapon Upgrade

This kit includes one Grip Fin, one non-adjustable Stock, and the hardware to install. This can only be used on the 2nd gen Sub 2000

C23KTS2K1550.....$56.99

"Bantam" Wood Grips For Revolvers

A ultra compact grip that fits flush with the frame for the ultimate concealable grip. (J-Frame only available with top Finger Groove).

S&W "J" Frame "Bantam" Goncalo Alves ..... C23HA61250.....$67.96

Wood Grips for Revolvers

Hogue wood grips are made from many fancy and exotic hardwoods chosen for their beauty and durability. All of these woods are much harder and denser than ordinary walnut, and offer a wide variety of contrast and grain figuration. Pau Ferro is a favorite, with a rich beautiful figure that resembles fancy dark walnut. Goncalo Alves and Pau Ferro are among the hardest and most durable woods in the world.

All Revolver Grips come standard with finger grooves and palm swells

Diamond Pro Grip Series

This new grip line is designed to fill the hand comfortably, with a natural feel and point. The new unique shape is covered with Pachmayr's new "Diamond Plate" texture. This gives you rugged good looks, and absolute control of your revolver, even under the heaviest recoil. The new grips are made using our specially blended rubber compounds, formulated to give you the long lasting soft feel you expect & the best in recoil reduction you deserve.

Presentation Grips

These revolver grips are designed around the traditional handgun grip configuration to fit just about any wheel gun made. Pachmayr Presentation Grips can tame the kick of a .44 Mag or add accuracy to a .22 rimfire target pistol. These patented designs are virtually indestructible! Deep Checkered Finish

The SK Model fits all Smith & Wesson Revolvers using the "K" Frame, as well as "L" Frame models.

American Legend Grips

Pachmayr American Legend Series Grips offer the traditional feel and look of wood grips with the grip and control advantage of rubber. These grips feature American Walnut, finished to an attractive varnish shine, and Pachmayr Decelerator rubber for a soft controlled feel. The open backstrap design assists in reducing the bulk found on many of the wood grips found on the market today. The traditional Pachmayr finger grooves are a time proven design. Once you have seen and felt these grips on your gun you will know why we call it the American Legend.

Colt 1911 .....C23PA00423 .....$36.99

Gripper™ Universal Slip-On Grip

LIMBSAVER®

Pro Handgun Grips

The Pro Handgun Grips are designed to provide maximum reduction of muzzle jump and felt recoil for a smoother, more accurate shot. Multiple impact nodes are located on the inside of the grip, isolating the shooter's hand from the firearm. These nodes are designed to collapse – referred to as "break away" – as the firearm is discharged, ultimately reducing the pain and discomfort associated with handgun recoil. It features a protection lip that isolates the user's thumb from the hammer guard's contact point during recoil. The hand grips have a universal-fitting stretch contour design, ensuring they stay in place during use. The non-slip NAVCOM material maintains secure grip control while dampening out felt recoil.

Bakelite Orange ..... C23YCGR087 ..... $17.99

MISSION FIRST TACTICAL

ENGAGE™ Pistol Grip with Interchangeable Straps

The Engage tactical pistol grip with interchangeable front and back straps (EPGI16) provides a combination of fit and function unequaled by the originally supplied pistol grip.
Textured finger swells (3) and back straps (3) allow the user to custom fit the grip to their own hand size and comfort.
A secure watertight storage compartment with customizable storage sled and a quick access tab diminishes all rattle.

- *Any combination of interchangeable backstraps & finger swells • Provides custom fit for any sized hand*
- *Covers the receiver gaps that cause discomfort during sustained usage*
- *Secure watertight storage compartment*
- *Customizable foam storage block with quick access tab diminishes rattle*

AR15/M16 Pistol Grip ..... C23XJEPGI16 ..... $19.99
AK-47 Pistol Grip ..... C23XJEPGI47 ..... $19.99

ENGAGE™ Tactical Pistol Grip

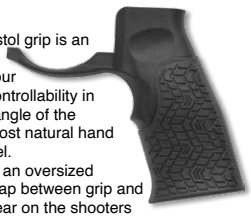
The finger swells are textured and the grooved backstraps provide a positive grip surface with wet or gloved hands. There is a secure watertight storage compartment with plug retention for one handed storage access.

- *Full sized pistol grip replaces thinner original for a full-fisted hold*
- *Grip angle replicates M16 while not affecting trigger contact*
- *Finger swells and grooved backstrap provide a non-slip grip*
- *Secure watertight storage compartment*
- *Plug retention for one handed storage access*
- *Customizable foam storage block with quick access tab diminishes rattle*

AK-47 Pistol Grip ..... C23XJEPG47 ..... $19.99
AR15/M16 Pistol Grip ..... C23XJEPG16 ..... $19.99

DANIEL DEFENSE

Vertical Foregrip



The Daniel Defense Vertical Grip includes soft touch rubber overmolding for enhanced grip, wet or dry. Inside the grip is a Dual O-Ring, water tight storage compartment capable of storing small parts. This vert grip is extremely lightweight and utilizes a simple yet durable mounting method for 1913 picatinny rail systems. Not Compatible with KeyMod or M-Lok rail systems.

- *4.5 Inches Tall • 2 Inches Wide • 1.38 Inches Thick*
- *Weight: 0.15 lb*

Vertical Foregrip *(Black)* ..... C23ED2106705028006 ..... $34.00

Pistol Grip

The new Daniel Defense pistol grip is an improvement to the old standby A2. We designed our grip with ergonomics and controllability in mind. Our grip shares the angle of the classic 1911 pistol for the most natural hand position and comfortable feel.
This pistol grip incorporates an oversized trigger guard covering the gap between grip and lower receiver which can wear on the shooters hand and easily accommodates for gloves. Installation is simplified by the fact the integral trigger guard doesn't require a roll pin so there is a reduced chance of damaging the lower receiver. A soft touch overmolding section enhances grip, wet or dry.

- *4.25 Inches Tall • 2 Inches Wide • 1.38 Inches Thick*

Pistol Grip w/Trigger Guard *(Black)*

M-LOK® MVG® Vertical Grip

The M-LOK MVG is a light weight, inexpensive vertical foregrip that attaches directly to M-LOK compatible hand guards and forends with no additional Picatinny rails required. Made from the same high quality polymer as other Magpul products, the M-LOK MVG uses the new Magpul TSP texture for positive control in all environments.

Black

C23ZZMAG597BLKI $21.80

RVG® Rail Vertical Grip

Designed for use with 1913 Picatinny railed hand guards, the RVG is a basic, light weight, cost-effective vertical fore grip.

Shape is ergonomically designed for use as a traditional vertical grip. It has also been optimized for use with the "thumb break method" of shooting.

Black

C23ZZMAG412BLKI $23.70

MOE-K2® Grip - AR15/M4

Similar in concept to the MOE-K, the MOE-K2 is a drop in upgrade for the AR15 / M4 that offers a more vertical grip angle, but in a full-size grip design.

The steeper vertical grip angle is optimized for use on PDW (Personal Defense Weapon) configurations and improves comfort and control on short LOP rifles that bring the primary hand in closer to the shooter's body.

• Platform: AR10, AR15, M4, M16, M110, SR25

Black ..... C23ZZMAG522BLKI $19.90

MOE-K2®+ Grip - AR15/M4

The MOE-K2 Plus Grip combines reinforced polymer body construction with comfortable, wrap-around rubber overmolding for maximum weapon control in adverse environments.

Similar in concept to the smaller MOE-K, the MOE-K2 is a drop in upgrade for AR15/M4's that offers a more vertical grip angle, but in a full-size grip design.

Made in U.S.A.

• Replacement for AR15/M4 pistol-grip

Black ..... C23ZZMAG532BLK1 ..... $23.70

FDE ..... C23ZZMAG532FDE1 ..... $23.70

MOE-K2® XL Grip - AR15/M4

- Approximately 25% larger than MOE-K2 Grip
- More vertical angle provides optimal hand position for modern shooting techniques
- Design supports proper trigger finger placement
- Storage core capability accepts proprietary XL grip cap and oil bottle grip core
- Compatibility: Fits standard AR/SR pattern grip tangs
- Grip Angle: 17 degrees
- Platform: AR10, AR15, M4, M16, M110, SR25

Black ..... C23ZZMAG1165BLK $22.75

MOE+® Grip – AR15/M4

- Replacement for AR15/M4 pistol-grip
- One-piece reinforced polymer construction with wrap-around rubber overmolding
- Beavertail backstrap

MOE+® Grip - AR15/M4

C23ZZMAG416BLKI $23.70

Sabre Comfort Grip

The Sabre Comfort Grip from FosTecH is the latest in innovation from FosTecH. Reinforced polymer structure with an over molded (rubberized) exterior. Multi texture rubber and grooves provides the Sabre with a surface that is effective in minimizing slip and reducing sweaty palms. Extended beavertail for a higher hold and better control. Hinged storage compartment that does not a need a tool to access.

AR-15 Comfort Grip ..... C23WW2500 .... $32.49

AK Comfort Grip ..... C23WW2501 .... $32.49

Squid Grip MLOK

TROY's patented, revolutionary rail insert is now available for M-LOK. Its composition of proprietary advanced rubber makes it heat resistant and extremely durable. The squid grips insert directly into the cooling holes, and may be cut to form any length or inserted end to end for longer lengths. Includes 7 rows of 3 Sections.

Squid Grip MLOK- 7ct *(Black)*

C23OVSSQDM7P00BT00 ..... $22.99

Squid Grip MLOK- 7ct *(FDE)*

C23OVSSQDM7P00FT00 ..... $22.49

M-LOK® AFG® Angled Fore Grip

The Magpul M-LOK AFG (Angled Fore Grip) is the result of research and refinements done to the original AFG and AFG-2. By integrating the direct-attach M-LOK mounting system with minimalist construction, we were able to produce a high strength grip that only weighs 1.2 ounces, including hardware.

M-LOK AFG - Angled Fore Grip

C23ZZMAG598BLKI $25.60

M-LOK® AFG® Angled Fore Grip 2

• Polymer three-piece design with interchangeable finger shelf • All mounting hardware included

• Mounts to 1913 picatinny rail

• Height, over rail: 1.94 in. • Length: 4.70 in. • Weight: 2.53 oz

M-LOK AFG - Angled Fore Grip2

C23ZZMAG414BLKI $33.20

M-LOK® Hand Stop Kit

The M-LOK Hand Stop Kit serves as a light weight, low-profile M-LOK slot index point for improved weapon control, or as a forward stop to prevent the shooter's hand from reaching the hot front sight assembly or muzzle.

The kit includes one M-LOK Hand Stop, one M-LOK Index Panel, and one M-LOK Rail Cover Type 2 for the individual user to configure their kit as they desire. Also included in this kit is an adapter for use with Magpul M-LOK equipped polymer Hand Guards / Forends as well as other wider profile aluminum hand guards.

M-LOK Hand Stop Kit

C23ZZMAG608BLKI $23.70

Modular Combat Grip

Don't lose your grip when things get dirty. The Troy Modular Combat Grips offer versatility, unmatched durability and outstanding ergonomics in a grip that complements all Picatinny rail systems.

OV011348

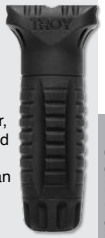
- *Three part modular design.*
- *Waterproof high capacity storage compartment.*
- *Thumb screw sold separately.*
- *Grip converts easily into two sizes: 4 5/8" when completely assembled and 3 1/4" when in short mode.*

Modular Combat Grip *(Black)* ..... C23OV011348 .... $64.99

Control Grip

Featuring a refined grip angle, The Troy Control Grip sets your hand close to the receiver, leading your arm and shoulder into a proper shooting position. The aggressive scale pattern keeps the shooter's hand in place while the locking door creates a convenient storage compartment. Fitting all M4, M16/AR15 and FN SCAR rifles with the superior strength of rugged military-grade polymer, the Troy Control Grip is the perfect solution for Close Quarters Battle.

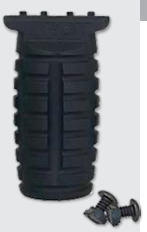
Control Grip *(Black)* ..... C23OV016091 .... $24.99



CQB Vertical Grip – Polymer

This front grip is your solution to a front grip that attaches to any MIL-STD Picatinny Rail without tools. Made from Troy proprietary military-grade, chemical, biological and impact resistant polymer, the CQB Vertical Grip will not heat up during rapid fire or full auto fire. A waterproof storage compartment and aggressive ridged pattern for an enhanced grip rounds out this lightweight option for a vertical grip.

CQB Vertical Grip *(Black)* ..... C23OV016367 ... $26.99



CQB Vertical Grip – Aluminum

This front grip is your solution to a front grip that attaches to any MIL-STD Picatinny Rail without tools. Made from Troy proprietary military-grade, chemical, biological and impact resistant polymer, the CQB Vertical Grip will not heat up during rapid fire or full auto fire. A waterproof storage compartment and aggressive ridged pattern for an enhanced grip rounds out this lightweight option for a vertical grip. Machined from billet aircraft aluminum and finished in hardcoat anodizing.

CQB Vertical Grip *(Black)* ..... C23OV016640 ... $64.99

3" SOCC-VFG

The New TROY 3" SOCC-VFG is a robust low profile, one piece, vertical grip. Machined from billet T6 aluminum with an aggressive grenade like pattern for enhanced grip and control. Weighing in at only 2.8oz. this rugged, ergonomic grip directly attaches to any M-LOK rail with the included mounting hardware. U.S. Military Specification Type III hardcoat anodized.

3" SOCC-VFG *(Black)*

C23OVSGRPFG3F0BT00 ..... $31.49

SOCC-HS

The New TROY SOCC-HS is low profile, rugged and ergonomically engineered to reinforce tactical shooting positions such as the C-grip and barricades. Billet machined from T6 Aluminum and weighing in at less than 1.5oz. The SOCC-HS attaches to any M-LOK interface with included mounting hardware. U.S. Military Specification Type III hardcoat anodized.

SOCC-HS *(Black)*

C23OVSHDSHS220BT00 ..... $40.49

Gun Parts

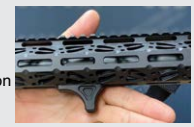
BOWDEN TACTICAL

AR*CHITECT FOUNDATION SERIES

AR*chitect Foundation Series

Angled Foregrip



The AR*chitect AR Platform Direct Lock MLok Angled Foregrip is a great application for AR pistols where a vertical grip cannot be used. This gives you greater control of your shot in rapid fire situations and provides greater comfort with ergonomic handling. There is no additional picatinny section needed to mount your angled foregrip. A great alternative to vertical foregrips on rifles, especially where vertical foregrips are prohibited by law.

- *Direct M-LOK mounting • Great application for AR pistols where a vertical grip cannot be used*
- *No additional picatinny section needed to mount • 6061 Aluminum • Hardcoat Black Anodized*
- *Reversible to be Used as a Hand-stop*

M-LOK Angled Foregrip ..... C23BZJ26000 ..... $33.95

AR*chitect Foundation Series

Micro Hand Stop

AR*CHITECT FOUNDATION SERIES

The AR*chitect AR Platform Direct Lock MLok Micro Handstop is a great application for your AR pistol. The micro handstop keeps your hand from entering the blast zone on short barrels. There is no additional picatinny section needed to mount, making it a simple and fast addition you can install on your pistol. On a rifle application, the micro hand stop gives you consistent hand placement, crucial for accuracy.

- *For AR pistols or rifles • Direct M-LOK mounting • Black anodized • Reversible*
- *Protects hand from blast zone on short pistols*
- *No additional picatinny section needed to mount • 6061 aluminum*

M-LOK Micro Hand Stop ..... C23BZJ26030 ..... $24.95

Original TekMat® – Handgun 11" x 17"

The TekMat Gun Cleaning Mats are the original parts breakdown cleaning mats for understanding how your firearm is put together and how to maintain your gun. All TekMats are waterproof, scratchproof, oil resistant, and washable. The soft polyester surface won't scratch your firearm and is lint free. The supple neoprene rubber will protect your firearm and cleaning surface from scratches, dents, and potentially dangerous chemicals. As all TekMats are chemical resistant, you don't need to worry about chemicals leaching through your gun cleaning mat and damaging your cleaning surface.

Ultra TekMat® – Handgun 15" x 20"

With the new Ultra line of Premium TekMats, you get the same quality and durability as the original TekMat but with more space, thicker padding, and a premium stitched edge. The Ultra TekMats are large enough to handle a fully disassembled pistol or rifle with room to spare for tools and accessories. The extra thick 1/4" padding not only provides a premium feel and high level of quality but it offers extra protection from any rough handling or drops while working on your firearm.

BIRCHWOOD CASEY

Long Gun Service Mat

• Soft leather surface protects firearms • Integrated parts tray
• Presentation quality leather
Long Gun (13"h x 54"w)..... C23BA30255 ..... $55.79

Lyman
Brands that Perform

The Essential Gun Maintenance Mat

Protect your gun and your workbench. Work like a pro on your Lyman Gun Mat. The firm, yet cushioned surface is perfect for assembling and disassembling firearms (or lots of other hobbies!) for cleaning or maintenance and repair.
The molded compartments contain spills and keep small parts out of the way of the main work area but still handy and organized. The mats are chemical resistant and clean easily with soap and water. Handgun mat measures 15.75" x 10".
Rifle Mat measures 10" x 36".
• Chemical Resistant
• Made from synthetic rubber for a non-slip surface
• Protects your gun's finish and your bench's finish
• Molded-in storage compartments keep parts secured & organized
Essential Gun Mat..... C23LY04050 .....$15.29
Essential Rifle Mat..... C23LY04051 .....$29.99

TIPTON

Maintenance Mat

• Excess oils and solvents are absorbed into the mat, keeping the surface clean and dryrolls easily to fit into a range bag
• Padded neoprene construction protects firearm finishes
• Hand washable
• 12"x24"
Maintenance Mat..... C23PH602557 .....$8.49

OTIS
SMART GUN CARE

Sportsman's Mat

The Sportsman's Mat makes for a great gun cleaning mat, and reload mat. It can be used as a seat in the woods, or to kneel on while cleanin your game.
This non-slip pad is also reat for precision work, resting your firearms on while at the range or on the tailgate of your pickup truck, and much, much more!
This neoprene mat measures: 35.25" x 17.75"
Sportsman's Mat..... C23OY3800 ..... $17.49

WHEELER CERAMA-COAT CUSTOM GUN ARMOR

Cerama-Coat™

Wheeler Engineering's Cerama-Coat is a spray-on metal finish that brings new life to old guns without expensive airbrushes or painting equipment. This is an ultra-modern formula that contains a ceramic
matrix, giving the finish ultimate durability, wear-resistance, and protection against rust and solvents. The matte black color won't spook game and looks great on any gun.
• Non Reflective matte finish colors
Black..... C23PH468993 .....$34.99

Bedrock™ Epoxy-Bedding Kit

Ideal for wood, laminated, and synthetic stocks, the Bedrock Kit contains all the components necessary to achieve the perfect fit: 2 oz each of Resin and Hardener, Release Agent with two applicators, Measuring Spoons and Mixing Cups, brown and black dyes, Microballoons for customizing the viscosity, modeling clay, surgical tubing, and the most comprehensive, illustrated instructions ever offered to take you from start to finish with your bedding project.
Bedrock™ Epoxy-Bedding Kit .....C23PH190274 .....$39.99

J DEWEY rods

Gun Cleaning Mat

For firearms, fishing reels, hobbyist. Soft, nomar top material absorbs oils and solvents. Rubber-like mat backing is impermeable, prevents work surface damage, and keeps mat from sliding. Washes in mild detergent, easily rolls up for storage, camp or range use.
12"x24" Gun Cleaning Mat ..... C23DRMT1 ..... $12.49

OTIS
SMART GUN CARE

085 CLP

O85 CLP is Otis' most time-tested formula, with over 30 years of proven performance in cleaning, lubricating and protecting firearms. But don't let old age fool you. O85 CLP uses advanced engineering to penetrate tight spaces and create a thin film that stops rust and corrosion for long-lasting protection.
• Cleans, lubricates and protects in one advanced formula
• Removes carbon, powder residue and fouling from metal surfaces
• Penetrates into tight areas to reduce surface friction
• A thin film seals out moisture to prevent rust and corrosion
• Available as a 1/2 oz. tube, 2 oz. and 4 oz. bottle, 4 oz. aerosol can, dual pack of wipes, or a canister of 40 wipes
4 oz. Bottle ..... C23OYIP904085 .....$8.99
Wipes (2pk) ..... C23OYIP2TW085 .....$2.29

Dry Lube

Originally developed for the United States military, Otis Dry Lube is their most advanced formula yet. Designed for desert use, it lets you quickly and effectively lubricate your firearm in the most unforgiving environments. Dries to the touch in less than 20 seconds.
• One drop penetrates to immediately cover over an inch of surface area
• Dries to the touch in less than 20 seconds
• Seals out moisture with a thin film of lubricant
• Penetrates into tight fitting areas for easy disassembly of parts
4 oz. Aerosol ..... C23OYIP904A55 .....$8.79

Precision Applicator Pack

Turn your bottle into a precision application system and control the level of product dispensed with the precision application pack. Included in the pack are two metal tips - ultra-fine and fine, and an adjustable cut-to-size plastic tip. It also comes with a clear cover that is compatible with all tips.
The twist and lock cap is compatible with all Otis 2 and 4 ounce bottles and accommodates all precision tips.
Precision Applicator Pack ..... C23OYFGPAPK $4.99

Microfiber Gun Cloth

The Otis Microfiber Gun Cloth is perfect for cleaning all surfaces. This nonabrasive material will not damage even the most sensitive areas of a firearm.
• 12" x 8" • Reusable
• Ideal for use on firearms, tools and knives as well as optics
Microfiber Gun Cloth *(3-Pack)*
C23OYRW35013..... $5.49

HOPPE'S 9

Foaming Bore Cleaner

- One-Step
- No Harsh Scrubbing
- Color Change Effectiveness Indicator

Directions:
Allow barrel to cool 5 minutes before use.
Shake can well.
1. Spray foam from chamber to muzzle
2. Wait 15-30 minutes for foam to clean.
3. Using a Hoppe's cleaning rod and patch, remove foam from barrel.

Note: Foam will turn blue indicating copper removal or black indicating powder removal.

Bottle *(3 oz.)* ..... C23HSH907 ..... $8.49

Lead-B-Gone Skin Cleansing Wipes

- Not for use on guns
- Removes up to 99.9 percent of metal contaminants with water rinse (soap and water only remove 72 percent)
- Saturated with gentle pH cleaner
- Soft towels lift and trap lead and metal dust
- Contains aloe skin moisturizers
- Disposable

Wipes *(40 ct.)*
C23HSLBG40 ..... $7.99

Bench Rest 9 Copper Solvent

Formulated especially for bench rest shooters, Hoppe's Bench Rest-9 is destined to become the standard by which all copper solvents are judged. Bench Rest-9 makes it possible for bench rest shooters and serious hunters to clean their bores of copper fouling overnight...instead of 3 or 4 days. Bench Rest-9 is powerful, safe and fast, and it contains no abrasive. And although the solvent is essentially a copper-buster, it is also great for removing powder, lead and plastic foulings from all shotguns, pistols and revolvers.

4 oz. ..... C23HSBR904 ..... $7.49
16 oz. ..... C23HSBR916 ..... $19.99

Hoppes No. 9 Powder Solvent

The most famous universally used solvent for removing primer, powder, lead and metal fouling and for preventing rust. Quick, super-efficient, safe and easy to use. Flows freely and penetrates rapidly. A favorite with sportsmen throughout the world.

**No. 9 Plus is formulated especially for black powder shooters - a black powder solvent and patch lubricant.*

Rem Oil *(10 oz. Can)* ..... C23RT24027 ..... $6.49

Rem™ Oil Wipes

It cleans dirt and grime from exposed metal surfaces, displaces non-visible moisture from metal pores, and protects internal and external metal parts from rust and corrosion. Its exclusive Teflon® formula provides a tough, thin, long-lasting lubricating film that keeps actions working smoothly by reducing metal-to-metal wear.

- *Comes in handy new wipes (12 individually foil wrapped 6" x 8" wipes per pack)*

Rem Oil Wipes ..... C23RT18411 ..... $8.99
Rem Oil Wipes (Single) ..... C23RT18471 ..... $0.89
Travel Size (24/ct) ..... C23RT16325 ..... $6.49

Rem™ Gun Grease

- Biodegradable and Non-Toxic
- Non-Melt Formula
- Wide temperature range from -20F to 500F
- Protects all sliding parts, threads and hinge points
- Displaces moisture and protects against rust and corrosion
- Safe for finished stocks, coated metals and polymer parts

Rem Gun Grease *(.5 oz Squeeze Bottle)*
C23RT18501 ..... $4.99

Shotgun Cleaner

This all-purpose cleaner and degreaser blasts away gummy, caked-on grime from hard to reach areas such as ejectors, firing pin assemblies, trigger components, gas ports, and bolt recesses. It dries quickly leaving behind a clean surface without any sticky residue. Remington Shotgun Cleaner is safe for polymers and will not damage magazines, gun stocks, camo finishes, or grips.

Shotgun Cleaner (18oz.)
C23RT18472 ..... $8.99

Rem™ Oil Wipes

These wipe cloth saturated with Rem Oil clean dirt and grim from exposed metal surfaces while displacing non-visible moisture from metal pores.
New 60 count Pop-Up Canister with large 7" x 8" wipes
Oil Wipes
C23RT18384 ..... $10.49

MoistureGuard™ Rem® Oil

- Uses Volatile Corrosion Inhibitor Technology
- Guards your hunting, fishing and marine gear from rust and corrosion
- Protects all metals from rust and corrosion
- Displaces moisture
- Lubricates, cleans and protects
- Built from Rem Oil
- Available in: 6 oz. spray pump

MoistureGuard Rem. Oil
C23RT18378 ..... $6.49

40-X™ Bore Cleaner

• Formerly Remington® Bore Cleaner • 40-X name ties into the product's origins in Precision Benchrest Shooting

- Formulated for rifles to improve cleaning, accuracy and performance
- Fast and easy to use - no soaking or foul odors
- Contains polishing compounds to make your bore mirror-clean
- 4 oz. squeeze bottle with child safe lid

40-X™ Bore Cleaner *(4oz Bottle)*
C23RT18397 ..... $8.49

Rem™ DriLube™

Teflon® base provides a tough, non-congealing film without the residue of dry graphite lubes. Keeps firearms functioning dependably to -40°F. Available in 4-oz. aerosol can.
Rem DriLube (4 oz Can)
C23RT18396 ..... $6.29

Rem™ Action Cleaner

Spray-cleans dirt, powder residue, and caked lubricants from disassembled actions and fire-control mechanisms with ease. Dries quickly and leaves no residue. CFC-free formula comes in 10.5 oz. can with jet-spray extension tube.
Rem Action Cleaner *(10.5 oz)*
C23RT18395 ..... $6.49

Brite Bore™ Solvent / Cleaner

Versatile cleaner that works effectively to clean powder residue and grime from actions; remove copper and lead fouling from rifle barrels as well as plastic wad residue from shotgun barrels; and soak off lead and powder deposits from choke tubes.

- *Dissolves carbon and powder fouling, removes copper, lead and plastic deposits*
- *Handy size for field range use*
- *Low odor – contains no CFC's*

Brite Bore *(2 oz. Bottle)*
C23RT18367 ..... $3.99
Brite Bore *(6 oz. Can)*
C23RT18394 ..... $6.49

BREAK FREE

EST. 1975

CLP Cleaner®

Cleans • Lubricates • Protects

Break-Free CLP is a unique, complex formulation of more than a dozen materials, capable of performing a multiplicity of functions - cleaning, freeing, water displacement, rust prevention and lubrication - all with a single application. This multiple-action performance, plus the long lasting nature of the protection it provides make it the most economical product you can use.

12 oz. Aerosol ..... C23BFCLP12 ..... $11.79
4 oz. Aerosol ..... C23BFCLP2 ..... $7.79
4 oz. Liquid, *Plastic Bottle* ..... C23BFCLP4 ..... $8.29
1-Pint - w/Trigger Sprayer ..... C23BFCLP5 ..... $24.99
1-Gallon Liquid ..... C23BFCLP7 ..... $102.99

Collector Liquid

- Developed for military use to protect weapons for up to 5 years in storage.
- Exceeds military requirements for rust and corrosion protection
- Unique 100% synthetic oil formulation with multiple high performance anti-rust and corrosion inhibitors
- Will not break down to form waxy residues under heat or with age. Contains no wax or mineral oil
- Protects up to five years
- Does not have to be removed before firing; always "grab and go" combat ready condition.
- Safe for use on all metals and finishes
- Ideal to protect gun collections, knives, swords, and sports equipment • Perfect for museums and police armories

Collector Long Term Storage Liquid *(4 oz)* ..... C23BFC04 ..... $8.29

Powder Blast®

Gun Cleaning in One Shot!

- Works immediately and leaves metal parts greaseless, oil-free, clean and dry.
- Remove powders, other firing residues, oil and grease.
- Ideal for all firearms – rifles, shotguns, and handguns.

Aerosol *(12oz.)*
C23BFPB121 ..... $9.79

Lubricative/Preservative

Superior Rapid Fire Automatics & Stainless Steel Firearms

'LP' is Break-Free's way of addressing the finicky lubrication needs of closely machined, high capacity, fast shooting firearms. Substantially, Break-Free® LP is a thicker version of our CLP formulation minus the 10 percent solvent content that gives that product its excellent cleaning capability. Undiluted by solvents, LP's synthetic oils can perform to their maximum potential at temperatures far exceeding those attainable by rapid fire weapons even with sustained firing for long periods. In addition to its enhanced lubricity, Break-Free® LPs especially effective at protecting firearms during extended storage for over 2 years. Of course, without solvents it lacks the cleaning ability of Break-Free® CLP and should be used in conjunction with a solvent cleaner such as Powder Blast or Break-Free® Bore Cleaner for total firearm maintenance.

Liquid (4-oz.) ..... C23BFLP4 ..... $8.29
Liquid w/Spray *(1-Pint)* ..... C23BFLP5 ..... $24.99

BARNES®

Barnes® CR-10™ Bore Cleaner

Barnes® specially formulated CR-10™ Bore Cleaning Solvent effectively removes copper fouling and powder residue. This aggressive bore cleaner quickly loosens and lifts heavy copper deposits left by copper and copper jacketed bullets as they pass through the bore. CR-10™ Bore Cleaning Solvent is non-corrosive and won't harm barrels. It leaves the rifling clean for better accuracy and longer barrel life. Available in 8oz. size.

Bore Cleaner *(8 oz.)* ..... C23BX30755 ..... $10.99
Bore Cleaner *(2 oz.)* ..... C23BX30756 ..... $5.49

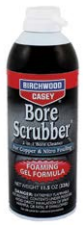
Firearm Cleaner-Degreaser Aerosol *(10 oz.)*
C23BA16238 .....$7.99



Bore Scrubber®

2-in-1 Bore Cleaner

This 2-in-1 solvent does it all! Attacks, dissolves and removes all types of barrel fouling including: lead, copper, plastic, carbon and powder fouling.
Superior rust preventive additives provide long-term protection after cleaning. Contains no nitrobenzene, butyl cellosolve or other highly toxic ingredients. Safe, fast and easy to use. Great for rifles, shotguns and handguns.
Please note: This item cannot be shipped to an address within the State of California.
Bore Scrubber® *(10 oz. Aerosol)* ...C23BA33640 ..... $6.49
Bore Scrubber® *(5 fl oz. Bottle)*.....C23BA33632 ..... $4.49

Bore Scrubber™ Foaming Gel

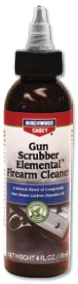
Bore Scrubber Foaming Gel 2-in-1 Bore Cleaner quickly, easily and safely removes all types of fouling...carbon, powder, copper, lead and plastic wad residue. Contains no highly toxic ingredients and is safe for use on steel. Solvent clings to and penetrates neglected or fouled bores.
Great for rifles, shotguns and handguns.
Bore Scrubber Foaming Gel
(11.5 oz Aerosol).....C23BA33643 ..... $10.49

Synthetic Gun Oil®

with PTFE Lubricant

A superior lubricant for all climates. Contains PTFE lubricant to greatly reduce the friction between mating surfaces. Will not gum up or lose its viscosity under extreme temperature variations from -55°F to 300°F. The natural solvency of Synthetic Gun Oil cleans as it oils while its low evaporation rate assures protection against rust. Excellent for lubricating and protecting all metal sports equipment and for many household applications. In handy spout can or convenient aerosols.
(6 oz.) Aerosol Can.....C23BA44135 .....$5.99
(10 oz.) Aerosol Can .....C23BA44140 .....$6.49
(4.5 oz.) Spout Can .....C23BA44128 .....$7.99

Barricade™ Rust Preventative



Prevents rust by driving moisture out and sealing with a continuous protective film which clings to all metal surfaces. The sheath penetrates and lubricates, but won't gum up under high humidity and extreme temperatures.
Barricade™ (1.5 oz. Aerosol).....C23BA33127 .....$3.49
Barricade™ (4 oz. Spout Can).....C23BA33128 .....$5.99
Barricade™ (6 oz. Aerosol).....C23BA33135 .....$5.99
Barricade™ (10 oz. Aerosol).....C23BA33140 .....$6.49

Barricade™ Take-Alongs

Convenient Barricade™ Take-Alongs are individual 5" x 8" cloths impregnated with Barricade Rust Preventive and sealed in a foil packet for compact carrying.
Take-alongs are handy to use as a bore cleaner/protector when run through gun bore. Also available in a 100 pack, plastic bowl counter display with an eye catching label. Great counter display for dealers and clubs.
(25-Packets) ..... C23BA33025 ..... $9.99

Gun Scrubber® Elemental™

Gun scrubber® elemental™ firearm cleaner is a proprietary blend of natural compounds that effectively removes carbon while having low odor and being non-hazardous to your skin. Gun scrubber® elemental™ firearm cleaner is the best solution if you have firearms to clean and do not want to handle harsh chemicals or work in a closed space. Gun scrubber® elemental™ firearm cleaner works great as a parts cleaner and as a carbon remover for barrels.
- A Natural Blend Of Compounds
- 4 Fl. oz Bottle
- Low Order Formula
- Destroys Carbon Build Up

Gun Scrubber Elemental..... C23BA33424..... $7.99

Blue & Rust Remover

A reliable cold chemical that removes old blue and rust easily and quickly. Recommended for use before rebluing. Also excellent for removing rust from tools, gauges and all kinds of iron and steel objects. Will not injure base metal. Apply with cotton swab or patch.
Blue & Rust Remover 3 fl. oz
C23BA16125 .....$3.49

Brass Black Metal Touch-Up

Touch-up liquid used for blackening sights and use for scopes, swivels, screws and all black-finished brass or copper parts. Excellent for permanent marking of reload cartridge cases.
Brass Black Metal Touch-Up
C23BA15225 .....$6.49

Perma-Blue® Gun Bluing

Easiest way to touch-up scratches or to reblue most guns completely. Super-Blue is double strength, designed for bluing highly polished steel and for hardened steels containing nickel and chrome alloys. Complete instructions included.

Plum Brown™ Barrel Finish

Produces rich, authentic brown finish on iron or steel. Perfect for restoring finish on antique guns.
Plum Brown™ Finish *(5 oz)*
C23BA14130 ..... $7.49

Presto® Mag Gun Blue

Presto Mag Gun Blue is a cold blue formulation that works on all steel (except stainless steel). Specifically formulated for when you want a deep blue luster on your firearm's metal surfaces
Plastic Bottle *(3 oz.)*
C23BA13525 .....$5.99

Sight Black

Convenient take-along Sight Black gives a dull black coating to barrels, sights and other metal surfaces. Dries instantly. Harmless to precision sights and all finishes. Now with snorkel tube to control spray.
1.25 oz. Aerosol..... C23BA33915.....$3.99

Super Bright Touch-Up Pens

Touch-up nicks, scratches and worn areas with these flat white, neon green and fluorescent red fast drying lead-free touch-up pens. With their superior adhesion, durability and ease of use these pen are a must have.

Super Bright Pen ..... C23BA15116 .....$10.49

Super Black Touch-Up Pen

An effective touch-up for nicks, scratches and worn areas of black anodized aluminum or black painted surfaces. Use like a marking pen with no mess - simply rub on with "chisel point" felt tip. Easy to use and fast drying. Helps fill in deep scratches. Superior adhesion and durability.

Gloss ..... C23BA15111 .....$4.99
Flat..... C23BA15112 .....$4.99

Synthetic Gun Oil

- Pen Or Brush Applicator Options In One Pen.
- A Superior Lubricant For All Climates.
- Excellent For Lubricating And Protecting All Firearm Metal Surfaces.
- Compact Size

Dual Applicator Pen ..... C23BA44121 .....$3.49

Renewalube™ Firearm Grease

- Reduces friction four times better than traditional greases.
- USDA Certified Biobased Product which means non-toxic and biodegradable.
- Water-resistant formulation immediately penetrates and forms a long-lasting bond to metal.

Renewalube™ *(.5 oz.)* ..... C23BA45115 .....$4.99

SNO™ Universal Gun Grease

- Reduces friction on moving parts
- Long lasting protection for storage
- Semi-clear, non-staining and polymer safe

SNO™ Universal Gun Grease .75 oz. Tube
C23BA40125 ..... $5.49

Genuine™ Oil

- Brings Back The Traditional Hand Rubbed Oil Finish Cherished On Fine Firearms
- Applies Easily And Evenly
- Fills Grain When Wet Sanded
- Produces A Satin Finish

3 oz Bottle
C23BA23225 ..... $4.99

Tru-Oil® Gun Stock Finish

There is no better oil finish! Tru-Oil® Gun Stock Finish has been the professional's choice for gunstock finishing for more than 30 years. Its unique blend of linseed and other natural oils dries fast, resists water damage and will not cloud, yellow or crack with age. Excellent as a sealer for under butt plates, recoil pads and in inletted actions to prevent stock damage.

Tru-Oil *2.5 oz Bottle*..... C23BA23123 .....$5.49
Tru-Oil *8 fl. oz. Can* ..... C23BA23035 .....$8.99
Tru-Oil *32 oz. Quart*..... C23BA23132 .....$23.99

Gun Stock Wax

A high-quality formula combining protective and beautifying qualities of the finest carnauba, beeswax and silicone. Produces a lustrous water repellent film that will not rub off like oils. Offers maximum protection against finish cracking from weather and handling. Enhances and protects the beauty of woods, metals and leather.

Gun Stock Wax .....C23BA23723 .....$8.99

Stock & Sheen Conditioner

The easy way to give your newly finished Tru-Oil® Gun Stock a traditional satin finish or to clean, beautify and polish your old stock. Removes surface imperfections and gives your stock a smooth, hand-rubbed finish. Also protects against weather and handling. Will not fingermark.

Stock & Sheen Conditioner
C23BA23623 .....$4.99

Gun Stock Sealer & Filler

Sealer & Filler seals out moisture and fills the pores in one easy step. A clear sealer and filler lets you choose your favorite stain or leave the wood in a natural tone. Use Sealer & Filler as the first step to a beautiful Tru-Oil® Gun Stock Finish. Easy to use and dries fast.

Gun Stock Sealer & Filler
C23BA23323 .....$4.99

Walnut Water Stain

Water soluble stains are sun-fast, true to color and non-bleeding. Produces a clear, rich color without grain clouding or smearing. Highlights the grain and enhances the natural beauty of wood. Walnut Stain is a true, brown-walnut color for the traditional look. Color intensity is easily controlled by adding water to concentrate or using full strength for light colored woods such as birch.

Walnut Water Stain..... C23BA24123 .....$4.49

Hopper Spit™ Firearm Grease

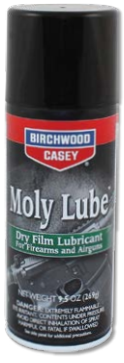
Hopper Spit is the best extreme storage and corrosion protection you can buy for your valuable firearms. It is specifically formulated to protect ferrous, and non-ferrous, precision metals from the corrosive effects of harsh conditions and long term storage. Hopper Spit significantly outlasted the competition in a laboratory setting using salt spray to attack metal surfaces.

Hopper Spit™ *(11 oz.)*
C23BA33240 .....$8.99

Renewalube™ Firearm Oil

- Displaces moisture, prevents corrosion, and is an outstanding lubricant.
- USDA Certified Biobased Product which means biodegradable and environmentally friendly.
- Possesses an extremely high flash point and operates at cooler temperatures than traditional oils.

Renewlube *(11 oz.)*
C23BA45140 .....$6.49



Tru-Oil® Gun Stock Finish Kit

The perfect finish is a Tru-Oil® Gun Stock Finish! Our Complete Stock Finish Kit gives you everything you need to finish a new stock or to refinish an old stock. Tru-Oil Gun Stock Finish brings out the richness and beauty of fine woods and gives you a tough, long-lasting finish. And, it's easy to use. Each kit contains a generous supply of professional-grade finishing materials and complete instructions for use.

Kit includes:
• 3 oz Tru-Oil Gun Stock Finish • 3 oz Walnut Stain
• Fine, Medium and Coarse Papers • 00 Steel Wool Pads
• Service and Polish Cloths • Complete Instruction Guide
• 3 oz Stock Sheen & Conditioner

Tru-Oil® Liquid Stock Finish Kit
C23BA23801 ..... $13.99

Moly Lube™ Dry Film Lubricant

Molybdenum disulfide particles are deposited onto metal surfaces and give maximum lubricity and wear resistance, even under extreme temperatures and pressures. Won't attract and hold dust, dirt or other contaminants! Especially suited for internal lubrication of moving parts on all firearms. Recommended for precision airguns where petroleum lubricants are not advised.

9.5 oz Aerosol Can
C23BA40140 .....$7.49

BIRCHWOOD CASEY

Aluminum Black Metal Finish

Applies and reacts like Perma Blue.
Color varies from pewter gray to deep black according to alloy. Used by gunsmiths and industry for quick touch-up on aluminum and aluminum alloys. No heating required - easy to use, requires no special equipment or skills. Not a paint - no dimensional change.

Felt Tip Touch-Up Pen ..... C23BA15121 ..... $5.49
3 oz. Bottle ..... C23BA15125 ..... $6.49

Brass Cartridge Case Cleaner

- Easily removes resizing lubricant, oils, grime and stains from brass cartridge cases.
- Helps remove powder residue.
- Safe, non-fuming, non-etching solution that won't weaken cases.

16 oz Bottle
C23BA33845 ..... $6.99

Brass Black Touch-Up

- Fast-Acting Liquid Used To Blacken Or Antique Brass, Copper And Bronze Parts. Easy To Apply With No Dimensional Change. Often Used To Mark Cartridge Cases To Identify Loads
- Final Appearance Is Enhanced By Applying A Clear Coat Finish, Wax Or Oil.

32 oz Bottle
C23BA15232 ..... $42.49

Firearm Cloth – Treated Chamois

- 11"x14" cloth contains non-abrasive oil which delivers any surface rust, dirt, or residue left by handling
- Leave your firearms, knives and any other metal surfaces clean and protected

Firearm Cloth
C23BABCGCLTHLG $4.49

Rust & Lead Remover Cloth

- Treated tan 11" x 14" cloth
- Remove rust and lead deposits without hard scrubbing
- Nonabrasive and will not harm wood finishes

Rust & lead Remover Cloth
C23BABCRLREM $4.49

Gun & Reel Silicone Cloth

- Flannel cloth impregnated with silicone. Removes fingerprints, polishes and cleans.
- Reclosable bag - won't dry out. Coats surfaces with lustrous, protective finish. Excellent for use on guns, scopes, fishing reels, golf clubs, auto trim and household accessories.

Silicone Cloth
C23BA30001 ..... $2.99

Lead Remover & Polishing Cloth

Quickly removes leading, burn rings, carbon residue, including copper, and plastic fouling, rust and tarnish. Excellent for stainless steel, nickel and most metal surfaces. Can be cut to size for removing residue inside the chamber, cylinder, forcing cone, bore and choke. Cleans and polishes metal, wood, glass, plastic and porcelain. • Dimensions: 6" x 9"

Lead Remover Cloth
C23BA31002 ..... $6.49

BREAKTHROUGH CLEAN TECHNOLOGIES

Battle Born Bio-Synthetic All-In-One CLP

- Removes carbon build-up, lead deposits, oil, grease, & grime.
- Penetrates deep to prevent metal to metal contact, friction, & wear.
- Coats evenly to repel moisture & shield metal from rust & corrosion.

Cleaning & Maintenance

Copper Killer

Copper Killer Solvent is a powerful copper remover that is completely safe for barrels. Contains no acids, chlorides or other damaging chemicals, yet easily strips away copper deposits and fouling to leave a clean, shiny bore.
Available in 20 oz. & 6 oz. Bottles
***6 oz.* Bottle** ..... C23MU070356 ..... $12.79
***20 oz.* Bottle** ..... C23MU0704020 ..... $31.99

Bore Solvent

Endorsed by barrel manufacturers and top competitive shooters, Montana X-Treme's bore solvent is the best general-purpose gun cleaning product on the market today. Effective on carbon, lead and copper fouling, MTX Bore Solvent's proprietary buffered solution will not damage barrels. It may even be left in the bore overnight to remove especially stubborn copper deposits.
Available in 20 oz. & 6 oz. Bottles
***6 oz.* Bottle** ..... C23MU070056 ..... $10.79
***20 oz.* Bottle** ..... C23MU0700020 ..... $27.49

Gun Oil

All gun oils are not created equal. Montana X-Treme Gun Oil is blended to offer corrosion protection and lubrication in the harshest environments. From the coast of Alaska to the harsh desert climates of the Middle East, shooters trust our gun oil to keep their firearms working when other products have failed.
Available in a 6 oz. plastic bottles
Gun Oil (6 oz.)
C23MU070156 ....$11.79

Cowboy Blend

Some firearms never shoot anything except lead bullets and they deserve a solvent designed to handle their specific cleaning needs. Cowboy Blend is blended to make removing lead and carbon fouling simple, fast and efficient. So, whether you are cleaning a favorite single-action revolver, a shotgun or an heirloom .22 rimfire, Cowboy Blend is the solution to your cleaning problems. *Available in 20 oz. & 6 oz. Bottles*
***6 oz.* Bottle** ..... C23MU070146 ..... $10.79
***20 oz.* Bottle** ..... C23MU0701020 ..... $27.49

Blackhorn 209 Solvent

Blackhorn 209 Cleaning Solvent is specifically designed to clean muzzleloaders & black powder cartridges that shoot Blackhorn 209 Propellant.
Blackhorn 209 Solvent
C23MU07050 ..... $12.79

Gun Grease

Montana X-treme™ Gun grease is an extremely effective lubricant that works well at temperatures ranging from (-50° to 600° F). This anti-friction grease was developed specifically for the firearms industry. It deposits a fine protective and lubricating film on metal that will continue to function after the top layer of grease has extruded away. This grease is virtually unaffected by corrosive moisture and will not mitigate from hot surfaces. Also works great for weatherproofing metal. *Comes in 10 ml. Syringe Applicator.*
10ml Syringe Applicator..... C23MU07020 ..... $10.29

Bore Polish and Cleaning Compound

Montana X-Treme Bore Polish and Cleaning Compound is an aggressive cleaner for rough bores, rust and the most stubborn copper deposits. When used in concert with Copper Killer, our bore polish can help revitalize accuracy in older sporting or military surplus rifles. New rifles with rough bores will clean quicker and more thoroughly using bore polish, getting them back to shooting their best with a minimum of effort.
Comes in 10 ml. Syringe Applicator.
10ml Syringe Applicator..... C23MU07045 ..... $11.29

Solvent and Oil Pipet Dispensers

Montana X-Treme Pipet Dispensers make it easy to apply solvents and oils to your patch and firearm without making a mess. No-drip design allows you to precisely place oil into tight areas.
"Micro- droplets" ensure just the right amount of oil for every job.
Each packet includes four - 5.5" x 3 ml graduated pipets, two - 4.6" x 1.5 ml graduated pipets, and two - 4.1" x 1.5 ml fine tipped pipets.
Solvent and Oil Pipet Dispensers (8 pack)
C23MU07055 ..... $5.29

Copper Cream

Montana X-treme™ Copper Cream is a creamy liquid (bore cleaner) that quickly removes all forms of fouling, including copper, lead, plastic wad residue, powder fouling and moly. This formula makes quick work of those problem barrels that are hard to clean and is completely barrel safe. It is non-embedding and non-abrasive to barrel metals and is highly recommended for new barrel break in.
Available in 6 oz. plastic bottles.
6 oz. Bottle
C23MU070256 ..... $14.29

Bore Conditioner

Montana X-Treme Bore Conditioner is specially formulated to enhance the performance of precision match-grade barrels. It is a highly refined, low residue oil created to resist the high pressures and friction that shorten barrel life and limit accuracy. Regular use after a thorough cleaning will help reduce copper fouling and protect the bore from the elements during storage. Its ultra-refined "Group Tamer" formula limits the need for first round fouling shots after cleaning, making it the ideal accuracy lubricant for hunters and law enforcement professionals.
Available in 6 oz. plastic bottles.
***6 oz.* Bottle**
C23MU070306 ..... $13.49

Pro-Shot Products

Nanotech Anti-Fog Lens Cleaner

Our Nanotech Lens Cleaning Solutions is great for all optics, infrared/night vision devices., cameras, and eye/face protection. The formula is a mil-spec solution, safe for all glass and plastic surfaces. It is a non-toxic, biodegradable solution that is ammonia and silicone free. It has water dispersing and anti-fog capabilities, so it not only cleans, but protects and enhances the functionality of your equipment.
Spray Bottle *(2 oz.)*..... C23PXHLC2 ..... $11.49

1-Step Gun Cleaner & Lubricant

- *Cleans*- Copper-Lead-powder and primer fouling like a solvent. Repeated use protects bore & lessens fouling/residue build-up. Makes bore & action easier to clean.
- *Lubricates*- Eliminates stiff action, jamming and loosens rusted parts.
- *Protects*- With rust inhibitors and special additives that penetrate metal and provide a corrosion barrier for superior rust protection.
- *Synthetic*- Non-hazardous and environmentally-friendly formula.

Needle Bottle *(1 oz.)*..... C23PX1STEP1NEED $6.29
Bottle *(8 oz.)*..... C23PX1STEP8 ..... $10.99

Copper Solvent IV

A Superior New Generation Formula that is made specifically for copper and powder fouling, while providing rust protection for your barrel. Highly effective way to clean a barrel without the harsh and toxic chemicals.
Copper Solvent IV *(8 oz.)*
C23PXSVC8..... $13.79

Zero Friction

Premium ultra-high technologically advanced synthetic lubricant specially designed for firearms and knives. Extreme pressure, anti wear, rust preventative for all moving parts from -75 degrees to over 450° degrees.
Needle Oiler Bottle *(1 oz.)*.. C23PXZF1..... $7.79

Pro-Gold Lubricant

A special high-quality formula grease engineered for firearm lubrication and protection. Superior performance on stainless, chrome molly, nickel, and blued firearms.
Easy to apply, clings to metal surfaces, doesn't gum up, extreme heat resistance, water resistant.
Temperature operating range: 0°F to 450°F.
Excellent for: Firearms, reloading tools, sports equipment, fishing tackle, compound bows.
Pro-Gold Lubricant*(10CC Syringe)*
C23PXPGLSYR $6.99

Fouling Blaster

Synthetic safe degreaser / cleaner.
Quickly evaporates & blast away fouling.
Will not harm plastic, wood, laminates, composites, rubber grips, or any other material including camo finishes.
Spray Can *(14 oz.)*.....C23PXD14....$13.29

Pricing subject to change without notice. Not responsible for typographical errors.

MC#7 Extra Strength Bore Cleaner

- Convenient Aerosol Can with Extension Tube • Stronger MC#7 Formula – More Power and Easier Cleaning
- Ammonia Free • Non-Abrasive – harmless to the bore surface • Fast acting
- Convenient to use aerosol
- Quick and easy to apply • Conditions bore for impact accuracy on first shot• Maintains accuracy in new firearms
- Restores accuracy in old firearms • Prolongs barrel life

MC#7 Bore Cleaner.....C23VNMC7XT $16.99

Quick Scrub III Cleaner/Degreaser

V.O.C Compliant

Quick Scrub III's powerful a aerosol fights grime and fouling. For trouble-free actions and precision trigger pulls! (Without dismantling) Evaporates quickly, leaves no residue.

Aerosol *(15 oz.)*
C23VNDG315 .....$11.79

Polymer Safe Quick-Scrub Action Cleaner

Polymer Safe Quick Scrub (PSQ) is harmless to polymers, plastics, and camouflage finishes, yet quickly flushes away grime and fouling. Perfect for cleaning actions and trigger assembly (without disassembling).

W/ Applicator Spout *(4 oz.)*
C23VNFPL04 .....$9.79

Rust Prevent Preservative/Lubricant

A superior anti-oxidation, moisture displacing agent engineered to preserve all gunmetal, barrels and actions lasting far longer than conventional rust inhibitors. Uses ecologically safe propellants.

Aerosol *(6 oz.)*
C23VNRP006 .....$8.49

Ultrasonic Cleaning Solution

Ultrasonic Cleaning Solution is Especially Formulated To Work in Ultrasonic Cleaning Tanks. Non-corrosive to aluminum or metal parts. Effectively breaks up and removes fouling. Cleans residue from actions, receivers, trigger assembly, etc. Dissolves oil, grease and powder build-up. Biodegradable, Environment Friendly. Non-toxic, Non-flammable, Non-Hazardous. Non-corrosive to aluminum or metal parts. Effectively breaks up and removes fouling.

Ultrasonic Cleaning *(1-gallon)*..... C23VNUCS128 .....$42.49

Synthetic All-Weather Hi-Tech Gun Grease

The ultimate synthetic grease for lubrication and protection of firearms. Syringe dispenser with pin-point applicator.

Gun Grease w/ Syringe
C23VNG10CC $8.29

Copper Remover

Special extra strength formula for tough jobs. The ultimate cleaning product for totally removing copper or gilded metal fouling in all firearm bores from jacketed bullets. Safe, quick and easy to use.

Copper Solvent *(8 oz.)* C23VNCRS08 ...$11.79

Lead Remover

Removes lead & powder fouling,carbon deposits, and restores accuracy. Non-abrasive, safe,quick and easy to use. Helps prevent rusting, pitting and corrosion. With the addition of MT-10 Metal Treatment, lead fouling build up is minimized.

Lead Remover *(4 oz.)*
C23VNLRS04 .....$12.29

Shotgun & Choke Tube Cleaner

Designed specifically to remove fouling from barrels, choke tubes and ports. Cleans receiver and trigger assembly.

Shotgun & Choke Tube Cleaner Aerosol *(12 oz.)*.....C23VNSG012 ....$14.79

Foaming Bore Cleaner

- Expanding foam easily cleans the bore and ensures a complete clean
- Simply spray in the breech to fill the bore and wait for foam to work
- Clean using your cleaning kit of choice.

Foam *(3 oz.)*
C23VNSHF903AFC $14.79

RIG® Universal™ Gun Grease

A thin film of RIG® Universal™ Gun Grease will help keep your firearms rust-free. One thorough application of RIG Universal Gun Grease inside and out will protect your rifle, handgun, shotgun or muzzleloader against rust and corrosion. RIG Universal Gun Grease is a superior firearm lubricant and preservative.

1.5 oz. Squeeze Tube .....C23BA40020.....$4.99
3oz. Plastic Jar .....C23BA40027.....$4.99
12oz. Plastic Jar .....C23BA40045.....$12.49

RIG® Universal™ Grease Applicator

Use the long-lasting sheep-skin treated with RIG® Universal Gun Grease to safely coat metal items, protecting them against rust and corrosion. RIG-RAG Universal Grease Applicator can be used again and again - just add more RIG Universal Grease as needed.

One Sheepskin Wipe.....C23BA30002 .....$8.99

RIG® +P™ Stainless Steel Lube

Rig® +P™ is specifically formulated for stainless steel and will not break down under high pressure or heat. One thorough application of Rig +P inside and out will protect your rifle, handgun, shotgun, and muzzleloader against rust and corrosion.

1.5 oz. Squeeze Tube ..... C23BA40051..$3.49

ACCURA OUTDOORS
THE ART OF ACCURACY

Brass Butter Case Lube

Brass butter is a commercial grade case lube that doesn't quickly evaporate or lose its lubricating properties. Our proprietary formula, quickly and evenly coats your brass for a smooth, consistent stroke that won't cause undue wear and tear on your reloading equipment.

Brass Butter Case Lube *(8 oz.)*
C23IPBBUTTER.....$5.99

WILSON COMBAT

Ultima-Lube II Oil

The unique blend of lubricating fluids has proven ideal for today's high-tech semi-auto weapons, whether manufactured of conventional steels, aluminum alloys or stainless steel. In addition, we have found nothing superior to Ultima-Lube II for the proper lubrication and protection of the hand-fit custom firearms that Wilson Combat is known for.

2.0 Oz Bottle
C23WC5772..... $6.95

Metal Polish - Paste

A completely revolutionary product. Flitz surpasses all others to clean, polish and protect virtually all metals, fiberglass and painted surfaces. Flitz removes surface rust, finger prints, corrosion and powder residue. Flitz is guaranteed to protect against rust, tarnish, water stains, and salt or fresh water corrosion up to 6 months.

Sample packet *(2 grams)*..... C23FZBXTS010 .....0.99
Blister Card *(1.76 oz. Tube)*..... C23FZBP03511 .....$9.64
Boxed Tube *(5.29 oz. Tube)*..... C23FZBU03515 ..... $21.04
Can *(2 lb. Quart)*..... C23FZCA035186..... $51.74

Liquid Metal Polish

A diluted version of our original paste formula, this product is a high-performance cleaner and polish in a liquid form. Specially formulated to clean and polish with the ease and economy of a liquid, this concentrated formula goes three times farther than other liquids and leaves a brilliant shine in half the time.

• Cleans & Polishes; Brass, Copper, Silverplate, Sterling Silver, Chrome, Stainless Steel, Nickel, Bronze, Solid Gold, Aluminum, Anodized Aluminum, Pewter and Factory Hot Gun Bluing. Removes: Tarnish, rust, water stains, heat discoloration, oxidation & fingerprints.

Bottle *(3.4 oz)*..... C23FZLQ04535 .....$8.62

Gun/Knife Care Kit

Whether you are an avid sportsman or world-class collector, this kit is exactly what you need to clean, polish & protect your knives, guns, and swords. Recommended by hunters and collectors for hunters and collectors, this handy kit includes:
Flitz Stainless Steel & Chrome Cleaner,
Flitz Polish-Paste,
Rifle Gun & Knife Speed Wax Protectant and a Premium quality Microfiber cloth. One try and you'll see why Flitz is the one the world relies on.
Gun/Knife Care Kit..... C23FZKG41501 .....$22.46

Knife Restoration Kit

Released in July of 2015, the Knife Restoration Kit hits all the needs for knife and outdoor enthusiasts.
The kit features Flitz Liquid Polish,
Flitz Microfiber Cloth,
a DMT Knife Sharpener, and one bottle of Safariland Lubricating Oil. A $35 value!

- *(1) 1.7oz Bottle of FLITZ Liquid Polish*
- *(1) 16" x 16" FLITZ Thick & Thirsty Microfiber Polishing Cloth*
- *(1) DMT Diamond Sharpener (Dia-Sharp)*
- *(1) 7.5ml bottle of Safariland / Break Free Lubricating Oil (CLP)*

Knife Restoration Kit..... C23FZKR41511 .....$29.96

Sealant

A unique product to Flitz! This is a hydrophobic spray (meaning; immediate repelling of water) that is safe on All Metals, Fiberglass, Clear Coats, All Paints, Plastics, Granite, Glass, And All Man-Made Hard Surfaces. Helps protect against Salt, UV Rays, Water Stains, Bugs, Bird Droppings, and Yellowed Headlights. A completely water-based body-shop safe formula producing NO SWIRLS. Creates a ceramic shell type coating preventing from any harmful/damaging absorption to occur to your surface. Protects for up to 8 months to a year and covers 1,100 sq. ft!

Spray - 50ml/1.7 oz
C23FZ02902 .....$3.37
Spray - 8 oz w/Microfiber Cloth
C23FZCS02908.....$18.71

Premium Microfiber Polishing Cloth

Getting a lasting shine means you need something for the finishing touch.
Make every polish job shine effortlessly with the Premium Microfiber Cloth!

Premium Microfiber Polishing Cloth
C23FZMC200 .....$4.46

Rifle, Gun, & Knife Wax

A premium, white carnauba and beeswax formula that provides exceptional results on gun bluing, polished or hand-rubbed stocks, stainless and nickel firearms. Removes and Protects Against: Rust, Fingerprints, Water Stains, Powder Residue, Tree Sap, Blood, Salt Deposits, Lime Deposits and More!
Rifle, gun, & knife Wax
C23FZGW02785..... $13.46

Bore Cleaner

- Maintains accuracy in your firearm.
- Eliminates the need for other cleaners.
- Safely cleans & protects.
- No foam = No mess.
- Contains no ammonia.
- Environment friendly.
- Non-abrasive. Non-flammable.
- Safe on factory gun bluing, stainless, and nickel firearms.

Gun Bore Cleaner . C23FZGB04985 $14.02

Tumbler/Media Additive

Will not harm ANY METAL or Primer.
Will not stress brass. No Ammonia.
No Buildup. Suitable for corn cob, walnut or other media. Cuts tumbling time in half. Cleans, polishes & protects brass & nickel. Eco-safe product.

• Super in tumblers and vibrators
• Reduces tumbling time & increases media life
• No Ammonia • Add 1oz. per pound of media

Plastic Bottle w/Flip Spout *(7.6 oz.)*
C23FZTA04885..... $14.02
Plastic Bottle w/Flip Spout *(16 oz.)*

FrogLube® is a cutting edge biodegradable lubricant made from "USDA Certified Food-Grade". All ingredients are
produced in the USA using a proprietary formula. It is a non-toxic substance that dissolves carbon on contact. It has a heavy specific gravity, which enables it to 'season' the metal by absorption deep into the pores. Using FrogLube® results in a durable dry slick wax-like surface that reduces friction, eliminates fouling, and destroys rust. FrogLube® is safe for plastic, urethane, nylon, and wood. FrogLube® give your weapon many extended years of service.

FrogLube® will not harm the environment. It can be disposed of without the need for prohibitive HAZMAT controls.
Employees will be protected from the affects of working in and around toxic chemicals.
- Biodegradable lubricant, cleaner & protectant
- Contains No Petroleum or Water • Pleasant mint smell
- Non-Hazardous in every way

FL14696 FL14966 FL14706 FL14976

FrogLube®

FrogLube is the original "green" bio-based cleaner, lubricant and preservative (CLP) product. Made for weapons, and more...use in and around the water

- *Creates a durable and dry slippery surface that reduces friction and dissolves carbon on contact*
- *Liquid and Paste can be used interchangeably as a CLP. The Liquid was designed to penetrate into the internal and the paste serves well as a "stick where you want it" lubricant for externals*
- *Froglube contains no known toxins, so it is safe to handle or to come into contact with skin and will not irritate eyes*
- *Firearm parts can be warmed before application to improve the application and absorption. A few minutes in the sun will do it, or apply right after shooting when weapon is hot*
- *When used repeatedly, Froglube eases later cleaning*
- *Acts extremely well as a rust preventative*

4 oz. CLP Paste	C23FL14696	$12.97
4 oz. CLP Liquid	C23FL14706	$19.46
1oz. Solvent-Spray	C23FL14966	$11.12
8oz. Solvent	C23FL14976	$25.95

FrogLube® FrogTube

Kit Includes:
- ***(1)*** Nylon Cleaning Brush
- ***(1)*** Microfiber Towel
- ***(1)*** 4 oz. CLP Paste
- ***(1)*** 1.5 oz. CLP Liquid
- ***(1)*** 1 oz. Spray Solvent

FrogTube® Kit C23FL15200 ..... $48.20

FrogLube® EXTREME

FrogLube's new bio-based CLP formula was developed to allow for professionals to transition between sub-zero conditions through high temperatures without having to change out their bio-based lubricant.

- *Discovered to work in every climate from -40˚F and all the way above +125˚F.*
- *Convenient applicator squeeze tube packaging.*

FrogLube Extreme (1.5 oz.)..... C23FL15248 ..... $15.75

Small System Kit

- FrogLube® 1 oz Solvent
- FrogLube® CLP 1.5 oz Liquid
- 2-Ended Cleaning Brush
- Spray Bottle

FrogLube® Pack C23FL15207 ..... $29.66

FrogWipes®

- Pre-Moistened
- Wipes saturated with the power of FrogLube CLP

Apply to all surfaces, scrub until dirt, carbon and fouling particles loosen. Wipe clean with bore patch,wipes or micro-fiber towel. Lube friction points as required for storage, apply a light film prior to storing.

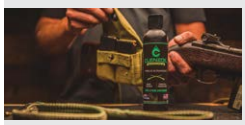
Frog Wipes® CLP C23FL14936 ..... $11.12

FrogBowl®

- FrogLube CLP, Paste, 5ml squeeze packs in a clear, plastic jar with screw top lid.

250 x 5ml squeeze packs of FrogLube CLP paste. Tear open, one-time use pack with directional opening, allows for first time use or sample size to evaluate FrogLube CLP

FrogBowl™ ..... C23FL15230 ... $187.49



FrogLube® Super Degreaser

Bio-Based, non-toxic, non-flammable, non-petroleum, concentrated dry solvent, used as a high powered degreasing solvent (DS), powder cleaning rifle bore cleaner (RBC).

4 oz. Snap Top	C23FL15216	$18.53
8 oz. Spray	C23FL15219	$33.36

Clenzoil® Field & Range

- High quality one-step cleaner, lubricant, and rust preventative eliminates the need for multiple products.
- Nourishes, preserves, and protects wood and leather, and will not harm polymers, rubber, synthetics, or other factory finishes.
- Continues to perform and protect year round regardless of temperature and/or conditions.
- Outperforms all commercially available products in its ability to prevent rust and pull hidden dirt and debris from your equipment.
- Attracts less dirt than any other CLP product. • Saves time and money in both routine cleaning and in storage situations.
- Never gets gummy or sticky with age or exposure to any environmental condition

Gun Oil

This superior lubricant is polarized to bond naturally with metal to form a lasting protection against corrosion. Special rust protecting additives increase lubricity and rust prevention. This product will not gum up to -40°F and it performs effectively in a full range of temperatures.

Gun Oil 2.25 fl. oz..... C23OU42037 .... $2.49

Crud Cutter 16oz Aerosol

- Cleans actions, gun parts and mechanisms without disassembly
- Removes plastic from chokes
- Quickly removes gummy build-ups of grease, dirt and oil
- Evaporates leaving no messy residue
- This item is not for sale in Catalina Island

16 oz Aerosol..... C23OU42071 ..... $7.99

Nitro Solvent

Removes lead, copper and powder fouling. Non-acid formula leaves behind a light layer of oil for corrosion protection.

Nitro Solvent 2 oz. ..... C23OU42032 ..... $3.29

Cleaning & Maintenance

Tetra Gun Professional Gun Care

Tetra's Goal is 100% Customer Satisfaction

Tetra® Gun Grease

- Widest operating temperature range -100°F to 750°F
- Bonds to metals; smooths and protects • Reduces friction
- Quick to apply, easy to use
- Low Odor • Doesn't attract fouling
- Won't migrate
- Excellent for use on rifle bolts, sears, locking lugs and semi-auto slide/rails.

Apply light coating to metal surface.

- Buff dry for a debris-repelling, "glass-smooth" surface.

1oz. ..... C23FD005I $6.29
1oz. Blister Pack ..... C23FD004B1I ... $6.99

Tetra® Gun Lubricant

- Widest operating temperature range -100°F to 750°F
- Migrates to hard-to-reach places
- Reduces friction, wear and fouling
- Provides rust protection
- Easy-to-use • Low odor
- Bore conditioning for increased velocity
- Designed for use in gun barrels and on actions, levers and other metal surfaces subjected to friction.

4 oz. Bottle
C23FD303I $7.79
8 oz. Bottle
C23FD304I $11.29

Gun Blue & Rust Remover

- Removes rust from guns, tools, gauges, precision equipment, etc.
- Removes old bluing
- Fast-acting & easy-to-use
- Primes surfaces effectively to be relubricated or reblued

2.7 oz Bottle ..... C23FD001I ... $5.29

Gun Triple Action™ CLP

- All-in-one cleaner, lubricant and protectant (CLP)
- Petroleum-based
- Value-priced

2 oz. Bottle
C23FD1079I $3.79

Tetra® Gun Copper Solvent

- Quickly removes all contaminants from Firearm Barrels
- Use as the first step in bore conditioning
- Fast acting, extra strength formula
- Won't "etch" the barrel
- Removes copper, lead, plastic, carbon, dirt

4 oz. ..... C23FD501I $5.79
8 oz. ..... C23FD601I $9.49

Gun Cleaner Degreaser

The new 'green' Tetra® Gun Cleaner Degreaser is a water-based formula designed to effectively remove lead and carbon fouling as well as pre-existing lubricant and solvent residue from firearm parts. The product also includes a special additive to prevent flash rust from forming before parts are re-lubricated. What's more, after wiping down gun parts, Cleaner Degreaser leaves virtually no residue.

- *Easy-to-use liquid pump spray for hard-to-reach locations*
- *Cleaning & degreasing power for most light duty jobs*
- *Safe to use; no harsh solvents*
- *Environmentally friendly; mild odor*
- *Won't harm finishes, wood, rubber or plastics/polymers*
- *Just spray, wipe off and you're done!*

4 oz. Bottle ..... C23FD360I $5.99

Gun Carbon Cleaner Wipes

- Convenient Cleaning Wipes for All Firearm Types
- For All Metal Parts
- Removes Carbon & Other Fouling
- Convenient & Portable
- Contains 50 Wipes

50 ct. Bottle
C23FD105I $5.99

Gun Carbon Cleaner

- Advanced Cleaner Quickly Removes Carbon Buildup & Powder Fouling
- Ideal for Black Powder
- Removes Fouling in the Bore • Ammonia-free
- Formulated with an Advanced Rust Inhibitor
- Typically Harmless to Non-metal Surfaces

2 oz. Bottle ..... C23FD104I $3.79

Gun Lubricating Gun & Reel Cloth

- Protects against Rust & Corrosion, Eliminates Fingerprints
- Convenient dry lubrication
- Polishes metal surfaces
- Protects against rust & corrosion
- Removes fingerprints & residue
- Long-lasting formula

1 Cloth
C23FD320I $5.49

Tetra® Gun Action Blaster™

- Maximum Strength Firearm Cleaner and Degreaser for the Toughest Metal Cleaning Tasks
- Liquefies and eliminates carbon fouling
- Quick evaporating solvent
- Extremely economical and efficient
- Black powder bore cleaning capability

10 oz. Can
C23FD006I $7.49

Gun Stock Finishing Kit

The Complete Gun Stock Finishing Kit brings out the natural beauty in wood stocks. Available in a convenient and attractive clamshell package. Value-priced and peg-boardable.

Includes:

- *Walnut Stain (3 oz.) • Gun Stock Finish (3 oz.)*
- *Service Cloth • Sandpaper (120, 280 & 400 grit)*
- *Instruction Guide*

Finishing Kit ..... C23FD805I $14.79

Gun Triple Action™ Spray – Synthetic-Safe

- Fluoropolymer Penetrating Lubricant Technology • Flushes out buildup
- Fast evaporating degreaser
- Delivers a light coating of protective Tetra Gun Lubricant
- Includes an advanced anti-corrosion protectant

12 oz. Can ..... C23FD203I $7.49

BROWNELLS®

ACRAGLAS®

- Makes a skin-tight "Accurizing" fit between wood and metal when seating a barreled action into a semi-inletted stock.
- Acraglas shrinks less than 1/10th of 1% when hardening. So perfectly does Acraglas fit your barrel and action that any stamping marks in the steel will also be there in the Acraglas ... impossible to "Bed" any closer.
- Acraglas is acid proof, waterproof, has superior insulating qualities, resists alkalies and will not rot or deteriorate.
- Acraglas is highly resistant to impact and will not dent.

Kit Includes:

- ***2 fl. oz. (59 ml) Resin • 7/8 fl. oz. (26 ml) Hardener***
- ***7/8 fl. oz. (26 ml) Release Agent • Floc • 2 Mixing Cups***
- ***Mixing Stick • Brown Dye • Black Dye***
- ***Complete Instructions***

ACRAGLAS® Bedding Kit ..... C23AG081003002 ..... $17.69

J-B® Non-Embedding Bore Cleaning Compound

A unique combination of ingredients and a one-of-kind, multi-step mixing process give J-B its special characteristics. They work together to cushion the abrasive action; the soft paste liquefies as you use it, then wipes out of the bore easily. The non-embedding feature means there's no abrasive residue left behind which might keep "cutting" after you've finished cleaning.

- *Cuts Through Toughest Bullet Jacket & Powder Fouling*
- *Can't-Run Paste Formulation*
- *Cushioned Abrasive Action Leaves Bores Sparkling*
- *Won't "Eat" Stock Finish*
- *It's non-embedding, which simply means it won't get "stuck" in the metal's pores, so there's no worry about the residue continuing to "cut" after you've finished cleaning.*

2 oz. J-B Bore Cleaner ..... C23AG083065002 ... $12.63

ACRAGLAS Gel®

- Slightly less shrinkage than that of Acraglas.
- 1-to-1 mixing ratio gives a stable, molecular lattice structure that will not crack, craze or sugar-out as will other 1-to-1 epoxies.
- Slightly longer pot life to give the user more time when doing the actual bedding.
- Longer cure time - The molecular structure of Acraglas Gel has been controlled so for the first few hours after the epoxy sets it remains slightly flexible, some of which flexibility is retained when fully cured.
- Readily blends with atomized aluminum, steel and stainless steel particles. Standard mix for optimum results is 1 part metal particles-to-3 parts mixed Acraglas Gel by volume.

Kit Includes:

- ***2 fl. oz. (59 ml) Resin • 2 fl. oz. (59 ml) Hardener***
- ***7/8 fl. oz. (26 ml) Release Agent • Measuring Spoon***
- ***Re-useable Poly Mixing Dish • Mixing Stick***
- ***Brown Dye • Black Dye • Complete Instructions***

Acraglas Gel® Bedding Kit ..... C23AG081014004 ..... $30.99

Formula 44/40™ Instant Gun Blue

44/40's familiar bluing action is almost magic; simply dampen a patch with 44/40, wipe it on and wipe it off immediately with a dry one. The coloring action happens instantly and the color penetrates deep into the metal for a long-lasting finish. There's no need to soak or rub for long periods. Surface preparation's easy, too; for scratches, just clean and degrease as you normally would & apply 44/40.

- *Original, high-speed formula, deep penetrating action*
- *Fast, easy, wipe-on, wipe-off application*

2 oz. Bottle ..... C23AG082440002 ..... $7.49

Pricing subject to change without notice. Not responsible for typographical errors.

IOSSO® PRODUCTS

Gunbrite Paste

Gunbrite is safe for use on factory blued, stainless steel, chrome and nickel guns. It removes powder fouling, surface rust, tarnish and discoloration from the barrel and stubborn black rings from the face of the cylinder.

Gunbrite Paste *(2 oz. Tube)* ..... C23IO10202 .....$6.49

Bore Cleaner

NEW BIO-Based Formula. Highly effective concentrated paste formula that lasts longer and takes less time to clean with than ordinary liquid or aerosol type cleaners. Because it is a paste it cannot spill or run into wood stocks, grips or mechanisms causing chemical damage. Iosso Bore Cleaner removes copper, lead, carbon burn, powder fouling, plastic wad residue, and surface rust. It is non-corrosive, non-flammable and has no offensive odors or mists. Use with the Eliminator Brushes and Eliminator Triple Action Oil Solution for complete cleaning. This bio-based formula is made from plant extracts. While keeping our environment healthy, it also reduces our dependence on foreign resources. USDA Certified and designated for federal procurement.

Bore Cleaner *(1.5 oz. Tube)* ..... C23IO10215 .....$5.99

Iosso® Triple Action Oil

This triple action solution cleans, lubricates and protects. It penetrates to loosen powder, carbon, and plastic wad. It's is an excellent lubricant for parts, and inhibits corrosion. For Bore cleaning, apply the solution to a patch, run it through the bore several times. It will not freeze or dissipate in hot weather. It lubricates in extreme temperatures to avoid weapon jamming. Works to -74F(-65C).

Triple Action Oil *(4 oz.)*
C23IO10740 ..... $7.99

Sizing Lubricant and Cleaner

This product is formulated to clean and lubricate. It eliminates stuck cases to make sizing less work and prolongs the life of your dies. It's easy to use with no sticky residue and no offensive smell. It is water soluble, biodegradable and non-flammable. It inhibits corrosion and rust. Just apply a light spray to casings, then size. It cleans while lubricating, so you may either wipe, or rinse in hot water or alcohol before reloading.

Pump Spray *(4 oz.)*
C23IO10743 ..... $7.99

Case Cleaner

Iosso Case Cleaner and Kit restores brass casings to a bright finish in seconds. It removes powder fouling residue, discoloration, oxidation, tarnish, dirt and grime.

Kit contains: (1) Quart Cleaner, (1) Strainer Bag, (1) Pail and Lid.

Case Cleaner Kit ..... C23IO10400 ..... $17.29
Case Cleaner *(32 oz.)* ..... C23IO10401 ..... $8.99
Case Cleaner *(1-Gallon)* ..... C23IO10402 ..... $25.49

Case Polish

Cleans and polishes brass casings to a high luster. It removes powder fouling, residue, oxidation, tarnish, and discoloration. Add Iosso Case Polish to your media before tumbling. It works with the media to reduce tumbling time and gives your brass a like-new finish. Use Iosso Case Polish on soiled casings or on casings that have been pre-cleaned with the Iosso Case Cleaner.

Case Polish *(8 oz.)* ..... C23IO10600 ..... $11.49
Case Polish *(32 oz.)* ..... C23IO10601 ..... $32.99

Pachmayr

Butch's Bore Shine

Designed by well known bench rest competitor Butch Fisher, this non-abrasive chemical solvent is specifically designed to remove all forms of bore fouling including copper with an absolute minimum of effort and no damage. It will quickly remove carbon build-up, even in difficult to clean areas like the chamber throat. It also removes lead, wax and even plastic shotgun wad build up. A significant improvement over conventional solvents, Butch's can also control the copper fouling by pushing a few patches soaked with Butch's prior to shooting. Butch's is safe to use on normal and stainless barrels. It is a true "All in One" Cleaner. Try it and you will never use anything else! Now available in three sizes.

Bore Shine 4oz ..... C23PA02937 ..... $9.29
Bore Shine 8oz ..... C23PA02953 ..... $12.79
Bore Shine 16 oz ..... C23PA02941 ..... $23.49

Butch's Gun Oil

Butch's Gun Oil is an ideal bore protectant and conditioner, especially when used with Butch's solvent. It is a proprietary blend of natural oils that withstands the intense heat, friction and pressures produced in a firearm's chamber and bore. The product's rust inhibitor provides the absolute maximum in corrosion protection for both regular and stainless steel firearms. In addition, this oil is also a superior lubricant instantly making gun parts work noticeably smoother.

Gun Oil *(4 oz.)* ..... C23PA02948 ..... $7.29

Butch's Black Powder Bore Shine

Butch's New Black Powder Bore Shine was developed specifically for the Black Powder Shooter who asked for a better, faster way to clean their rifles. Butch's Black Powder Bore Shine comes from a special cleaning solvent used by the U.S. Military. This Black Powder bore cleaner, like the original Bore Shine does it all. Removes Powder, Lead and Plastic Fouling faster than any other cleaner. Best of all it is odorless, non-toxic, non-flammable, biodegradable and protects against rust and corrosion. You can't find a better cleaner for black powder anywhere.

Bore Shine 8 oz ..... C23PA02949 ..... $8.49

KROIL®

Used and trusted by pros and experienced DIYers alike since 1939, Kroil quickly loosens rusted nuts and bolts, frees frozen shafts, pulleys, and more. No space is too tight to reach, thanks to Kroil's ability to penetrate the smallest opening, thread or crevice. Corrosion meets its match, as Kroil removes and prevents rust, cleans and lubricates, and displaces moisture.

Kroil Original Penetrant

The Oil That Creeps

Loosens Frozen Metal Parts! An industry proven penetrating oil that has no equal. Quickly loosens rusted nuts and bolts - frees frozen shafts, pulleys, etc. Penetrates to 1 millionth inch spaces, dissolves rust, lubricates, cleans and prevents rust. Displaces moisture. The oil that creeps. Used by 480 of the Fortune500 Companies. Aerokroil- Kroil under pressure. Squirts a thin stream 3ft. Used by shop & field men to save time loosening frozen parts.

TIPTON

Gun Vise

Secure your rifle or shotgun for just about any work you want to perform on it. The Tipton Gun Vise is an ideal "third hand" for cleaning and gunsmithing

- *Rubberized Cradle and jaws to protect your firearm*
- *Quick-release cam action for easy access*
- *Molded-In compartments for solvents and small parts*
- *Solvent resistant Plastic*

Tipton Gun Vise..... C23PH782731 .....$49.99

Gun Butler™

- (2) removable, non-marring forks to securely hold firearm
- Durable polymer construction
- Convenient recessed storage compartments
- Center carry-handle

Gun Butler ..... C23PH100333 .....$26.99

Compact Range Vise

The Compact Range Vise collapses to 11-1/4" and fully expands to 17-3/4", making it easily carried but full functioning when completely expanded.
Six rubber feet provide the vise a very rigid, non-slip base. Two non-marring forks protect your guns' finish while holding them securely in place for cleaning, light maintenance or as an extra set of hands. The Compact Range Vise is extremely durable and is made from high quality, solvent-resistant nylon that will deliver years of lasting performance.

- *Durable, solvent-resistant nylon and polymer construction*
- *Collapses for easy storage or transport in a range bag • (6) non-slip rubber feet*
- *Non-marring contact surfaces • Collapses to 2.75" tall*

Compact Range Vise..... C23PH282282 .....$24.99

1911 Mag Well Vise Block

Designed for use with the Tipton® Best Gun Vise™, this center support slides into the magazine well and provides a steady base for cleaning or light gunsmithing on your 1911. Users without a Best Gun Vise can mount the Mag Well Vise Block directly to their bench top with the included fasteners. Loaded with handy features, this tool is a must have for anyone with a 1911

- *Mag well arm is removable for clamping in a bench vise when additional rigidity is required*
- *Solvent-resistant polymer provides durability and is non-marring to surfaces*
- *Built-in barrel bushing wrench • Insert, push, rotate, extract. It is that easy.*
- *Center section rotates 180° making in infinitely adjustable*

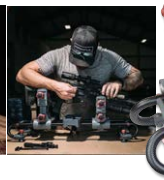
Mag Well Vise Block..... C23PH558080 .....$19.49

Best Gun Vise™

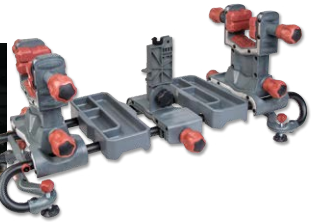
- Non-marring surfaces
- Durable polymer construction
- Mountable directly to benchtop (hardware not included)
- Front and rear base slide on center aluminum rail for optimum length adjustments
- Accommodates multiple different firearms and projects
- Adjustable rear off-set clamping mechanism
- (4) non-slip rubber feet

Best Gun Vise™ ..... C23PH181181 .....$112.99

Standing Ultra Gun Vise



- Ultra Gun Vise modular chassis included
- Free standing, 4-leg system removes the need for a table or bench
- Oversized levers for easy leg deployment
- 35" height for optimal comfort while working
- Lightweight - weighs approximately 20 lbs
- Built-in bottle opener
- Makes cleaning convenient in the field or on the range



Ultra Gun Vise Modules

- Non-marring, glass-filled nylon vise/clamp construction
- Ball and socket articulating clamp pads allow for the pads to adapt to any firearm's surface
- Front and rear clamps are both height and length adjustable
- Mountable directly to horizontal rails • Removable accessory/tool trays

Standing Ultra Gun Vise..... C23PH1094247 .....$239.99

MTM CASE-GARD™ QUALITY SHOOTING SPORTS ACCESSORIES

Screw-It Deluxe Bore Guide Kit

- Designed for regular rifles and AR modern sporting rifles. Bore guides properly align the cleaning rod and reduce solvent overflow, protecting the bore and action of your rifle.
- Screw-in design creates a tight chamber fit, which aligns bore and protects action area.
- Fits bolt diameters .695" or smaller - Compatible with cleaning rods up to .375" dia.
- 9 Piece kit includes a compact plastic storage case – Made in USA

Screw-It Deluxe Bore Guide Kit..... C23MTSBK $16.29

Gunsmith Maintenance Center

The Gunsmith's Maintenance Center by MTM Case-Gard™ is one of the best values on the market. Two removable forks with molded in rubber for protection of your firearms can also hold your cleaning rods. Each fork has two height adjustments to hold firearms level, upright or upside down. Compartments are provided for your bottled cleaners to prevent spills. There is so much room in this case, you can carry and store all your gun cleaning supplies in one convenient place. It is also ideal for mounting scopes, swivels, bedding of actions, etc. Now that's getting your money's worth!

- Dimensions: 29.5" x 4" x 9.5"

Gunsmith Maintenance Center..... C23MTRMC5 .....$44.99

Gun Cleaning - Portable Rifle Maintenance Center

This maintenance center can "pop out" and can be stored in the base along with your cleaning supplies. The forks are over molded with rubber for protection of your firearm and can hold cleaning rods. It features sliding dust covers to protect your equipment and keep everything clean and secure inside. You can also use it to mount scopes, swivels, bedding of actions and more.

- Dimensions: 23.2" x 3.5" x 11"

Portable Rifle Maintenance Center..... C23MTRMC1 .....$51.49

Gun Vise

The MTM Gun Vise features a fast, single adjustment clamp down and a secure non-marring hold. The gun forks are positioned high and low giving the option of a level clamp up for maintenance, or a sloped clamp up for drainage. Shotgun barrels are held securely for easy cleaning. Organize your cleaning supplies with the 14 separate compartments, including a small divided tray that slides to uncover more compartments in the base for smaller, easy to lose items.

Gun Vise..... C23MTGV30 .....$53.99

Gun Cleaning Rod Case

Tired of your rods getting lost, broke, dirty and tips getting bent. Finally, someone's created a place to put them. MTM's Gun Cleaning Rod Case offers a safe place to store and transport cleaning rods, up to 47.5" long. Also, holds round and square cleaning patches, along with jags and brushes. Comes with a hanging hole on one end, so you can store it on the wall if you wish. Maximum rod diameter is .400".

- *Holds four rifle or shotgun cleaning rods up to 47.5" long*
- *Foam padding holds rods in their own individual slots*
- *Compartments for storing patches, jags and brushes*
- *Made of rugged polypropylene plastic – Made in USA • Exterior: 48.5" x 6" x 1.5" (H)*

Gun Cleaning Rod Case..... C23MTCRC $24.99

Montana X-Treme Cleaning Rod

Montana X-Treme Cleaning Rods are engineered to provide years of service with minimal maintenance. Only the highest quality materials are incorporated in Montana X-Treme rods. Two sets of thrust bearings secured between hardened stainless steel retainers insure an effective force is distributed during push/pull and help keep your jag or brush from unscrewing. These rods are constructed of the highest strength spring steel available and coated with our proprietary, non-embedding coating. The handle is machined aluminum and sized to avoid contact with gun stocks.

NTM® CASE-GARD™

QUALITY SHOOTING SPORTS ACCESSORIES

Jag & Brush Case

Organization and Protection for Jags & Brushes

Helps keep gun cleaning quick and organized. Cleaning tips are held together in one convenient palm sized container. impervious to cleaning solvents, the Case-is made of clear polypropylene, so you can see from the outside, what's on the inside. Divide into four compartments, this case allows jags and brushes to be sectioned by caliber for more efficient storage.

Jag and Brush Case..... C23MTJAG00 ..... $4.29

Pistol & Rifle Chamber Indicator Flags

The traditional range safety flag, used at matches for the 30 caliber service rifles and bolt action match rifles. The insertion part of the flag is .290 in diameter and can easily be trimmed to size with wire cutters. CMP approved and comes in safety yellow.

Chamber Flags..... C23MTCFP $7.29

Gun Cleaning Patch Catcher

Keeps the mess of gun cleaning to a minimum, by trapping solvent spatter and dirty patches from the end of a gun barrel. Fits anything from 22LR rifles up to most double barrel shotguns. Constructed from chemical resistant, see-thru polypropylene. Opens wide with smooth rounded edges for easy clean out.

Gun Cleaning Patch Catcher... C23MTGCPC $12.99

Cleaning & Maintenance

TIPTON

26-Piece Ultra Jag & Best Bore Brush Set

Combining the Ultra Jags and Best Bore Brushes into one convenient 26-piece set gives you the ultimate storage system for your brushes and jags. Neatly organized in a durable, hinged box with marked cavities, it's easy to select the correct jag and brush for your particular application. 17 to 45 caliber (does not include 20 caliber). All jags and brushes have 8-32 threads (17 caliber has 5-40 threads and is a standard bore brush)

26-Piece Ultra Jag & Best Bore Brush Set ..... C23PH444777 ..... $36.99

13-Piece Solid Brass Jag Set

This 13 piece set of solid brass cleaning jags is the fastest way to thoroughly clean, dry, or oil the bore. Each jag is designed to provide a tight fit between the patch and the bore. A pointed tip keeps the patch centered and allows it to drop off when th jag exits the muzzle. Made with 8-32 threads (17 cal. has 5-40 threads), they will fit most brands of cleaning rods, and should provide years of service.

13-Pc. Solid Brass Jag Set ..... C23PH749245 ..... $16.99

Ultra Jag™ Set

- 13 Piece caliber-specific set of ultra jags
- Contained in a durable, hinged box with marked cavities
- Contains .17 - .45 Caliber
- Jags have 8-32 threads
- .17 And .20 Caliber have 5-40 threads

13-Pc. Ultra Jag Set ..... C23PH500012 ..... $20.99

Best Rifle Bore Brush Set

- 13 Piece caliber specific set of best bore brushes
- Contained in a durable, hinged box with marked cavities
- Contains .17 - .45 Caliber
- Jags have 8-32 threads
- .17 And .20 Calibers have 5-40 threads

13-Pc. Bore Brush Rifle Set ..... C23PH402173 ..... $24.99

Brush Set

Contained in a durable, hinged box with marked cavities, it's easy to select the correct brush for your particular application. Shanks are looped and wound, not cut. Threads fit most popular brands of cleaning rods (8-32 for Rifle and Pistol, 5/16-27 for shotgun).

- *Rifle Brush Set contains 14 caliber specific brushes (17-45 cal.)*
- *Pistol Brush Set contains 8 brushes (22-47/48 cal.)*
- *Shotgun Brush Set contains 6 brushes (.410-10 ga.)*

14-Piece *Rifle* Brush Set ..... C23PH168577 ..... $20.99
8-Piece *Pistol* Brush Set ..... C23PH845102 ..... $15.49

Cleaning Picks

- Helps you reach the tightest spots in your firearms
- Set of 4 picks, each has a different shaped tool at each end

Polymer ..... C23PH549864 ..... $4.49
STS ..... C23PH324770 ..... $15.99

Deluxe 1-Piece Carbon Fiber Cleaning Rod

Carbon fiber rods are the best of both: the carbon fiber can't scratch your bore like stainless steel, and they won't embed like coated rods. Plus, Carbon Fiber rods can be bent to an extreme degree and return to their original straightness.

- *Hang hole for easy storage. Also allows for reasonable hammer blows to clear a stubborn patch.*
- *Two sets of high quality bearings that won't bind under pressure and allows the shaft to follow the rifling.*
- *Comfortable ergonomic shape. Handle remains fixed in your hand while the shaft rotates on the bearings to follow rifling.*
- *Shank-through construction for working tight patches.*
- *Carbon fiber shaft won't embed particles that could damage your rifle bore.*

26" Carbon Fiber Cleaning Rod *(22 – 26 cal)*
C23PH216411R $36.99
36" Carbon Fiber Cleaning Rod *(Shotgun)*
C23PH713415R $52.99
44" Carbon Fiber Cleaning Rod *(22 – 26 cal)*
C23PH783485R $40.99

Deluxe Fiber Cleaning Rod

- Carbon fiber rod shaft to prevent bent rods
- Ball-bearing handle allows full following of rifling
- 8-32 threads accept most popular accessories.

.17 - .20 Caliber **36"** Length ..... C23PH107486R $37.99
.22 - .26 Caliber **40"** Length ..... C23PH182978R $39.99
.27 - .45 Caliber **40"** Length ..... C23PH413662R $39.99
.22 - .26 Caliber **36"** Length ..... C23PH430886R $39.99

Nylon Bristle AR Chamber Brush

Montana X-Treme AR Chamber Brushes are constructed on a brass core with very stiff heavy bristles that will not flatten and retain their memory like brass chamber brushes from other manufacturers. Designed for a superior cleaning of lugs and chamber. Standard 8 x 32 thread.

.223/5.56 ..... C23MU07170 ..... $7.29
.308/7.62 ..... C23MU07175 ..... $7.29

Nylon Bore Brushes

Montana X-Treme Cleaning Brushes are the toughest nylon brushes in the industry. They are made with very stiff, heavy duty bristles and a solid brass core to assure your firearms will get a superior cleaning with minimal effort on your part. Standard 8 x 32 thread (.17 and .20 Cal brushes have a 5 x 40 thread, and shotgun brushes have a 5/16 x 27 thread).

Brass Cleaning Jags

Montana X-Treme Cleaning Jags utilize a patent-pending barb design that ensures your patch will stay put. The barbs are arranged in opposing directions to securely grab and hold the patch when both pushing and pulling. The tip employs a radius cut from the base of the body to strengthen the tip against bending and breaking, which is a common complaint with jag tips from other manufacturers. These jags are CNC-machined to ensure exact tolerances and are constructed of solid brass for years of service. 5 x 40 thread and 8 x 32 thread.

Butch's Gun Care Products

Pachmayr

Butch's "Triple Twill" Patches

To complete the ideal cleaning system, Pachmayr developed the perfect patch. Like Butch's bore shine, these patches offer superior performance. They hold more liquid and remove fouling faster than ordinary cotton flannel patches. A special fabric used in laboratories and clean rooms, Triple Twill's special weave has hundreds of tiny "ridges and drop zones" which scrub and capture fouling residues far better than other patches. Butch's Triple Twill patches don't shed lint and have been specially treated for maximum absorbency.

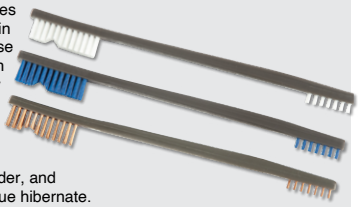
OTIS SMART GUN CARE



MSR/AR Maintenance Tool Set

Included in this set are a scraper, a locking lug scraper, a straight pick, a pin punch, a nylon end brush, a compact receiver brush, and two rod handles. These tools will not scratch the firearm, and with them you can now thoroughly clean areas such as the locking lugs, the slides, bolt face, rails, and any other hard to reach places. These components can be ordered as separate add-ons to all kits, and will fit in existing soft packs!

Brass Scraper Tool Set ..... C23OYFG932 ..... $16.49

All Purpose Brushes

These brushes are the elite in cleaning those hard to reach places. They give you the ability to scrub places where carbon, powder, and copper residue hibernate. These brushes are available in a variety of different tolerances. The softest is the nylon bristled brush, followed by a slightly more aggressive blue nylon bristled brush. The most aggressive of Otis' All Purpose Receiver Brushes is the stainless steel bristled brush.

• Includes: (3) Nylon/ (3) Bronze/ (3) Stainless Steel Brushes

Variety Pack..... C23OYFG316BP $14.79

Chamber Brushes

The tapered bronze bristles of the Otis chamber brush scrub the chamber, neck and shoulder. The steel bristles at the base scrub the star chamber of the locking lugs. The brass stem is cold welded to the core, and the tip is folded, not cut. The chamber brush has a standard 8-32 thread.

5.56mm Chamber..... C23OYFG367HT $4.49
7.62mm Chamber..... C23OYFG368HT $4.29

Cleaning Patches

Otis patches are 100% cotton and each patch can be used up to 6 times, offering 6 new clean surfaces.

Small Caliber Patches, 100 Count..... C23OYFG918100 ..... $6.79
All Caliber Patches, 100 Count..... C23OYFG919100 ..... $8.79

The Otis Reload

The Otis Reload includes two .5oz tubes of Otis O85® Ultra Bore® Solvent., and 50 all-caliber cleaning patches. The Otis O85® Ultra Bore® Solvent is an all-in-one cleaner, lubricant and preservative, and can be used on any firearm finish. The all-caliber cleaning patches can be used on all firearms from .22 caliber to 12/10 gauge, and can be used up to 6 times per patch. They are 100% cotton and provide 360 degree coverage in the barrel.

Small Caliber Patches, 100 Count..... C23OYFG919901 ....$7.29

Tetra® Gun Bore Boa™

Introducing Tetra® Gun Bore Boa™ - the quickest and easiest way to clean and lubricate your bore! Ideal for use with Tetra® Gun Triple Action™ CLP, the Bore Boa™ is designed to reach every part of the bore, making close contact with its surfaces. Let the Bore Boa™ do the work - simply pull it through the bore to loosen and remove fouling and apply lubrication for bore protection at the same time.

- *Reusable and easy to wash*
- *Great alternative to patches*
- *Will not damage the bore*
- *Convenient to store in resealable packaging*

Bore Mops

PXMP38

These bore mops are wool and 100% cotton with a brass core. Both types are made of the highest quality construction possible. Mops can be used for quick cleaning and bore lubrication. Mops are especially excellent when using oil for bore lubrication because they create a foaming action that helps in the lubrication process.

.17 Caliber	C23PXMP17	$2.49

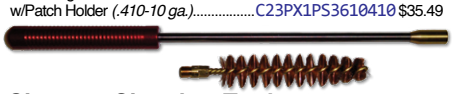
Cleaning & Maintenance

Pro-Shot Products



Stainless Steel Micro-Polished Cleaning Rods

Mirror like hardened finish of our rods does not pick up and carry abrasive grit or dirt. Rugged precision threading for no wobble attachment of rod tip accessories. No adapter needed and our attachments do no get out of line with the rod, as when an adapter is used. Threaded #8-32 and will accept all major American Cleaning Rod Accessories. The .17-.20 Cal. Rods are 5-40 thread. Rod rotates in handle, allowing bore brush to spiral with rifling and clean the grooves of the rifling completely.

Rod length stated is working length. Add 4" for the handle.

Lyman

Brands that Perform

Universal Bore Guide Set

Lyman's Universal Bore Guide Set directs and centers your cleaning rod and jag through the chamber. "Universal" means that this set will fit most bolt actions and even includes a special adapter sleeve for the AR-15. This set includes interchangeable tips that cover bore sizes from .17 up to .416 and the thread-on nozzles prevent the guide's sticking in the chamber. The guide's specially machined port makes applying solvent to the inserted cleaning patch easier and neater than trying to push a wet patch into the open end of the guide.

Universal Bore Guide Set
C23LY04045 ..... $16.49

OTIS

SMART GUN CARE

B.O.N.E.® Tool

MSR/AR owners know the importance of a clean bolt and bolt carrier group. Carbon and fouling can build-up in these areas, causing jams and malfunctions. The B.O.N.E.® Tool was designed specifically to clean the bolt carrier assembly area of .223 cal./5.56MM rifles. Includes an 8-32 threaded hole to act as a T-handle. Scrapes carbon and fouling from:

- The bolt • Bolt carrier • Firing pin

B.O.N.E. Tool *(.223/5.56mm)* ..... C23OYFG246 ..... $27.99
B.O.N.E. Tool *(7.62mm)* ..... C23OYFG276 ..... $27.99

Star Chamber Cleaning Tool

Take the awkwardness and difficulty out of cleaning the chamber area of an MSR/AR Style rifle with Star Chamber Cleaning Tool. This tool quickly and effectively cleans the star chamber in just a few twists

- *Scraper removes fouling build-up*
- *Cleaning pads pick up fouling loosened by the scraper*
- *8-32 threads accommodate a chamber brush for additional* cleaning

12-Pack Replacement Cleaning Pads

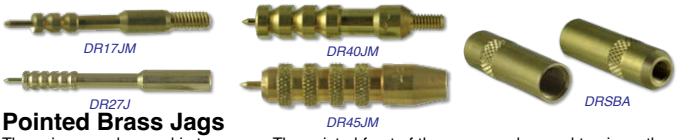
Rifle/Pistol Chamber Rod

- Rifle/Pistol chamber rod • 1/4" Diameter • 8/32 Female Threaded to accept standard brushes, chamber brushes, or mops (excellent for M16/AR15 cleaning) • 9-1/2" Brass Shaft

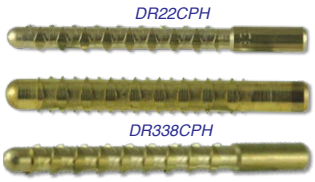
9-1/2" Chamber Rod *(8/32 Female Thread)*	C23DRCHR	$8.99



Shotgun Port Cleaning Tool

This shotgun cleaning tool comes with 3 1/8" diameter port brush. This tool is handy for cleaning out the port holes in the your shotgun barrels.

Shotgun Port Cleaning Tool.	C23DRPBK	$12.79



Pointed Brass Jags

These jags can be used in two ways. The pointed front of the mag may be used to pierce the center of the patch, or the patch may be wrapped around knurled section in back of the point thus allowing more patch area to be exposed to the bore. The latter method also helps to keep the cleaning rod centered in the bore.

.17-.20 Caliber (*Male* Threads)	C23DR17JM	$3.29
.22 Caliber (*Female* Threads)	C23DR22J	$2.99

Gun Cleaning Mat

For firearms, fishing reels, hobbyist. Soft, nomar top material absorbs oils and solvents. Rubber-like mat backing is impermeable, prevents work surface damage, and keeps mat from sliding. Washes in mild detergent, easily rolls up for storage, camp or range use.

12"x24" Gun Cleaning Mat	C23DRMT1	$12.49

KleenBore
KLEENED TO PRECISION

Kwik Kleen One Pull Through Rope Cleaner with BreakFree CLP Wipe

Fast & easy field or range cleaning! Designed with a series of built-in bristles, the Kleenbore rope cleaner combines all the cleaning processes into one simple step, effectively cleaning your bore in a single pass.

- *Lightweight and packable, great for those quick cleans.*
- *Initial floss area brushes the action then removes loose grit and debris in the bore prior to the main scrubbing.*
- *The main floss, with 160 times more floss than a standard cleaning patch, safely super-scrubs the bore to a mirror-like finish.*
- *Size marked on the brass weight of the pull cord.* • *Washable & reusable*

IOSSO PRODUCTS

AR-15 Complete Cleaning Kit -

This cleaning kit contains 6 precision fit brushes. The brushes clean the Upper Receiver, Chamber, Bolt Carrier, .223 Bore(AR-15),or .308 Bore(AR.308), Bolt Carrier Key Tube, and the Gas Tube. The Gas tube brush cleans the entire length of the gas tube without disassembly of the upper receiver. This kit includes all tools, rod, and rope necessary for the cleaning job. Also included is a bag to carry all of the components.

AR-15Cleaning Kit .223 Bore ..... C23IO19515 ..... $54.99

AR-15 Brush Kit

Fitted for Precision Cleaning
This kit contains:
(1) Upper Receiver Brush,
(1) Bolt Carrier Brush,
(1) Chamber Brush, and (1) Bore Brush.
These unique brushes are superior because they are sized to tolerance for precision cleaning. They are made out of a blue Nyflex fiber, which is a stiff, thick fiber that holds its shape well and allows for back and forth action unlike traditional brass and bronze type brushes. They may be used several times before becoming worn. The brushes are wound tightly so there is more cleaning area per inch. The shank is a solid construction, sized to fit 8/32 cleaning rods. When used with the Iosso Bore Cleaner and Iosso Gun Oil, it will remove nasty carbon burn and all other fouling, including copper and lead.
The Upper Receiver Brush is available with a handle and is Sold Separately.

AR-15 4-Brush Kit	C23IO19115	$14.29
AR-15 Upper Receiver Brush w/Handle *(2-Pack)*	C23IO19124	$7.49
AR-15 Upper Receiver Brush *(2-Pack)*	C23IO19121	$7.99
AR-15 Chamber Brush *(2-Pack)*	C23IO19122	$7.49
AR-15 Bolt Carrier Brush *(2-Pack)*	C23IO19123	$7.49

The Eliminator™ Bore Brush

"The Eliminator™" Bore Brush by Iosso® Products is made with a new type of fiber. The Nyflex fiber is a stiffer, thicker fiber that holds its shape well and allows for a back and forth action in the bore unlike the traditional brass and bronze type brushes. It is much stiffer than the standard nylon brush. The Eliminator™ brush is wound tightly and has more fiber per inch than any other brush (35% more Bristle giving 1/3 more cleaning area). It is sized closely to tolerance for a snug fit, reaching all areas. The shank is a solid construction and has a brass core.

Outers®

Barrel Badger

It's been a long day in the field.
You put yourself – and your gun – through the wringer to get to the perfect spot. The trophy you want will come along before the daylight fades, and the last thing you want is your firearm failing.
Enter Outers® Barrel Badger™ – from the makers of BoreSnake®.
Just drop the brass weight into the chamber and feed it through the barrel. The Barrel Badger's two brushes loosen fouling and buildup as it's pulled through the barrel. It has 160x more surface area than a traditional patch, giving you a quick clean in no time. Use it dry or with Outers gun cleaning products. .
• *By the makers of BoreSnake*
• *Fast, quality bore cleaning system • Available in 10 sizes*
• *Covers calibers from .22 to 12 gauge*

AR Chamber Brushes

Designed to keep your AR bores and chambers free of residue for better accuracy and performance.

5.56mm/.223 Chamber Brush	C23HS1323P	$3.19
7.62/.308 Chamber Brush	C23HS1325P	$3.49

Nylon/Tynex Brushes

Tynex brushes will handle most cleaning jobs and the built-in memory makes the bristles return to their original shape, so the brushes can be used over and over again. Tynex offers a unique scrubbing action for a thorough cleaning. See chart to order.

Phosphor Bronze Brushes

These phosphor bronze brushes will "get the lead out" in a hurry, and can handle virtually all cleaning jobs. See chart to order.

Tornado Brushes

Spiral design reaches all of the hard to get spots.
Stiff bristles remove fouling but will not damage bore.
Unique loop wire design won't scratch. See chart to order.

Cleaning Swabs

Washable nylon swabs are soft and will not scratch smooth shotgun bores. Fits all cleaning rods. Sizes available for all gauges and most rifle calibers. See chart to order.

SIG SAUER

CO2 Cylinders

Precision-built SIG ASP pistols and rifles depend on quality ammunition and fuel to perform up to SIG standards. And a higher-quality, cleaner gas in a superior-engineered cylinder can influence the lifetime and performance of any airgun. Over time, a poor cylinder seal can mechanically degrade a critical o-ring. Dirty CO2 can interfere with valves and seals while diminishing velocities – equating to fewer shots per cylinder. Investing in SIG premium cylinders is a simple way to ensure longer-lasting, SIG precision performance.

• Standard Neck Air Ports • Multiple Count Packages • Stable consistent power ouputs

CO2 Cylinders *(40-Pack) 12 Gram*..... C23XIAC1240 ..... $22.49

Rapid Pellet Magazine™
for SIG MCX™ & SIG MPX™

Fire up to 30 rounds in 3.5 seconds. Engineered to elevate performance to SIG standards, this patented magazine removes the limitations to firing speed in the SIG MCX™ and SIG MPX™ ASP. Using a rotary pellet drive system, the SIG RPM™ smoothly feeds 30 rounds per belt – with three refillable belts included per magazine – for consistent optimized firing.

• Rugged Polymer Composite • Dimensions: 5" L x 2"W x 1"D
• Includes 3 extra Belts

Rapid Pellet Magazine™ (.177 cal) ..... C23XIAMRC17730 ..... $24.49

Air Pistol Magazine™
for SIG P250® & SIG P226® ASP

These SIG engineered magazines smoothly feed 8 rounds of rapid-firing precision per side into the SIG P226® and SIG P250® ASP airguns. Just eject, flip and reinsert for 16 rounds a session.
Built tough and reusable to SIG reliability and durability standards.

• Packed in sets of two. • Rugged Polymer Composite
• Dimensions: 4.5" L x .75" W x .35" D • Includes 3 extra Belts

Umarex Steel Strike

The Umarex Steel Strike Air Gun takes its design cues from a short barreled modern sporting rifle and boasts many of the same features. The Steel Strike uses reliable and easy to find 12 gram CO2 cartridges which are housed in the multi-position stock. Topside are flip up sights and generous sections of accessory rail on the top, sides, and bottom of the upper. The drop free magazine holds 900 BBs in its main reservoir and features an easy to load staging tube for fast re-loads. Plinking at the range is always a blast but the Steel Strike ratchets the fun up to the top of the scale with its 6 round burst mode!

Steel Strike ..... C23RW2252120 ..... $92.49

Umarex Gauntlet

The Umarex Gauntlet provides a huge number of consistent, powerful shots from one fill of its high capacity 13-cu. in. regulated tank. The built-in regulator delivers minimal FPS variation from shot-to-shot for long, flat shot strings, this translates directly into outstanding accuracy for hunting, Field Target competition and just-for-fun plinking.

Specifications:

- ***Action:*** *Bolt*
- ***Caliber:*** *.22*
- ***Ammunition:*** *Pellet*

Ruger Mark IV .177

Ruger’s classic Mark Series pistols have been popular for well over 50 years. Finally, you can pass on the shooting tradition of Ruger’s time-honored design to your family with the Ruger Mark IV .177 caliber pellet pistol. Umarex is paying homage to this cornerstone of Ruger design by applying the classic Ruger style to a smooth operating break barrel pellet pistol. Notably, this sweet plinker features adjustable fiber-optic sights, an automatic/manual thumb safety, and grips with combination smooth and checkered surfaces. Get stocked up with plenty of pellets and targets because you are going to need them with this fun plinker. Manufactured by Umarex under license from Sturm, Ruger & Co. Inc.

Umarex Glock G19 Gen 3

The CO2 airgun replica of the GLOCK 19 in .177 caliber is compact and handy, with the unmistakable look of the original pistol and plenty of power. In spite of its relatively small length of 7.25 inches, it fires .177 caliber steel BBs with a muzzle velocity of up to 410 FPS and weighs a satisfying 25.6 ounces. In true Umarex replica form, it has a metal slide and a trigger blade safety. Officially licensed product of GLOCK.

Umarex Glock G19 Gen 3
C23RW2255200 ..... $60.99

Glock G17 GEN 5 GBB

This GLOCK 17 Gen5 airsoft pistol faithfully replicates the same features externally as the firearm. This 6mm airsoft BB pistol works with green gas and fires with a crisp, fast cycle. The G17 Gen5 GBB model officially licensed by UMAREX works with many aftermarket accessories designed for GLOCK pistols such as gun lights, holsters, etc. This Gen 5 GLOCK features the latest power system valve which provides incredible recoil impulse, easy to adjust hop-up, and efficient use of the green gas!

- *Power Source: Green Gas • Caliber: 6mm • Capacity: 23*
- *Velocity: 325 • Ammunition: Airsoft BB*

UX Brodax

The Brodax is a modern-day revolver that is stylish and attractive. It may remind you of a gun you might see in a video game or science fiction movie. Picatinny rail positioned at top-rear making it ready for a dot sight. Located below the barrel another Picatinny rail is ready for a laser or flashlight. The Brodax has a lightweight polymer frame with internal metal parts including the trigger and hammer. The material make-up combined with its external sleek lines give the Brodax great balance.

Umarex Colt Defender

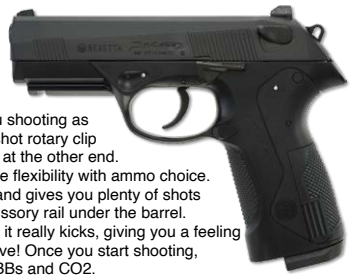
The Colt Defender BB Pistol has an all metal construction and a built in 16-shot BB magazine. The spring powered grip release and the CO2 compartment in the grip make this pistol extremely easy to operate. A fixed blade front sight makes aiming a breeze. Realistic weight of 1.6 lbs.

Specifications:

- ***Caliber:*** *.177*
- ***Ammo Type:*** *Steel BBs*
- ***FPS:*** *410*
- ***Total Length:*** *6.75 in.*
- ***Barrel Length:*** *4.3*
- ***Capacity:*** *16*
- ***Action:*** *Semi-Auto*
- ***Power:*** *C02*
- ***Trigger:*** *DA*
- ***Front Sight:*** *Blade-Fixed*
- ***Rear Sight:*** *Open-Fixed*

Umarex Colt Defender ..... C23RW2254020 ..... $48.99

Umarex Colt Commander



True to the firearm’s physical appearance, the Colt Commander action pistol operates with the power of a single 12 gram CO capsule that is concealed behind the gun’s polymer grips. Proven Umarex valve technology creates a powerful slide cycle while maintaining a BB velocity out of the muzzle of 325 feet per second. This all-metal Colt 1911 includes a metal 19-round drop free magazine, fixed front and rear tactical sights, a skeleton trigger, commander style hammer, and an authentic manual grip safety. It even has the tether ring at the bottom of the backstrap.

Specifications:

- ***Caliber:*** *.177*
- ***Ammo Type:*** *Steel BBs*
- ***FPS:*** *440*
- ***Capacity:*** *16*
- ***Magazine:*** *Drop-Out*

- ***Power:*** *C02*
- ***Trigger Action:*** *Double*
- ***Front Sight:*** *Fixed*
- ***Rear Sight:*** *Fixed*

Umarex Colt Commander ..... C23RW2254028 ..... $108.99

Umarex Beretta PX4 Storm Pellet-BB Pistol

The Px4 Storm air pistol is not only a BB gun, but a pellet gun as well. It will shoot either projectile from its revolutionary dual-ended magazine. This 16-shot repeater will have you shooting as fast as you can pull the trigger. There's an 8-shot rotary clip on one end of the stick mag, and another one at the other end. Since it shoots BBs or pellets, you'll have more flexibility with ammo choice. A 12-gram CO2 is easily loaded into the grip and gives you plenty of shots before you need a refill. There's even an accessory rail under the barrel. Like the handgun, it has real blowback action, it really kicks, giving you a feeling of power that most airguns only hope to achieve! Once you start shooting, you won't want to stop, so get lots of pellets, BBs and CO2.

- ***Caliber:*** *.177*
- ***Ammo Type:*** *Pellets*
- ***FPS:*** *380*
- ***Barrel Length:*** *4.1 in.*
- ***Total Length:*** *7.6 in.*
- ***Capacity:*** *16*
- ***Action:*** *Semi-Auto*
- ***Power:*** *C02*
- ***Trigger Action:*** *Double-Single*
- ***Barrel Type:*** *Rifled*
- ***Front Sight:*** *Blade-Fixed*
- ***Rear Sight:*** *Notch-Fixed*

Umarex Beretta PX4 Storm ..... C23RW2253004 ..... $83.49

Umarex HK 45

The HK45 firearm was created to re-arm the entire U.S. military with a .45-caliber handgun instead of the 9mm. And the cost of doing that is what led to the cancellation of the program. However, Hechler & Koch knew they had a winner and opted to make it available commercially. This BB pistol is a replica of the firearm.

Specifications:

- ***Caliber:*** *.177*
- ***Ammo Type:*** *Steel BBs*
- ***FPS:*** *400*
- ***Total Length:*** *8.0 in.*
- ***Capacity:*** *20*
- ***Action:*** *Semiautomatic*
- ***Barrel Type:*** *Smoothbore*
- ***Power:*** *C02*
- ***Trigger Action:*** *Double Action*
- ***Front Sight:*** *Blade*
- ***Rear Sight:*** *Fixed*

Umarex HK 45 ..... C23RW2252304 ..... $42.99

Umarex Legends P.08

This famous German replica is powered by CO2 and is made of mostly metal parts to give it its realistic weight. With a double action trigger you can shoot as fast as you can pull the trigger or until your 21-round magazine runs out of BBs.

Specifications:

- ***Caliber:*** *.177*
- ***Ammo Type:*** *Steel BBs*
- ***FPS:*** *410*
- ***Capacity:*** *21*
- ***Barrel Length:*** *4.6 in.*

Daisy®

P51 Slingshot Kit

The Daisy Model P51 Slingshot is our most-advanced slingshot, featuring a top-line, fully adjustable wrist support with improved angle for stability and extra power, a thick molded, ergonomic handle and surgical latex tubing and rugged release pouch.

- *Model P-51 slingshot*
- *Daisy Replacement Band*
- *Daisy 3/8-inch Powerline Steel Slingshot Ammo (70 Count)*

P51 Slingshot Kit ..... C23DS988153442 ..... $22.09

F16 Slingshot

- The Daisy F16 Slingshot features a molded sure grip handle and solid steel frame with extra wide fork.
- This sturdy slingshot shoots 1/4" or 3/8" steel shot or 1/2" glass shot.
- For durability, the Daisy F16 features surgical grade tubing and a rugged release pouch

F16 Slingshot ..... C23DS988116442 ..... $7.29

B52 Slingshot

The Daisy Model B52 Slingshot sends your ammo at high speeds toward your target.

- The flexible wrist support is the key to providing steady and stable support for accurate shots.
- This wrist support then folds away for compact storage.
- Molded sure-grip handle and a solid steel frame with extra-wide fork.
- Surgical latex rubber tubing • Rugged release pouch.

B52 Slingshot ..... C23DS988152442 ..... $9.49

Slingshot Replacement Band

- Daisy PowerLine Slingshot Replacement Band fits all Daisy PowerLine Slingshots, including the F16, B52 and P51.
- Tough surgical latex rubber and a durable release pouch.

Replacement Band ..... C23DS988172446 ..... $3.79

PowerLine® Slingshot Ammunition

Daisy PowerLine slingshot ammunition is zinc-plated solid steel shot and comes in a convenient box with a belt clip. Zip-Pow!

UMAREX AIRGUNS

Prepared2Protect™ by T4E® HDP- .50 cal CO2 Pistol

The HDP 50 pepper pistol helps you in being Prepared 2 Protect™. The T4E® HDP 50 was developed by UMAREX®, a family-owned company with interests in empowering people with the confidence to protect themselves, their families, and possessions without the use of a firearm. Being Prepared 2 Protect offers peace of mind when children are present and firearms are unwanted. Its easy-to-use quick response charge and multiple rounds of .50 caliber pepper rounds provide confidence during intense situations.

- Fiber optic sights for quick target acquisition
- Built-in Picatinny rail for mounting lights, lasers, and accessories
- Easy loading with integrated magazine
- Trigger safety is disengaged when trigger is pulled
- CO2 activation system houses your sealed 12g CO2 capsule so with a split-second tap you can activate and be ready to fire
- Pepper Rounds are ideal for less-than-lethal self-defense
- Rubber Balls are great for training and practice
- Powder Balls give you a more realistic training experience without the pepper

RWS Airgun Pellets

Individual requirements call for specific solutions. That's why we continuously build on and optimise our product portfolio in close cooperation with top-level athletes and experts. Our various lines, which are meticulously tailored to the broadest sets of requirements, provide guidance when selecting the right RWS airgun pellets – whether for shooting in mass sports or for special applications, practice or international matches. The colour coding on our lines not only enables quick and simple categorisation and immediate distinction, but also a clear identification of the individual products.

Red Fire Pellets

Experience match-grade accuracy, high-velocity performance and hydraulic expansion at point of impact with Gamo's Red Fire. The diamond shaped hard polymer tip provides a true ballistic trajectory. The force of impact drives the diamond polymer tip into the cylindrical jacket material forcing it to expand outward—increasing the diameter of the projectile as it passes through the intended target (mushrooming effect on impact).

Red Fire Pellets .177 *(150/Tin)*..... C23GN632270154 .....$8.49

PBA Platinum Pellets

PBA Performance Ballistic Alloy enhances penetration velocity by 30%. LEAD-FREE PBA is guaranteed lead-free and environmentally friendly.

PBA Platinum Pellets .177 *(100/Blister Pack)*..... C23GN632265454 .....$13.79

PBA Raptor Pellets

New Raptor Performance Ballistic Alloy, the first non-lead Alloy Airgun Ammunition that increases velocity up to 25% over lead, while maintaining "match grade" accuracy. Specifically designed as a hunting load, the new P.B.A.™ enables airguns which normally shoot 1000 f.p.s. to shoot up to 1200 f.p.s., with tremendous penetration. In fact, the ammunition is 50% harder than lead causing penetration to be enhanced by up to 100% in tests in actual hunting situations as well as ballistic mediums.

.177 cal *(100/Tin)*..... C23GN632264454 .....$10.29
.22 cal *(50/Tin)*..... C23GN632264554 .....$10.29

PBA Platinum Pellets

PBA Platinum .22 cal. pellet that uses enhanced non-lead alloy to generate velocities up to 30% faster than conventional lead pellets. These platinum pellets offer enhanced accuracy and maximum penetration for hunting applications. PBA is 100% lead free and environmentally friendly. enhances penetration velocity by 30%.

.22 cal *(50/Tin)*..... C23GN632265554 .....$13.79

PBA Platinum Pellets

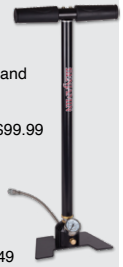
Copper retains 100% of its weight after expansion, retaining velocity/energy – creating less ballistic drag. The shape and long skirt create a flatter trajectory and tighter group patterns. Terminal impact for a clean, vital shot kill. The PBA® Bullet produces 30% More Terminal Impact.

.177 cal *(150/Tin)*..... C23GN632272054 .....$18.49
.22 cal *(100/Tin)*..... C23GN632272154 .....$17.49

BENJAMIN

Airbow Arrows

Features a nano ceramic Victory ICE™ coating for increased speed, greater penetration and easier retrieval. The unique spine alignment increases accuracy and grouping. These are 100% carbon fiber arrows with a 250 spine and hand-fletched, helical vanes. Includes 6 arrows with 100 grain field points. Total weight per arrow is 375 grains.



Airbow Arrows *(6-Pack)* ..... C23CKAB6PKA $99.99

Benjamin PCP Pump

Three stage high pressure pump

The 3 stage high pressure air pump is specially designed to fill PCP airguns. The PCP Pump has a universal adapter and works with the Benjamin Marauder, Discovery and the Crosman PCP Challenger.

Benjamin PCP 3-Stay Pump ..... C23CKHPP2KU $283.49

Benjamin Flat Point Airgun Bullet

High-performance airgun hunting bullet.

- .357 caliber
- 147 grain
- 100 count
- Ballistic coefficient: .190
- Sectional density: .166

Slug HP Sampler Set

The H&N Slug HP is a airgun pellet which differs significantly from the usual pellets due to its bullet shape. It's designed for powerful rifles which can shoot such projectiles precisely at targets at 50, 100 or even 200 meters distance. An extremely favorable ballistic coefficient (BC) ensures a flat trajectory and excellent energy retention. To accommodate different barrel profiles and power levels, we offer options in diameter (.2495 / .2505) and weight.
The muzzle energy of the rifle should be at least 40 joules, but for best results we recommend 60 to 90 joules (depending on rifle and the weight of the Slug). All pellets get lubricated, visually inspected, hand packed and secured for transport with foam pads

TC9065

TC9041

No. 13™ Bore Cleaner

An all natural bore cleaner which contains no petroleum based additives and is compatible with Natural Lube 1000 Plus. Number 13™ will quickly and efficiently remove any trace of residue or fouling without eliminating the "seasoning" which has coated the surface of the bore. Number 13 is non-toxic and FDA food grade rated.

No. 13™ Bore Cleaner Bottle (8 oz) ..... C23TC9041 .. $5.49

No. 13™ Bore Cleaner Spray

Now in a 8oz. handy spray bottle. The all natural bore cleaner with no petroleum based additives and is compatible with Natural Lube 1000 Plus ™.

No. 13™ Bore Cleaner Spray (8 oz) ..... C23TC9065 .. $7.59

Gorilla Grease

An all-natural anti-seize lubricant formulated for use on the threads of removable breech plugs and nipples. This heavy duty lube will withstand the rigors of extensive firing, allowing the shooter to then remove the breech plug with little effort. Works with any removable breech plug or nipple in 1/4oz. micro tub.

Gorilla Grease 1/4 oz Flip-Top Tub ..... C23TC7356 .. $4.39

TC7488 *TC7495*

T-17™ Black Powder Bore Solvent

This solvent is specially formulated to effectively clean and neutralize the harmful fouling left in the bore from Triple Se7en® and other black powder substitutes. T-17™ also helps to remove plastic, copper and lead deposits that could effect the accuracy of your rifle. A micro thin layer of protectant is left in the bore to prevent rust and corrosion and aid in easy loading. The active ingredients of this solvent penetrate even the most caked on fouling and help to restore the bore of your rifle to factory condition.
T-17 Bore Solvent Bottle (8 oz).....C23TC7488..$7.59
T-17 Bore Solvent Foaming (7 oz).....C23TC7495..$7.79

1851 Navy .44 Pistol

A very popular revolver for its time, the model 1851 Navy revolver was adopted by both the U.S. and British military. This .44 caliber model is available in the case-hardened steel frame, with a 5 1/2" barrel. It received its name from the depiction on the cylinder of the Texas Navy's victory over the Mexican fleet in 1843.

• Caliber: .44 • Finish: Case Hardened Frame • Walnut Grips

5.5" Barrel ..... C23ZAPF51CH44512 ..... $313.49

7.5" Barrel ..... C23ZAPF51CH44712 ..... $289.49

1851 Navy Sheriff Pistol

The 1851 Navy model was probably Col. Samuel Colt's favorite. He named it Navy Model, meaning it to be used by the Navy thanks to its small.36 cal. It was instead sold in larger quantities to the Army and became the inseparable companion of the Yankees during the Civil War.

• Caliber: .44 • Barrel Length: 5.5" • Finish: Brass Frame • Walnut Grips

1858 Navy Sheriff Muzzleloader ..... C23ZARNS44 ..... $253.49

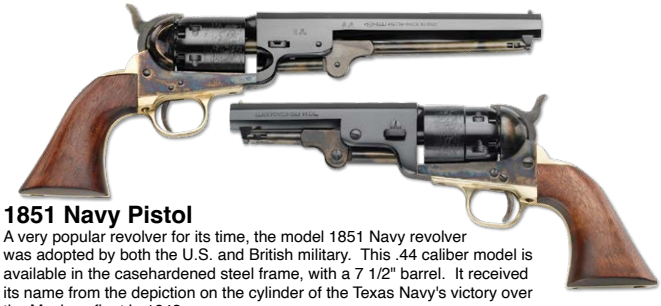
1851 Navy Pistol

The 1851 Navy model was considered as one of the most brilliant single action revolvers thanks to its fast draw and light recoil. It features an octagonal barrel, color case frame, brass triggerguard and backstrap.

• Caliber: .36 • Barrel Length: 7.5"

• Finish: Casehardened Frame • Checkered Walnut Grips

1858 Navy Muzzleloader ..... C23ZAYAN36 ..... $288.49



1851 Pepperbox Pistol

The 1851 Pepperbox is built on an 1851 Navy revolver frame with a longer cylinder retained on the cylinder pin by a threaded screw. It features a case hardened steel frame, brass backstrap and trigger guard, and a walnut Navy size grip. Although it does have a longer cylinder, the Pepperbox does follow typical loading recommendations for a Navy revolver that are included in the manufacturer's manual. No conversion cylinder is available for this model.

• Caliber: .36 • Barrel Length: n/a • Finish: Casehardened Frame • Walnut Grips

1851 Pepperbox Muzzleloader ..... C23ZAYAN36PP $245.49

1851 Navy Pistol

A very popular revolver for its time, the model 1851 Navy revolver was adopted by both the U.S. and British military. This .44 caliber model is available in the casehardened steel frame, with a 7 1/2" barrel. It received its name from the depiction on the cylinder of the Texas Navy's victory over the Mexican fleet in 1843.

• Caliber: .44 • Barrel Length: 7.5" • Finish: Casehardened Frame • Walnut Grips

1851 Navy Muzzleloader ..... C23ZAYAN44 ..... $294.49

• Caliber: .44 • Barrel Length: 5.5" • Finish: Casehardened Frame • Walnut Grips

1851 Navy Muzzleloader ..... C23ZAYAS44 ..... $294.49

Optima® V2 LR

Modeled after CVA's top-of-the-line ACCURA® V2, OPTIMA V2 rifles feature the same trigger-guard actuated breeching lever, internal parts, and trigger. All Optima V2 rifle models featured in the CVA catalog and on the CVA website feature stainless steel or Nitride-treated stainless steel barrels. Add in CVA's Quick-Release Breech Plug (which is finger removable), 100% ambidextrous stock, and a CrushZone® recoil pad, and you've got a gun with more quality features than any other muzzleloading rifle in its price range. Equipped with a 26" barrel, the OPTIMA V2 is easy to maneuver in the treestand and comfortable to carry in the mountains. And it comes standard with a DuraSight® DEAD-ON™ one-piece scope mount, and CVA's solid aluminum PalmSaver ramrod.

Bullet Starter and Palm Saver

- Lightweight - Manufactured from a tough durable polycarbonate, the same material used in football helmets.
- Dual Purpose - Two-in-one tool starts the bullet and protects the palm when used with ram rod.
- Universal - Sized to accommodate a 45 to 58 caliber barrel.

Bullet Starter & Palm Saver..... C23CRH100pkg $5.99

Scorpion PT Gold

Scorpion PT Gold Polymer Tip Bullets are electroplated with copper plating that does not separate from lead core as most jacketed bullets. The end result is better penetration needed for one shot kills. The PT Gold offers greater accuracy at longer ranges than a hollow point.
The 3% antimony makes the bullet harder than pure lead and is intended for the shooter who wants a bone breaking, pass through shot.

Caliber	Weight	Dia.	Type	Qty.	Item No.	Price

triple seven

Triple Se7en® Muzzleloading Primer

Muzzleloading hunters now have a primer designed and optimized for their rifles. The new Winchester Triple Se7en primer is the cleanest, best performing hunter's choice. Designed for Hodgdon® Triple Se7en® and Pyrodex® pellets. Also works with black powder and black powder substitutes. Clean burning - reduces fouling ring build up. Allows quick and easy loading of a second shot. The "must have" primer if you are using Triple Se7en® or Pyrodex® pellets.
Contains100 per box.

Triple Se7en® Muzzleloading Primers ..... C23WNSML209T7 ..... $19.99

Magnum Blackpowder BP

Winchester's #11 Magnum percussion cap has hotter fire for faster, more complete burn on powder and Pyrodex pellets. #11 Magnum produces a 24 percent hotter flame, and is perfect for replica black powders and is non-corrosive and non-mercuric.

Magnum Blackpowder *(1000/ct)*..... C23WNSML11 ..... $147.99

FEDERAL PREMIUM

FireStick™

Federal Premium® FireStick™ is the critical component of a whole new ignition system that uses an encapsulated propellant charge that loads from the breech, with the bullet loaded from the muzzle. The charge is completely impervious to moisture and loaded with clean-burning Hodgdon® Triple Eight™ powder to the same tight tolerances as Federal Premium factory ammunition, ensuring shot-to-shot consistency and accuracy muzzleloaders have never experienced. FireStick unloads quickly, simply and safely by slipping out of the action—there's no need to fire the rifle. It's the perfect match for Federal Premium Trophy® Copper or Lead Tipped muzzleloader bullets and is compatible with the new NitroFire rifle from Traditions™.

- *Polymer charge filled with clean-burning Hodgdon® Triple Eight powder*
- *Charges from the breech of Traditions NitroFire rifle*
- *Totally impervious to moisture and the elements*
- *Fast, effortless loading and unloading*
- *Shooter inserts 209 shotgun primer (not included)*

Trophy Copper Muzzleloader Bullet

- B.O.R. Lock MZ System: Expanding polymer base cup engages rifling and seals the bore for extraordinary velocity and accuracy
- Non-sabot design is approved for hunting in most areas
- Trophy Copper bullet features a polymer tip, with a deep, hollow cavity and skiving that ensures consistent expansion
- High ballistic coefficient flattens trajectories and minimizes wind drift
- Required loading force averages about half that of most sabots
- Fouling-cutting ring scours powder residue from the breech as the bullet is loaded, resulting in consistent seating and reducing the need to clean between shots

BERRY'S

Blue Diamond Muzzleloader Bullets

Available in three grain weights, our Blue Diamond Muzzleloader Bullets take accuracy to a whole new level. Berry's proprietary sabot ensures easy loading and a tight seat, providing match grade consistency shot after shot. The polycarbonate tips create excellent expansion without sacrificing weight retention. Whether it's the high slopes of the Rocky Mountains for elk or the prairies of Kansas for whitetail deer, Berry's Blue Diamond Muzzleloader bullets deliver the success that the modern black powder hunter expects.

Caliber	Grain	Coefficient	Item No.	Price
.50	250gr	.262	C23JF05995	$21.49
.50	275gr	.289	C23JF53555	$22.49
.50	305gr	.318	C23JF20600	$23.49

Remington

Ultimate Muzzleloader Pre-Primed Cases

Engineered exclusively for the Ultimate Muzzleloader, preprimed cases load with the ease of any centerfire. Superhot magnum primers ignite up to 200-grain loads with near smokeless efficiency.
The flash channel stays clean and ready for the next load and there's no need to remove the breech plug for cleanup.
Ultimate Muzzleloader Ignition System
